**LIMITED REVIEW REPORT
TO THE SHAREHOLDERS OF FAWAZ ABDULAZIZ AL HOKAIR & CO.
(A SAUDI JOINT STOCK COMPANY)**

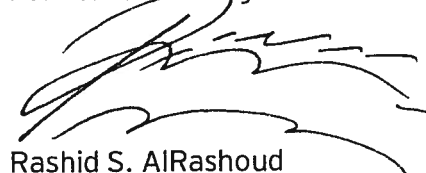

SCOPE OF REVIEW

We have reviewed the accompanying interim consolidated balance sheet of Fawaz Abdulaziz Al Hokair & Co.- A Saudi Joint Stock Company (the "Company") and its subsidiaries (the "Group") as at 30 June 2013, and the related interim consolidated statements of income, cash flows and changes in equity for the three-month period then ended. These interim consolidated financial statements are the responsibility of the Group's management and have been prepared by them and submitted to us together with all the information and explanations which we required. We conducted our limited review in accordance with the Standard on Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants ("SOCPA"). A limited review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

CONCLUSION

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying interim consolidated financial statements for them to be in conformity with accounting standards generally accepted in the Kingdom of Saudi Arabia.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)
30 JUNE 2013

2. BASIS OF CONSOLIDATION (continued)

- (ii) During the year ended 31 March 2012, the Company established nine companies collectively known as Retail Group Azerbaijan, registered in the Republic of Azerbaijan and all are 90% indirectly owned entities.
- (iii) During the quarter ended 30 June 2012, the Company finalized the establishment of nine companies collectively known as Retail Group Georgia, and are 80% indirectly owned entities.
- (iv) During the quarter ended 31 December 2012, the Company finalized the establishment of nine companies collectively known as Retail Group Armenia, and are 80% indirectly owned entities.

The principal activities of all the above subsidiary companies are wholesale and retail trading.

Indirect shareholding represents cross ownership among the subsidiary companies.

A subsidiary is an entity in which the Company has direct and indirect equity interest of more than 50% and/or over which it exerts effective control. The financial statements of the subsidiaries are prepared using accounting policies which are consistent with those of the Company. The subsidiaries are consolidated from the date on which the Company is able to exercise effective control.

All significant inter-company balances and transactions have been eliminated on consolidation.

Minority interest in the net assets (excluding goodwill) of consolidated subsidiaries is identified separately from the Company's equity therein. Minority interests consist of the amount of those interests at the date of the original business combination and the minority's share of changes in equity since the date of the combination. Losses applicable to the minority in excess of the minority's interest in subsidiary's equity are allocated against the interest of the Company except to the extent that the minority has a binding obligation and is able to make an additional investment to cover the losses.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The interim consolidated financial statements have been prepared in accordance with the Standard of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants. The significant accounting policies adopted by the Company and its subsidiaries in preparing the interim consolidated financial statements, summarized below, are in conformity with those described in the annual audited consolidated financial statements for the year ended 31 March 2013. The interim consolidated financial statements and the accompanying notes should be read in conjunction with the annual audited consolidated financial statements and the related notes for the year ended 31 March 2013.

Accounting convention

The interim consolidated financial statements are prepared under the historical cost convention, as modified to include the measurement, at fair value, of investments in available for sale securities.

Use of estimates

The preparation of interim consolidated financial statements in conformity with generally accepted accounting standards requires use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of current event and activities actual result ultimately may differ from those estimate.

Inventories

Inventories are stated at the lower of cost or net realizable value. Cost is determined on a weighted average cost basis.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

Investments in associates

Investments in associates in which the Company and its subsidiaries have equity interest between 20% to 50% or over which they exercise significant influence are recorded using the equity method, under which the investment is stated initially at cost and adjusted thereafter for the post acquisition changes in the net assets of the investee companies. The Company and its subsidiaries share in the net earnings or losses of the associates are included in the interim consolidated statement of income.

Investments in available for sale securities

Investments in available for sale securities are stated at fair value and included under non-current assets in the interim consolidated balance sheet. Unrealized gains or losses are included in the interim statement of changes in equity until the investment is derecognized or the investment is determined to be impaired. On derecognition or impairment, the cumulative gain or loss previously reported in equity is included in the interim consolidated statement of income for the period. Fair value is determined based on the market value if an open market exists; otherwise cost is considered to be the fair value.

