AUDITOR'S REPORT (LIMITED REVIEW) ON INTERIM FINANCIAL STATEMENTS

The Shareholders
Methanol Chemicals Company
(A Saudi Joint Stock Company)
Al-Jubail, Kingdom of Saudi Arabia

SCOPE OF REVIEW

We have reviewed the accompanying interim balance sheet of Methanol Chemicals Company ("the Company") as at December 31, 2015 and the related interim statements of income for the three months and year then ended, cash flows and changes in shareholders equity for the year then ended and attached notes from 1 to 10 which form an integral part of these interim financial statements. These interim financial statements are the responsibility of the Company's management and have been prepared by them and presented to us with all the necessary information and explanations which we required.

We conducted our limited review in accordance with the standard of auditing applicable to Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants. A limited review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries from persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

REVIEW RESULT

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying interim financial statements for them to be in conformity with generally accepted accounting standards in the Kingdom of Saudi Arabia.

METHANOL CHEMICALS COMPANY
(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS (UNAUDITED)
FOR THE THREE MONTHS AND YEAR ENDED 31 DECEMBER 2015
(Expressed in Saudi Arabian Riyals)

1. ACTIVITIES:

Methanol Chemicals Company ("The Company" or "Chemanol") is a Saudi Joint Stock Company registered in Saudi Arabia under Commercial Registration number 2055001870 dated 28 Dhu al-Hijjah 1409-H corresponding to 31 July 1989. It is licensed to engage in the production of formaldehyde liquid and urea formaldehyde liquid or their mixture with different concentrations, paraformaldehyde, liquid and powder formaldehyde resins, hexane methylene tetramine, phenol formaldehyde resins, concrete improvers, methanol, carbon monoxide, di-methylamine, mono-methylamine, tri-mon-methylamine, di-methyl formamide, di-methyl carbon, penta aritheretol, sodium formate and acetaldehyde, as per ministerial resolution number (616/Sadd) dated 12 Safar 1429-H, corresponding to 19 February 2008.

The Company was converted into a joint stock company in accordance with Ministerial Resolution No. 286 dated 4 Dhul al-Qa'dah 1428-H, corresponding to 14 November 2007. On 28 September 2010, the testing phase of the new expansion projects (Methanol, Di-methylamine, and Penta plant) was completed and the commercial operations declared on the same date.

One of the company's plant caught fire during the quarter ended 30 September 2014. All the assets damaged due to fire incident with a net book value of SR0.71 million were written off in the same quarter. The restoration work at the plant to prepare for full scale commercial production resumed on April 2015. The Company has filed a claim with the insurer for the damage caused due to fire. The insurer is in the process of evaluating the claim status of insurer.

2. SIGNIFICANT ACCOUNTING POLICIES:

The interim financial statements have been prepared in accordance with accounting standards generally accepted in the Kingdom of Saudi Arabia. The significant accounting policies adopted are as follows:

Accounting convention:

The interim financial statements are prepared in accordance with generally accepted accounting standards in the Kingdom of Saudi Arabia under the historical cost convention.

Use of estimates:

The preparation of interim financial statements in accordance with generally accepted accounting standards requires the use of estimates and judgments which might affect the valuation of recorded assets, liabilities and the disclosure of contingencies in the notes to the interim financial statements at the balance sheet date and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on the best information and events available to management at the date of issuing the interim financial statements, the actual end results may differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years. The significant areas of estimation uncertainty and critical adjustments in applying accounting policies that have the most significant effect on the amounts recognized in the interim financial statements are as follows:

METHANOL CHEMICALS COMPANY
(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS (UNAUDITED)
FOR THE THREE MONTHS AND YEAR ENDED 31 DECEMBER 2015
(Expressed in Saudi Arabian Riyals)

- estimated useful economic lives and residual values of property, plant and equipment
- provisions for doubtful debts
- provisions for slow moving and defective inventories
- accruals

Cash and cash equivalents:

For the purpose of the statement of cash flows, cash and cash equivalents consists of cash in hand, bank balances and short-term deposits with an original maturity of three months or less.

Inventories:

Inventories are measured at lower of cost and net realisable value. The cost of inventories is principally based on the weighted average principle, and includes expenditure incurred in acquiring the inventories, or production or conversion costs and other costs incurred in bringing them to their existing location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production and overheads based on normal operating capacity.

Net realizable value(NRV) is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

Intangible assets:

Estimated value of the right to use pipelines owned by the other parties for transporting raw materials and finished goods are treated as intangible assets and are amortized over the estimated period of future economic benefits.

Up front facility fees

Up front facility fees represents SIDF facility appraisal fees. Murahaba facility appraisal and restructuring fees are amortized over the facility period and are presented net of the liability due at the year end.

