INDEPENDENT AUDITORS' LIMITED REVIEW REPORT TO THE SHAREHOLDERS OF THE COMPANY FOR COOPERATIVE INSURANCE

(A SAUDI JOINT STOCK COMPANY)

SCOPE OF REVIEW

We have reviewed the accompanying interim statement of financial position of The Company for Cooperative Insurance (A Saudi Joint Stock Company) (the "Company") as at 31 December 2016 and the related interim statement of income - insurance operations and accumulated surplus, interim statements of comprehensive income for insurance operations and shareholders for the three and year then ended 31 December 2016, and interim statement of changes in shareholders' equity and interim statements of cash flows for insurance operations and shareholders for the year then ended, and the related notes which form an integral part of these interim condensed financial statements. These interim condensed financial statements are the responsibility of the Company's management and have been prepared by them in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34) and submitted to us together with all the information and explanations which we required. We conducted our limited review in accordance with the Standard on Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants (the "SOCPA"). A limited review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the auditing standards generally accepted in the Kingdom of Saudi Arabia, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

CONCLUSION

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying interim condensed financial statements for them to be in conformity with IAS 34.

EMPHASIS OF MATTER

We draw attention to the fact that these interim condensed financial statements are prepared in accordance with IAS 34 and not in accordance with the Standard on Interim Financial Reporting issued by SOCPA.

(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED)

DECEMBER 31, 2016

1. GENERAL

The Company for Cooperative Insurance (the "Company") is a Saudi Joint Stock Company established in Riyadh, Kingdom of Saudi Arabia by Royal Decree Number M/5 and incorporated on January 18, 1986, corresponding to Jumada al-Awal 8, 1406H, under Commercial Registration No. 1010061695. The Company's Head Office is located on Thumamah Road (at Takhassusi) ArRabi District, P.O. Box 86959, Riyadh 11632, Kingdom of Saudi Arabia.

The purpose of the Company is to transact cooperative insurance operations and all related activities including reinsurance and agency activities. Its principal lines of business include medical, motor, marine, fire, engineering, energy, aviation, takaful and casualty insurance.

On July 31, 2003, corresponding to Jumada al-Thani 2, 1424H, the Law on the Supervision of Cooperative Insurance Companies ("Insurance Law") was promulgated by Royal Decree Number (M/32). On December 1, 2004, corresponding to Shawwal 18, 1425H, the Saudi Arabian Monetary Agency ("SAMA"), as the principal agency responsible for the application and administration of the Insurance Law and its Implementing Regulations, granted the Company a license to transact insurance activities in the Kingdom of Saudi Arabia.

The Company conducts the business and advances funds to the insurance operations as required. On January 20, 2004, the Company amended its Articles of Association, giving authority to the Board of Directors to determine the disposition of the surplus from insurance operations.

On March 20, 2004, the Board of Directors approved the distribution of the surplus from insurance operations in accordance with the Implementing Regulations issued by SAMA, whereby the Shareholders of the Company are to receive 90% of the annual surplus from insurance operations and the Policyholders are to receive the remaining 10%. Any deficit arising on insurance operations is transferred to the Shareholders' operations in full.

2. BASIS OF PREPARATION

(a) Basis of presentation

The interim condensed financial statements for the three months period and year ended December 31, 2016 have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting.

The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's audited financial statements for the year ended December 31, 2015.

The interim condensed financial statements are prepared under the going concern basis and the historical cost convention, except for the measurement at fair value of available-for-sale investments. The Company presents its statement of financial position in order of liquidity.

As required by the Saudi Arabian Insurance Regulations, the Company maintains separate books of accounts for Insurance Operations and Shareholders' Operations and presents the financial statements accordingly. Assets, liabilities, revenues and expenses clearly attributable to either activity are recorded in the respective accounts. The basis of allocation of expenses from joint operations is determined and approved by the management and the Board of Directors.

2. BASIS OF PREPARATION (continued)

(a) Basis of presentation (continued)

These interim condensed financial statements have been presented in Saudi Arabian Riyals (SAR), being the functional currency of the Company. All financial information presented has been rounded off to the nearest thousand (SAR '000).

In management's opinion, these interim condensed financial statements reflect all adjustments (which include normal recurring adjustments) necessary to present fairly the results of operations for the interim period presented.

