***Introduction***

We have reviewed the accompanying 30 June 2017 condensed consolidated interim financial statements of Fawaz Abdulaziz AlHokair & Co. and its subsidiaries (collectively referred to as "the Group") which comprises:

- the condensed consolidated statement of financial position as at 30 June 2017;
- the condensed consolidated statement of profit or loss for the three-month period ended 30 June 2017;
- the condensed consolidated statement of comprehensive income for the three-month period ended 30 June 2017;
- the condensed consolidated statement of changes in equity for the three-month period ended 30 June 2017;
- the condensed consolidated statement of cash flows for the three-month period ended 30 June 2017; and
- the notes to the condensed consolidated interim financial statements.

Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

***Scope of review***

We conducted our review in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2017 condensed consolidated interim financial statements of Fawaz Abdulaziz AlHokair & Co. and its subsidiaries are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**2 GROUP STRUCTURE (CONTINUED)**

In addition to the above, the Group, directly and indirectly, owns certain dormant subsidiaries and special purpose vehicles across several Countries which are not material to the Group.

The principal activities of all of the above subsidiary companies are wholesale and retail trading of fashion apparels and indoor entertainment business for kids. The indirect shareholding represents cross ownership among the subsidiary companies.

**3. BASIS OF PREPARATION**

**3.1 Statement of compliance**

These condensed consolidated interim financial statements ("financial statements") have been prepared in accordance with IAS 34 'Interim Financial Reporting' as endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Certified Public Accountants ("SOCPA"). These are the Group's first International Financial Reporting Standard (IFRS Standard) condensed consolidated interim financial statements for part of the period covered by the first IFRS annual Financial Statements and IFRS 1 'First-time Adoption of International Financial Reporting Standards', as endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA, has been applied. These financial statements do not include all of information required for full set of annual financial statements prepared under IFRS.

An explanation of how the transition to IFRS has affected the reported financial position, financial performance and cash flows of the Group for the comparative periods presented is provided in note 7. This note includes reconciliations of equity and total comprehensive income for comparative periods and of equity at the date of transition reported under previously issued accounting standards by SOCPA in Kingdom of Saudi Arabia to the amounts reported for those periods and at the date of transition to IFRS (i.e. 01 April 2016).

**3.2 Basis of measurement**

These consolidated financial statements have been prepared under the historical cost convention, except for the measurement of fair values of certain financial assets and liabilities (including derivatives and available-for-sale investments).

**3.3 Functional and presentation currency**

These condensed consolidated interim financial statements are presented in Saudi Riyal ("SR") which is the functional currency of the Company.

**4. USE OF ESTIMATES, ASSUMPTIONS AND JUDGMENTS**

In preparing these consolidated financial statements, we make estimates and judgments that affect the amounts recorded. Actual results could differ from our estimates. Our estimates and judgments are based on historical experience and other factors we consider reasonable, including expectations of future events. Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the period ending 30 June 2017 is included in the following notes:

- Note 10, 11 and 12: Impairment test - key assumptions underlying recoverable amounts, for trade receivables, property, plant and equipment, intangible assets and goodwill.
- Note 10 and 12: Estimated useful lives and residual values of property, plant and equipment and intangible assets.
- Note 17: Measurement of employee benefits obligations: key actuarial assumptions.

**4.1 Zakat**

In calculating the zakat expense for the current period, the Group has adjusted its profit and applied certain deduction to its zakat base used to calculate the zakat expense. However, the zakat legislations of the General Authority of Zakat and Tax ("GAZT") in relation to those adjustments and deductions are not clear. The Group's management made its best estimates for those assumptions based on industry practice and historical experience.

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**5. NEW STANDARDS AND INTERPRETATIONS NOT YET ADOPTED**

Following are the new standards and amendments to standards are effective for annual periods beginning after 1 January 2018 and earlier application is permitted; however, the Group has not early adopted them in preparing these financial statements.

***IFRS 15: Revenue from Contracts with Customers***

IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, including IAS 18 Revenue, IAS 11 Construction Contracts and IFRIC 13 Customer Loyalty Programmes.

IFRS 15 is effective for annual periods beginning on or after 1 January 2018. There is not going to be a significant impact on Group's revenue recognition policy.

***IFRS 9: Financial Instruments***

In July 2014, the International Accounting Standards Board issued the final version of IFRS 9 Financial Instruments. IFRS 9 is effective for annual periods beginning on or after 1 January 2018, with early adoption permitted.

***Classification – Financial assets***

IFRS 9 contains a new classification and measurement approach for financial assets that reflects the business model in which assets are managed and their cash flow characteristics.

IFRS 9 contains three principal classification categories for financial assets: measured at amortised cost, fair value through other comprehensive income (FVOCI) and fair value through profit or loss (FVTPL). The standard eliminates the existing IAS 39 categories of held to maturity, loans and receivables and available for sale.

Under IFRS 9, derivatives embedded in contracts where the host is a financial asset in the scope of the standard are never bifurcated. Instead, the hybrid financial instrument as a whole is assessed for classification.