Property, plant and equipment/depreciation:

Property, plant and equipment are stated at cost less accumulated depreciation. Expenditure on maintenance and repairs is expensed, while expenditure for betterment is capitalized. Depreciation is provided over the estimated useful lives of the applicable assets using the straight-line method. Leasehold improvements are amortized over the shorter of the estimated useful life or the remaining term of the lease.

The estimated useful lives of the principal classes of assets are as follows:

	<u>Years</u>
Buildings	33.33
Improvements on leasehold land	5
Plant equipment and capital spares	10 - 12
Vehicles	4
Furniture, fixtures and office equipment	7 - 10
Computer and software	4 - 8

METHANOL CHEMICALS COMPANY
(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS (UNAUDITED)
FOR THE THREE MONTHS AND YEAR ENDED 31 DECEMBER 2015
(Expressed in Saudi Arabian Riyals)

Cost of assets disposed of and the related accumulated depreciation are derecognised from the financial statements and the resulting gain or loss is taken to the interim statement of income, at the time of disposal of assets.

Impairment of assets

At each balance sheet date, management assess whether any indication of impairment exists. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment loss is recognized as an expense in the interim statement of income immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset or cash- generating unit is increased to the revised estimate of its recoverable amount, but the increased carrying amount does not exceed the carrying amount that would have been determined, had no impairment loss been recognized for the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognized as income immediately in the interim statement of income.

Employees' end of service benefits:

Employees' end of service benefits, calculated in accordance with Saudi Arabian labour regulations, are accrued and charged to the interim Statement of Income. The liability is calculated at the current value of the vested benefits to which the employee is entitled, should his services be terminated at the balance sheet date.

Accounts Receivable

Accounts receivable is stated net of provisions. Provision is made for accounts receivable where recovery is considered doubtful by the management.

Statutory Reserves / Share premium:

In accordance with the Regulations for Companies in the Kingdom of Saudi Arabia and the Company's Articles of Association, the Company is required to transfer 10% of net income for the year to a statutory reserve until such reserve equals 50% of its paid up share capital. The General Assembly of the Company has the right to discontinue this transfer once it reaches the required limit. This reserve is not available for distribution to the shareholders.

Share premium of SR 72,850,071 representing excess amount collected over the face value of shares issued, net of issue expenses, is added to the statutory reserve.

(Expressed in Saudi Arabian Riyals)

Projects in progress:

Projects in progress include the cost of materials, labor and all related overheads in connection with the construction and purchase of machines and equipment for the expansion of the Company's factory. The cost is transferred to property, plant and equipment and depreciated from the commencement of the commercial operations of that project using the straight line method over the shorter of the estimated period of the economic benefits. Project costs that do not lead to future economic benefits are written-off to the interim statement of income as incurred.

Sales:

Sales represents the invoiced and accrued value of goods supplied by the Company during the period, net of trade and quantity discounts and are recognised when the significant risk and rewards of ownership of goods have passed to the buyer and the amount of sales can be measured reliably, which is normally on delivery to the customer.

Foreign currencies:

Transactions in foreign currencies are recorded in Saudi Riyals at the rate of exchange ruling at the date of transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the interim statement of income.

Expenses:

Selling and distribution expenses are those that specifically relate to salesmen, warehousing and delivery vehicles as well as provision for doubtful debts. Except for financial charges and amortisation of deferred charges, all other expenses are classified as general and administration expenses.

Zakat:

Zakat is provided for in accordance with Saudi Arabia fiscal regulations. The provision is charged to the interim statement of income.

The provision for the interim period is calculated based on the estimated zakat provision for the whole year. The difference between the provision made during the interim period and the actual provision for the period based on detailed zakat calculations for the year is accounted for at year end.

(Loss)/earnings per share:

(Loss)/earnings per share from net income are calculated by dividing the net (loss)/ income for the period/year by the weighted average number of shares outstanding during the period.

METHANOL CHEMICALS COMPANY
(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE THREE MONTHS AND YEAR ENDED 31 DECEMBER 2015
(Expressed in Saudi Arabian Riyals)

Segmental reporting:

A segment is a distinguishable component of the Company that is engaged in providing products, services (a business segment) or in providing products or services within a particular economic environment (a geographic segment), which is subject to risks and rewards that are different from those of other segments. As the management view the whole activities of the Company as one operating segment, reporting is provided by geographical segment only.

Fair values:

The fair value of commission-bearing items is estimated based on discounted cash flows using commission rates for items with similar terms and risk characteristics.

3. SHORT TERM BORROWINGS:

The Company has obtained short term working capital facilities with local banks. Commission is charged at commercial rates. The short-term loans are secured by the promissory notes.
