**REVIEW REPORT
TO THE SHAREHOLDERS OF ALMARAI COMPANY
(A SAUDI JOINT STOCK COMPANY)**

SCOPE OF REVIEW:

We have reviewed the accompanying interim consolidated balance sheet of **Almarai Company - A Saudi Joint Stock Company** ("the Company") and its subsidiaries ("the Group") as at 30 June 2014, and the related interim consolidated statement of income for three-month and six-month periods ended 30 June 2014, and interim consolidated statements of cash flows and changes in equity for the six-month period then ended and notes 1 to 11 which form an integral part of these interim consolidated financial statements.

These interim consolidated financial statements are the responsibility of the Group's management and have been prepared by them and submitted to us together with all the information and explanations which we required. We conducted our limited review in accordance with the Standard on Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants (SOCPA).

A limited review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

CONCLUSION:

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying interim consolidated financial statements for them to be in conformity with accounting standards generally accepted in the Kingdom of Saudi Arabia.

ALMARAI COMPANY
A SAUDI JOINT STOCK COMPANY
NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2014

1. THE COMPANY, ITS SUBSIDIARIES AND ITS BUSINESS DESCRIPTION

Almarai Company (the "Company") is a Saudi Joint Stock Company, which was converted from a limited liability company to a joint stock company on 2 Rajab 1426 A.H. (8 August 2005). The Company initially commenced trading on 19 Dl' Hijjah 1411 A.H. (1 July 1991) and operates under Commercial Registration No. 1010084223. Prior to the consolidation of activities in 1991, the core business was traded between 1976 and 1991 under the Almarai brand name.

The Company's Head Office is located at Exit 7, North Ring Road, Al Izdihar District, P.O. Box 8524, Riyadh 11492, Kingdom of Saudi Arabia ("Saudi Arabia").

The Company and its subsidiaries (together, the "Group") are a major integrated consumer food and beverage Group in the Middle East with leading market shares in Saudi Arabia and the neighbouring Gulf Cooperation Council ("GCC") countries.

The dairy, fruit juices and related food business is operated under the Almarai, Beyti and Teeba brand names. All raw milk production and related processing along with dairy food manufacturing activities are undertaken in Saudi Arabia, United Arab Emirates ("UAE"), Egypt and Jordan. Final consumer products are distributed from the manufacturing facilities in these countries to local distribution centres by the Group's long haul distribution fleet.

Bakery products are manufactured and traded by Western Bakeries Company Limited and Modern Food Industries Company Limited under the brand names L'usine and 7 Days respectively. These are Limited Liability companies registered in Saudi Arabia.

Poultry products are manufactured and traded by Hail Agricultural Development Company ("HADCO") under the Alyoum brand. HADCO is a closed joint stock company registered in Saudi Arabia.

Infant Nutrition products are manufactured by International Pediatric Nutrition Company ("IPNC") under "Enfamil" and "Enfagrow" brand. IPNC is a limited liability company registered in Saudi Arabia.

The distribution centres in the GCC countries (except for Bahrain and Oman) are managed by the Group and operate under Distributor Agency Agreements as follows:

Kuwait	- Al Kharafi Brothers Dairy Products Company Limited
Qatar	- Khalid for Foodstuff and Trading Company
United Arab Emirates	- Bustan Al Khaleej Establishment

The Group operates in Bahrain through its subsidiary Almarai Company Bahrain S.P.C and in Oman through its subsidiaries Arabian Planets for Trade and Marketing L.L.C. and Alyoum for Food Products Company L.L.C.

The Group owns and operates arable farms in Argentina ("Fondomonte Argentina") through its subsidiary Almarai Investment Holding Company W.L.L. ("AIHC"), incorporated in Bahrain. The Group manages these operations through following legal entities:

- Agro Terra S.A.
- Fondomonte El Descanso S.A.
- Fondomonte Inversiones Argentina S.A.
- Fondomonte Sandoval S.A.

