INDEPENDENT AUDITOR'S LIMITED REVIEW REPORT ON INTERIM CONDENSED FINANCIAL STATEMENTS

To the Shareholders
Saudi Arabian Fertilizers Company (SAFCO)
AJ-Jubail, Kingdom of Saudi Arabia

Introduction

We have reviewed the accompanying interim condensed statement of financial position of Saudi Arabian Fertilizers Company, a Saudi Joint Stock Company ("the Company") as of March 31, 2018 and the related interim condensed statements of income and other comprehensive income, statement of changes in equity and statement of cash flows for the three-month period then ended, and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", as endorsed in the Kingdom of Saudi Arabia. A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia.

Other matter

The financial statements of the Company for the year ended December 31, 2017, were audited by another auditor who expressed an unmodified opinion on those statements on 6 Jumada II 1439H (corresponding to 22 February 2018).

SAUDI ARABIAN FERTILIZERS COMPANY (SAFCO)
(SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2017

(All amounts in Saudi Riyals thousands unless otherwise stated)

1. CORPORATE INFORMATION

Saudi Arabian Fertilizers Company is a Saudi Joint Stock Company (the "Company" or "SAFCO") incorporated under Royal Decree Number M/13 dated 11 Jumada' I 1385H (corresponding to 7 September 1965). The Company was initially registered in the city of Dammam with Commercial Registration number 2050001841 dated 1 Dhul-al-Hijjah 1385H (corresponding to 24 March 1966), and later on the Company's head office was shifted to Al-Jubail Industrial City with commercial registration number 2055002359 dated 29 Shawwal 1411 H (corresponding to 14 May 1991). The previous commercial registration was initially converted to a branch. In 2013, the Board decided to cancel the branch's commercial registration.

The Company's principal activities are production and manufacturing of fertilizers of all kinds mainly "Urea and Ammonia" and trading them inside and outside the Kingdom of Saudi Arabia.

SAFCO holds a 50% equity interest in National Chemical Fertilizers Company ("Ibn Al Baytar"), 3.87% equity interest in Arabian Industrial Fibers Company ("Ibn Rushd") and 1.69% equity interest in Yanbu National Petrochemicals Company ("Yansab").

The interim condensed financial statements of SAFCO for the three-month period ended 31 March 2018 were authorised for issue on 25 April 2018.

These interim condensed financial statements have been reviewed, not audited.

2. BASIS OF PREPARATION

Statement of compliance

These interim condensed financial statements for the three-month period ended March 31, 2018 have been prepared in accordance with IAS 34 "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia.

The interim condensed financial statements do not include all the information and disclosures required in annual financial statements, and should be read in conjunction with the Company's annual financial statement as at December 31, 2017.

Basis of measurement

These interim condensed financial statements are prepared under the historical cost convention, except for the measurement at fair value of financial assets, using the accruals basis of accounting. For employee and other post-employment benefits, actuarial present value calculations are used.

All values are rounded to the nearest thousand (SR '000), except when otherwise indicated.

3. IMPACT OF CHANGES IN ACCOUNTING POLICIES DUE TO ADOPTION OF NEW STANDARDS

The accounting policies used in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2017 except for the adoption of new standards effective 1 January 2018:

IFRS 9 Financial Instruments

IFRS 9 Financial Instruments replaces IAS 39 Financial Instruments: Recognition and Measurement for annual periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

SAUDI ARABIAN FERTILIZERS COMPANY (SAFCO)
(SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS (Continued)
FOR THE THREE MONTHS ENDED MARCH 31, 2017

(All amounts in Saudi Riyals thousands unless otherwise stated)

3. IMPACT OF CHANGES IN ACCOUNTING POLICIES DUE TO ADOPTION OF NEW STANDARDS (CONTINUED)

IFRS 9 Financial Instruments (continued)

The standard has been applied retrospectively and, in line with IFRS 9, comparative amounts have not been restated.

The standard eliminates the use of the IAS 39 incurred loss impairment model approach, uses the revised hedge accounting framework, and the revised guidance on the classification and measurement requirements.

Impairment

The adoption of IFRS 9 has fundamentally changed the Company's accounting for impairment losses for financial assets by replacing IAS 39's incurred loss approach with a forward-looking expected credit loss (ECL) approach.

IFRS 9 requires the Company to record an allowance for ECLs for all debt instruments measured at amortization cost.

For all debt instruments, the Company has applied the standard's simplified approach and has calculated ECLs based on lifetime expected credit losses.

The adoption of IFRS 9 has no impact on the interim condensed financial statements of the Company.