Property and equipment

Property and equipment are stated at cost less accumulated depreciation and any impairment in value. Expenditure on maintenance and repairs is expensed, while expenditure for betterment is capitalized. Depreciation is provided over the estimated useful lives of the applicable assets using the straight line method. Land and capital work in progress are not depreciated. The estimated rates of depreciation/amortization of the principal classes of assets are as follows:

	<u><i>Depreciation percentage</i></u>
Buildings	3%
Leasehold improvements	12.5%
Furniture and office equipment	10%
Motor vehicles	25%

Intangible assets

Goodwill

Goodwill arising from investments in subsidiaries represents the excess of the cost of acquisition over the Company's interests in the fair value of the net assets of these subsidiaries at the date of acquisition. The carrying amount of the goodwill is reviewed annually to determine whether there is any indication of impairment. If any such indication exists the carrying amount of goodwill is reduced to the estimated recoverable amount. Goodwill after initial recognition is measured at cost less accumulated impairment losses, if any.

Other intangible assets

Other intangible assets represent software implementation cost, key money, trademarks and other deferred charges, and are amortized using the straight line method over the estimated period of benefit.

The estimated period of amortization of the principal classes of other intangible assets is as follows:

	<u><i>Years</i></u>
Software implementation cost	25
Key money	10
Deferred charges	4

Trademarks are not subject to amortization. These are tested for impairment on annual basis.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of non-current assets

The Company and its subsidiaries periodically reviews the carrying amounts of their non-current tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Company and its subsidiaries estimates the recoverable amount of the cash generating unit to which that asset belongs.

If the recoverable amount of an asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable amount. Impairment loss is recognized as an expense immediately.

Except for goodwill, where an impairment loss subsequently reverses, the carrying amount of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset or cash generating unit in prior periods. A reversal of an impairment loss is recognized as income immediately.

Accounts payable and accrued expenses

Liabilities are recognized for amounts to be paid in the future for goods or services received, whether billed by the suppliers or not.

Provisions

Provisions are recognized when the Company and its subsidiaries have an obligation (legal or constructive) arising from a past event, and the costs to settle the obligation are both probable and can be measured reliably.

Zakat and income tax

Zakat is provided in accordance with the Regulations of the Department of Zakat and Income Tax ("DZIT") in the Kingdom of Saudi Arabia and on an accrual basis. The provision is charged to the interim consolidated statement of income. Differences, if any, resulting from the final assessments are adjusted in the year of their finalization.

For subsidiaries outside the Kingdom of Saudi Arabia, provision for corporate tax is computed in accordance with tax regulations of the respective countries and charged to the interim consolidated statement of income.

Dividends

Interim dividends are recorded as and when declared and approved by the Board of Directors. Annual final dividends are recognized as a liability at the time of their approval by the General Assembly.

End-of-service indemnities

End-of-service indemnities, required by the Saudi Arabian Labor Law, are provided in the interim consolidated financial statements based on the employees' length of service by the Company and its subsidiaries as of the interim consolidated balance sheet date. Foreign subsidiaries have pension schemes for their eligible employees in relevant foreign jurisdictions.

Revenue recognition

Sales are recognized when goods are delivered and invoices are issued to customers.

Dividend income is recognized when dividends are declared.

Expenses

Selling and marketing expenses principally comprise of costs incurred in the distribution and sale of the Company and its subsidiaries products. All other expenses are classified as general and administrative expenses.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Leasing

Rental proceeds under operating leases are recognized as income on a straight line basis over the term of the operating leases.

Rentals payments under operating leases are charged as expenses on the interim consolidated statement of income on a straight line basis over the term of the operating leases.

Foreign currency translation

Foreign currency transactions are translated into Saudi Riyals at the rates of exchange prevailing at the time of the transactions. Monetary assets and liabilities denominated in foreign currencies at the interim consolidated balance sheet date are translated at the exchange rates prevailing at that date. Gains and losses from settlement and translation of foreign currency transactions are included in the interim consolidated statement of income.

Assets and liabilities of the consolidated subsidiaries denominated in foreign currencies are translated into Saudi Riyals at exchange rates prevailing at the interim consolidated balance sheet date. Revenues and expenses of the consolidated subsidiaries denominated in foreign currencies are translated into Saudi Riyals at average exchange rates during the interim period. Component of equity, other than retained earnings, are translated at the rates prevailing at the date of their occurrence. Exchange differences arising from such translations, if material, are included in the cumulative translation adjustment account under equity in the interim consolidated balance sheet.