The Group owns and operates milk production, processing and dairy food manufacturing in Egypt and Jordan through its subsidiary AIHC. The Group manages these operations through following key legal entities:

- International Dairy and Juice Limited
- International Company for Agricultural Industries Projects (Beyti) (SAE)
- Teeba Investment for Developed Food Processing

On 1 January 2014, IPNC was equally owned and controlled by the Group and Mead Johnson. However, on 7 Rabi Al-Awal 1435 A.H. (8 January 2014) the Company received regulatory approvals with respect to the acquisition of shares in IPNC held by Mead Johnson, as a result of which IPNC became a wholly owned subsidiary of the Group. Consequently, the Company has consolidated IPNC in the current period.

On 5 Jamada Al-Awal 1435 A.H. (6 March 2014) the Group purchased 9,834 acres of farm land for USD 47.5 million (SAR 178.1 million) through its wholly owned subsidiaries Fondomonte Holdings North America L.L.C. and Fondomonte Arizona L.L.C. which were incorporated as limited liability companies in the United States of America for the purpose of acquiring land to secure supply of animal feed.

(a) Direct ownership means directly owned by the Company or any of its subsidiaries.

ALMARAI COMPANY
A SAUDI JOINT STOCK COMPANY
NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2014

2. BASIS OF ACCOUNTING, PREPARATION, CONSOLIDATION AND PRESENTATION OF THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

- (a) These interim consolidated financial statements have been prepared on the accrual basis under the historical cost convention (except for derivative financial instruments and available for sale investments that are measured at fair value) and in accordance with the accounting standards generally accepted in Kingdom of Saudi Arabia as issued by the Saudi Organisation for Certified Public Accountants (SOCPA).
- (b) When necessary, prior year comparatives have been regrouped to conform with current period classification.
- (c) These interim consolidated financial statements include assets, liabilities and the results of the operations of Almarai Company (the "Company") and its Subsidiaries, as set out in note (1). The Company and its Subsidiaries are collectively referred to as the Group. A subsidiary company is that in which the Group has the power to govern the financial and operating policies to obtain economic benefit generally accompanying a direct or indirect shareholding of more than one half of the subsidiary's net assets or its voting rights. A subsidiary company is consolidated from the date on which the Group obtains control until the date that control ceases. The purchase method of accounting is used to account for the acquisition of subsidiaries. The cost of an acquisition is measured at fair value of the assets given or liabilities incurred or assumed at the date of acquisition. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill in the interim consolidated balance sheet. Intercompany transactions, balances and unrealised gains and losses on transactions between group companies are eliminated. Accounting policies of Subsidiaries are aligned where necessary to ensure consistency with the policies adopted by the Company. The Company and its Subsidiaries have identical reporting periods. Non controlling interests represent the portion of profit or loss and net assets not controlled by the Group and are presented separately in the interim consolidated statement of income and within equity in the interim consolidated balance sheet.
- (d) The preparation of interim consolidated financial statements, in conformity with accounting standards generally accepted in the Kingdom of Saudi Arabia, requires the use of estimates and assumptions. Such estimates and assumptions may affect the balances reported for certain assets and liabilities as well as the disclosure of certain contingent assets and liabilities as at the balance sheet date. Any estimates or assumptions affecting assets and liabilities may also affect the reported revenues and expenses for the same reporting period. Although these estimates are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates.
- (e) These interim consolidated financial statements are presented in Saudi Riyal ("SAR"), which is the Company's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise indicated.
- (f) The operating results reported in the interim consolidated statement of income, present a fair picture of the past performance of the Group, but are not necessarily indicative of annual results.

3. SIGNIFICANT ACCOUNTING POLICIES

A. Cash and Cash Equivalents

Cash and cash equivalents consist of cash at bank, cash in hand and short-term deposits that are readily convertible into known amounts of cash and have an original maturity of three months or less.

B. Trade Receivables

Trade receivables are carried at the original invoiced amount less any allowance made for impairment and expected sales returns. Allowance for impairment is made for the receivables which are more than three months due. Allowance for sales returns is calculated based on the forecasted return of expired products in line with the Group's product replacement policy. Bad debts are written off as incurred.