***Impairment – Financial Assets and Contract Assets***

IFRS 9 replaces the 'incurred loss' model in IAS 39 with a forward-looking 'expected credit loss' (ECL) model. This will require considerable judgement as to how changes in economic factors affect ECLs, which will be determined on a probability-weighted basis.

The new impairment model will apply to financial assets measured at amortised cost or FVOCI, except for investments in equity instruments, and to contract assets.

Under IFRS 9, loss allowances will be measured on either of the following bases:

- 12-month ECLs are those that result from possible default events within the 12 months after the reporting date; and
- Lifetime ECLs are those that result from all possible default events over the expected life of a financial instrument.

Lifetime ECL measurement applies if the credit risk of a financial asset at the reporting date has increased significantly since initial recognition and 12-month ECL measurement applies if it has not. An entity may determine that a financial asset's credit risk has not increased significantly if the asset has low credit risk at the reporting date. However, lifetime ECL measurement always applies for trade receivables and contract assets without a significant financing component; an entity may choose to apply this policy also for trade receivables and contract assets with a significant financing component.

**5. NEW STANDARDS AND INTERPRETATIONS NOT YET ADOPTED (CONTINUED)**

***IFRS 9: Financial Instruments (continued)***

*Classification – Financial Liabilities*

IFRS 9 largely retains the existing requirements in IAS 39 for the classification of financial liabilities. However, under IAS 39 all fair value changes of liabilities designated as at FVTPL are recognised in profit or loss, whereas under IFRS 9 these fair value changes are generally presented as follows:

- the amount of change in the fair value that is attributable to changes in the credit risk of the liability is presented in OCI
- the remaining amount of change in the fair value is presented in profit or loss.

*Disclosures*

IFRS 9 will require extensive new disclosures, in particular about hedge accounting, credit risk and expected credit losses.

Management is currently assessing the effect of this standard on the consolidated financial statements of the Company.

***IFRS 16: Leases***

IFRS 16 introduces a single, on-balance lease sheet accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are optional exemptions for short-term leases and leases of low value items. Lessor accounting remains similar to the current standard – i.e. lessors continue to classify leases as finance or operating leases.

IFRS 16 replaces existing leases guidance including IAS 17 Leases, IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases—Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease.

The standard is effective for annual periods beginning on or after 1 January 2019. Early adoption is permitted for entities that apply IFRS 15 Revenue from Contracts with Customers at or before the date of initial application of IFRS 16.

*Determining whether an arrangement contains a lease*

On transition to IFRS 16, the Group can choose whether to:

- Apply the IFRS 16 definition of a lease to all its contracts; or
- Apply a practical expedient and not reassess whether a contract is, or contains, a lease.

*Transition*

As a lessee, the Group can either apply the standard using a:

- Retrospective approach; or
- Modified retrospective approach with optional practical expedients.

The lessee applies the election consistently to all of its leases. The Group currently plans to apply IFRS 16 initially on 1 January 2019. The Group has not yet determined which transition approach to apply. As a lessor, the Group is not required to make any adjustments for leases in which it is a lessor except where it is an intermediate lessor in a sub-lease.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**5. NEW STANDARDS AND INTERPRETATIONS NOT YET ADOPTED (CONTINUED)**

*Annual Improvements to IFRSs 2014–2016 Cycle*

- IFRS 1 First-time Adoption of IFRS- Outdated exemptions for first-time adopters of IFRS are removed. Effective for annual periods beginning on or after 1 January 2018.
- IAS 28 Investments in Associates and Joint Ventures - A venture capital organisation, or other qualifying entity, may elect to measure its investments in an associate or joint venture at fair value through profit or loss. This election can be made on an investment-by-investment basis.

A non-investment entity investor may elect to retain the fair value accounting applied by an investment entity associate or investment entity joint venture to its subsidiaries. This election can be made separately for each investment entity associate or joint venture. Effective retrospectively for annual periods beginning on or after 1 January 2018; early application is permitted.

*Other amendments*

The following new or amended standards are not yet effective and neither expected to have a significant impact on the Group's consolidated financial statements.

- a) Classification and Measurement of Share-based Payment Transactions (Amendments to IFRS 2).
- b) Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28).
- c) Applying IFRS 9 Financial Instruments with IFRS 4 Insurance Contracts (Amendments to IFRS 4) Amendments respond to industry concerns about the impact of differing effective dates.
- d) Transfers of Investment Property (Amendments to IAS 40) – A property asset is transferred when, and only when, there is evidence of an actual change in its use.
- e) IFRIC 22 Foreign Currency Transactions and Advance Consideration - clarifies the transaction date used to determine the exchange rate.

**6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies applied by the Group in the preparation of these condensed consolidated interim financial statements are set out below.

**6.1 Basis of consolidation**

*(i) Subsidiaries*

Subsidiaries are entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

Inter-company investments, transactions, balances and unrealized gains or losses on transactions between Group companies are eliminated. The accounting policies of the subsidiaries are consistent with those adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of income, statement of comprehensive income, statement of changes in equity and statement of financial position, respectively.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.1 Basis of consolidation (continued)**

The acquisition method of accounting is used to account for the acquisition of subsidiaries. The consideration transferred for the acquisition of subsidiary comprises the:

- the fair value of the assets transferred / acquired
- liabilities incurred to the former owners of the acquired business
- equity interest issued by the Group
- fair value of any asset or liability resulting from a contingent consideration arrangement
- fair value of any pre-existing equity interest in the subsidiary

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs are expensed as incurred.

