- the condensed consolidated interim statement of changes in equity for the threemonth period ended 31 March 2018; and
- notes to the condensed consolidated interim financial information.

Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

#### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### 2 Basis of preparation

# a) Statement of compliance

These condensed consolidated interim financial information have been prepared in accordance with IAS 34 "Interim Financial Reporting". They do not include all of the information required for full annual consolidated financial statements, and should be read in conjunction with the annual consolidated financial statements as at and for the year ended 31 December 2017, which have been prepared in accordance with International Financial Reporting Standards (IFRSs).

#### b) Basis of measurement

The condensed consolidated interim financial information has been prepared on the historical cost basis except for the following which are measured at fair value:

- $i) \ \ available-for-sale\ investments\ ("AFS");\ and$
- ii) financial assets at fair value through profit or loss ("FVTPL").

#### c) Functional and presentation currency

These condensed consolidated interim financial information are presented in U.A.E. Dirhams ("AED") rounded to nearest thousand, since that is the currency in which the majority of the Group's transactions are denominated.

## d) Use of estimates and judgments

The preparation of condensed consolidated interim financial information in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

Notes to the condensed consolidated interim financial information (continued)

#### 2 Basis of preparation (continued)

#### d) Use of estimates and judgments (continued)

In preparing these condensed consolidated interim financial information, the significant judgments made by management in applying the Group's accounting policies and estimation of key sources of uncertainty were the same as those that applied to the audited annual consolidated financial statements as at and for the year ended 31 December 2017.

#### 3 Summary of significant accounting policies

The accounting policies applied by the Group in preparation of these condensed consolidated interim financial information are consistent with those applied by the Group in its annual audited consolidated financial statements as at and for the year ended 31 December 2017 except for the adoption of new IFRSs which became effective as of 1 January 2018.

The adoption of the new and amended standards and interpretations have been reflected in these condensed consolidated interim financial information as appropriate in terms of disclosures but do not have an impact on the financial position or performance of the Group during the period.

#### 4 Financial risk management

Aspects of the Group's financial risk management objectives and policies are consistent with those disclosed in the annual audited consolidated financial statements for the year ended 31 December 2017.

#### 5 Interim measurement

The nature of the Group's business is such that income and expense are incurred in a manner, which is not materially impacted by any form of seasonality. These condensed consolidated interim financial information were prepared based upon an accrual concept, which requires income and expense to be recorded as earned or incurred and not as received or paid throughout the period. However, the results may not represent a proportionate share of the annual profits due to variability in contributions and investment income and uncertainty of claims occurrences.

#### 6 Investments in an associate

The investment in an associate represents a 35% (2017: 35%) interest in Orient UNB Takaful PJSC, a public shareholding company registered and incorporated in UAE. The associate commenced its commercial operations in 2017. The principal activity of the associate is issuance of short term takaful contracts in connection with accidents and liabilities insurance, fire insurance, transportation risk insurance, other type of insurance and health insurance. The associate also invests its funds in deposits.

Following is the movement in investment in associate:

#### 14 Reserves

#### Nature and purpose of reserves

#### - Statutory reserve

In accordance with the UAE Commercial Companies Law no. (2) of 2015 ("the Law") and the Company's Articles of Association, 10% of the profit for the year should be transferred to legal reserve. The Group may resolve to discontinue such transfers when the reserve totals 25% of the paid up share capital. The Company has resolved not to increase the statutory reserve above an amount equal to 25% of it's paid up capital. The reserve can be used for any purpose to be decided by the shareholders upon the recommendation of the Board of Directors.

#### - Legal reserve

In accordance with the Commercial Companies Law and the Company's Articles of Association, 10% of the profit for the year is required to be transferred to the legal reserve. The Group may resolve to discontinue such transfers when the reserve totals 50% of the paid up share capital which occurred in 2016. The reserve is not available for distribution except in the circumstances stipulated by the law.

#### - Exceptional Loss Reserve

For UAE operations, an amount equal to 10% of the net underwriting income for the year is to be transferred to an exceptional loss reserve to ensure that the Company has sufficient solvency to meet exceptional, non-recurring claims which may arise in future years. No transfer has been made during the three month period to 31 March 2018, as this will be based on the results for the year.

For Oman operations, an amount equal to 10% of the outstanding claims (Non-life) for the year and 1% of gross premiums for life assurance is transferred to a contingency loss reserve to ensure that the Company has sufficient solvency to meet exceptional, non-recurring claims which may arise in future years for Oman branch.

#### - General reserve

Transfers to the general reserve are made on the recommendation of the Board of Directors. This reserve may be used for such purposes as deemed appropriate by the Board of Directors.

#### - Available-for-sale (AFS) investments reserve

This reserve records fair value changes on available-for-sale financial assets.

#### - Foreign currency translation reserve

The foreign currency translation reserve is used to record exchange differences arising from the translation of financial statements of foreign subsidiaries.

#### 15 Dividend payable

Dividends of AED 20 per share (totaling to AED 100 million) relating to the year 2017 were declared upon approval of the shareholders at the Annual General Meeting held on 4 March 2018.

# 17 Income taxes

The Group calculates the period income tax expense using the tax rate that would be applicable to the expected annual earnings. The Group entities operate in the Sultanate of Oman, Egypt, Syria, Turkey and Sri Lanka and are subject to income tax in these countries.

The component of income tax recognised in the interim consolidated statement of proft or loss is as follows:

#### 20 Fair value of financial instruments

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk.

When available, the Group measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Group uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Inputs that are quoted market prices (unadjusted) in active markets for identical instruments.

Level 2: Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques in which all significant inputs are directly or indirectly observable from market data.

Level 3: Inputs are unobservable. This category includes all instruments for which the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments but for which significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

The table below analyses financial instruments measured at fair value at the end of the reporting period, by the level in the fair value hierarchy into which the fair value measurement is categorised:
