REVIEW REPORT

To the shareholders of Saudi Industrial Investment Group
(A Saudi Joint Stock Company)

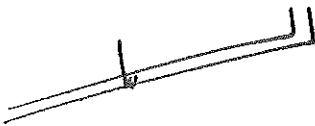

Scope of review

We have reviewed the accompanying interim consolidated balance sheet of Saudi Industrial Investment Group (the "Company") - a Saudi Joint Stock Company and its subsidiaries (the "Group") as at 30 September 2013, the related interim consolidated statement of income for the three and nine month periods ended 30 September 2013, and interim consolidated statements of cash flows and changes in equity for the nine-month period then ended. These interim consolidated financial statements are the responsibility of the Group's management and have been prepared by them and submitted to us together with all the information and explanations which we required. We conducted our limited review in accordance with the Standard on Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants (SOCPA). A limited review consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Conclusion

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying interim consolidated financial statements for them to be in conformity with accounting standards generally accepted in the Kingdom of Saudi Arabia.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

30 September 2013

1. ORGANIZATION AND ACTIVITIES

Saudi Industrial Investment Group (the "Company") is a Saudi joint stock company registered in Riyadh, Kingdom of Saudi Arabia under Commercial Registration number 1010139946 dated 10 Sha'aban 1416H (corresponding to 1 January 1996). The Company was formed pursuant to the Ministry of Commerce and Industrial's resolution numbered 610 dated 10 Jumad Al-Ula 1416 H (corresponding to 5 October 1995).

The Company is engaged in enhancing the growth and development of the industrial base of the Kingdom, mainly the petrochemicals industry, opening more channels for the exportation of the products and more ways for private sector in the Kingdom to enter into other industries by using petrochemical products after obtaining the required licenses the relevant authorities.

2. BASIS OF CONSOLIDATION

These interim consolidated financial statements include the interim financial statements of the Company and its subsidiaries (the "Group"), as adjusted by the elimination of significant inter-company balances and transactions.

The financial statements of the subsidiaries are prepared using accounting policies which are consistent with those of the Company. The financial statements of the subsidiary companies are consolidated from the date on which the Company is able to exercise effective management control over the subsidiary companies. A subsidiary is an entity in which the Company has a direct or indirect equity investment of more than 50% or over which it exercise effective management control.

Non- controlling interest in the net assets of consolidated subsidiaries is identified separately from the Company's shareholder equity therein. Non- controlling interests consist of the amount of those interests at the date of the original business combination and the non-controlling interest's share of changes in equity since the date of the combination.

The subsidiary companies are as follows:

	Shareholding %		Country of Incorporation
	2013	2012	
National Petrochemical Company ("Petrochem")*	50	50	Saudi Arabia
Saudi Nylon Company, Saudi Benzene Company, Saudi Paraxylene Company and Saudi Cyclohexane Company (the "Local entities")**	-	100	Saudi Arabia

* The subsidiaries of Petrochem are as follows:

	Shareholding %		Country of Incorporation
	2013	2012	
Saudi Polymers Company ("SPCo")	65	65	Saudi Arabia
Gulf Polymers Distribution Company FZCO ("GPDCo")	65	65	United Arab of Emirates

** During the year 2010, the Company has resolved to liquidate the Local Entities, having their purpose been achieved, i.e. incorporation of Petrochem. Legal formalities of liquidation were completed during fourth quarter 2012.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying interim consolidated financial statements have been prepared in accordance with the Standard on Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants (SOCPA). The significant accounting policies adopted by Group in preparing its interim consolidated financial statements, summarized below - except for the accounting policy related to the accounting for the Group investment in jointly controlled entities (note 16)- are consistent with those used in preparing annual audited consolidated financial statements for the year ended 31 December 2012. The interim consolidated financial statements and the accompanying notes should be read in conjunction with the annual audited consolidated financial statements and the related notes for the year ended 31 December 2012. The figures in these interim consolidated financial statements are rounded to nearest thousand.

Accounting convention

The interim consolidated financial statements are prepared under the historical cost convention.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the interim consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates and judgments are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents consists of bank balances, cash on hand, and investments that are readily convertible into known amounts of cash and have a maturity of three months or less when placed.

Accounts receivable

Accounts receivable are stated at the invoiced amount less an allowance for any uncollectible amounts. An estimate for doubtful debt is made when the collection of the receivable amount is considered doubtful. Bad debts are written off as incurred.

Inventories

Inventories are stated at the lower of cost and market value. Cost is determined as follows:

- Raw materials, spares and catalysts - purchase cost on a weighted average basis.
- Work in progress and Finished goods - cost of direct materials and labour plus attributable overheads based on a normal level of activity.

