INDEPENDENT AUDITORS' REPORT ON REVIEW OF INTERIM FINANCIAL SHAREHOLDERS OF THE COMPANY FOR TO THE **COOPERATIVE INSURANCE (A SAUDI JOINT STOCK COMPANY)** 

#### INTRODUCTION

We have reviewed the accompanying interim statement of financial position of The Company for Cooperative Insurance (A Saudi Joint Stock Company) (the "Company") as at 30 June 2017 and the related interim statement of income - insurance operations and accumulated surplus, interim statements of comprehensive income for insurance operations and shareholders operations for the three and six-month period then ended and interim statement of changes in shareholders' equity and interim statements of cash flows for insurance operations and shareholders operations for the six month period then ended and notes, comprising a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 -"Interim Financial Reporting" (IAS 34) and Saudi Arabian Monetary Authority (SAMA) guidance on accounting for zakat and income taxes. Our responsibility is to express a conclusion on these interim financial information based on our review.

#### SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **CONCLUSION**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34 and SAMA guidance on accounting for zakat and income taxes.

# THE COMPANY FOR COOPERATIVE INSURANCE (A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM CONDENSED FINANCIAL INFORMATION (UNAUDITED)

**JUNE 30, 2017** 

#### 1. GENERAL

The Company for Cooperative Insurance (the "Company") is a Saudi Joint Stock Company established in Riyadh, Kingdom of Saudi Arabia by Royal Decree Number M/5 and incorporated on January 18, 1986, corresponding to Jumada Al-Awal 8, 1406H, under Commercial Registration No. 1010061695. The Company's Head Office is located on Thumamah Road (at Takhassusi) ArRabi District, P.O. Box 86959, Riyadh 11632, Kingdom of Saudi Arabia.

The purpose of the Company is to transact cooperative insurance operations and all related activities including reinsurance and agency activities. Its principal lines of business include medical, motor, marine, fire, engineering, energy, aviation, takaful and casualty insurance.

On July 31, 2003, corresponding to Jumada al-Thani 2, 1424H, the Law on the Supervision of Cooperative Insurance Companies ("Insurance Law") was promulgated by Royal Decree Number (M/32). On December 1, 2004, corresponding to Shawwal 18, 1425H, the Saudi Arabian Monetary Authority ("SAMA"), as the principal authority responsible for the application and administration of the Insurance Law and its Implementing Regulations, granted the Company a license to transact insurance activities in the Kingdom of Saudi Arabia.

The Company conducts the business and advances funds to the insurance operations as required. On January 20, 2004, the Company amended its Articles of Association, giving authority to the Board of Directors to determine the disposition of the surplus from insurance operations.

On March 20, 2004, the Board of Directors approved the distribution of the surplus from insurance operations in accordance with the Implementing Regulations issued by SAMA, whereby the Shareholders of the Company are to receive 90% of the annual surplus from insurance operations and the Policyholders are to receive the remaining 10%. Any deficit arising on insurance operations is transferred to the Shareholders' operations in full.

### 2. BASIS OF PREPARATION

### (a) Basis of presentation

During 2017, SAMA issued a circular number 381000074519 dated 14 Rajab 1438H (corresponding to April 11, 2017) ("Circular") and subsequent amendments through certain clarifications relating to the accounting for zakat and income taxes. The impact of these amendments is that zakat and income taxes will be recognized in the interim statement of shareholders' equity with a corresponding liability in the interim statement of financial position.

Applying the above framework, the interim condensed financial information of the Company as at and for the three and six-month period ended June 30, 2017 have been prepared using the International Accounting Standard 34 - Interim Financial Reporting ("IAS 34") and SAMA guidance for the accounting of zakat and income taxes.

Until 2016, the interim condensed financial information of the Company were prepared in accordance with the IAS 34. This change in framework resulted in a change in accounting policy for zakat [as disclosed in note 2(c)] and the effects of this change are disclosed in note 17 to the interim condensed financial information.

