### LIMITED REVIEW REPORT TO THE SHAREHOLDERS OF ALMARAI COMPANY (A SAUDI JOINT STOCK COMPANY)

#### SCOPE:

We have reviewed the accompanying interim consolidated balance sheet of Almarai Company - A Saudi Joint Stock Company ("the Company") and its subsidiaries ("the Group") as at 30 June 2010, and the related interim consolidated statement of income for the three month and six month periods ended 30 June 2010 and the interim consolidated statements of cash flows and changes in shareholders' equity for the six month period then ended. These interim consolidated financial statements are the responsibility of the Group's management and have been prepared by them and submitted to us together with all the information and explanations which we required. We conducted our limited review in accordance with the Standard on Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants (SOCPA). A limited review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

#### **CONCLUSION:**

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying interim consolidated financial statements as of and for the three and six month periods ended 30 June 2010 for them to be in conformity with accounting standards generally accepted in the Kingdom of Saudi Arabia.

### NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2010

### 1. THE COMPANY AND ITS BUSINESS DESCRIPTION

Almarai Company (the "Company") is a Saudi Joint Stock Company, which was converted on 2 Rajab 1426 A.H. (8 August 2005). The Company initially commenced trading on 19 Dl' Hijjah 1411 A.H. (1 July 1991) and operates under Commercial Registration No. 1010084223. Prior to the consolidation of activities in 1991, the core business traded between 1976 and 1991 under the Almarai brand name.

The Company and its subsidiaries (together, "the Group") are a major integrated consumer food group in the Middle East with leading market shares in Saudi Arabia and the neighbouring Gulf Cooperative Council (GCC) countries.

The dairy, fruit juices and related food business is operated under the Almarai brand name. All raw milk production and related processing along with dairy food manufacturing activities are undertaken in Saudi Arabia and the United Arab Emirates (UAE). Final consumer products are distributed from manufacturing facilities in Saudi Arabia and UAE to local distribution centres by the Group's long haul distribution fleet.

Bakery products are manufactured and traded by Western Bakeries Company Limited and Modern Food Industries Limited under the brand names L'usine and 7 Days respectively. International Baking Services Company Limited trades bakery products. These are Limited Liability companies registered in Saudi Arabia and based in Jeddah.

Poultry products are manufactured and traded by Hail Agricultural Development Company (HADCO) under the HADCO brand. HADCO is a closed joint stock company registered in Saudi Arabia and based in Hail.

The distribution centres in the GCC countries (except for Bahrain and Oman) are managed by the Group and operate within Distributor Agency Agreements as follows:

Kuwait

- Al Kharafi Brothers Dairy Products Company Limited

Qatar

Saudi Arabia

- Khalid for Foodstuff and Trading Company

United Arab Emirates

- Bustan Al Khaleej Establishment

The Group operates in Bahrain and Oman through subsidiaries, Almarai Company Bahrain S.P.C and Arabian Planets for Trade and Marketing L.L.C. respectively.

The Group's Head Office is located at the following address: Exit 7, North Circle Road
Al Izdihar District
P.O. Box 8524
Riyadh 11492

On 14 Rabi-Thani 1431 (30 March 2010) the Company announced the creation of International Paediatric Nutrition Company (IPNC) a 50:50 joint venture with Mead Johnson to produce, market and distribute infant nutrition products in the GCC. On 8 Rajab 1431 (21 June 2010) the Company paid SAR 20.5 million representing 50% of the share capital of IPNC. The joint venture will lease the plant under construction from the Group, which is scheduled for commissioning during 2011.

### NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2010

# 2. BASIS OF ACCOUNTING, PREPARATION, CONSOLIDATION & PRESENTATION OF INTERIM CONSOLIDATED FINANCIAL STATEMENTS

- (a) The interim consolidated financial statements have been prepared on the accrual basis under the historical cost convention (except for derivative financial instruments and investments that have been measured at fair value) and in compliance with the accounting standards issued by the Saudi Organisation for Certified Public Accountants (SOCPA).
- (b) When necessary, prior period comparatives have been regrouped or adjusted on a basis consistent with current period classification. Any such adjustments in the current period are considered immaterial in the context of these interim consolidated financial statements.
- (c) These interim consolidated financial statements include assets, liabilities and the results of the operations of Almarai Company (the Company) and its subsidiaries (the Group) as set out in note (1) above. A subsidiary company is that in which the Company has, directly or indirectly, a long term investment comprising an interest of more than 50% in the voting capital or over which it exerts practical control. A subsidiary company is consolidated from the date on which the Company obtains control until the date that control ceases. The interim consolidated financial statements are prepared on the basis of the individual financial statements of the Company and the financial statements of its subsidiaries, as adjusted by the elimination of all significant inter group balances and transactions. Minority interests represent the portion of profit or loss and net assets not controlled by the Group and are presented separately in the interim consolidated statement of income and within equity in the interim consolidated balance sheet.
- (d) The figures in these interim consolidated financial statements are rounded to the nearest thousand.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

#### A. Use of Estimates

The preparation of interim consolidated financial statements, in conformity with accounting standards generally accepted in Saudi Arabia, requires the use of estimates and assumptions. Such estimates and assumptions may affect the balances reported for certain assets and liabilities as well as the disclosure of certain contingent assets and liabilities as at the balance sheet date. Any estimates or assumptions affecting assets and liabilities may also affect the reported revenues and expenses for the same reporting period. Although these estimates are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates.

### B. Cash and Cash Equivalents

For the purposes of the interim consolidated statement of cash flows, cash and cash equivalents consists of cash at bank, cash on hand, and short-term deposits that are readily convertible into known amounts of cash and have a maturity of three months or less when purchased.

#### C. Accounts Receivable

Accounts receivable are carried at the original invoiced amount less any provision made for doubtful debts. Provision is made for all debts for which the collection is considered doubtful or which have been outstanding for more than three months. Bad debts are written off as incurred.

### NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2010

### D. Inventory Valuation

Inventory is stated at the lower of cost and net realisable value. In general, cost is determined on a weighted average basis and includes transport and handling costs. In the case of manufactured products, cost includes all direct expenditure based on the normal level of activity. Net realisable value comprises estimated price less further production costs to completion and appropriate selling and distribution costs. Provision is made, where necessary, for obsolete, slow moving and defective stocks.

#### E. Investments in Securities

Investments in securities are measured and carried in the interim consolidated balance sheet at fair value with unrealised gains or losses recognised directly in equity. When the investment is disposed of or impaired the cumulative gain or loss previously recorded in equity is recognised in the interim consolidated statement of income. Where there is no market for the investments cost is taken as the most appropriate, objective and reliable measurement of fair value of the securities.

### F. Investments in Associates and Joint Ventures

The investments in associates and joint ventures are accounted for under the equity method of accounting when the Company exercises significant influence over the entity and where the entity is not a subsidiary. Investments in associates and joint ventures are carried in the interim consolidated balance sheet at cost, plus post-acquisition changes in the Company's share of net assets of the associates, less any impairment in value. The interim consolidated statement of income reflects the Company's share of the results of its associates. Unrealized gains and losses resulting from transactions between the Company and its associates are eliminated to the extent of the Company's interest in the associates.

### G. Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and depreciated on a straight line basis at the following annual rates:

Buildings Plant, Machinery & Equipment Motor Vehicles	3% - 10% 5% - 33% 15% - 25%
Land is not depreciated	

#### H. Biological Assets

Biological assets are stated at cost of purchase or at the cost of rearing or growing to the point of commercial production, less accumulated depreciation. The costs of immature biological assets are determined by the cost of rearing or growing to their respective age. Biological assets are depreciated to their estimated residual value on a straight line basis (excluding poultry flocks which are depreciated according to actual output) at the following annual rates:

Dairy Herd	15% - 25%
Plantations	2% - 8%

#### I. Impairment

The carrying values of property, plant and equipment and biological assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets are written down to their recoverable amount. Impairment losses are expensed in the interim consolidated statement of income.

### NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2010

Except for goodwill, where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized as income immediately in the interim consolidated statement of income.

#### J. Intangibles-Goodwill

Goodwill represents the difference between the cost of businesses acquired and the Group's share in the net fair value of the acquiree's assets, liabilities and contingent liabilities at the date of acquisition. Goodwill arising on acquisitions is reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

#### K. Accounts payable and accruals

Liabilities are recognised for amounts to be paid in the future for goods or services received, whether billed by the supplier or not.