Project under construction

Projects under construction appear at cost until the asset is ready for their intended use, thereafter; it is capitalized on the related assets. Project under construction include the cost of contractors, materials, services, borrowing, salaries and other overhead allocated on systematic basis.

Deferred charges/amortization

Deferred charges comprise agency and upfront fees on term loans and are amortized over the period of the related loans. The amortization is capitalized in the cost of the plant under construction up to the stage when substantially all the activities necessary to prepare the qualifying asset for its intended use are completed.

Borrowing costs

Borrowing costs that are directly attributable to the construction of an asset are capitalized up to the stage when substantially all the activities necessary to prepare the qualifying asset for its intended use are completed and, thereafter, such costs are charged to the interim consolidated statement of income.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment / Depreciation

Property, plant and equipment are stated at cost net of accumulated depreciation except for Platinum (precious metal) which is stated at cost. Expenditure for maintenance and repairs is expensed, while expenditure for improvement is capitalized. Depreciation of property, plant and equipment is provided over the estimated useful lives of the applicable assets using the straight-line method.

The estimated useful lives for the calculation of depreciation are as follows:

Plant and equipments	5- 25 years	Vehicles	4 years
Buildings	20 years	Office equipment and furniture	3.33-10 years
Leasehold improvements	5 years or the term of lease, which shorter		

Investment in jointly controlled projects

A joint venture is a contractual arrangement whereby the Group and other parties undertake an economic activity that is subject to joint control, i.e the strategic financial and operating policies and decisions relating to the activities require the unanimous consent of the parties sharing control. Joint venture arrangements that involve the establishment of a separate entity in which each party has an interest are referred to as jointly controlled project. The Group share in the jointly controlled project is accounted under equity method whereby the group share in the jointly controlled project is carried in the interim consolidated balance sheet at cost as adjusted by post-incorporation changes in the Company's share in the net assets of the jointly controlled entity, less any impairment in the value of individual investment, if any.

Impairment of non-current assets

The Group periodically reviews the carrying amounts of its long term assets to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

If the recoverable amount of an asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable amount. Impairment is recognized in the interim consolidated statement of income.

Where an impairment subsequently reverses, the carrying amount of the asset or the cash generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment been recognized for the asset or cash generating unit in prior years. A reversal of impairment is recognized as income immediately in the interim consolidated statement of income.

Accounts payable and accruals

Liabilities are recognized for amounts to be paid in the future for goods or services received, whether billed or not by the supplier or service provider.

Provisions

Provisions are recognized when the Group has an obligation (legal or constructive) arising from a past event, and the costs to settle these obligation are both probable and may be measured reliably.

Zakat and income tax

Zakat is provided in accordance with the Regulations of the Directorate of Zakat and Income Tax (DZIT) in the Kingdom of Saudi Arabia and on accrual basis. The provision is charged to the interim consolidated statement of income. Differences, if any, resulting from the final Zakat assessments are adjusted in the year of their finalization. The foreign partner in subsidiaries is subject to income tax which is included in non-controlling interest in the interim consolidated financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Employees' terminal benefits

Provision is made for amounts payable under the Saudi Arabian labour law applicable to employees' accumulated periods of service at the interim consolidated balance sheet date.

Fair value

The fair value of commission-bearing items are estimated based on discounted cash flows using commission rates for items with similar terms and risk characteristics.

Statutory reserve

In accordance with Saudi Arabian Regulations for Companies, the Company must set aside 10% of its net income in each year. The Company may resolve to discontinue such transfers when it builds up a reserve equal to one half of the capital. The reserve is not available for distribution.

Dividends

Final dividends are recognized as liabilities at the time of their approval by the shareholders' General Assembly. Interim dividends are recorded as and when approved by the Board of Directors.

Revenue recognition

Sales represent the invoiced value of goods supplied and is recognized when the significant risks and rewards of the ownership of the goods have passed to the buyer and the amount of revenue can be measured reliably normally on the delivery to the customer.

The Group share in the jointly controlled projects result is accounted under equity method.

Expenses

Selling expenses are those that specifically relate to delivery and marketing. All other expenses –except cost of sales- are allocated on a consistent basis to general and administrative expenses in accordance with allocation factors determined as appropriate by the management.

Operating leases

Operating leases payments are recognised as expense in the interim consolidated statement of income on a straight line basis over the lease term.

Foreign currencies

Transactions in foreign currencies are translated into Saudi Riyals at the rate prevailing at the date of those transactions. Monetary assets and liabilities denominated in foreign currencies at the interim consolidated balance sheet date are retranslated at the rate prevailing at that date. All differences are taken to the interim consolidated statement of income.