(b) Critical accounting judgments, estimates and assumptions

The preparation of the interim condensed financial statements requires the use of estimates and judgments that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the interim condensed financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates and judgments are based on management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial reporting period. Estimates and judgments are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The estimate and judgments used by management in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended December 31, 2015. Following are the accounting judgments and estimates that were critical in preparation of these interim condensed financial statements:

Estimation of insurance contract reserves:

Following are the critical areas of estimation and judgments for which the Company acquires the services of an independent actuary to determine such reserves.

i) Incurred but not reported claims ("IBNR")

There are several sources of uncertainty that need to be considered in the estimate of the liability that the Company will ultimately pay for such claims. The claims reserves are sensitive to assumptions made about the number of months used to average the completion factors and the claims trend.

ii) Premium deficiency reserve ("PDR")

Estimation of the premium deficiency reserve for medical business is highly sensitive to a number of assumptions as to the future events and conditions. It is based on an expected loss ratio for the unexpired portion of the risks for written policies. To arrive at the estimate of the expected loss ratio, the actuary considers the claims and premiums relationship which is expected to apply on a month to month basis. However, as at 31 December 2016 and 2015 no premium deficiency reserve was held.

2. BASIS OF PREPARATION (continued)

(c) Significant accounting policies

The accounting and risk management policies adopted in the preparation of these condensed interim financial statements are consistent with the Company's audited financial statements for the year ended December 31, 2015, except for the adoption of the following amendments to existing standards mentioned below which had no financial impact on the interim condensed financial statements of the Company:

- Amendments to IAS 1 "Presentation of Financial Statements", applicable for the annual periods beginning on or after 1 January 2016, clarify, existing IAS 1 requirements in relation to:
 - The materiality requirements in IAS 1;
 - That specific line items in the statement(s) of profit or loss and other comprehensive income ("OCI") and the statement of financial position may be disaggregated;
 - That entities have flexibility as to the order in which they present the notes to financial statements; and
 - That the share of OCI of associates and joint ventures accounted for using the equity method must be presented in aggregate as a single line item, and classified between those items that will or will not be subsequently reclassified to profit or loss.

The amendments further clarify the requirements that apply when additional subtotals are presented in the statement of financial position and the statement(s) of profit or loss and OCI.

Amendments to IAS 16 - "Property, Plant and Equipment" and IAS 38 - "Intangible Assets", applicable for the annual periods beginning on or after 1 January 2016, restricts the use of ratio of revenue generated to total revenue expected to be generated to depreciate property, plant and equipment and may only be used in very limited circumstances to amortize intangible assets.

Annual improvements to IFRS 2012-2014 cycle applicable for annual periods beginning on or after 1 January 2016. A summary of the amendments are as follows:

- IFRS 5 "Non-current Assets Held for Sale and Discontinued Operations", amended to clarify that changing from one disposal method to the other would not be considered a new plan of disposal, rather it is a continuation of the original plan. There is, therefore, no interruption of the application of the requirements in IFRS 5.
- IFRS 7 "Financial Instruments: Disclosures" has been amended to clarify that a servicing contract that includes a fee can constitute continuing involvement in a financial asset. The nature of the fee and the arrangement should be assessed in order to consider whether the disclosures are required under IFRS 7 and the assessment must be done retrospectively. IFRS 7 has been further amended to clarify that the offsetting disclosure requirements do not apply to condensed interim financial statements, unless such disclosures provide a significant update to the information reported in the most recent annual report.

2. BASIS OF PREPARATION (continued)

(c) Significant accounting policies (continued)

- IAS 19 "Employee Benefits" amendment clarifies that market depth of high quality corporate bonds is assessed based on the currency in which the obligation is denominated, rather than the country where the obligation is located. When there is no deep market for high quality corporate bonds in that currency, government bond rates must be used.
- IAS 34 "Interim Financial Reporting" amendment clarifies that the required interim disclosures must be either in the interim financial statements or incorporated by cross-referencing to the interim financial report (e.g., in the management commentary or risk report). However, the other information within the interim financial report must be available to users on the same terms as the interim financial statements and at the same time.

(d) Segmental reporting

A segment is a distinguishable component of the Company that is engaged in providing products or services (a business segment), which is subject to risk and rewards that are different from those of other segments. For management purposes, the Company is organized into business units based on their products and services and has four reportable segments as follows:

- Medical coverage for health insurance.
- Motor insurance.
- Property and Casualty coverage for property, engineering, marine, aviation, energy and general accidents insurance.
- Manafeth third party liability insurance for foreign vehicles and the profit of this segment is shared with other insurance companies.

Operating segments do not include Sharcholders' operations of the Company. No inter-segment transactions occurred during the period / year.

(e) Seasonality of operations

There are no seasonal changes that may affect insurance operations of the Company.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED)

(continued)

DECEMBER 31, 2016

7. SHARE CAPITAL

The authorized, issued and paid up capital of the Company was SAR 1 billion at December 31, 2016 and December 31, 2015, consisting of 100 million shares of SAR 10 each.