*(ii) Associates*

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see section (iii) below) after initially being recognized at cost.

*(iii) Equity accounting*

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of movements in other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognized as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity-accounted investments is tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized under profit and loss in the consolidated statement of comprehensive income for the amount by which the asset's carrying amount exceeds its recoverable amount.

(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.2 Foreign currencies**

*(i) Functional and presentation currency*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which each respective entity operates (the "functional currency"). The consolidated financial statements are presented in Saudi Riyals ("SR") which is functional currency of Parent Company.

*(ii) Transactions and balances*

Foreign currency transactions are translated into Saudi Riyals at the rates of exchange prevailing at the time of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated at the exchange rates prevailing at that date. Gains and losses from settlement and translation of foreign currency transactions are included in the consolidated statement of income.

*(iii) Group entities*

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency of the consolidated financial statements are translated into the presentation currency as follows:

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that consolidated statement of financial position;
- income and expenses for each statement of income and statement of comprehensive income are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- all resulting exchange differences are recognized in other comprehensive income.

**6.3 Revenue recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding any levies or duty. Amounts disclosed as revenue are net of returns, trade allowances, rebates and amounts collected on behalf of third parties.

*Sale of goods*

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenues represent the invoiced value of goods delivered by the Group during the period, net of any trade and quantity discounts.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.4 Property, plant and equipment**

Property, plant and equipment is stated at historical cost, net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Expenditures on repairs and maintenance are expensed to the statement of income in the period they are incurred.

Depreciation is calculated from the date the item of property, plant and equipment is available for its intended use. It is calculated on a straight-line basis over the useful life of the asset as follows:

	<b>Number of years</b>		<b>Number of years</b>
Buildings	33 years	Leasehold improvements	8-15 years
Furniture and office equipment	10 years	Motor vehicles	4 years

The assets' residual values, useful lives and methods of depreciation are reviewed on an annual basis, and adjusted prospectively if appropriate, at each consolidated statement of financial position date.

Land and assets under construction, which are not ready for its intended use, are not depreciated.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of income when the asset is derecognized.

An asset's carrying amount is written-down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 6.7).

**6.5 Investment properties**

Investment properties are those properties, either owned by the Group or where the Group is a lessee under a finance lease, that are held either to earn rental income or for capital appreciation, or both. In addition, properties held under operating leases are accounted for as investment properties when the rest of the definition of an investment property is met. In such cases, the operating leases concerned are accounted for as if they were finance leases.

Investment properties are measured at cost, including related transaction costs. After initial recognition at cost, investment properties are depreciated in line with owner-occupied buildings discussed in section 5.4 above.

**6.6 Intangible assets**

**(i) Goodwill**

Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill is not amortized but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.6 Intangible assets (continued)**

*(i) Goodwill (continued)*

If the fair value of the net assets acquired is in excess of the aggregate of the cost of acquisition, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the related fair values to be recognized at the acquisition date. If the re-assessment still results in an excess of the fair value of net assets acquired over the aggregate of the cost of acquisition, then the gain is recognized in the consolidated statement of income.

*(ii) Other intangible assets*

Other intangible assets represent software implementation cost, key money, trademarks and other deferred charges, and are amortized using the straight-line method over the estimated period of benefit. The estimated period of amortization of the principal classes of other intangible assets is as follows:

	Number of years		Number of years
Software implementation costs	25 years	Deferred charges	8 years
Key money	10 years		

Intangible assets acquired separately are measured at cost upon initial recognition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed on an annual basis. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the consolidated statement of income in the expense category consistent with the function of the intangible asset. Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually either individually or at the aggregated cash generating unit level.

Gains or losses arising from derecognizing an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the consolidated statement of income when the asset is derecognized.

**6.7 Impairment of non-financial assets**

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.8 Inventories**

Inventories, including goods available for sale and goods in transit are stated at the lower of cost and net realizable value. Cost comprises direct materials, direct labor and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to complete a sale.

**6.9 Cash and cash equivalents**

Cash and cash equivalents include cash on hand, bank balances, short-term deposits, demand deposits and highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**6.10 Trade receivables**

Trade receivables are recognized initially at fair value and subsequently at amortized cost using the effective interest rate method, less provision for impairment. Provision for impairment is made based on the Group's management best estimate of expected credit losses relating to those receivables. Such estimate is based on the customers' financial status and historical write-off experience. Account receivable balances are written off against such provision after all means of collection have been exhausted and potential of recovery is remote. Bad debts written off as such are recorded in the consolidated statement of income as incurred.

**6.11 Investments and other financial assets**

*(i) Classification*

The Group classifies its financial assets in the following categories:

- financial assets at fair value through recognition in statement of income,
- loans and receivables, and
- available-for-sale financial assets.

