Scope of Review

We have reviewed the accompanying interim statement of financial position of Saudi Enaya Cooperative Insurance Company – a Saudi Joint Stock Company – (“the Company”) as at 30 September 2016, and the related interim statements of insurance operations and accumulated surplus, shareholders’ operations, comprehensive income for three-month and nine-month periods then ended and the related interim statements of changes in shareholders’ equity, insurance operations’ cash flows and shareholders’ cash flows for the nine-month period then ended and the related notes 1 to 17 which form an integral part of these interim condensed financial statements. These interim condensed financial statements are the responsibility of the Company’s management and have been prepared by them in accordance with International Accounting Standard 34 – Interim Financial Reporting (“IAS 34”) and submitted to us together with all the information and explanations which we required.

We conducted our review in accordance with the Standard on Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants (“SOCPA”). A review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the Kingdom of Saudi Arabia, the objective of which is the expression of an opinion on the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim condensed financial statements for them to be in conformity with IAS 34.

Emphasis of matter

We draw attention to the fact that the accompanying interim condensed financial statements are prepared in accordance with IAS 34 and not in accordance with the Standard on Interim Financial Reporting issued by SOCPA.

2. BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

d. NEW IFRS, IFRIC AND AMENDMENTS THEREOF, ADOPTED BY THE COMPANY

The Company has adopted the following amendments and revisions to existing standards, which were issued by the International Accounting Standards Board (IASB):

<i>Standard / Amendments</i>	<i>Description</i>
IAS 16 IAS 38	Amendments to IAS 16 – “Property, Plant and Equipment” and IAS 38 – “Intangible Assets”, applicable for the annual periods beginning on or after 1 January 2016, restrict the use of ratio of revenue generated to total revenue expected to be generated to depreciate property, plant and equipment and may only be used in very limited circumstances to amortise intangible assets.
IAS 16 IAS 41 IAS 20	Amendments to IAS 16 – “Property, Plant and Equipment” and IAS 41 – “Agriculture”, applicable for the annual periods beginning on or after 1 January 2016, change the scope of IAS 16 to include biological assets that meet the definition of bearer plants. Agricultural produce growing on bearer plants will remain within the scope of IAS 41. In addition, government grants relating to bearer plants will be accounted for in accordance with IAS 20 – “Accounting for Government Grants and Disclosure of Government Assistance”, instead of IAS 41.
IAS 27	Amendments to IAS 27 – “Separate Financial Statements”, applicable for the annual periods beginning on or after 1 January 2016, allows an entity to use the equity method as described in IAS 28 to account for its investments in subsidiaries, joint ventures and associates in its separate financial statements.
IFRS 5	Amendments to IFRS 5 – “Non-current Assets Held for Sale and Discontinued Operations”, applicable for the annual periods beginning on or after 1 January 2016, amended to clarify that changing from one disposal method to the other would not be considered a new plan of disposal, rather it is a continuation of the original plan. There is, therefore, no interruption of the application of the requirements in IFRS 5.
IFRS 7	Amendments to IFRS 7 – “Financial Instruments: Disclosures”, applicable for the annual periods beginning on or after 1 January 2016, has been amended to clarify that a servicing contract that includes a fee can constitute continuing involvement in a financial asset. The nature of the fee and the arrangement should be assessed in order to consider whether the disclosures are required under IFRS 7 and the assessment must be done retrospectively. IFRS 7 has been further amended to clarify that the offsetting disclosure requirements do not apply to condensed interim financial statements, unless such disclosures provide a significant update to the information reported in the most recent annual report.
IAS 19	Amendments to IAS 19 – “Employee Benefits”, applicable for the annual periods beginning on or after 1 January 2016, clarifies that market depth of high quality corporate bonds is assessed based on the currency in which the obligation is denominated, rather than the country where the obligation is located. When there is no deep market for high quality corporate bonds in that currency, government bond rates must be used.

d. NEW IFRS, IFRIC AND AMENDMENTS THEREOF, ADOPTED BY THE COMPANY (continued)

<i>Standard / Amendments</i>	<i>Description</i>
IAS 34	Amendments to IAS 34 – “Interim Financial Reporting”, applicable for the annual periods beginning on or after 1 January 2016, clarifies that the required interim disclosures must be either in the interim financial statements or incorporated by cross-referencing to the interim financial report (e.g., in the management commentary or risk report). However, the other information within the interim financial report must be available to users on the same terms as the interim financial statements and at the same time.
IFRS 14	IFRS 14 – “Regulatory Deferral Accounts”, applicable for the annual periods beginning on or after 1 January 2016, allows an entity, whose activities are subject to rate regulation, to continue applying most of its existing accounting policies for regulatory deferral account balances upon its first time adoption of IFRS. The standard does not apply to existing IFRS preparers. Also, an entity whose current GAAP does not allow the recognition of rate-regulated assets and liabilities, or that has not adopted such policy under its current GAAP, would not be allowed to recognise them on first-time application of IFRS.
IFRS 10 IFRS 11 IFRS 12 IAS 28	Amendments to IFRS 10 – “Consolidated Financial Statements”, IFRS 12 – “Disclosure of Interests in Other Entities” and IAS 28 – “Investments in Associates”, applicable for the annual periods beginning on or after 1 January 2016, address three issues that have arisen in applying the investment entities exception under IFRS 10. The amendments to IFRS 10 clarify that the exemption from presenting consolidated financial statements applies to a parent entity that is a subsidiary of an investment entity, when the investment entity measures its subsidiaries at fair value. Furthermore, only a subsidiary of an investment entity that is not an investment entity itself and that provides support services to the investment entity is consolidated. All other subsidiaries of an investment entity are measured at fair value. The amendments to IAS 28 allow the investor, when applying the equity method, to retain the fair value measurement applied by the investment entity associate or joint venture to its interests in subsidiaries. Amendments to IFRS 11 – “Joint Arrangements”, applicable for the annual periods beginning on or after 1 January 2016, require an entity acquiring an interest in a joint operation, in which the activity of the joint operation constitutes a business, to apply, to the extent of its share, all of the principles in IFRS 3 – “Business Combinations” and other IFRSs that do not conflict with the requirements of IFRS 11 Joint Arrangements. Furthermore, entities are required to disclose the information required by IFRS 3 and other IFRSs for business combinations. The amendments also apply to an entity on the formation of a joint operation if, and only if, an existing business is contributed by one of the parties to the joint operation on its formation. Furthermore, the amendments clarify that, for the acquisition of an additional interest in a joint operation in which the activity of the joint operation constitutes a business, previously held interests in the joint operation must not be remeasured if the joint operator retains joint control.
