LIMITED REVIEW REPORT

August 2, 2015

To the Shareholders of Middle East Company for Manufacturing and Producing Paper:
(A Saudi Joint Stock Company)

Scope of review

We have reviewed the accompanying interim consolidated balance sheet of Middle East Company for Manufacturing and Producing Paper (the "Company") and its subsidiaries (collectively referred to as the "Group") as of June 30, 2015 and the interim consolidated income statement for the three-month and six-month periods ended June 30, 2015, and the interim consolidated statements of cash flows and changes in shareholders' equity for the six-month period then ended and the related notes which form an integral part of these reissued interim consolidated financial statements. These interim reissued consolidated financial statements are the responsibility of the Group's management and have been prepared by them and submitted to us together with all the information and explanations which we required.

We conducted our limited review in accordance with the standard of Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants. A limited review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. The scope of such limited review is substantially less than an audit conducted in accordance with auditing standards generally accepted in Saudi Arabia, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Review conclusion

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying reissued interim consolidated financial statements for them to be in conformity with accounting principles generally accepted in Saudi Arabia.

Emphasis of matter

We draw attention to Note 1 to the accompanying reissued interim consolidated financial statements which states that these interim consolidated financial statements have been reissued due to a change by management, as approved by the Board of Directors, to the treatment of Initial Public Offering ("IPO) related costs as explained in Note 1. The effect of this change is to increase the net income for the three and six month periods ended June 30, 2015 by Saudi Riyals 7.3 million, resulting in a net income for the three and six month periods of Saudi Riyals 19.6 million and Saudi Riyals 42.8 million, respectively, and a corresponding increase to due from shareholders included in due from related parties by Saudi Riyals 7.3 million as of June 30, 2015. Our review report dated July 27, 2015 was rendered on the previously issued interim consolidated financial statements. Following the change referred to above and set out in Note 1, we provide this new review report on the interim consolidated financial statements.

1 General information

Middle East Company for Manufacturing and Producing Paper (the "Company") and its subsidiaries (collectively the "Group") consist of the Company and its subsidiaries. The objectives of the Group are production and sale of cardboard and industrial paper. The registered office of the Company is P.O. Box 32913, Jeddah 21438, Kingdom of Saudi Arabia. The Company's principal place of business is in Jeddah.

The Company was a limited liability Company registered on Rajab 3, 1421H (September 30, 2000) under commercial registration number 4030131516 issued at Jeddah.

During the year 2012, the legal status of the Company converted from a limited liability company into a Saudi Closed Joint Stock Company. The Ministry of Commerce approved the conversion of the Company to a Saudi Closed Joint Stock Company by Ministerial Decision No. 44 dated Safar 14, 1433H (January 8, 2012).

The Company's application for its initial public offering was accepted by the Capital Market Authority (CMA) on Jumad-ul-Awal 25, 1436H (March 16, 2015). The Company was converted to Saudi Joint Stock Company on Rajab 14, 1436H (May 3, 2015).

At August 1, the Company has investments in the following subsidiaries:

Subsidiary name	Country of incorporation	Principal business activity	Ownership interest (%) at June 30 2015	2014
Waste Collection and Recycling Company Limited ("WASCO")	Saudi Arabia	Whole and retail sales of paper, carton and plastic waste	**97 directly 3 indirectly**	97directly 3 indirectly
Special Achievements Company Limited	Saudi Arabia	Whole and retail sales of used papers, carton and plastic products	**97 directly 3 indirectly**	97directly 3 indirectly

Subsequent to the issuance on July 27, 2015 of the interim consolidated financial statements for the six month period ended June 30, 2015, Management of the Company determined that the existing shareholders, who offered their shares as part of the IPO (the "Selling Shareholders"), will bear the IPO related costs amounting to Saudi Riyals 7.3 million which is in line with the earlier disclosure made by the Company in its prospectus, communication made by the CMA and Company's subsequent announcement on Tadawul on July 28, 2015 (corresponding to Shawwal 12, 1436H). The Selling Shareholders have agreed to bear these costs. Management has, accordingly, reversed such amount from General and Administrative expenses for the three and six month periods ended June 30, 2015 and recorded the amount as Due from shareholders included in "Due from related parties" at June 30, 2015. As a result, net profit for both the three and six month periods ended June 30, 2015, balance Due from related parties and shareholders' equity at June 30, 2015 have increased by Saudi Riyals 7.3 million. The earnings per share for the three and six month periods ended June 30, 2015 have also increased accordingly. The accompanying interim consolidated financial statements for the three and six month periods ended June 30, 2015 supersede the interim consolidated financial statements issued on July 27, 2015.

These financial statements were approved by the Board of Directors of the Company on August 2, 2015.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these interim consolidated financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated.

2.1 Basis of preparation

The interim consolidated financial statements have been prepared under the historical cost convention on the accrual basis of accounting and in compliance with accounting standards promulgated by Saudi Organization for Certified Public Accountants ("SOCPA").

The interim consolidated financial statements for the three-month and six-month periods ended June 30, 2015, have been prepared in accordance with SOCPA's Standard of Review of Interim Financial Reporting, on the basis of integrated periods, which views each interim period as an integral part of the financial year. Accordingly, revenues, gains, expenses and losses of the period are recognized during the period. The interim consolidated financial statements include all adjustments, comprising mainly of normal recurring accruals, considered necessary by the management to present fair statements of financial position, results of operations and cash flows. The interim consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's audited consolidated financial statements for the year ended December 31, 2014.

2.2 Critical accounting estimates and judgments

The preparation of interim consolidated financial statements in conformity with generally accepted accounting principles requires the use of certain critical estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the reporting date and the reported amounts of revenues and expenses during the reporting period. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that could potentially have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) Allowance for doubtful debts

An allowance for impairment of account receivables is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. The Group provides an amount as allowance for doubtful accounts receivable on a monthly basis and reassesses the closing balance at each reporting date based on ageing of receivables and the detailed analysis of receivable from each customers on case to case basis and adjusts the closing balance of the allowance accordingly.

(b) Allowance for inventory obsolescence

An allowance for slow moving inventories is maintained at a level considered adequate to provide for potential loss on inventory items. The Group provides an amount as an allowance for obsolete and slow moving inventories on a monthly basis and reassesses the closing balance at each reporting date based on the result of a physical count and the outcome of the periodic inspections of inventory undertaken by its technical team. The amount and timing of recorded expenses for any period would therefore differ based on the judgments or estimates made.

(c) Useful lives of property, plant and equipment

The management determines the estimated useful lives of property, plant and equipment for calculating depreciation. This estimate is determined after considering expected usage of the assets or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation charges are adjusted where management believes the useful lives differ from previous estimates.

2.3 Investments

(a) Subsidiaries

Subsidiaries are entities over which the Group has the power to govern the financial and operating policies to obtain economic benefit generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

The purchase method of accounting is used to account for the acquisition of subsidiaries. The cost of an acquisition is measured as the fair value of the assets given or liabilities incurred or assumed at the date of acquisition, plus costs directly attributable to the acquisition. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. Goodwill arising from acquisition of subsidiaries is reported under "intangible assets" in the accompanying balance sheet. Goodwill is tested annually for impairment and carried at cost, net of any accumulated amortization and impairment losses, if any.

Inter-company transactions, balances and unrealized gains or losses on transactions between Group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

2.4 Segment reporting

(a) Business segment

A business segment is group of assets, operations or entities:

(i) engaged in revenue producing activities;
(ii) results of its operations are continuously analyzed by management in order to make decisions related to resource allocation and performance assessment; and
(iii) financial information is separately available.

(b) Geographical segment

A geographical segment is group of assets, operations or entities engaged in revenue producing activities within a particular economic environment that are subject to risks and returns different from those operating in other economic environments.