The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluates this designation at the end of each reporting period.

*(ii) Recognition and derecognition*

Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

When securities classified as available-for-sale are sold, the accumulated fair value adjustments recognized in other comprehensive income (if any) are reclassified to the consolidated statement of income as gains and losses from investment securities.

*(iii) Measurement*

At initial recognition, the group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the consolidated statement of income.

Loans and receivables are subsequently carried at amortized cost using the effective interest method.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.11 Investments and other financial assets (continued)**

*(iii) Measurement (continued)*

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Gains or losses arising from changes in the fair value are recognized as follows:

- for 'financial assets at fair value through profit or loss - in consolidated statement of income within other income or other expenses;
- for other monetary and non-monetary securities classified as available-for-sale - in other comprehensive income.

Dividends on financial assets at fair value through profit or loss and available-for-sale equity instruments, are recognized in the consolidated statement of income as part of other income.

Interest income from financial assets at fair value through profit or loss included in the net gains/(losses). Interest on available-for-sale securities and loans and receivables calculated using the effective interest method is recognized in the consolidated statement of income as part of other income.

Details on how the fair value of financial instruments is determined are disclosed in note 6.13.

*(iv) Impairment*

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired, and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. In the case of equity investments classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is considered an indicator that the assets are impaired.

*Assets carried at amortized cost*

For loans and receivables, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognized in the consolidated statement of income. If a loan or held-to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the Group may measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized (such as an improvement in the debtor's credit rating), the reversal of the previously recognized impairment loss is recognized in consolidated statement of income.

*Assets classified as available-for-sale*

If there is objective evidence of impairment for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognized in consolidated statement of income – is removed from equity and recognized in consolidated statement of income.

Impairment losses on equity instruments that were recognized in consolidated statement of income are not reversed through consolidated statement of income in a subsequent period.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.11 Investments and other financial assets (continued)**

*(iv) Impairment (continued)*

If the fair value of a debt instrument classified as available-for-sale increases in a subsequent period and the increase can be objectively related to an event occurring after the impairment loss was recognized in consolidated statement of income, the impairment loss is reversed through consolidated statement of income.

*(v) Income recognition*

**Interest income**

Interest income is recognized using the effective interest method. When a receivable is impaired, the Group reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at the original effective interest rate of the instrument, and continues unwinding the discount as interest income. Interest income on impaired loans is recognized using the original effective interest rate.

**Dividends**

Dividends are recognized as other income when the right to receive payment is established.

**6.12 Financial liabilities**

*(i) Classification*

Financial liabilities are classified under either of the two following classes:

- Financial liabilities at fair value through profit or loss.
- Other financial liabilities measured at amortized cost using the effective interest rate method

*(ii) Measurement*

All financial liabilities are initially recognized at fair values net of transaction costs. when the Group becomes party to a contractual provisions and obligations under the financial instrument.

Financial liabilities at fair value through profit or loss will continue to be recorded at fair value with changes being recorded in the consolidated statement of income.

For other financial liabilities, including short and long term borrowings, after initial recognition, these are subsequently measured at amortized cost using the effective interest rate method. Gains and losses are recognized in consolidated statement of income when the liabilities are derecognized as well as through the effective interest rate amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate method. The effective interest rate amortization is included as finance costs in the consolidated statement of income.

*(iii) De-recognition*

A financial liability is derecognized when the obligation under the liability is discharged or cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the consolidated statement of income.

**6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.13 Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

**6.14 Trade and other payables**

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 to 60 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

**6.15 Provisions**

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognized for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to liability. The increase in the provision due to the passage of time is recognized as interest expense.

(All amounts in Saudi Riyals unless otherwise stated)

---

**6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.16 Employee benefits and post-employment benefits**

*(i) Short-term obligations*

Liabilities for wages and salaries, including non-monetary benefits and accumulating leave and air fare that are expected to be settled wholly within twelve months, after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the consolidated statement of financial position.

*(ii) Post-employment obligation*

The Group operates single post-employment benefit scheme of defined benefit plans driven by the labor laws of the countries in which the Group entities operate.

The post-employment benefits plans are not funded. Valuation of the obligations under those plans are carried out by an independent actuary based on the projected unit credit method. The costs relating to such plans primarily consist of the present value of the benefits attributed on an equal basis to each year of service and the interest on this obligation in respect of employee service in previous years.

Current and past service costs related to post-employment benefits are recognized immediately in the consolidated statement of income while unwinding of the liability at discount rates used are recorded as financial cost. Any changes in net liability due to actuarial valuations and changes in assumptions are taken as re-measurement in the other comprehensive income.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the consolidated statement of financial position.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in the consolidated statement of income as past service costs.

**6.17 Zakat and income tax**

*(i) Zakat*

Zakat is provided in accordance with the Regulations of the DZIT in the Kingdom of Saudi Arabia on an accrual basis. The zakat expense is charged to the consolidated statement of income. Differences, if any, resulting from the final assessments are adjusted in the year of their finalization.

