CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING INFORMATION

This presentation has been prepared by MAIR Group ("MAIR") and may include information that has not been reviewed or verified by the Group's auditors. The data presented is based on sources considered reliable; however, MAIR does not guarantee its accuracy or completeness. This presentation is for informational purposes only and does not constitute, nor should it be interpreted as, an offer, solicitation, or recommendation to buy, sell, or subscribe to any securities. Furthermore, it should not be relied upon as the basis for any contract or commitment.

Mair Group shall not be held liable for any direct, indirect, incidental, special, or consequential losses or damages, including but not limited to loss of profit, loss of revenue, loss of business opportunity, loss of goodwill, or anticipated savings, arising out of or in connection with the use of, reliance on, or interpretation of this presentation or the information contained herein.

MAIR Group and its management may include "forward-looking statements" in this presentation regarding the Group's financial condition, business performance, and operations. These statements, which are not based on historical facts, often use terms such as "expects," "plans," "targets," "believes," "guidance," "forecast," and similar expressions. They reflect assumptions and projections about future events, which inherently involve risks and uncertainties that could cause actual outcomes to differ materially from those anticipated.

Examples of forward-looking statements include projections about market conditions, pricing expectations, operational strategies, financial performance, regulatory compliance, sensitivity to economic and currency changes, and the impact of external factors such as competition or operational disruptions. These statements are based on assumptions about economic conditions, market dynamics, regulatory environments, and other variables, which may not materialize as expected.

While MAIR believes these statements are based on reasonable assumptions, they remain subject to inherent risks and uncertainties. Factors influencing outcomes include economic conditions, competitive pressures, input cost fluctuations, regulatory changes, operational risks, and currency exposure. This list is not exhaustive, and additional risks may be outlined in filings with UAE regulatory authorities. MAIR does not undertake to update or revise forward-looking statements except as required by applicable law.

Where applicable, comparative figures have been adjusted to align with the presentation and accounting policies outlined in the consolidated financial statements. Please be aware that rounding differences may occur throughout this document.

WE ARE MAIR

MAIR Group is a strategic investment company based in Abu Dhabi. The Group focuses on driving purposeful growth across its diverse portfolio to elevate the economic and social well-being of the UAE.

Our ambition is to enrich the UAE's communities by building robust economic ecosystems in the grocery retail, supported by commercial real estate, and related sectors, ensuring every initiative nurtures self-sufficiency and societal growth.

Our Vision

To lead in the strategic development of the UAE's food and commercial real estate sectors by partnering with businesses to unlock their full potential and fuel economic and social prosperity.

Our Mission

Our vision for our nation is a future of self-sufficiency, shaped by strategic investments that unite sustainability with prosperity.

Value (Our DNA)

Strategic Partnerships, Community Growth, Innovation and Leadership, Value Creation, Integrity

Our Scope of Work

ENRICHING LIVES

We are redefining the grocery retail experience – blending our deep-rooted cooperative legacy with innovation in stores, digital platforms, and private brands. Through ADCOOP and our strategic partnership with SPAR, we serve communities across the UAE with accessible, high-quality food and essential goods-delivering value and trust every day.

Grocery Retailers in the UAE

BUILDING FUTURES

We are building future-ready retail destinations. Through Makani, our commercial real estate arm, we develop and manage community-focused centers that drive accessibility, economic vibrancy, and long-term value.

Our Journey

1977-2001

FOUNDATIONAL YEARS AND MARKET LEADERSHIP

MAIR Group's origins date back to 1977 with the establishment of Al Dhafra Cooperative Society, followed by Abu Dhabi Cooperative Society (currently ADCOOP) in 1981, and later other cooperatives formed the beginnings of the Group, marking the inception of modern retail in the UAE. Backed by a visionary leadership team and guided by H.H. Sheikh Zayed Bin Sultan Al Nahyan, the cooperatives swiftly became a cornerstone of the retail sector.

By expanding strategically, ADCOOP introduced multiple branches between 1986 and 2001, including the COOP Buteen Branch (1986), COOP Dana Branch (1996), and the launch of Megamart Hypermarkets at Abu Dhabi Mall (2001), which positioned the company as a dominant player in the hypermarket format.

2002-2009

EXPANSION AND MARKET PENETRATION

The early 2000s marked a strategic expansion phase as ADCOOP diversified its footprint

and service offerings, capitalizing on growth in the UAE's consumer market. This period also laid the foundation for parallel growth in commercial real estate, setting the stage for the next wave of expansion:

 Retail Growth: Expansion into high-demand areas, with new locations in Mina Center, Hamdan, Khalidiya Garden, and Sharjah (2002-2005), with first SPAR opened in the UAE (2011).