2.5 Foreign currency translations

(a) Reporting currency

These consolidated financial statements are presented in Saudi Riyals which is the reporting currency of the Group.

(b) Transactions and balances

Foreign currency transactions are translated into Saudi Riyals using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement.

(c) Group companies

The functional and presentation currency of the subsidiaries is Saudi Riyals. Therefore, the Group does not have any currency translation reserve as a separate component of equity.

2.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand and with banks and other short-term highly liquid investments with maturities of three months or less from the purchase date.

2.7 Accounts receivable

Accounts receivable are carried at original invoice amount less allowance for accounts receivable. An allowance against accounts receivable is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. Such allowances are charged to the income statement and reported under "General and administrative expenses". When account receivable is uncollectible, it is written-off against the allowance for doubtful accounts receivable. Any subsequent recoveries of amounts previously written-off are credited against "General and administrative expenses" in the income statement.

2.8 Inventories

Inventories are carried at the lower of cost or net realizable value. Cost is determined using weighted average method. The cost of finished products include the cost of raw materials, labor and production overheads. Inventories in transit are valued at cost. Stores and spares are valued at cost, less any allowance for slow moving or obsolete items.

Net realizable value is the estimated selling price in the ordinary course of business, less the costs of completion and selling expenses.

2.9 Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation except construction work in progress which is carried at cost. Land is not depreciated. Depreciation is charged to the income statement, using the straight-line method, to allocate the costs of the related assets to their residual values over the following estimated useful lives:

	Number of years
• Buildings and mobile cabinets	6-33
• Machinery and equipment	5-20
• Furniture and fixtures	3-20
• Motor vehicles	4-5

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are included in the income statement.

Maintenance and normal repairs which do not materially extend the estimated useful life of an asset are charged to the income statement as and when incurred. Major renewals and improvements, if any, are capitalized and the assets so replaced are retired.

2.10 Impairment of non-financial assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount which is the higher of an asset's fair value less cost to sell and value in use. For the purpose of assessing impairment, assets are grouped at lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than intangible assets (goodwill) that suffered impairment are reviewed for possible reversal of impairment at each reporting date. Where an impairment loss is subsequently reversed, the carrying amount of the asset or cash-generating unit is increased to the revised estimate of its recoverable amount, but the increased carrying amount does not exceed the carrying amount that would have been determined, had no impairment loss been recognized for the assets or cash-generating unit in prior years. A reversal of an impairment loss is recognized as income immediately in the income statement. Impairment losses recognized on intangible assets (goodwill) are not reversible.

2.11 Borrowings

Borrowings are recognized at the proceeds received, net of transaction costs and upfront fee incurred on borrowings from Saudi Industrial Development Fund (SIDF). Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of those assets. Other borrowing costs are charged to the income statement.

2.12 Accounts payable and accruals

Liabilities are recognized for amounts to be paid for goods and services received, whether or not billed to the Group.

2.13 Provision

Provisions are recognized when; the Group has a present legal or constructive obligation as a result of a past event; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated.

2.14 Zakat and taxes

The Company is subject to zakat in accordance with the regulations of the Department of Zakat and Income Tax ("DZIT"). Foreign shareholders in the consolidated Saudi Arabian subsidiaries are subject to income taxes. Income tax provisions related to the foreign shareholders in such subsidiaries are charged to the non-controlling interest in the financial statements. Provision for zakat for the Company and zakat related to the Company's ownership in the Saudi Arabian subsidiaries is charged to the income statement. Additional amounts payable, if any, at the finalization of final assessments are accounted for when such amounts are determined.

The Company and its Saudi Arabian subsidiaries withhold taxes on certain transactions with non-resident parties in the Kingdom of Saudi Arabia as required under Saudi Arabian Income Tax Law.

2.15 Employee termination benefits

Employee termination benefits required by Saudi Labor and Workman Law are accrued by the Company and its Saudi Arabian subsidiaries and charged to the income statement. The liability is calculated; at the current value of the vested benefits to which the employee is entitled, should the employee leave at the balance sheet date. Termination payments are based on employees' final salaries and allowances and their cumulative years of service, as stated in the laws of Saudi Arabia.