*(ii) Income tax*

For subsidiaries incorporated and operating outside the Kingdom of Saudi Arabia, provision for tax is computed in accordance with the tax regulations of their respective countries, when it is material. The Group believes both of the current and deferred income tax of those subsidiaries as immaterial.

**6.18 Dividends**

Provision is made for the amount of any dividends declared being appropriately authorized and no longer at the discretion of the Company, on or before the end of the reporting period but not distributed at the end of the reporting period.

**6.19 Earnings per share**

Basic earnings per share is calculated by dividing net income attributable to the owners of the Company by the weighted average number of ordinary shares outstanding during the financial year as all the Company's shares are ordinary shares. Diluted earnings per share is calculated by adjusting the basic earnings per share for the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares.

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**6.20 Statutory reserve**

In accordance with Company's by-laws and the Regulations for Companies in Kingdom of Saudi Arabia, the Company is required to recognize a reserve comprising of 10% of its net income for the year. As per the by-laws the company will cease the contribution when such reserve will reach 50% of its Share Capital.

**6.21 Leases**

Leases of assets or properties where the Group, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in other short-term and long-term payables. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the consolidated statement of income over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The assets and properties acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the Group will obtain ownership at the end of the lease term.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the group as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to consolidated statement of income on a straight-line basis over the period of the lease.

**6.22 Segment reporting**

An operating segment is a component of the Company:

- that engages in business activities from which it may earn revenues and incur expenses;
- results of its operations are continuously analyzed by management in order to make decisions related to resource allocation and performance assessment; and
- For which discrete financial information is available.

A geographical segment is a Group of assets, operations or entities engaged in revenue producing activities within a particular economic environment that are subject to risks and returns different from those operating in other economic environments.

**6.23 Assets held for sale and discontinued operations**

A discontinued operation is a component of the Group's business, the operations and cashflows of which can be clearly distinguished from rest of the Group and which:

- represents a separate major line of business or geographical area of operations;
- is part of a single co-ordinated plan to dispose of a separate line of business or geographical area of operations; or
- is a subsidiary acquired exclusively with a view to re-sale.

Classification as a discontinued operation occurs at the earlier of disposal or when the operation meets the criteria to be classified as held for sale.

When an operation is classified as discontinued operation, the comparative statement of profit or loss is re-presented as if the operation had been discontinued from the start of the comparative year.

**7. FIRST TIME ADOPTION OF IFRS**

For all periods up to and including the year ended 31 March 2017, the Group was required to prepare its consolidated financial statements in accordance with the accounting standards issued by the Saudi Organization for Certified Public Accountants (SOCPA).

For the period ended 30 June 2017, the Group is be required to prepare the consolidated financial statements in accordance with the requirements of International Financial Reporting Standards (IFRS) as adopted by SOCPA in the Kingdom of Saudi Arabia.

The notes below explain the principal adjustments made by the Group in restating its SOCPA consolidated statement of financial position as of the transition date (1 April 2016), comparative consolidated statement of financial position and consolidated statement of total comprehensive income as at and for the year ended 31 March 2017 and comparative consolidated statement of financial position and consolidated statement of total comprehensive income as at and for the year ended 30 June 2016.

**7.1 Exemptions applied**

IFRS 1 allows first-time adopters certain exemptions from the retrospective application of certain requirements under IFRS. The Group has applied the following exemptions:

- 7.1.1 IFRS 3 “Business combinations” has not been applied retrospectively to past business combinations.
- 7.1.2 Borrowing costs: the borrowing cost component that was capitalized under previous GAAP and that was included in the carrying amount of assets at that date of transition was not restated.

**7.7 Explanation of significant adjustments**

**7.7.1 Employees' end of service benefit**

Under IFRS as endorsed in KSA, end of service benefits, post-employment benefits, are required to be calculated using actuarial valuations based on project unit cost method. Under SOCPA end of service benefits liability is calculated, based on the local regulation in KSA, such that the current value of the vested benefits to which the employee is entitled, should the services be terminated as at the balance sheet date. The impact on the financial statements was as follows:

<b>Financial statements line items</b>	<b>31 March 2017</b>	<b>30 June 2016</b>	<b>1 April 2016</b>
Retained earnings	21,765,957	32,247,745	31,628,832
EOSB Liability	(21,765,957)	(32,247,745)	(31,628,832)
Cost of Sales	6,333,675	371,348	--
General and admin expenses	4,222,450	247,565	--
Other comprehensive income	(20,419,000)	--	--

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

**7. FIRST TIME ADOPTION OF IFRS (CONTINUED)**

**7.7.2 Property and equipment**

*a. Component Accounting*

Under IFRS as endorsed in KSA, property and equipment should be depreciated over the useful lives for each significant component identified separately. Previously, the Group did not separately identify significant components in leasehold improvement. As a result, useful lives of certain components of leasehold improvement has been revised.

*b. Impairment of leasehold improvement*

Under IFRS as endorsed in KSA, the carrying amount of assets is compared with the higher of the recoverable amount. The recoverable amount of an asset is higher of fair value less cost of sales and value in use. The impairment is identified if the value in use determined by discounting future cash flows is lower than the carrying amount. Under SOCPA accounting standards, impairment does not trigger if gross cash flows exceed the carrying amount without discounting the same. As a result the carrying amount of property, plant and equipment is impaired.