C. Inventory Valuation

Inventory is stated at the lower of cost and net realisable value. Cost is determined using weighted average method. Cost includes all direct manufacturing expenditure based on the normal level of activity and transportation and handling costs. Net realisable value comprises estimated selling price less further manufacturing costs to completion and appropriate selling and distribution costs. Allowance is made, where necessary, for obsolete, slow moving and defective stocks.

ALMARAI COMPANY
A SAUDI JOINT STOCK COMPANY
NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2014

D. Investments

a. Investment in Associates and Joint Ventures

The investments in associates and joint ventures are accounted for under the equity method of accounting when the Group exercises or has the ability to exercise significant influence through participation in financial and operating policy decisions of the investee. These Investments are initially recognised at cost and subsequently adjusted by the post-acquisition changes in the Group's share in net assets of the investee less any impairment in value. When the Group's share of losses arising from these investments equals or exceeds its interest in the investee, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the investee.

b. Available for Sale Investments

Available for Sale Investments that are actively traded in organised financial markets, are measured and carried in the interim consolidated balance sheet at fair value which is determined by reference to quoted market bid prices at the close of business at the interim consolidated balance sheet date. The unrealised gains or losses are recognised directly in equity. When the investment is disposed of or impaired, the cumulative gain or loss previously recorded in equity is recognised in the interim consolidated statement of income. Where there is no market for the investment, cost is taken as the most appropriate, objective and reliable measure of fair value of the investment.

E. Property, Plant and Equipment

Property, plant and equipment are measured at cost, less accumulated depreciation and accumulated impairment loss. Cost includes expenditure that is directly attributable to the acquisition of the asset. Finance costs on borrowings to finance the construction of the qualifying assets are capitalized during the period of time that is required to substantially complete and prepare the qualifying asset for its intended use.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the item of property, plant and equipment. All other expenditures are recognized as an expense when incurred.

The cost less estimated residual value is depreciated on straight-line basis over the following estimated useful lives of the assets:

Buildings	5 – 33 years
Plant, Machinery and Equipment	1 – 20 years
Motor Vehicles	6 – 8 years
Land and Capital Work in Progress	are not depreciated.

Capital work in progress at year end includes certain assets that have been acquired but are not ready for their intended use. These assets are transferred to relevant assets categories and are depreciated once they are available for their intended use.

The assets' residual values, useful lives, method of depreciation and impairment indicators are reviewed at each financial year end and adjusted prospectively, if appropriate.

F. Biological Assets

Biological assets acquired are stated at cost of purchase and biological assets reared internally are stated at the cost of rearing or growing to the point of commercial production (termed as appreciation), less accumulated depreciation. The costs of immature biological assets are determined by the cost of rearing or growing to their respective age. Immature biological assets are not depreciated. The dairy herd is depreciated over four lactation cycles and other biological assets are depreciated on a straight line basis to their estimated residual values over periods ranging from 36 weeks to 70 years as summarized below:

Dairy Herd	4 Lactation cycles
Plantations	22 – 70 years
Poultry Flock	36 weeks

G. Impairment of Non Current Assets

Non current assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amount, which is the higher of an asset's fair value less cost to sell and value in use; the assets are written down to their recoverable amount. Impairment losses are recognized immediately as an expense in the interim consolidated statement of income.

ALMARAI COMPANY
A SAUDI JOINT STOCK COMPANY
NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2014

Non current assets other than intangible assets that suffered impairment are reviewed for possible reversal of impairment at each reporting date. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but the increased carrying amount should not exceed the carrying amount that would have been determined, had no impairment loss been recognized for the assets in prior years. A reversal of an impairment loss is recognized as income immediately in the interim consolidated statement of income. Impairment losses recognized on intangible assets are not reversed.