Segment reporting

A segment is a distinguishable component of the Company and its subsidiaries that is engaged either in providing products or services (business segment) or in providing products or services within a particular economic environment (geographic segment), which is subject to risks and rewards that are different from those of other segments.

4. INTERIM RESULTS

All adjustments that the Company and its subsidiaries' management believe are material for the fair presentation of the interim consolidated financial statements and the results of operations have been incorporated. An interim period forms an integral part of the entire year. Due to the seasonality of the Company and its subsidiaries business, interim results may not be an indicator of the results of the whole financial year.

5. PREPAYMENTS, DUE FROM RELATED PARTIES AND OTHER RECEIVABLES

Prepayments, due from related parties and other receivables include advances made to affiliated companies for the construction and rental of outlets amounting to SR 10.7 million and SR 140.6 million, respectively (2012: SR 13.7 million and SR 86.7 million, respectively).

Such transactions are approved by management in the ordinary course of business.

7. ACQUISITION OF A NEW SUBSIDIARY

On 10 Dhul-Qadah 1433H (corresponding to 26 September 2012), the Company has completed the acquisition process of Nesk Trading Projects Company, a limited liability company registered in the Kingdom of Saudi Arabia, and operates fashion retail stores all over the Kingdom with franchise rights of a number of international fashion brands including Stradivarius, Mango, Okaidi, Women' Secret, Gerry Weber and Ikks.

The Company acquired an effective 100% equity interest in Nesk Trading Projects Company through a tender offer by the Company for cash in an aggregate amount of SR 730 million having net acquisition cost of SR 661.2 million after deducting net cash acquired amounting to SR 68.8 million. The acquisition was financed through internal funding of SR 13 million and the balance was arranged through Murabaha financing (note 8).

The acquisition has been accounted for using the purchase method of accounting, and accordingly, the consideration paid has been allocated based on the fair values of the assets acquired and liabilities assumed. The excess of the consideration paid over the fair value of the assets acquired, including separately identifiable intangible assets, and liabilities assumed has been allocated to goodwill.

8. MURABAHA FINANCING AND LOANS

The Company has medium and short-term Murabaha facilities with local commercial banks amounting to SR 460 million. As at 30 June 2013, the facilities have been fully utilized. However, the outstanding balance of these facilities as at 30 June 2013 was SR 248.6 million (2012: SR 135.2 million). The facilities are secured by promissory notes by the Company.

During the year ended 31 March 2010, the Company concluded an agreement with a local financing bank to reschedule part of its short-term Murabaha facility amounting to SR 300 million into a medium-term Murabaha which is repayable in equal quarterly installments of SR 25 million each commencing from July 2011. The Murabaha facility carries markup at SIBOR plus agreed margin per annum. The outstanding balance as at 30 June 2013 was SR 100 million (30 June 2012: SR 200 million).

8. MURABAHA FINANCING AND LOANS (continued)

In addition to the above, the Company has signed a long term Murabaha financing agreement with International Finance Corporation ("IFC"), a member of World Bank Group, amounting to USD 50 million (SR 187.5 million) on 1 October 2011. During the year ended 31 March 2013, the Company has agreed with IFC to increase the Murabaha facility amount by USD 25 million (SR 93.75 million). As per the terms of the agreement, the term of the Murabaha facility is for a period of five and half years. The Murabaha facility is repayable in equal semi-annual installments commencing after the two years from the date of the first disbursement. As at 30 June 2013, the Company has fully utilized this facility. The Murabaha facility carries markup at LIBOR plus agreed margin per annum.

In connection with the acquisition of Nesk Trading Projects Company (note 7), a debt of SR 717 million was raised. The debt comprises a long term syndicated Murabaha financing from SAMBA Financial Group, Gulf International Bank and Saudi Hollandi Bank. As per the syndicated facility agreement, the term of the Murabaha facility is for a period of 5 years. The Murabaha facility is repayable in equal 8 installments commencing on March 2014 and ending on October 2017. As of 30 June 2013, the Company has fully utilized this facility. The Murabaha facility carries markup at SIBOR plus agreed margin per annum. The facility is secured by promissory notes by the Company.

The above Murabaha facilities are disclosed net of related unamortized upfront fees (including commitment fees) amounting to SR 14.3 million as at 30 June 2013.

9. ZAKAT AND INCOME TAX

Zakat and income tax are provided for and charged to the interim consolidated statement of income on an estimated basis. Differences resulting from the final zakat and income tax calculation are adjusted at year end.
