INDEPENDENT AUDITOR'S REVIW REPORT

To the shareholders

The Saudi Arabian Amiantit Company
(A Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of The Saudi Arabian Amiantit Company (the "Company") and its subsidiaries (collectively referred to as the "Group") as at June 30, 2021, and the related interim condensed consolidated statements of profit or loss and comprehensive income for the three-month and six-month periods then ended, and the interim condensed consolidated statements of changes in equity and cash flows for the six-month period ended June 30, 2021, and notes, comprising significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 'Interim Financial Reporting' ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements do not present fairly, in all material respects, the financial position of the Group as at June 30, 2021, its financial performance for the three-month and six-month periods then ended, and its cash flows for the six-month period ended June 30,2021 in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

Material Uncertainty Related to Going Concern

We draw attention to note 4 to the accompanying interim condensed consolidated financial statements, which indicates that the Group is in breach of certain financial covenants stated in credit facility agreements and that the Group's current liabilities as at June 30, 2021 exceed its current assets by SR 605.7 million (December 31, 2020 SR 582.5 million). As stated in note 4, the Group's ability to continue as a going concern depends to a large extent on the success of Group's management in raising the Company's capital and rescheduling its bank borrowings. Our conclusion is not modified in respect of this matter.

3. BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES

3.1 BASIS OF PREPARATION

These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard IAS 34 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by Saudi Organization for Chartered and Professional Accountants ("SOCPA") and should be read in conjunction with the Group's last annual consolidated financial statements for the year ended December 31, 2020.

These interim condensed consolidated financial statements do not include all of the information normally required for a complete set of consolidated financial statements; however, accounting policies and selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since June 30, 2021.

3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended December 31, 2020.

The disclosures in these interim condensed consolidated financial statements do not include the information reported for full annual consoldiated financial statements and should therefore be read in conjunction with the financial statements of the Group for the year ended December 31, 2020. Comparative interim condensed consolidated statement of financial position is extracted from annual financial statements as at December 31, 2020 whereas comparative interim condensed consolidated statement of profit or loss account and other comprehensive income, interim condensed consolidated statement of cash flows and interim condensed consolidated statement of changes in equity are extracted from unaudited interim condensed consolidated financial statements of the Group for the six-month period ended June 30, 2020.

3.3 NEW IFRS STANDARDS, AMENDMENTS TO STANDARDS AND INTERPRETATIONS

Certain new accounting standards, amendments to standards and interpretations have been published by the IASB that are not mandatory for June 30, 2021 reporting periods and have not been early adopted by the Group. These standards are not expected to have a material impact on the Group in the current or future reporting periods and on foreseeable future transactions.

3.3.1 New and amended IFRS standard adopted by the Group

The Group has applied the following amendments to the standard for their reporting periods commencing on or after January 1, 2021:

Amendment to IFRS 16, 'Leases', Covid 19 - Related rent concessions

The amendment provides the lessees with option to account for rent concessions in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concession as a variable lease payment. The practical expedient only applies to rent concessions occurring as a direct consequence of the COVID-19 pandemic and only if all of the following conditions are met:

- (a) the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- (b) any reduction in lease payments affects only payments due on or before 30 June 2021; and
- (c)there is no substantive change to other terms and conditions of the lease.

The amendment listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

The new standards as noted below are not applicable to the Group

IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 - Interest rate benchmark (IBOR) reform - Phase 2

Phase 1 of these amendments provide certain reliefs in connection with interest rate benchmark reform. The reliefs relate to hedge accounting and have the effect that Interbank Offered Rate ("IBOR") reform should not generally cause hedge accounting to terminate. However, any hedge ineffectiveness should continue to be recorded in the statement of profit or loss and other comprehensive income.

(A Saudi Joint Stock Company)

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)

FOR THE SIX-MONTH PERIOD ENDED JUNE 30, 2021

3.3 NEW IFRS STANDARDS, AMENDMENTS TO STANDARDS AND INTERPRETATIONS (continued)

The new standards as noted below are not applicable to the Group (continued)

IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 - Interest rate benchmark (IBOR) reform - Phase 2 (continued)

The phase 2 amendments require an entity to:

- account for a change in the basis for determining the contractual cash flows as a result of IBOR reform by updating the effective interest rate without the recognition of an immediate gain or loss; and
- prospectively cease to apply the Phase 1 reliefs to a non- contractually specified risk component at the earlier of when changes are made to the non-contractually specified risk component, or when the hedging relationship is discontinued.