- Operational Scale-Up: By 2006, the company had grown to 11 branches and a workforce of 1,670 employees, strengthening its market position.
- Sector Diversification: The introduction of Costless Electronics (2002) and expansion into consumer electronics and home goods enabled ADCOOP to broaden its non-food retail presence.
- Real Estate Integration: The launch of Muroor and Al Nahda Branches (2007- 2009) signaled the group's increasing focus on retail-led real estate development.

Our Journey Continued

2023-2025

STRATEGIC TRANSFORMATION AND CONSOLIDATION

- Government-Led Consolidation (2023): Department of Economic Development (DED) initiated the merger of Al Ain Cooperative Society, Delma Cooperative Society, and Al Dhafra Cooperative Society into ADCOOP, creating one of the UAE's largest retail cooperatives.
- Launch of MAIR Group (2024): The launch represents a strategic shift toward an integrated retail and real estate model, enhancing operational synergies.
- Listing on ADX (2024): A landmark moment in MAIR Group's journey, the listing on
 - Abu Dhabi Securities Exchange (ADX) marked a transformative phase in governance, transparency, and institutional growth, reinforcing the Group's commitment to delivering long-term value to shareholders.
- Growth Pipeline (2025 and Beyond): With five new shopping centers set to launch in 2025, adding nearly 79,000 square meters of prime Gross Leasable Area (GLA), MAIR Group is poised for long-term sustainable expansion.

2010-2022

BRAND DIVERSIFICATION AND MARKET LEADERSHIP

- partnership with SPAR International brought a globally recognized retail brand to the UAE, enhancing market positioning.
- Retail Format Innovation (2013-2015): Expansion of SPAR Express, Hypermarket, and Supermarket formats, offering customers a multi-channel retail experience.
- Introduction of SPAR UAE (2011): A strategic Creation of Makani Malls (2014): Strengthening the real estate vertical, integrating retail assets with commercial and community centers.
 - Continued Expansion (2016-2019): SPAR and COOP brands established a robust presence across Abu Dhabi, Dubai, Ajman, and Ras Al Khaimah, including airport retail and corporate partnerships.

WHY INVEST

IN US?

MAIR Group leverages a holistic food ecosystem where grocery retail and commercial real estate work in synergy; driving footfall, optimizing asset performance, and creating efficiencies. operational integrated This model positions the Group to capture long-term value in the UAE's high-growth market

1. EXPANDING OPPORTUNITIES IN A HIGH-GROWTH MARKET

MAIR Group is well-positioned to benefit from the UAE's strong economy, growing population, and dynamic retail landscape. With rising demand for high-quality food and premium products, the Group leverages its retail footprint and expertise to capture growth opportunities and deliver long-term value.

4. STRONG FINANCIAL PERFORMANCE AND STRATEGIC EXPANSION

The Group has demonstrated strong revenue growth and profitability, driven by strategic acquisitions, operational efficiencies, and portfolio expansion. With a disciplined approach to capital allocation and a focus on high-yield assets, MAIR Group ensures sustainable returns for its investors. Over the past two years the company has distributed AED 135 million in dividends to its shareholders.

2. A DIVERSIFIED AND SCALABLE BUSINESS MODEL

The Group operates a synergistic, multivertical business model across retail, commercial real estate, food processing, and distribution. Its diversified revenue streams and scale efficiencies enhance stability and margins. With a focus on strategic expansion, private labels, and digitalization, the Group is well-positioned for long-term growth and value creation.

5. COMMITMENT TO INNOVATION AND CONSUMER-CENTRIC GROWTH

Actively investing in digital transformation, e-commerce expansion, and private-label development, aligning with evolving consumer behaviors. By integrating technology-driven efficiencies and enhancing its customer value proposition, the Group strengthens its competitive advantage and future-proofs its business.

3. STRONG PORTFOLIO IN GROCERY RETAIL AND REAL ESTATE

With an extensive network of supermarkets, hypermarkets, and community retail hubs under its ADCOOP and Makani verticals, the Group leverages the integration of retail and real estate to create a resilient revenue base while enhancing profitability through operational synergies.

6. STRATEGIC LEADERSHIP DRIVING GROWTH

Experienced leadership drives strategic growth, seamless integration, and operational efficiency—strengthening resilience and maximizing value for shareholders.