The impact on the financial statements was as follows:

<u>Financial statements line items</u>	<u>31 March 2017</u>	<u>30 June 2016</u>	<u>1 April 2016</u>
Property and equipment	23,091,007	(10,470,862)	(21,658,151)
Retained earnings	(23,091,007)	10,470,862	21,658,151
Depreciation expense	(44,749,158)	(11,187,289)	--

**7.7.3 Pre-operating and other expenses**

With the adoption of IFRS, the management identified certain pre-incorporating expenses and other expenses that do not qualify for capitalization and hence were provided for/written off.

The impact on the financial statements was as follows:

<u>Financial statements line items</u>	<u>31 March 2017</u>	<u>30 June 2016</u>	<u>1 April 2016</u>
Other intangible assets	(34,420,691)	(34,420,691)	(34,420,691)
Trade and other receivables	(81,817,961)	(81,817,961)	(81,817,961)
Retained earnings	116,238,652	116,238,652	116,238,652

**7.7.4 Advances against capital expenditure**

Under previous SOCPA standards, advances to related parties for capital expenditure were presented under amounts due from related parties on the face of statement of financial position. Under IFRS, these amounts are presented as part of capital work in progress under property and equipment so as to enhance presentation for IFRS purpose.

The impact of the re-classification on the financial statements was as follows:

<u>Financial statements line items</u>	<u>31 March 2017</u>	<u>30 June 2016</u>	<u>1 April 2016</u>
Amounts due from related parties	(123,279,780)	(87,604,621)	(79,068,360)
Property and equipment	123,279,780	87,604,621	79,068,360

**7.8 First time adoption of IFRS – effect on consolidated statement of cash flow**

The transition has not had a material impact on the consolidated statement of cash flows.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

---

**8. INTERIM RESULTS**

The operations and revenues of the Group are affected by seasonal changes during the year. Therefore, the results of operations for the three months period ended 30 June 2017, may not provide an accurate indication of the actual results for the full year.

**9. EARNINGS PER SHARE**

**Basic / diluted earnings per share**

The calculation of basic / diluted earnings per share has been based on the following profit attributable to ordinary shareholders and weighted average number of ordinary shares outstanding.

	<b>3 months ended 30 June 2017</b>	<b>3 months ended 30 June 2016</b>
Weighted average number of ordinary shares used as the denominator in calculating basic and diluted earnings per share (Note 21)	<b>210,000,000</b>	210,000,000
Profit attributable to ordinary shareholders	<b>232,407,448</b>	223,192,600
Basic and diluted earnings per ordinary share	<b>1.11</b>	1.06

**16.1.1 Murabaha financing**

**Facility 1**

On 4 June 2014, the Group signed a long-term Master Murabaha Facility Agreement (the "Agreement") of SR 1 billion with various local and regional banks. As per the Agreement, the term of the Murabaha facility is for a period of 7 years. The Murabaha facility is repayable in equal 12 installments commencing on December 2015 and ending on June 2021. The facility is secured by promissory notes given by the Group. As at 30 June 2017, the Company has fully utilized this facility. The Murabaha facility carries markup at Saudi Interbank Offered Rate ('SIBOR') plus agreed margin per annum.

**Facility 2**

On 16 October 2014, the Group signed a long-term Master Murabaha Facility Agreement (the "Agreement") of SR 712.5 million (equivalent to USD 190 million) with a foreign bank. As per the Agreement, the term of the Murabaha facility is for a period of 5 years. The Murabaha facility is repayable in equal quarterly installments commencing on January 2016 and ending on October 2019. The facility is secured by promissory notes given by the Group. As at 30 March 2017, the Group has fully utilized this facility. The Murabaha facility carries markup at LIBOR plus agreed margin per annum.

---

**16. BORROWINGS (CONTINUED)**

**16.1 Long term borrowings (continued)**

**Facility 3**

On 28 December 2015, the Group signed a long-term Master Murabaha Facility Agreement (the "Agreement") of SR 281.1 million (equivalent to AED 275.6 million) with a foreign bank. As per the Agreement, the term of the Murabaha facility is for a period of 6 years. The Murabaha facility is repayable in equal semi-annual installments commencing on 28 June 2017 and ending on 28 December 2021. The facility is secured by promissory notes by the Group. As at 30 June 2017, the Group has fully utilized this facility. The Murabaha facility carries markup at Emirates Interbank Offered Rate (EIBOR) plus agreed margin per annum.

**Facility 4**

On 25 December 2016 the Group has signed a long term Master Murabaha Facility Agreement (the 'Agreement') with Natixis S.A. amounting to SR 187.5 million (equivalent to USD 50 million). As per the Agreement, the term of the Murabaha Facility is for a period of 3 years. The Murabaha facility is repayable in equal semi-annual installments commencing on 25 June 2017 and ending on 25 December 2019. The facility is secured by given promissory notes given by the Group. As at 30 June 2017, the Group has fully utilized this facility. The Murabaha facility carries markup at LIBOR plus agreed margin per annum.