H. Intangible Assets - Goodwill

Goodwill represents the difference between the cost of businesses acquired and the Group's share in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities at the date of acquisition. Goodwill arising on acquisitions is reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

I. Trade Payable and Accruals

Liabilities are recognised for amounts to be paid in the future for goods or services received, whether invoiced by the supplier or not.

J. Zakat and Foreign Income Tax

Zakat is provided for in accordance with Saudi Department of Zakat and Income Tax ("DZIT") regulations. Income tax for foreign entities is provided for in accordance with the relevant income tax regulations of the countries of incorporation. Adjustments arising from final Zakat and Foreign income tax assessments are recorded in the period in which such assessments are made.

K. Deferred Tax

Deferred tax is accounted for in foreign subsidiaries, where applicable using the liability method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on laws that have been enacted in the respective countries at the reporting date. Deferred tax assets are recognised for all deductible temporary differences and carry-forward of unused tax assets and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax assets and unused tax losses can be utilised. The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

L. Derivative Financial Instruments and Hedging

Forward foreign exchange contracts are entered into to hedge exposure to changes in currency rates on purchases and other expenditures of the Group.

Commission rate swap agreements are entered into to hedge the exposure to commission rate changes on the Group's borrowings.

Forward purchase commodity contracts are entered into to hedge exposure to changes in the price of commodities used by the Group.

All hedges are expected to be in the range of 80% – 125% effective and are assessed on an ongoing basis. All hedges are classified as cash flow hedges and effective portion of the fair value gains / losses arising on revaluation of hedging instruments are recognized in directly in equity under other reserves. When the hedging instrument matures or expires any associated gain or loss in other reserves is reclassified to the interim consolidated statement of income, or the underlying asset purchased that was subjected to the hedge.

ALMARAI COMPANY
A SAUDI JOINT STOCK COMPANY
NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2014

M. End of Service Benefits

End of service benefits are payable to all employees employed under the terms and conditions of the Labour Laws applicable on the Company and its subsidiaries, on termination of their employment contracts. The liability is calculated as the current value of the vested benefits to which the employee is entitled, should the employee leave at the balance sheet date.

N. Statutory Reserve

In accordance with its by-laws and the Regulations for Companies in Kingdom of Saudi Arabia, the Company is required to transfer 10% of its net income for the year to a statutory reserve until such reserve equals 50% of its share capital. This statutory reserve is not available for distribution to shareholders.

O. Sukuk

The Group classifies Sukuk issued as financial liabilities or equity, in accordance with the substance of the contractual terms of the Sukuk. Sukuk having fixed maturity dates and fixed dates for payment of profit distribution are classified as a liability.

Sukuk having no fixed maturity date (Perpetual Sukuk) and no fixed date for payment of profit distribution are classified as equity. Distributions thereon are recognized directly in equity under Other reserves.

P. Treasury Shares

Own equity instruments that are reacquired (treasury shares), for discharging obligations under the Employee Stock Participation Programme, are recognised at cost and presented as a deduction from equity and are adjusted for any transaction costs, dividends and gains or losses on sale of such shares. No gain or loss is recognised in the interim consolidated statement of income on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised as share premium or discount.

Q. Share Based Payment Transactions

Employees of the Group receive remuneration in the form of share based payments under the Employee Stock Participation Program, whereby employees render services as consideration for the option to purchase equity instruments at a predetermined price (equity settled transactions).

The cost of equity settled transactions is recognised, together with a corresponding increase in other reserves, in equity, over the period during which the service conditions are fulfilled. The cumulative expense recognised for equity settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The interim consolidated statement of income expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in Employee Costs.

When the terms of an equity settled transaction award are modified, the minimum expense recognised is the expense as if the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share based payment transaction, or is otherwise beneficial to the employee as measured at the date of the modification.