The following assessments have been made based on the facts and circumstances at the date of initial application:

- The determination of the business model within which a financial asset is held.
- The designation and revocation of previous designated financial assets as measured at Fair Value through Income Statement.
- The designation of certain investments in equity instruments not held for trading as Fair Value through Other Comprehensive Income.

The following table shows changes in classification and measurement of the different categories in accordance with IAS 39 'Financial Instruments: Recognition and Measurement' and the new measurement categories in accordance with IFRS 9 for the Company's financial assets as per 1 January 2018:

	Classification under IAS 39	Classification under IFRS 9	Carrying value under IAS 39	Carrying value under IFRS 9
Financial assets:				
Available-for-sale investments	At Fair Value	At Fair Value Through Other Comprehensive Income (FVTOCI)	558,421	558,421
Trade and other receivables	Amortized cost	Amortized cost	365,446	365,446

SAUDI ARABIAN FERTILIZERS COMPANY (SAFCO)
(SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS (Continued)
FOR THE THREE MONTHS ENDED MARCH 31, 2017

(All amounts in Saudi Riyals thousands unless otherwise stated)

3. IMPACT OF CHANGES IN ACCOUNTING POLICIES DUE TO ADOPTION OF NEW STANDARDS (CONTINUED)

IFRS 15 Revenue from Contracts with Customers

IFRS 15 supersedes IAS 11 Construction Contracts, IAS 18 Revenue and related Interpretations and it applies to all revenue arising from contracts with customers, unless those contracts are in the scope of other standards. The new standard establishes a five-step model to account for revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. The adoption of IFRS 15 has no significant impact on the interim condensed financial statements of the Company.

IFRIC Interpretation 22 Foreign Currency Transactions and Advance Considerations

The Interpretation clarifies that, in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, then the entity must determine a date of the transactions for each payment or receipt of advance consideration.

This Interpretation does not have any impact on the Company's interim condensed financial statements.

Amendments to IAS 40 Transfers of Investment Property

The amendments clarify when an entity should transfer property (reclassification), including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use.

These amendments do not have any impact on the Company's interim condensed financial statements.

Amendments to IFRS 2 Classification and Measurement of Share-based Payment Transactions

The IASB issued amendments to IFRS 2 Share-based Payment that address three main areas: the effects of vesting conditions on the measurement of a cash-settled share-based payment transaction; the classification of a share-based payment transaction with net settlement features for withholding tax obligations; and accounting where a modification to the terms and conditions of a share-based payment transaction changes its classification from cash settled to equity settled. On adoption, entities are required to apply the amendments without restating prior periods, but retrospective application is permitted if elected for all three amendments and other criteria are met.

These amendments do not have any impact on the Company's interim condensed financial statements.

SAUDI ARABIAN FERTILIZERS COMPANY (SAFCO)
(SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS (Continued)
FOR THE THREE MONTHS ENDED MARCH 31, 2017
 (All amounts in Saudi Riyals thousands unless otherwise stated)

3. IMPACT OF CHANGES IN ACCOUNTING POLICIES DUE TO ADOPTION OF NEW STANDARDS (CONTINUED)

Amendments to IAS 28 Investments in Associates and Joint Ventures - Clarification that measuring investees at fair value through profit or loss

The amendments clarify that an entity that is a venture capital organisation, or other qualifying entity, may elect, at initial recognition on an investment-by-investment basis, to measure its investments in associates and joint ventures at fair value through profit or loss. If an entity, that is not itself an investment entity, has an interest in an associate or joint venture that is an investment entity, the entity may, when applying the equity method, elect to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture, at the later of the date on which: (a) the investment entity associate or joint venture is initially recognised; (b) the associate or joint venture becomes an investment entity; and (c) the investment entity associate or joint venture first becomes a parent.

These amendments do not have any impact on the Company's interim condensed financial statements.

4. EMPLOYEES' BENEFITS OBLIGATIONS

	March 31, 2018	December 31, 2017
	(Unaudited)	
Defined benefit obligations (DBO)	673,483	662,964
Defined contribution plan	28,388	27,331
	701,871	690,295

The following table represents the movement of the defined benefits obligations:

	March 31, 2018	December 31, 2017
	(Unaudited)	
Defined benefit obligations at beginning of the period	662,964	645,430
Current service cost	25,057	47,168
Interest cost	5,670	24,632
Payments during the period	(6,633)	(46,527)
Re-measurement (gains) losses on defined benefit plans	(16,225)	1,441
Adjustments during the period	2,650	(9,180)
Defined benefit obligations at end of the period	673,483	662,964

5. SHORT TERM BORROWING

Short term borrowing of SR 200 million represents loan obtained from a local bank and carry interest at SIBOR plus certain margin.