**Facility 5**

The Group signed a long-term Murabaha financing agreement with International Finance Corporation ("IFC"), a member of World Bank Group, amounting to SR 187.5 million (USD 50 million) on 1 October 2011. During the year ended 31 March 2013, the Group agreed with IFC to increase the Murabaha facility amount by SR 93.75 million (USD 25 million). As per the terms of the agreement, the term of the Murabaha facility is for a period of five and half years. The Murabaha facility is secured by promissory notes issued by the Group. The facility is repayable in equal semi-annual installments commencing after the two years from the date of the first disbursement. The Group has fully utilized this facility. The Murabaha facility carries markup at London Interbank Offered Rate ('LIBOR') plus agreed margin per annum.

Murabaha facility agreements contain covenants, which among other things, require certain financial ratios to be maintained. The Group ensures that it is always in compliance with the loan covenants prescribed in such agreements. In case of breach of covenant at any point of time, the management ensures that it reconciles its position with the lending banks and that it has obtained a formal waiver from the related lender. As at 30 June 2017, the Group is in compliance with its the respective financial covenants.

**16. BORROWINGS (CONTINUED)**

**16.2 Short term borrowings**

	<u>Note</u>	<u>30 June</u> <u>2017</u>	<u>31 March</u> <u>2017</u>	<u>1 April</u> <u>2016</u>
Short-term Murabaha facilities	16.2.1	1,164,159,743	1,016,708,287	1,093,542,171
Sukuk	16.2.2	500,000,000	500,000,000	--
Long term murabaha facility	16.2.3	62,983,425	68,210,278	--
		<u>1,727,143,167</u>	<u>1,584,918,565</u>	<u>1,093,542,171</u>

**16.2.1 Short-term Murabaha facilities**

The Group has short-term Murabaha facilities with local and foreign commercial banks amounting to SR 1,350 million (31 March 2017: SR 1,350 million, 1 April 2016: SR 1,615 million). The facilities are secured by promissory notes by the Group and utilized for working capital management.

**16.2.2 Sukuk**

On 24 June 2014, the Group issued Sukuk amounting to SR 500 million at par value of SR 1 million each without discount or premium, maturing in 2019. The Sukuk issuance bear a rate of return based on SIBOR plus a specified margin payable quarterly in arrears from the net income received under the Sukuk assets.

The Group was unable to meet a financial covenant as at 31 March 2017 under its long term financing facility with its Sukukholders. The Group had received a letter from the Sukukholders requesting the Group to increase the Sukuk margin along with a waiver fee as a condition to provide the waiver till September 2017. On 11 June 2017, Sukukholders have approved waiver of the breach of financial covenant on conditions mentioned above.

**16.2.3 Long term murabaha facility**

On 13 April 2015, the Group signed an amendment of a facility agreement (the "Agreement") that was originally signed on 24 December 2013 with a local bank to allow for an increase in the overall facility amount from SR 235 million to SR 335 million. The amended facility Agreement includes total amount of SR 100 million as medium-term loan. The medium-term loan is repayable in equal 18 quarterly installments commenced on October 2015 and ending on January 2020. The facility is secured by promissory notes by the Group. As at 30 June 2017, the Group has fully utilized the medium-term loan.

**17. POST-EMPLOYMENT BENEFITS**

The Group operates defined benefit plans in line with the labor law requirements in the countries the Group entities operates in. The payments under the plan are based on the employees' final salaries and allowances and their cumulative years of service at the date of their termination of employment.

Employees' termination benefit plans are unfunded plans.

(All amounts in Saudi Riyals unless otherwise stated)

**22. FINANCIAL INSTRUMENTS (CONTINUED)**

**22.1 Financial instruments by category (continued)**

<u>1 April 2016</u> <u>(Audited)</u>	<u>Carrying</u> <u>amount</u>	<u>Level 1</u>	<u>Fair value</u> <u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b><u>Financial assets</u></b>					
<b><u>measured at fair value</u></b>					
Available for sale securities	94,000,000	--	--	94,000,000	94,000,000
<b><u>Financial assets not measured at fair value</u></b>					
Cash and cash equivalents	296,858,268	--	--	--	--
Trade receivables, prepayments and other assets	828,912,788	--	--	--	--
<b>Total</b>	<b>1,219,771,056</b>	<b>--</b>	<b>--</b>	<b>94,000,000</b>	<b>94,000,000</b>
<b><u>Financial liabilities not measure at fair value</u></b>					
Short term borrowings	1,093,542,171	--	--	--	--
Loans and borrowings	2,534,025,018	--	--	--	--
Trade payables	591,169,451	--	--	--	--
<b>Total</b>	<b>4,218,736,640</b>	<b>--</b>	<b>--</b>	<b>--</b>	<b>--</b>

All financial liabilities including trade and other payables, short term and long term borrowings are carried at amortized cost. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

**22.2 Risk management of financial instruments**

The Group's activities expose it a variety of financial risks, credit risk, liquidity risk and market price risk.