NOTES TO THE INTERIM CONDENSED FINANCIAL INFORMATION (UNAUDITED)

(continued)

**JUNE 30, 2017** 

# 2. BASIS OF PREPARATION (continued)

# (a) Basis of presentation (continued)

The interim condensed financial information do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's audited financial statements for the year ended December 31, 2016.

The interim condensed financial information is prepared under the going concern basis and the historical cost convention, except for the measurement at fair value of available-for-sale investments and investment in associates which is accounted for under the equity method. The Company presents its statement of financial position in order of liquidity.

As required by the Saudi Arabian Insurance Regulations, the Company maintains separate books of accounts for Insurance Operations and Shareholders' Operations and presents the financial statements accordingly. Assets, liabilities, revenues and expenses clearly attributable to either activity are recorded in the respective accounts. The basis of allocation of expenses from joint operations is determined and approved by the management and the Board of Directors.

These interim condensed financial information have been presented in Saudi Arabian Riyals (SAR), being the functional currency of the Company. All financial information presented has been rounded off to the nearest thousand (SAR '000).

In management's opinion, these interim condensed financial information reflect all adjustments (which include normal recurring adjustments) necessary to present fairly the results of operations for the interim period presented.

# (b) Critical accounting judgments, estimates and assumptions

The preparation of the interim condensed financial information requires the use of estimates and judgments that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the interim condensed financial information and the reported amounts of revenues and expenses during the reporting period. Although these estimates and judgments are based on management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial reporting period. Estimates and judgments are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The estimate and judgments used by management in the preparation of the interim condensed financial information are consistent with those followed in the preparation of the Company's annual financial statements for the year ended December 31, 2016.

# 2. BASIS OF PREPARATION (continued)

# (b) Critical accounting judgments, estimates and assumptions (continued)

Following are the accounting judgments and estimates that were critical in preparation of these interim condensed financial information:

# i) Estimation of incurred but not reported claims

The provision for claims incurred but not reported (IBNR) is an estimation of claims which are expected to be reported subsequent to the date of statement of financial position, for which the insured event has occurred prior to the date of statement of financial position. The primary technique adopted by management in estimating the cost of notified and IBNR claims, is that of using the past claims settlement trends to predict future claims settlement trends.

# ii) Impairment of available-for-sale financial assets

The Company determines that available-for-sale financial assets are impaired when there has been a significant or prolonged decline in the fair value of the available-for-sale financial assets below its cost. The determination of what is significant or prolonged requires judgment. In making this judgment, the Company evaluates among other factors, the normal volatility in share price, the financial health of the investee, industry and sector performance, changes in technology, and operational and financing cash flows.

# iii) Impairment of receivables

A provision for impairment of receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganization, and default or delinquency in payments are considered indicators that the receivable is impaired.

#### (c) Significant accounting policies

The accounting and risk management policies adopted in the preparation of these condensed interim financial information are consistent with the Company's audited financial statements for the year ended December 31, 2016, except for the change in the accounting policy in relation to accounting for zakat and adoption of the amendments to existing standards which has had no material impact on the financial information of the Company.

The Company amended its accounting policy to charge zakat directly into retained earnings in the interim statement of changes in shareholders' equity instead of income from operations within interim statement of comprehensive income - shareholders operations. This change in accounting policy has been applied retrospectively and the effects of the above change are disclosed in note 17 to the interim condensed financial information.

## 2. BASIS OF PREPARATION (continued)

# (c) Significant accounting policies (continued)

- Amendments to IAS 7, Statement of cash flows on disclosure initiative: Applicable for annual periods beginning on or after 1 January 2017:

These amendments introduce an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities. This amendment is part of the IASB's Disclosure Initiative, which continues to explore how financial statement disclosure can be improved.

- Amendments to IAS 12, 'Income taxes' on Recognition of deferred tax assets for Unrealised losses: Applicable for annual periods beginning on or after 1 January 2017:

These amendments clarify how to account for deferred tax assets related to debt instruments measured at fair value.