2.16 Revenues

Local sales are recognized upon delivery of goods to the customers and customer acceptance. Export sales are recognized upon the arrangements with the customers when the risk and rewards are transferred to the customers. Revenues are shown net of discounts after eliminating sales within the Group.

2.17 Selling, marketing, general and administrative expenses

Selling, marketing, general and administrative expenses include direct and indirect costs not specifically part of cost of revenues as required under generally accepted accounting principles. Allocations when required are made on a consistent basis.

2.18 Operating leases

Rental expenses under operating leases are charged to the income statement over the period of the respective lease.

2.19 Reclassifications

The following reclassifications have been made for better presentation in the comparative 2014 interim consolidated financial statements to conform with 2015 presentation:

(i) Deferred financial charges amounting to Saudi Riyals 3.3 million have been reclassified from 'Property, plant and equipment' and are presented net of 'Long-term borrowings'. Consequently, the current maturity of long-term borrowings is decreased by Saudi Riyals 2.2 million and long-term borrowings is decreased by Saudi Riyals 1.1 million (Note 4).

(ii) Balance of a related party amounting to Saudi Riyals 5.8 million has been reclassified to 'Due from related parties' from 'Accounts receivable'.

(iii) Balance of a related party amounting to Saudi Riyals 0.3 million has been reclassified to 'Due to related parties' from 'Accounts payable'.

(iv) Software cost amounting to Saudi Riyals 1.8 million has been disclosed separately on the face of balance sheet as 'Intangible assets' which were included in 'Property, plant and equipment'.

The Group has short-term credit facilities from commercial banks comprising of short-term loans and guarantees. These borrowings bear financing charges at the prevailing market rates and are secured by promissory notes and guarantees by the shareholders. These facilities include certain financial covenants which require the Group to maintain certain level of current ratio and leverage ratio. The Group is in compliance with these covenants.

4 Long-term borrowings

	Note	2015 (Unaudited)	2014 (Unaudited)
SIDF loan principal amount		**161,111,000**	170,800,000
Less: deferred financial charges		**(8,147,832)**	(3,299,478)
SIDF loan	(a)	**152,963,168**	167,500,522
Commercial bank loans	(b)	**462,500,000**	385,620,030
		615,463,168	553,120,552
Current maturity shown under current liabilities		**(168,568,274)**	(178,934,719)
		446,894,894	374,185,833

(a) The Company signed a loan agreement with SIDF amounting to Saudi Riyals 255 million in 2012 to partially finance the construction of the manufacturing facilities. This loan was fully utilized as of June 30, 2015 and 2014. The loan is repayable in unequal semiannual installments ending November 2017.

During the year 2013, the Company has signed an additional loan agreement with SIDF amounting to Saudi Riyals 124.7 million of which Saudi Riyals 48.3 million was utilized as of June 30, 2015 (June 30 2014: Nil). The loan is repayable in unequal semiannual installments ending October 2019.

An upfront fee was deducted at the time of receipt of the loans which is amortized over the periods of respective loans. The loans bear a follow up fee to be paid on periodic basis.

Under the terms of the SIDF loan agreement, the Company's property, plant and equipment are pledged as collateral to SIDF. The loan is also guaranteed by the shareholders.

(b) The Group has obtained credit facilities from commercial banks. These loans bear financial charges based on prevailing market rates. These facilities are secured by promissory note, guarantees by the shareholders and second class mortgage on the Company's property, plant and equipment.

The above loans and facilities include certain financial covenants which require the Group to maintain certain level of current ratio and leverage ratio and certain restriction on dividend distribution. The Group is in compliance with these debt covenants. The loans are denominated in Saudi Riyals.

