INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

TO THE SHAREHOLDERS OF MAHARAH FOR HUMAN RESOURCES COMPANY (A Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Maharah for Human Resources Company (A Saudi Joint Stock Company) (the "Company") and its subsidiaries (together with the Company, referred to as the "Group") as at 30 September 2021, and the related interim condensed consolidated statements of income and comprehensive income for the three-month and nine-month periods ended 30 September 2021, and the related interim condensed consolidated statements of changes in equity and cash flows for the nine-month period then ended, and a summary of significant accounting policies and other explanatory notes (the "interim condensed consolidated financial statements"). Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard ("IAS") 34, "Interim Financial Reporting" endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

The interim condensed consolidated financial statements were authorized for issue with the resolution of the Board of Directors on 5 Rabi Thani 1443H (corresponding to 10 November 2021).

2 Basis of preparation

These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard ("IAS"), "Interim Financial Reporting" ("IAS 34") as endorsed in KSA and other standards and pronouncements that are endorsed by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

The interim condensed consolidated financial statements do not include all the information and disclosures required for a complete set of annual consolidated financial statements and therefore, should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2020.

An interim period is considered an integral part of the whole fiscal year, however, the results of operations for the interim periods may not be a fair indication of the results of the full year operations.

Basis of measurement and functional currency

These interim condensed consolidated financial statements are prepared under the historical cost convention except for measurement of financial assets at FVTPL. These interim condensed consolidated financial statements are presented in Saudi Arabian Riyal ("SR"), which is the functional currency of the Parent Company.

3 Summary of significant accounting policies

The accounting policies adopted in the preparation of these interim condensed consolidated financial statements are consistent with those followed in preparing the Group's annual consolidated financial statements for the year ended 31 December 2020, except for the adoption of new standards effective as of 1 January 2021 and recognition of investment properties as disclosed below. The Group has not early adopted any new standard, interpretation or amendment that have been issued but which are not yet effective. Several amendments and interpretations apply for the first time in 2021, but do not have an impact on the interim condensed consolidated financial statements of the Group. The nature and effect of these changes are disclosed below:

Interest Rate Benchmark Reform – Phase 2: Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16. The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate ("IBOR") is replaced with an alternative nearly risk-free interest rate ("RFR").

The amendments include the following practical expedients:

- A practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest
- Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued
- Provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.
- These amendments had no impact on the interim condensed consolidated financial statements of the Group.

The Group intends to use the practical expedients in future periods if they become applicable.

Summary of new accounting policies

During the nine-month period ended 30 September 2021, the Group transferred its property under construction from property and equipment to investment property due to the change in use which is held primarily to earn rentals.

Investment properties

Investment property comprises property that is held to earn rentals or for capital appreciation or both. Property held under a lease is classified as investment property when it is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for administrative functions.

Investment property is measured initially at cost, including transaction costs. Transaction costs include transfer charges, professional fees for legal services and initial leasing commissions to bring the property to the condition necessary for it to be capable of operating. The carrying amount also includes the costs of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met.

Subsequent to initial recognition, that is after the completion, investment property will be stated at cost less accumulated depreciation and any impairment in value. Land and projects under construction are not depreciated. Depreciation will be calculated from the date the item of depreciable investment property is available for its intended use. It will be calculated on a straight-line basis over the useful life of the asset.

Expenditure for repair and maintenance are charged to interim condensed consolidated statement of income as incurred. Improvements that increase the value or materially extend the life of the related assets are capitalized.

Transfers are made to/from investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use. If owner occupied property becomes an investment property, the Group accounts for such property in accordance with the policy stated under property and equipment up to date the date of change in use.

Investment properties is derecognized either when it has been disposed of or when it is permanently withdrawn from use and no future economic benefits is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the statement of income in the period of de-recognition.

3 Summary of significant accounting policies (continued)

Summary of new critical judgements

Useful life of investment property

The Group's management determines the estimated useful life of its investment property for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The Group periodically reviews estimated useful life and the depreciation method to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits derived from these assets.

13 Impact of Covid-19

A novel strain of coronavirus ("COVID-19") was first identified at the end of December 2019, subsequently in March 2020 was declared as a pandemic by the World Health Organization ("WHO"). COVID-19 continues to spread throughout in nearly all regions around the world including the Kingdom of Saudi Arabia and resulted in travel restrictions and curfew in the cities which resulted in a slowdown of economic activities and shutdowns of many sectors at global and local levels.

The extent to which coronavirus pandemic impacts the Group's business, operations, and financial results, is uncertain and depends on many factors and future developments, that the Group may not be able to estimate reliably during the current period. These factors include the virus transmission rate, the duration of the outbreak, precautionary actions that may be taken by governmental authorities to reduce the spread of the epidemic and the impact of those actions on economic activity, the impact to the businesses of the Group's customers and partners and other factors.

As far and as of the date of the approval of these interim condensed consolidated financial statements for the nine-month period ended 30 September 2021, the Group's operations have not incurred significant impact from the COVID-19 outbreak. The Group will continue to evaluate the nature and extent of the impact on its business and financial results.