SAUDI ARABIAN FERTILIZERS COMPANY (SAFCO)
(SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM FINANCIAL STATEMENTS (Continued)
FOR THE THREE MONTHS ENDED MARCH 31, 2017
 (All amounts in Saudi Riyals thousands unless otherwise stated)

6. ZAKAT

The Zakat is based on the interim condensed financial statements of the Company.

The movement in Company's zakat provision is as follows:

	March 31, 2018	December 31, 2017
	(Unaudited)	
At beginning of the period	21,674	40,942
Provided during the period	9,900	27,000
Paid during the period	-	(46,268)
	31,574	21,674

The Company submitted its Zakat returns up to 2016 and obtained the required Zakat certificates and official receipts. The Company has finalized its final assessments up to the year 2015. Zakat assessment for the year 2016 is still under review by the GAZT.

In 2017, the Company received the Zakat assessment for the years 2014 and 2015 with additional liability of SR 14.2 million which was paid by the Company during 2017.

7. EARNINGS PER SHARE

Basic earnings per share amounts are calculated by dividing net profit for the period attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares during the period.

The following reflects the income and share data used in the basic and diluted earnings per share computations:

	March 31, 2018	March 31, 2017
	(Unaudited)	
Net income attributable to Equity holders of the Company (SR '000)	237,200	423,361
Weighted average number of ordinary shares ('000)	416,667	416,667
Earnings per share (Saudi Riyals)	0.57	1.02

8.1 The Company has a service level agreement with Saudi Basic Industries Corporation "SABIC" (Shared Services Organization - SSO) for the provision of accounting, human resources, information technology (ERP/SAP), engineering, procurement and related services.

8.2 The Company's annual contribution to SABIC for technology and innovation is 1.5 % of total sales which is charged currently to the statement of income.

8.3 Substantially, most of the Company's sales are made to SABIC under marketing and off take agreements.

8.4 The management and operational activities of SAFCO and Ibn Al Baytar were consolidated in 1994 and this has no impact on the legal structure of either companies. All of the employees and their related balances were transferred to SAFCO.

8.5 The Company has entered into an Operations and Maintenance Agreement with an affiliate of SABIC in order to integrate the administrative, operational and maintenance activities of both companies. SAFCO will supervise and manage the activities of the affiliate in accordance with agreement terms. This agreement has no impact on the legal structure of either companies. The agreement will be effective on 1 April 2018.

SAUDI ARABIAN FERTILIZERS COMPANY (SAFCO)
(SAUDI JOINT STOCK COMPANY)

FOR THE THREE-MONTH PERIOD ENDED MARCH 31, 2018
(All amounts in Saudi Riyals thousands unless otherwise stated)

8. RELATED PARTY TRANSACTIONS AND BALANCES (CONTINUED)

Prices and terms of payments for the above transactions are approved by the management.

Outstanding balances at the period ended March 31, 2018 are unsecured and interest free. For the period ended March 31, 2018, the Company has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year by examining the financial position of the related party and the market in which the related party operates.

9. FAIR VALUE MEASUREMENT

The Company measures financial assets at fair value through other comprehensive income at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits from the asset's highest and best use or by selling it to another market participant that would utilize the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. This is described, as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Set out below is a comparison, by class, of the carrying amounts and fair value of the Company's financial assets, other than those with carrying amounts that are reasonable approximations of fair values:

	March 31, 2018 (Unaudited)				
	Carrying amount	Fair value	Level 1	Level 2	Level 3
Financial assets measured at fair value	693,281	693,281	693,281	-	-

(SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (Continued)
FOR THE THREE-MONTH PERIOD ENDED MARCH 31, 2018
 (All amounts in Saudi Riyals thousands unless otherwise stated)

9. FAIR VALUE MEASUREMENT (CONTINUED)

	December 31, 2017				
	Carrying amount	Fair value	Level 1	Level 2	Level 3
Financial assets measured at fair value	558,421	558,421	558,421	-	-

Fair value of financial assets is derived from quoted market prices in active markets.

The management assessed that cash and short-term deposits, trade and other receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

10. SEGMENT INFORMATION

All of the Company's operations are related to one operating segment which is fertilizers and selling its products substantially to SABIC. Accordingly, segmental analysis by operating and geographic segment has not been presented.

11. CAPITAL COMMITMENTS