8. CONTINGENT LIABILITIES

As at December 31, 2016, the Company was contingently liable for letters of credit and guarantees, issued on its behalf by the banks, amounting to SAR 175 million (December 31, 2015: SAR 163 million) occurring in the normal course of business.

The Company operates in the insurance industry and is subject to legal proceedings in the normal course of business. While it is not practicable to forecast or determine the final results of all pending or threatened legal proceedings, management does not believe that such proceedings (including litigation) will have a material effect on its results and financial position. Management believes that appropriate provisions have been made in the financial statements in relation to pending legal proceedings.

9. STATUTORY DEPOSIT

In compliance with Article 58 of the Insurance Implementing Regulations of SAMA, the Company had deposited 10 percent of its share capital, amounting to SAR 100 million, in a bank designated by SAMA. The statutory deposit is maintained with the National Commercial Bank and can be withdrawn only with the consent of SAMA.

10. LEGAL RESERVE

In accordance with the Articles of Association of the Company and in compliance with Article 70(2)(g) of the Insurance Implementing Regulations issued by SAMA, the Company is required to allocate 20% of its net income for the year to the legal reserve until it equals the value of share capital, which was reached in 2016. This transfer is only made at the year end. The legal reserve is not available for distribution to Shareholders until liquidation of the Company.

11. MANAFETH SHARED AGREEMENT

On 13 January 2015 together with 25 related insurance companies, the Company signed the Manafeth shared agreement relating to third party liability motor insurance which is effective from 1 January 2015. The agreement relates to motor insurance for vehicles entering the Kingdom of Saudi Arabia.

The main terms of the above mentioned agreement are as follows:

- The Company obtains 15% management fee of the net result of the Manafeth portfolio;
- The Company obtains 4.25% of Manafeth's gross premiums written to cover the related indirect expenses; and
- The net result of the Manafeth portfolio after deducting the two above mentioned items is due to be shared equally by the Company and its related insurers.

13. FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal market for that asset or liability, or in its absence, the most advantageous market to which the Company has access at that date. Consequently, differences can arise between the carrying values and fair value estimates. The fair values of financial assets that are traded in an active market are based on quoted market prices or dealer price quotations. For all other financial instruments, the fair value is based on other valuation techniques.

Determination of fair value and fair value hierarchy

The Company uses the following hierarchy method for determining and disclosing the fair value of financial instruments at the reporting period end.

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses the financial instruments measured at fair value at the end of the reporting period December 31, 2016 and December 31, 2015 by the level in the fair value hierarchy into which the fair value measurement is categorised. The amounts are based on the values recognised in the statement of financial position:

| | (SAR'000) | | | | | |
|---|-------------------------------------|---------|-----------------------------------|-------------------------------------|--|--|
| December 31, 2016 (Unaudited) | Level 1 | Level 2 | Level 3 | Total | | |
| Available-for-sale financial assets - Insurance operations - Shareholders | 646,908 544,887 | - | 2,508,678 833,104 | 3,155,586 1,377,991 | | |
| Total | 1,191,795 | | 3,341,782 | 4,533,577 | | |
| December 31, 2015 (Audited) Available-for-sale financial assets - Insurance operations - Shareholders Total | 1,662,896 1,403,928 3,066,824 | - | 1,557,546 774,995 2,332,541 | 3,220,442 2,178,923 5,399,365 | | |

There were no transfers between the levels of fair value hierarchies during the period.

Level 3 investments comprise investments in Private Equity Funds and debt instruments. The valuation technique used to measure Private Equity Funds is NAV (net assets value). The fair value of Private Equity Funds is based on the latest reported net assets value as at the financial position date. Further, the debt instruments are measured at the fair value based on the discounted cash flow technique, which, as per the management, is the best estimate of the exit price i.e. fair value.

14. OPERATING SEGMENTS

Consistent with the Company's internal reporting process, operating segments have been approved by management in respect of the Company's activities, assets and liabilities. Information disclosed in this note is based on current reporting to the chief operating decision maker.

Segment assets do not include Insurance operations' property and equipment, net prepayments and other assets, receivables, net and cash and cash equivalents. Accordingly, they are included in unallocated assets. Segment liabilities do not include due to Shareholders' operations, reinsurance balances payable, claims payable, accrued expenses and other liabilities. Accordingly, they are included in unallocated liabilities.

These unallocated assets and liabilities (including the related charges for provision for doubtful debts on premiums receivable and depreciation on the property and equipment) are not reported to the chief operating decision maker under related segments and are monitored on a centralized basis.