#### L. Zakat

Zakat is provided for in the interim consolidated balance sheet on the basis of an estimated Zakat assessment carried out in accordance with Saudi Department of Zakat and Income Tax (DZIT) regulations. Adjustments arising from final Zakat assessments are recorded in the period in which such assessments are made.

### M. Derivative Financial Instruments and Hedging

Forward foreign exchange contracts are entered into to hedge exposure to changes in currency rates on purchases and other expenditures of the Group.

Commission rate swap agreements are entered into to hedge the exposure to commission rate changes of the Group's borrowings.

Forward purchase commodity contracts are entered into to hedge exposure to changes in price of commodities used by the Group.

All hedges are expected to be in the range of 80% – 125% effective and are assessed on an ongoing basis. All hedges are treated as cash flow hedges and gains / losses at market valuation are recorded as derivative financial instruments in the interim consolidated balance sheet and taken to Other Reserves in Shareholders' Equity. When the hedging instrument matures or expires any associated gain or loss in Other Reserves is reclassified to the interim consolidated statement of income, or the underlying asset purchased that was subjected to the hedge.

The Group policy is to use derivative financial instruments which are compliant with Shari'a.

#### N. Employees' Termination Benefits

Employees' termination benefits are payable as a lump sum to all employees employed under the terms and conditions of the respective GCC Labour and Workman Laws on termination of their employment contracts. The liability is calculated as the current value of the vested benefits to which the employee is entitled, should the employee leave at the reporting date. Termination payments are based on the employees' final salaries and allowances and their cumulative years of service, in compliance with the conditions stated in the laws of the respective GCC countries.

### NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2010

#### O. Statutory Reserve

In accordance with its by-laws and the Regulations for Companies in Saudi Arabia, the Company is required each year to transfer 10% of its net income to a Statutory Reserve until such reserve equals 50% of its share capital. This Statutory Reserve is not available for distribution to Shareholders.

#### P. Conversion of Foreign Currency Transactions

During the financial period foreign currency transactions are converted and booked in Saudi Riyals at standard exchange rates which are periodically set to reflect average market rates or forward rates if the transactions were so covered. At the reporting date, assets and liabilities denominated in foreign currencies are converted into Saudi Riyals at the exchange rates ruling on such date or at the forward purchase rates if so covered. Any resulting exchange variances are charged or credited to the interim consolidated statement of income as appropriate.

The functional currencies of foreign operations, Almarai Company Bahrain S.P.C, Almarai Investment Holding Company W.L.L., Almarai International Holding W.L.L. are the Bahraini Dinar and the functional currency of Arabian Planets for Trade and Marketing L.L.C is the Omani Riyal. As at the reporting date, the assets and liabilities of these subsidiaries are translated into the presentation currency of the Group (the SAR) at the rate of exchange ruling at the reporting date and their interim statements of income are translated at the weighted average exchange rates for the period.

#### Q. Revenue Recognition

Products are sold principally on a sale or return basis. Revenue is recognised on delivery of products to customers by the Group or its distributors, at which time risk and reward passes, subject to the physical return of expired products. Adjustment is made in respect of known actual returns.

Revenue from the sale of wheat guaranteed to be sold to the Government is recognised upon completion of harvest but the profit on any undelivered quantities is deferred until delivered to the Government.

#### R. Government Grants

Government grants are recognized when there is a reasonable assurance that they will be received from the state authority. When the grant relates to an expense item, it is recognized as income over the period necessary to match the grant on a systematic basis to the costs that it is intended to compensate.

### S. <u>Selling, Distribution, General & Administration Expenses</u>

Selling, Distribution, General & Administration Expenses include direct and indirect costs not specifically part of Cost of Sales as required under accounting standards generally accepted in Saudi Arabia. Allocations between Cost of Sales and Selling, Distribution, General and Administration Expenses, when required, are made on a consistent basis. The Group charges payments in respect of long term agreements with customers and distributors to Selling and Distribution Expenses.

#### T. Management Fees

The Group credits fees charged in respect of the management of Arable Farms to General and Administration Expenses.