When equity settled award is terminated, it is treated as if it vested on the date of termination, and any expense not yet recognised for the award is recognised immediately. This includes any award where non vesting conditions within the control of either the entity or the employee are not met. However, if a new award is substituted for the terminated award, and designated as a replacement award on the date that it is granted, the terminated and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

ALMARAI COMPANY
A SAUDI JOINT STOCK COMPANY
NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2014

R. Conversion of Foreign Currency Transactions

Foreign currency transactions are converted and booked in Saudi Riyals at standard exchange rates which are periodically set to reflect average market rates or forward rates if the transactions were so covered. At the balance sheet date, assets and liabilities denominated in foreign currencies are converted into SAR at the exchange rates ruling on such date or at the forward purchase rates if so covered. Any resulting exchange variances are charged or credited to the interim consolidated statement of income as appropriate.

The functional currencies of foreign subsidiaries are listed in Note 1. As at the reporting date, the assets and liabilities of these subsidiaries are translated into SAR the functional and presentation currency of the Company, at the rate of exchange ruling at the balance sheet date and their statement of income are translated at the weighted average exchange rates for the year. Components of equity, other than retained earnings, are translated at the rate ruling at the date of occurrence of each component. Translation adjustments in respect of these components of equity are recorded as a separate component of equity.

S. Revenue Recognition

Products are sold principally on a sale or return basis. Revenue is recognised on delivery of products to customers by the Group or its distributors, at which time risk and reward passes, subject to the allowance for expected physical return of expired products. Adjustment to the allowance is made in respect of known actual returns.

Revenue from the sale of wheat guaranteed to be sold to the Government is recognised upon completion of harvest but the profit on any undelivered quantities is deferred until delivered to the Government.

T. Government Grants

Government grants are recognized when there is a reasonable assurance that they will be received from the state authority. When the grant relates to a cost item, it is recognized as income over the period necessary to match the grant on a systematic basis to the costs that it is intended to compensate.

U. Selling, Distribution, General and Administration Expenses

Selling, Distribution, General and Administration Expenses include direct and indirect costs not specifically part of Cost of Sales as required under accounting standards generally accepted in Kingdom of Saudi Arabia. Allocations between Cost of Sales and Selling, Distribution, General and Administration Expenses, when required, are made on a consistent basis. The Group charges the payments made in respect of long term agreements with customers and distributors to Selling and Distribution Expenses.

V. Cost Reimbursement

The reimbursement of cost incurred in respect of the management of Arable Farms is recognised as a deduction under general and administration expenses.

W. Operating Leases

Rentals in respect of operating leases are charged to the interim consolidated statement of income over the term of the leases.

X. Borrowing Costs

Borrowing costs that are directly attributable to the construction of a qualifying asset are capitalized up to a stage when substantially all the activities necessary to prepare the qualifying asset for its intended use are completed; otherwise, such costs are charged to the interim consolidated statement of income.

Y. Segmental Reporting

A segment is a distinguishable component of the Group that is engaged either in selling / providing products or services (a business segment) or in selling / providing products or services within a particular economic environment (a geographic segment), which is subject to risks and rewards that are different from those of other segments.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2014

4. BUSINESS COMBINATION ACHIEVED IN STAGES

On 7 Rabi Al-Awal 1435 A.H. (8 January 2014) the Company completed the acquisition of shares of International Pediatric Nutrition Company ("IPNC") held by Mead Johnson, for an agreed value of SAR 15.0 million. These interim consolidated financial statements include the results of IPNC from 9 January 2014, as the Company effectively obtained control of IPNC from that date. If the combination had taken place at the beginning of the period, the net operation income would have been higher by SAR 0.1 million and the net income of the Group would have been higher by SAR 0.1 million.

After this acquisition, the objective of IPNC remains to address the Infant Nutrition products market opportunity in the GCC and the wider Arab world. The acquisition will provide greater flexibility in the commercialisation process fully leveraging the existing processes and systems. The goodwill resulting from the transaction is driven by the strong market potential in this product category, including the potential to extend the reach and scope of existing products and introduce new products or brands without incurring significant investment, the expertise in marketing of Infant Nutrition products and the expertise to operate a state-of-art Infant Nutrition manufacturing facility.

The re-measurement to fair value of the Group's existing 50% interest in IPNC resulted in a one-time gain of SAR 20.9 million.