2015			
Periods ending June 30:			
2016	**171,000,000**	**(2,431,726)**	**168,568,274**
2017	**196,000,000**	**(2,270,908)**	**193,729,092**
2018	**128,500,000**	**(1,963,115)**	**126,536,885**
2019	**60,000,000**	**(1,216,519)**	**58,783,481**
2020 and onwards	**68,111,000**	**(265,564)**	**67,845,436**
	623,611,000	**(8,147,832)**	**615,463,168**
2014			
Periods ending June 30:			
2015	181,120,030	(2,185,311)	178,934,719
2016	149,000,000	(577,822)	148,422,178
2017	150,000,000	(422,069)	149,577,931
2018	76,300,000	(114,276)	76,185,724
	556,420,030	(3,299,478)	553,120,552

(All amounts in Saudi Riyals unless otherwise stated)

5 Share capital

The share capital of the Company as of June 30, 2014 was comprised of 40,000,000 shares at Saudi Riyals 10 per share. The shareholders resolved on 8 Dhul- Qadah, 1435 (September 3, 2014) to increase the share capital, by an amount of Saudi Riyals 100 million at the existing shareholding percentages through transfer from retained earnings. The legal formalities to effect this change were completed in Dhul- Qadah, 1435 (September, 2014). Consequently, the share capital of the Company as of June 30, 2015 was comprised of 50,000,000 shares at Saudi Riyals 10 per share.

6 Earnings per share

Earnings per share for the three-month and six-month periods ended June 30, 2015, have been computed by dividing the operating income and net income for the periods by the weighted average number of shares outstanding during such period.

Earnings per share for the three-month and six-month periods ended June 30, 2014, have been computed by dividing the operating income and net income for such periods by 50,000,000 shares to give a retrospective effect of the change in the number of shares which increased as a result of increase in share capital as described in Note 5.

Depreciation	21,467,023	2,834,876	-	24,301,899
Net income	19,566,514	1,383,407	(1,383,407)	19,566,514
For the three-month period ended June 30, 2014 (Unaudited)				
Sales	186,724,960	82,225,482	(65,903,931)	203,046,511
Gross profit	45,959,815	13,077,044	-	59,036,859
Depreciation	19,753,428	2,328,142	-	22,081,570
Net income	29,258,054	7,262,155	(7,262,155)	29,258,054

During the six-month and three-month periods ended June 30, 2015 the trading segment made sales amounting to Saudi Riyals 98.2 million and Saudi Riyals 59.2 million, respectively (six-month and three-month periods ended June 30, 2014: Saudi Riyals 118.6 million and Saudi Riyals 65.9 million), respectively to manufacturing segment.

The Group makes sales in local market and foreign markets in Middle East, Africa, Asia and Europe. Export sales amounted to Saudi Riyals 120.9 million (June 30, 2014: Saudi Riyals 134.3 million).

8 **Contingencies and commitments**

(i) At June 30, 2015, the Group had outstanding letters of credits of Saudi Riyals 36.9 million (June 30, 2014: Saudi Riyals 78.7 million) and letters of guarantee of Saudi Riyals 13.2 million (June 30, 2014: Saudi Riyals 4.1 million) that were issued in the normal course of the business.

(ii) The capital expenditure contracted by the Group but not incurred till June 30, 2015 was approximately Saudi Riyals 207 million (June 30, 2014: Saudi Riyals 64.8 million).

(iii) During 2008, the General Authority of Water ("GAW") expropriated a plot of land and other premises that belonged to the Company and offered a compensation of Saudi Riyals 28.9 million. The Company contested the compensation and raised a claim amounting to what is believed to be the fair value of the plot. During 2010, the Company obtained a court ruling ordering the GAW to pay Saudi Riyals 80.2 million, which was disputed by GAW. The Company continued to follow up with the courts.

During the six month period ended June 30, 2015, a new valuation was conducted by a committee that comprised various government officials. The Committee finalized the valuation and determined the value of the land and other premises to be approximately Saudi Riyals 133 million. The Company is currently waiting for GAW to finalize their approval of this valuation and expects to receive the compensation accordingly during 2015.
