These interim condensed financial statements are the responsibility of the Company's management and have been prepared by them in accordance with International Accounting Standards ("IAS 34") and submitted to us together with all the information and explanations which we required. We conducted our review in accordance with the Standard on Review of Interim Financial Information issued by the Saudi Organization for Certified Public Accountants ("SOCPA"). A review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim condensed financial statements for them to be in conformity with IAS 34.

2 BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. BASIS OF PREPARATION

These interim condensed financial statements have been prepared in accordance with International Accounting Standard 34 – Interim Financial Reporting ("IAS 34").

These interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's audited financial statements for the year ended 31 December 2012.

As required by Saudi Arabian Insurance Regulations, the Company maintains separate books of account for Insurance Operations and Shareholders' Operations. The physical custody of all assets related to the Insurance Operations and Shareholders' Operations are held by the Company. Revenues and expenses clearly attributable to either activity are recorded in the respective books of account. In accordance with the by-laws of the Company, the surplus arising from the Insurance Operations is distributed as follows:

2 BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

a. BASIS OF PREPARATION (continued)

In accordance with Article 70 of the SAMA Implementing Regulations, the Company proposes to distribute, subject to the approval of SAMA, its annual net policyholders' surplus directly to policyholders at a time, and according to criteria, as set by its Board of Directors, provided the customer contract is active and paid up to date at the time of settlement of the cooperative distribution amount.

The accounting policies adopted by the Company for the preparation of these interim condensed financial statements are in accordance with International Financial Reporting Standards ("IFRS") and are consistent with those used for the preparation of annual financial statements. The adoption of new and amended IFRS and International Financial Reporting Interpretations Committee Interpretations (IFRIC) by the Company as mentioned in note 2(b) did not have any impact on these interim condensed financial statements.

The preparation of interim condensed financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, if any, at the date of the interim condensed financial statements and the reported amounts of revenues and expenses during the interim reported period. Although these estimates and judgements are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates. In the opinion of the management, the interim condensed financial statements reflect all adjustments (which include normal recurring adjustments) necessary to present fairly the results of operations for the interim periods presented.

The Company presents its interim statements of financial position broadly in order of liquidity. All financial assets and liabilities are expected to be recovered and settled respectively within twelve months after the interim reporting date.

The interim condensed financial statements are expressed in Saudi Arabian Riyals, being the functional currency of the Company and have been rounded off to the nearest thousand, unless otherwise specified.

The Company's interim results may not be indicative of its annual results.