The fair value of identifiable assets and liabilities of IPNC as at the date of acquisition were as follows:

	<u>Fair Value on Acquisition at 8 January 2014</u> SAR'000
<u>Goodwill on Acquisition</u>	
<u>Assets Acquired:</u>	
Cash and Cash Equivalents	1,856
Trade Receivables & Prepayments	5,605

- (a) The borrowings through Islamic banking facilities (Murabaha) are secured by promissory notes given by the Group.
- (b) The borrowings of the Group from the Saudi Industrial Development Fund are secured by a mortgage on specific assets amounting to SAR 1,468.4 million as at 30 June 2014 (SAR 1,431.2 million as at 31 December 2013 and SAR 839.2 million as at 30 June 2013).
- (c) These banking facilities represent borrowings of foreign subsidiaries from foreign banking institutions.

ALMARAI COMPANY
A SAUDI JOINT STOCK COMPANY
NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2014

(d) On 14 Rabi Thani 1433 A.H. (7 March 2012), the Company issued its first Sukuk – Series I amounting to SAR 1,000.0 million at a par value of SAR 1.0 million each without discount or premium. The Sukuk issuance bears a return based on SIBOR plus a pre-determined margin payable semi-annually in arrears. The Sukuk is due for maturity at par on its expiry date of 30 Jumad Thani 1440 A.H. (7 March 2019).

On 19 Jamad Awal 1434 A.H. (31 March 2013), the Company issued its second Sukuk - Series II amounting to SAR 787.0 million at a par value of SAR 1.0 million each without discount or premium. The Sukuk issuance bears a return based on SIBOR plus a pre-determined margin payable semi-annually in arrears. The Sukuk is due for maturity at par on its expiry date of 7 Shabaan 1441 A.H. (31 March 2020).

On 19 Jamad Awal 1434 A.H. (31 March 2013), the Company issued its second Sukuk – Series III amounting to SAR 513.0 million at a par value of SAR 1.0 million each without discount or premium. The Sukuk issuance bears a return based on SIBOR plus a pre-determined margin payable semi-annually in arrears. The Sukuk is due for maturity at par on its expiry date of 15 Rajab 1439 A.H. (31 March 2018).

The terms of the Sukuk entitle the Company to commingle its own assets with the Sukuk Assets. Sukuk Assets comprise the sukukholders share in the Mudaraba Assets and the sukukholders interest in the Murabaha Transactions, together with any amounts standing to the credit of the Sukuk Account and the Reserve retained by the Company from the Sukuk Account.

7. SEGMENT INFORMATION

Total	18,733,067	17,823,127	16,984,500

8. EARNINGS PER SHARE

Basic Earnings per Share ("EPS") is calculated by dividing income from main operations and net income, attributable to shareholders for the period by the weighted average number of issued shares of 595.9 million and 596.7 million at 30 June 2014 and 30 June 2013 respectively.

Diluted EPS is calculated by dividing income from main operations and net income, attributable to shareholders for the year by 600.0 million shares which represent the weighted average number of issued shares at 30 June 2014 and 30 June 2013.

Income attributable to shareholders is after excluding profit on Perpetual Sukuk. Weighted average number of shares are retrospectively adjusted to reflect the effect of bonus shares and take account of treasury shares held under the Almarai Employees Stock Participation Program.

9. DIVIDENDS APPROVED AND PAID

On 2 Jamad Thani 1435 A.H. (2 April 2014) the Extraordinary General Assembly Meeting approved a dividend of SAR 600.0 million (SAR 1.00 per share) for the year ended 31 December 2013 which was paid on 9 Jamad Thani 1435 A.H. (9 April 2014).

10. SUBSEQUENT EVENTS

In the opinion of the management, there have been no significant subsequent events since the period end that would have a material impact on the financial position of the Group as reflected in these interim consolidated financial statements.

11. BOARD OF DIRECTORS APPROVAL

These interim consolidated financial statements were approved by the Board of Directors on 9 Ramadan 1435 A.H. (6 July 2014).