4. GOING CONCERN BASIS OF ACCOUNTING

These interim condensed consolidated financial statements have been prepared on a going concern basis, which assumes that the Group will be able to meet the mandatory repayment terms of the credit facilities as disclosed in Note 11 and trade payables.

The Group had as at June 30, 2021 current liablities exceed current assets by SR 605.7 million (December 31, 2020 SR 582.5 million). As at that date, the Group is in breach of certain financial covenants stated in credit facility agreements which are subject to annual review by lenders. Further, the Group has incurred loss during the six-month period ended June 30, 2021.

During the year 2020, the Company's Board of Directors increased the share capital by SR 120 million through issuance of a priority rights shares. Management has also hired a third party advisor to work on loan restructuring plan and certain terms were signed with the commercial banks and certain loans were restructured and repaid in full that resulted in a gain of SR 20.1 million during the six-month period ended June 30, 2021 (2020: 12.5 million) (note 11).

Management acknowledges that uncertainty remains over the Group's ability to meet its funding requirements and to refinance or repay its credit facilities as they fall due. However, as described above, management has a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. If for any reason the Group is unable to continue as a going concern, then this could have an impact on the Group's ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the interim condensed consolidated financial statements.

5. SIGNIFICANT ACCOUNTING ESTIMATES, JUDGEMENTS AND ASSUMPTIONS

The preparation of the Group's interim condensed consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

The significant areas of estimation uncertainty and critical adjustments in applying accounting policies that have most significant effect on the amounts recognized in the accompanying interim condensed consolidated financial statements are as follows:

- a) Uncertain zakat and tax positions,
- b) Impairment of property, plant and equipment,
- c) Impairment of equity accounted investments,
- d) Use of percentage of completion and estimated cost to complete a contract,
- e) Allowance for expected credit losses of trade receivables, contract assets, and non-current receivables,
- f) Long-term assumptions for employees' termination benefits,
- g) Lease term,
- h) Economic useful lives of property, plant, equipment
- Revenue recognition judgements in respect of nature and timings of the satisfaction of performance obligation including significant payment terms and related revenue recognition policies. This results in decision on whether revenue is to be recognised overtime or at appoint in time.
- j) Impact of COVID-19- In evaluating the impact of the Covid-19 pandemic, Group has made significant judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on experience of Group's management after considering all relevant factors. Actual results may differ from these estimates.

Commercial bank loans:

The Group has obtained loan facilities from various commercial banks. These loans generally bear financial charges based on inter-bank offered rates plus a fixed margin. The aggregate maturities of the loans outstanding at June 30, 2021, based on their respective repayment schedules, are repayable at dates from 2021 to 2022.

During the six-month period ended June 30, 2021 and the year ended December 31, 2020, the Group's management rolled over its loans, rescheduling the terms of those loans and taking certain remedial actions e.g. the loan restructuring plan. Certain loans from commercial banks were repaid in full that resulted in a gain of SR 20.1 million during the six-month period ended June 30, 2021 (2020: SR 12.5 million).

11.3. BREACHES OF LOAN COVENANTS

The covenants of certain of the short-term and long-term borrowing facilities require the Group to maintain a certain level of financial conditions, require lenders' prior approval for dividends distribution above a certain amount, and limit the amount of annual capital expenditure and certain other requirements. The Group has breached some of the financial covenants stated in the credit facility agreements with commercial banks. The main financial covenants the Group has breached are as follows:

Covenant	Requirement
Total liabilities to tangible net worth	200% - 250%
Current ratio	100% - 125%
Minimum shareholders' equity	SR 950m - SR 1,312.5m

As a result of the above mentioned breach, the lenders have the right to accelerate repayment of future instalments. Accordingly, the entire balance of long term loans have been presented under current liabilities on the consolidated statement of financial position.
