Objective : The fund aims to achieve long term capital growth within high risk through investing its assets mainly in a group of funds distributed in China, India, Latin America, Eastern Europe, Africa and the Middle East as follows: 1. Fidelity Chinese Focus Fund. 2. Fidelity Indian Focus Fund. 3. Fidelity Latin America Fund 4. A portfolio consisting of equity funds invested in Eastern Europe, Africa and the Middle East.

Strategy : The Fund will consider the relative weight of each market in the benchmark and will have absolute discretion to overweight or underweight the capitalization of any area or market or any asset classes of the indicated weightings. In deciding whether to increase or decrease the weight of any asset class of the fund, the Fund manager will review the history of such funds, recommendation of the international investment institutions, his own evaluation of the markets, price momentum, companies earnings, economic factors, performance outlook, and different correlations issues. The fund manager will observe the economic and political conditions constantly and will make a quick decision to change the fund's assets should any dramatic change arise.