Assets and liabilities of the consolidated subsidiaries denominated in foreign currencies are translated into Saudi Riyals at exchange rates prevailing at the interim consolidated balance sheet date. Revenues and expenses of the consolidated subsidiaries denominated in foreign currencies are translated into Saudi Riyals at average exchange rates during the interim period. Component of equity, other than retained earnings, are translated at the rates prevailing at the date of their occurrence. Exchange differences arising from such translations, if material, are included in the cumulative translation adjustment account under equity in the interim consolidated balance sheet.

Segment reporting

A segment is a distinguishable component of the Group that is engaged either in providing products or services (a business segment) or in providing products or services within a particular economic environment (a geographic segment), which is subject to risks and rewards that are different from those of other segments. The Head Office segment incorporates the financial information related to activities under construction.

6. SHORT TERM LOAN

Petrochem has obtained a short-term Islamic financing (Tawarruq) from a local commercial bank, the loan carry commission at normal commercial rates.

7. ZAKAT

Zakat is provided and charged to the interim consolidated statement of income on an estimate basis. Differences resulting from the final zakat calculation are adjusted at year end.

Zakat returns have been filed with the Department of Zakat and Income Tax ("DZIT") for all prior years up to 2012. The DZIT has raised the zakat assessments up to 2006 and the Company has agreed on DZIT's assessments up to 2001. The Company has filed an appeal against the assessments for the years 2002 and 2003 before the Higher Appeal Committee, also, the Company appealed before DZIT for the years 2004 to 2006 against disallowance of certain items included in the assessments which resulted in a difference of SR 24.4 million and SR 17.5 million, respectively. As per the management's assessment, the Company has made a provision for these items under appeal amounting to SR 34 million.

7. ZAKAT - continued

As for Petrochem, zakat returns have been filed with the Department of Zakat & Income Tax (DZIT) for all prior years up to 2012, and zakat was settled accordingly. The DZIT has raised zakat assessment for the year 2008. Petrochem has filed an appeal against the assessment for the year 2008 before the Higher Appeal Committee, with differences of SR 53 million. The appeal is still pending. Based on the zakat consultant's opinion, the management believes that the ultimate outcome of this appeal will be in the favor of Petrochem.

In addition to the above, Petrochem and its zakat consultant have filed an appeal against the zakat claim raised by DZIT for the year 2010 which resulted in a difference of SR 74 million. The management believes that the ultimate outcome of this appeal will be in the favor of Petrochem.

8. TERM LOANS

The balance of term loan represents the utilized amounts from term loan facilities obtained by SPCo ("Borrower") from a syndicate local and foreign commercial banks, Public Investment Fund ("PIF") and Saudi Industrial Development Fund ("SIDF"), to finance its project.

The loans are secured by various guarantees including the pledge of the equipments and pledge on bank accounts of the plant. These loans carry commission at normal commercial rates with identical risks. The Borrower is required to comply with covenants stipulated for in all the loan facility agreements.

9. SUBORDINATED LOAN FROM THE NON-CONTROLLING PARTNER

This item represents portion of Arabian Chevron Petrochemical Company Limited (the "non-controlling partner") in the non-interest bearing loan granted to SPCo. The repayment of the loan is subject to terms set out in the SIDF loan agreement.

10. SHARE CAPITAL

Share capital is divided into 450 million shares (2012: 450 million shares). Each share is SR 10.

11. EARNINGS PER SHARE

Earnings per share are calculated by dividing income from main operations and net income for the period by the number of outstanding shares.

12. INTERIM RESULTS

The interim results of operations for the interim periods may not be an accurate indication of the annual results of operations.

13. CONTINGENT LIABILITIES

During the normal course of business, the Group's bankers have issued, on its behalf, bank guarantees amounted to SR 3.2 billion (2012: SR 3.2 billion). Some of these contingent liabilities are secured partially or in full against cash security or cash margin.

There is no approved capital expenditure by the board of directors during the current period (2012: Nil).

16. CHANGES IN ACCOUNTING POLICIES

In May 2011, the International Accounting Standard Board (IASB) issued its International Financial Reporting Standard (IFRS 11), Joint Arrangements. IFRS 11 requires entities to account for its investments in joint ventures using the equity method and removes the proportionate consolidation set out in International Accounting Standard (IAS 31), Interest in Joint Ventures, which has been previously adopted by Saudi Organization for Certified Public Accountants ("SOCPA") and applied by the Company in 2012 and prior years, whereby the Company's share in assets, liabilities, income and expenses of joint ventures is consolidated on line to line basis of each item with their corresponding items in the Group financial statements. IFRS 11 is effective for the annual periods starting on or after 1 January 2013. The Company chosen to adopt this standard with effect from the first quarter of the current year and the comparative figure has been restated to conform with current period presentation as required by the standard.

Following is the effect of this restatement in comparative figures:
