INDEPENDENT AUDITORS' REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS

The Shareholders Aljazira Takaful Taawuni Company (A Saudi Joint Stock Company) Kingdom of Saudi Arabia

Introduction:

We have reviewed the accompanying interim statement of financial position of Aljazira Takaful Taawuni Company – a Saudi Joint Stock Company - ("the Company") as at 30 September 2017 and the related interim statements of insurance operations and accumulated surplus, shareholders' operations, shareholders' comperehensive income for the three-month and nine-month periods then ended and the related interim statements of changes in shareholders' equity, insurance operations' cash flows and shareholders' cash flows for the nine-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" and Saudi Arabian Monetary Authority ("SAMA") guidance on accounting for zakat and tax. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting" and SAMA guidance on accounting for zakat and tax.

The Company received licence number TMN/34/201312 dated 15 Safar 1435H (corresponding to 18 December 2013) from the Saudi Arabian Monetary Agency (SAMA) to conduct insurance business.

The insurance portfolio and related assets and liabilities will be acquired from a founding shareholder by the Company on completion of valuation and approval by SAMA. Furthermore, in accordance with the Transitional Agreement (the "Agreement") between the Company and Bank Al Jazira ("a founding shareholder"), all the general and administrative costs up to the transfer of the insurance portfolio will be shared by the Company and the founding shareholder in the ratio of 17% and 83%, respectively. Currently, the Company is using furniture and fixtures of a founding shareholder. Moreover, in accordance with the Agreement, the Company was also receiving a management fee in respect of managing the insurance portfolio of the founding shareholder, at a rate ranging from 10% to 20% of total revenue of the founding shareholder's portfolio ("Portfolio Management fee"). The management fee is not effective for the period subsequent to 1 April 2015 as per the Agreement.

2. BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

During 2017 Saudi Arabian Monetary Authority ("SAMA") issued a Circular no. 381000074519 dated 11 April 2017 and subsequent amendments through certain clarifications relating to the accounting for zakat and tax. The new guidance requires zakat and tax to be accrued on a quarterly basis and recognized in interim statement of shareholders' equity with a corresponding liability recognized in the interim statement of financial position.

Applying the above framework, the interim condensed financial statements of the Company as at and for the ninemonth period ended 30 September 2017 have been prepared in accordance with International Accounting Standard (IAS) 34 – Interim Financial Reporting and SAMA guidance on accounting for zakat and tax. As the Company's accounting policy for the zakat and tax has always been consistent with the SAMA's new guidance, the adoption of the guidance has not resulted in any changes in the accounting policies, accounting treatment or amounts reported in current or prior years/periods.

These interim condensed financial statements for the nine-month period ended 30 September 2017 should be read in conjunction with the Company's audited financial statements for the year ended 31 December 2016. These are prepared under the historical cost convention except for the measurement at fair value of available-for-sale investments held to cover unit-linked liabilities and Fair Value through Income Statement (FVIS) investments.

The Company follows a fiscal year ending 31 December.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (continued) At 30 September 2017

2. BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(a) Basis of preparation (continued)

As required by the Saudi Arabian Insurance Regulations, the Company maintains separate accounts for Insurance Operations and Shareholders' Operations. Assets, liabilities, income and expenses clearly attributable to either activity are recorded in the respective accounts. The basis of allocation of expenses of joint operations is determined by the management and approved by the Board of Directors.

As per the by-laws of the Company and Saudi Arabian Insurance Regulations, surplus arising from the Insurance Operations is distributed as follows:

Transfer to Shareholders' Operations	90%
Transfer to Insurance Operations	10%
	100%

If the Insurance Operations results in a deficit, the entire deficit is borne by the Shareholders Operations.

The Company presents its interim statement of financial position broadly in order of liquidity. The interim condensed financial statements are expressed in Saudi Riyals, being the functional currency of the Company and have been rounded off to the nearest thousand, unless otherwise specified.

The Company's interim results may not be indicative of its annual results.