The Company has chosen not to early adopt the following new standards which have been issued but not yet effective for the Company's accounting years beginning on or after 1 January 2017 and is currently assessing their impact. Following is a brief on the new IFRS and amendments to IFRS, effective for annual periods beginning on or after January 1, 2017:

- IFRS 9 "Financial instruments", applicable for the annual periods beginning on or after 1 January 2018, and will be applied retrospectively with some exemptions. The new standard presents revised guidance on the classification and measurement of financial assets, including a new expected credit loss model for calculating impairment. IASB had allowed temporary exemption for companies issuing insurance contracts until 2021 or until the new insurance contracts standard is applied, if that is earlier.
- IFRS 16 "Leases", applicable for the period beginning on or after 1 January 2019. The new standard eliminates the current dual accounting model for lessees under IAS 17, which distinguishes between on-balance sheet finance leases and off-balance sheet operating leases. Instead, IFRS 16 proposes on-balance sheet accounting model.

#### (d) Segmental reporting

A segment is a distinguishable component of the Company that is engaged in providing products or services (a business segment), which is subject to risk and rewards that are different from those of other segments. For management purposes, the Company is organized into business units based on their products and services and has four reportable segments as follows:

- Medical coverage for health insurance.
- Motor insurance.
- Property and Casualty coverage for property, engineering, marine, aviation, energy and general accidents insurance.
- Manafeth third party liability insurance for foreign vehicles and the profit of this segment is shared with other insurance companies.

Operating segments do not include shareholders operations of the Company. Income earned from investments is the only revenue generating activity. Certain direct operating expenses and other overhead expenses are allocated to this segment on an appropriate basis. The surplus or loss from the insurance operations is allocated to this segment on an appropriate basis.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the chief executive officer that makes strategic decisions. No inter-segment transactions occurred during the period.

#### (e) Seasonality of operations

There are no seasonal changes that may affect insurance operations of the Company.

A bonus issue of one share for every four shares held was approved by shareholders in their general assembly meeting held on March 21, 2017. The bonus shares have been issued to the shareholders effective from March 21, 2017. As a result of bonus issue, the share capital of the Company has increased to SAR 1.25 billion comprising of 125 million shares issued.

On February 15, 2017, corresponding to Jumada Al-Awal 18, 1438H the Company's Board of Directors proposed to pay cash dividend for the year ended December 31, 2016 of SAR 5 per share amounting to SAR 500 million (2015: SAR 100 million) to its shareholders. The cash dividend was approved by shareholders in their general assembly meeting held on March 21, 2017.

Shareholding structure of the Company is as below. The shareholders of the Company are subject to zakat.

#### 8. CONTINGENT LIABILITIES

As at June 30, 2017, the Company was contingently liable for letters of credit and guarantees, issued on its behalf by the banks, amounting to SAR 197 million (December 31, 2016: SAR 175 million) occurring in the normal course of business.

The Company, in common with significant majority of insurers, is subject to litigation in the normal course of its business. Appropriate provisions have been made in relation to pending cases and management believes that finalization of these court cases is not expected to have a material impact on the financial information.

#### 9. STATUTORY DEPOSIT

In compliance with Article 58 of the Insurance Implementing Regulations of SAMA, the Company had deposited 10 percent of its share capital, amounting to SAR 125 million (December 31, 2016: SAR 100 million), in a bank designated by SAMA. The statutory deposit is maintained with the National Commercial Bank and can be withdrawn only with the consent of SAMA.

#### 10. LEGAL RESERVE

In accordance with the Articles of Association of the Company and in compliance with Article 70(2)(g) of the Insurance Implementing Regulations issued by SAMA, the Company is required to allocate 20% of its net income for the year to the legal reserve until it equals the value of share capital. This transfer is only made at the year end. The legal reserve is not available for distribution to the shareholders until the liquidation of the Company.

#### 11. MANAFETH SHARED AGREEMENT

On January 13, 2015 together with 25 related insurance companies, the Company signed the Manafeth shared agreement relating to third party liability motor insurance which is effective from 1 January 2015. The agreement relates to motor insurance for vehicles entering the Kingdom of Saudi Arabia.

The main terms of the above mentioned agreement are as follows:

- The Company obtains 15% management fee of the net result of the Manafeth portfolio;
- The Company obtains 4.25% of Manafeth's gross premiums written to cover the related indirect expenses; and
- The net result of the Manafeth portfolio after deducting the two above mentioned items is due to be shared equally by the Company and its related insurers.

