NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

At 30 September 2012

1 ORGANIZATION AND PRINCIPAL ACTIVITIES

Al Ahli Takaful Company (the "Company") is a Saudi Joint Stock Company registered in the Kingdom of Saudi Arabia under Commercial Registration No. 4030171573 dated 21 Rajab 1428H, corresponding to 4 August 2007. The following is the address of the Company's registered office:

P. O. Box 48510, Al Khalidiyah Business Center, Prince Sultan Street, Jeddah 21582, Kingdom of Saudi Arabia.

The objective of the Company is to transact cooperative insurance operations and related activities in the Kingdom of Saudi Arabia. The Company commenced its commercial operations on 4 February 2008. The Company was listed on the Saudi stock market on 18 August 2007.

As at the date of incorporation, the Company is owned 66.25% by Saudi founding shareholders and general public, and 33.75% by non-Saudi shareholders.

1.2 Modification of products terms and conditions

Prior to 1 January 2012, the Company had been conducting its business under Takaful model. The Company has implemented the cooperative insurance model with effect from 1 January 2012 based on the instructions received from the Saudi Arabian Monetary Agency ("SAMA"). Consequently, the Company has discontinued paying acquisition and administration fee to the shareholders' operations. Furthermore, the general and administration expenses, which were earlier accounted by shareholders' operation are now accounted by the insurance operations. Had the Company continued with the Takaful model, the assets, liabilities of the insurance operations and shareholders' operations, insurance operations' surplus and shareholders' equity as at 30 September 2012, and the policyholders' share of surplus and shareholders net income for the period ended 30 September 2012 would not have been materially different.

Certain figures of prior period have been reclassified to conform with the current period's presentation.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of presentation

The interim condensed financial statements of the Company have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting (IAS 34). The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the annual financial statements.

The accounting policies adopted by the Company for the preparation of these interim condensed financial statements are in accordance with International Financial Reporting Standards (IFRS) and are consistent with those used for the preparation of annual financial statements. The adoption of new and amended IFRS and International Financial Reporting Interpretations Committee Interpretations (IFRIC) by the Company as mentioned in note 2(b), did not have any impact on these interim condensed financial statements.

The preparation of interim condensed financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, if any, at the date of the interim condensed financial statements and the reported amounts of revenues and expenses during the interim reported period. Although these estimates and judgements are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates. In the opinion of the management, the interim condensed financial statements reflect all adjustments (which include normal recurring adjustments) necessary to present fairly the results of operations for the interim period presented.

10 SHARE CAPITAL

The initial authorised and issued share capital of the Company is SR 100 million divided into 10 million ordinary shares of SR 10 each. Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity.

10.1 On 15 February 2011, the Board of Directors of the Company recommended a rights issue of SR 80 million to increase the share capital, which was approved by Saudi Arabian Monetary Agency (SAMA) on 21 May 2011 and by Capital Market Authority on 14 August 2011.

In the extra-ordinary general meeting held on 19 November 2011, the shareholders approved rights issue of SR 80 million. As approved by the regulators, 6,666,667 ordinary shares were offered at an exercise price of SR 12 (SR 10 par value plus SR 2 premium), the subscription period for which started on 26 November 2011 and ended on 4 December 2011. As the legal formalities to increase the share capital of the Company were not completed by 31 December 2011, the proceeds from rights issue were classified as increase in share capital and share premium, amounting to SR 66,667 thousand and SR 13,333 thousand respectively. Subsequently, after adjusting the cost to raise equity of SR 5,459 thousand, the net balance in the share premium account, amounting to SR 7,874 thousand, was transferred to statutory reserve as required by Article 98 of Regulations for Companies.

10.2 As the legal formalities have been completed during the nine-month period 30 September 2012, the increase in share capital amounting to SR 66,667 thousand has been classified as share capital.