Use of estimates and judgements

The preparation of financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, if any, at the date of the interim financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates and judgments are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates. In the opinion of the management, the interim condensed financial statements reflect all adjustments (which include normal recurring adjustments) necessary to present fairly the results of operations for the interim period presented.

The estimate and judgments used by management in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2016.

(b) Summary of significant accounting policies

The accounting and risk management policies adopted in the preparation of these condensed interim financial statements are consistent with the Company's audited financial statements for the year ended 31 December 2016, except for the adoption of the amendments to existing standards mentioned below which had no financial impact on the interim condensed financial statements of the Company.

Certain comparative amounts have been reclassified / regrouped to conform with the current period's presentation. This did not have any impact on interim statement of changes in shareholders' equity for the period.

(b) Summary of significant accounting policies (continued)

New IFRS, International Financial Reporting and Interpretations Committee's interpretations (IFRIC) and amendments thereof, adopted by the Company

The Company has adopted the following amendments and revisions to existing standards, which were issued by the International Accounting Standards Board (IASB):

<u>Standard/</u> <u>Amendments</u> Description

Amendments to IAS 7 – "Statement of Cash flows: Diclosure Initiative", The amendments require entities to provide disclosures about changes in their liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes (such as foreign exchange gains or losses). On initial application of the amendment, entities are not required to provide comparative information for preceding periods. The Company is not required to provide additional disclosures in its interim condensed financial statements, but will disclose additional information in its annual financial statements for the year ending 31 December 2017.

IFRS 12

IAS 7

The amendments clarify that the disclosure requirements in IFRS 12, other than those in paragraphs B10–B16, apply to an entity's interest in a subsidiary, a joint venture or an associate (or a portion of its interest in a joint venture or an associate) that is classified (or included in a disposal group that is classified) as held for sale.

This did not have any impact on the interim condensed financial statements of the Company as there is no investment in subsidiary, a joint venture or an associate.

(c) New IFRS, IFRIC and amendments thereof, issued but not yet effective

Standards issued but not yet effective up to the date of issuance of the Company's interim condensed financial statements are listed below. The listing of standards and interpretations issued, which the Company reasonably expects to be applicable at a future date. The Company intends to adopt these standards when they become effective.

Standard/ Interpretation	Description	Effective from periods beginning on or after the following date
IFRS 15	Revenue from Contracts with Customers	1 January 2018
IFRS 2	Amendments to IFRS 2 Classification and Measurement of share-	1 January 2018
	based Payment transactions.	
IAS 40	Amendments to IAS 40 Transfers of investment property.	1 January 2018
IFRIC 22	Foreign Currency Transactions and Advance consideration.	1 January 2018
IFRS 1 and IAS 28	Annual Improvements 2016 to IFRS 2014- 2016 cycle.	1 January 2018
IFRS 16	Leases	1 January 2019

The implementation of IFRS 9 is expected to result in a significant portion of a company's financial assets at present classified as 'available-for-sale' being re-classified as 'fair value through profit or loss or fair value through other comprehensive income (OCI)'. Credit allowances for financial assets carried at amortized cost and debt securities measured at fair value, with changes in fair value recognized in OCI, are expected to change due to the introduction of the expected credit loss methodology. Upon implementation of the IFRS 17 'Insurance Contracts', more assets may be classified as 'fair value through profit or loss' under the fair value option. IFRS 17 also introduces a temporary exemption for the implementation of IFRS 9 for reporting entities whose activities predominantly relate to insurance. The Company currently assessing the implications and application date and expects that it will be eligible for this temporary exemption. If management decides to defer the implementation of IFRS 9 until a later date, it will be no later than 1 January 2021.

The management is currently assessing the implications of adopting the above mentioned standards, amendments or interpretations on the Company's financial statements.

5. AVAILABLE-FOR-SALE INVESTMENTS HELD TO COVER UNIT-LINKED LIABILITIES (continued)

The Company uses the following hierarchy methods for determining and disclosing the fair value of available for sale investments at the reporting period end:

Level 1: Fair value instruments using quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The Company's available-for-sale investments are classified under Level 2 hierarchy and there are no transfers between levels during the period.