#### 13. FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or the most advantageous) market between market participants at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. The fair values of recognised financial instruments are not significantly different from the carrying values included in the financial information. The estimated fair values of financial instruments are based on quoted market prices, when available.

### Determination of fair value and fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments:

- Level 1: quoted market price: financial instruments with quoted unadjusted prices for identical instruments in active markets.
- Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data.
- Level 3: valuation techniques for which any significant input is not based on observable market data.

The table below presents the available-for-sale investments based on the fair value hierarchy:

SAR			2000	
June 30, 2017 (Unaudited)	Level 1	Level 2	Level 3	Total
Available-for-sale financial assets				
- Insurance operations	335,008	-	3,035,574	3,370,582
- Shareholders operations	53,621	-	2,554,764	2,608,385
Total	388,629	-	5,590,338	5,978,967
December 31, 2016 (Audited)  Available-for-sale financial assets  - Insurance operations  - Shareholders operations  Total	402,628 58,065 460,693	5# - -	2,752,958 1,319,926 4,072,884	3,155,586 1,377,991 4,533,577

The valuation of each publicly traded investment is based upon the closing market price of that stock as of the valuation date, less a discount if the security is restricted. Fair values of private equity investments classified in Level 3 are determined based on the investees' latest reported net assets values as at the date of statement of financial position, which approximate the fair values. Fair values of other investments (including sukuks) classified in Level 3 are determined based on discounted cash flows, which incorporate assumptions regarding an appropriate credit spread. There were no transfers in between levels during the period.

#### 14. OPERATING SEGMENTS

Consistent with the Company's internal reporting process; operating segments have been approved by management in respect of the Company's activities, assets and liabilities. Information disclosed in the note is based on current reporting to the chief operating decision maker. Operating segments do not include shareholders operations of the Company.

Segment assets do not include insurance operations' property and equipment, prepayments and other assets, receivables, net and cash and cash equivalents. Accordingly, they are included in unallocated assets. Segment liabilities do not include reserve for discontinued operations, surplus distribution payable, due to shareholders operations, reinsurance balances payable, claims payable, accrued expenses and other liabilities and fair value reserve for available-for-sale investments. Accordingly, they are included in unallocated liabilities.

These unallocated assets and liabilities (including the related charges for provision for doubtful debts on premiums receivable and depreciation on the property and equipments) are not reported to chief operating decision maker under related segments and are monitored on a centralized basis.

#### 15. EARNINGS PER SHARE

Basic and diluted earnings per share have been calculated by dividing the income from operations by 125 million shares to give retroactive effect of change in share capital as a result of bonus share issue.

#### 16. ZAKAT

#### Status of Assessments

The Company had filed Zakat returns with the General Authority of Zakat and Tax ("GAZT") for the years from 2005 to 2016. In relation to 2005 and 2006, the final assessments had been finalized and the Company had filed an appeal against the assessments of GAZT which is raised to Board of Grievances. In relation to 2007 to 2013, GAZT had raised assessments and management had subsequently filed their response. Further, GAZT has yet to commence its review for the years 2014 to 2016. Based on advice from zakat consultant, appropriate provisions have been made and management believes that finalization of the abovementioned assessments is not expected to have a material impact on the financial information.

### 17. CHANGE IN ACCOUNTING POLICY

Effective January 1, 2017, based on the Circular issued by SAMA, the Company amended its accounting policy to charge zakat directly into retained earnings in the interim statement of changes in shareholders' equity instead of income from operations within interim statement of comprehensive income - shareholders operations.

The change in the accounting policy has the following impacts:

	Balance as previously reported for three months ended 30 June, 2016	Effect of restatement relating to zakat	Balance as restated for three months ended 30 June, 2016
		SAR'000	
Income from operations within interim statement of comprehensive income - shareholders operations  Total comprehensive income within interim statement	229,117	14,774	243,891
of comprehensive income - shareholders operations	242,440	14,774	257,214