***Credit risk***

Credit risk is the risk that one party to financial instruments will fail to discharge an obligation and cause the other party to incur a financial loss. The Group is exposed to credit risk on its bank balances, trade receivables and due from related parties as follows:

	<b>30 June</b> <b>2017</b>	<b>31 March</b> <b>2017</b>	<b>1 April</b> <b>2016</b>
Cash at bank	527,029,870	338,250,865	274,415,634
Trade receivables – Third parties	98,637,776	128,528,814	55,456,959
Due from related parties	470,066,711	356,625,461	325,128,111
	<b>1,095,734,357</b>	<b>823,405,140</b>	<b>655,000,704</b>

The carrying amount of financial assets represent the maximum credit exposure.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

**22.2 Risk management of financial instruments (continued)**

***Credit risk (continued)***

Credit risk on receivable and bank balances is limited as:

- Cash balances are held with banks with sound credit ratings ranging from BBB+ to A1.
- Receivables are shown net of allowance for impairment of trade receivables.
- Financial position of related parties is stable.

The receivable balances are monitored with the result that Group's exposure to bad debts is not significant.

***Liquidity risk***

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from the inability to sell a financial asset quickly at an amount close to its fair value. Liquidity risk is managed by monitoring on a regular basis that sufficient funds are available to meet the Group's future commitments. Following are the contractual maturities at the end of the reporting period of financial liabilities. The amounts are grossed and undiscounted and include estimated interest payments.

<b>30 June 2017 (Unaudited)</b>

(All amounts in Saudi Riyals unless otherwise stated)

**22. FINANCIAL INSTRUMENTS (CONTINUED)**

**22.2 Risk management of financial instruments (continued)**

***Commission rate risk***

It is the exposure to various risks associated with the effect of fluctuations in the prevailing commission rates on the Group's financial position and cash flows. Islamic banking facilities (Murabaha) and Sukuk amounting to SR 3,229.4 million at 30 June 2017 (31 March 2017: SR 3,307.7 million, 1 April 2016: SR 3,627.6 million) bear financing commission charges at the prevailing market rates.

The Group's policy is to manage its financing charges using a mix of fixed and variable commission rate debts. The following table demonstrates the sensitivity of the income to reasonable possible changes in the commission rates, with all other variables held constant. There is no direct impact on the Group's equity:

		Increase / decrease in basis points of commission rates	Effect on income for the year
30 June 2017 (Unaudited)	SAR	+30	(6,119,000)
	SAR	-30	6,119,000
31 March 2017 (Audited)	SAR	+30	(6,936,000)
	SAR	-30	6,936,000
1 April 2016 (Audited)	SAR	+30	(7,681,000)
	SAR	-30	7,681,000

***Currency Risk***

It is a risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Group's transactions are principally in Saudi riyals, Euros and U.S. dollars. Management monitors the fluctuations in currency exchange rates, and the effect of the currency fluctuation has been accounted for in the consolidated financial statements

At the end of the year, the Group had the following significant net currency exposures in foreign currencies. Presented below are the monetary assets and liabilities, net in foreign currencies:

<i>Foreign currency exposures</i>	30 June 2017	31 March 2017	1 April 2016
Euro	(4,333,899)	(17,649,645)	(44,087,787)
United States Dollar	(12,558,211)	24,688,728	1,043,585
Great Britain Pound	(663,210)	(8,245,090)	(1,992,698)
United Arab Emirates Dirham	26,697,712	50,625,628	10,513,503
Egyptian Pound	442,311,603	455,496,080	56,808,596

The table below shows the non-pegged currencies to which the Group has a significant exposure as at 30 June 2017, 31 March 2017 and 1 April 2016 on its monetary assets and liabilities. The analysis calculates the effect of reasonable possible movement of the currency rate against SR, with all other variables held constant, on the consolidated statement of income.

**FAWAZ ABDULAZIZ AL HOKAIR & COMPANY**  
(A Saudi Joint Stock Company)  
**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**  
**For the period ended 30 June 2017**  
(All amounts in Saudi Riyals unless otherwise stated)

**22. FINANCIAL INSTRUMENTS (CONTINUED)**

**22.2 Risk management of financial instruments (continued)**

*Currency Risk (continued)*

<i>Foreign currency exposures</i>	<i>Change in currency</i>	<b>30 June 2017</b>	<b>31 March 2017</b>	<b>1 April 2016</b>
Euro	+/- 10%	<b>(1,856,000)</b>	<b>(7,103,000)</b>	<b>(18,768,000)</b>
Great Britain Pound	+/- 10%	<b>(323,000)</b>	<b>(3,849,000)</b>	<b>(1,073,000)</b>
United Arab Emirates Dirham	+/- 10%	<b>2,723,807</b>	<b>5,164,000</b>	<b>1,072,808</b>
Egyptian Pound	+/- 10%	<b>9,135,000</b>	<b>9,464,000</b>	<b>2,386,000</b>

As the Saudi Riyal is pegged to US Dollar, the group is not exposed to significant currency risk arising out of US Dollar.

**23. SEGMENT REPORTING**
