**INDEPENDENT AUDITORS' REVIEW REPORT ON THE  
INTERIM CONDENSED FINANCIAL STATEMENTS**

**The Shareholders of  
Al-Etihad Cooperative Insurance Company  
(A Saudi Joint Stock Company)  
Al Khobar, Kingdom of Saudi Arabia**

**INTRODUCTION**

We have reviewed the accompanying interim condensed statement of financial position of Al-Etihad Cooperative Insurance Company (A Saudi Joint Stock Company) (the "Company") as at June 30, 2023 and the related interim condensed statements of income, other comprehensive income for the three-month and six-month periods then ended, and the interim condensed statements of changes in equity and cash flows for the six-month period then ended, and notes to the interim condensed financial statements, including a summary of significant accounting policies and other explanatory notes.

Management is responsible for the preparation and fair presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") that are endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

**SCOPE OF REVIEW**

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**CONCLUSION**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

**1. GENERAL**

Al-EtiHAD Cooperative Insurance Company, (a Saudi Joint Stock Company incorporated in Kingdom of Saudi Arabia), “the Company”, was formed pursuant to Royal Decree No. M/25 dated 15 Rabea I 1428H corresponding to 3 April 2007. The Company operates under Commercial Registration no. 2051036304 dated 21 Muharram 1429H corresponding to January 30, 2008. The registered address of the Company's head office is as follows:

Al-EtiHAD Cooperative Insurance Company  
Head Office  
King Fahad Road  
P.O. Box 1022  
Khobar 31952, Saudi Arabia

The purpose of the Company is to transact cooperative insurance operations and all related activities in accordance with the Law on Supervision of Cooperative Insurance Companies (the “Law”) and its implementing regulations in the Kingdom of Saudi Arabia. Its principal lines of business include medical, motor, property, engineering, general accident, and others.

On July 31, 2003, corresponding to 2 Jumada II 1424 H, the Law on the Supervision of Cooperative Insurance Companies (“Insurance Law”) was promulgated by Royal Decree Number (M/32). On 23 Rabea I 1429H, corresponding to March 31, 2008, the Saudi Central Bank (“SAMA”), as the principal authority responsible for the application and administration of the Insurance Law and its Implementing Regulations, granted the Company a license to transact insurance activities in the Kingdom of Saudi Arabia.

On June 30, 2022, the company announced the approval of its shareholders during the extra ordinary general assembly meeting on the increase of company’s capital from SR 400 million to SR 450 million through bonus shares issuance. The reason of this increase is to strengthen the company’s capital base and to support its future activities. The number of shares granted is one bonus share for every 8 shares. The capital increase has been made through capitalization of SR 30 million from the statutory reserve and SR 20 million from the retained earnings. On July 3, 2022, capital increase has taken place and the bonus shares have been distributed to shareholders.

**2. BASIS OF PREPARATION**

**(a) Basis of presentation**

The interim condensed financial statements of the Company as at and for the three-month and six month periods ended June 30, 2023, have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting (“IAS 34”) as endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”). This interim condensed financial statements are the first set for the adoption of IFRS 17 “Insurance Contracts” and IFRS 9 “Financial Instruments” as endorsed in the Kingdom of Saudi Arabia. Please refer to note 3 for the resultant changes to the significant accounting policies.

The interim condensed financial statements are prepared under the going concern basis and the historical cost convention, except for the measurement of investments at their fair Value through profit or loss “FVTPL”, investment at their fair value through other comprehensive income “FVTOCI”, and defined benefit obligation which is recognized at the present value of future obligation using the projected unit credit method. The Company’s statement of financial position is not presented using a current/non-current classification. Except for property and equipment, right of use assets, statutory deposit, goodwill, end-of-service indemnities, lease liabilities, accrued commission income payable to SAMA, all other assets and liabilities are of short-term nature, unless, stated otherwise.

The Company presents its interim statement of financial position in order of liquidity. As required by the Saudi Arabian Insurance Regulations, the Company maintains separate books of accounts for Insurance Operations and Shareholders’ Operations and presents the financial statements accordingly under Note 16. Assets, liabilities, revenues and expenses clearly attributable to either activity is recorded in the respective accounts. The basis of the allocation of expenses from joint operations is determined and approved by the management and the Board of Directors.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**

(A SAUDI JOINT STOCK COMPANY)

**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (CONTINUED)**

**FOR THE THREE-MOTNH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**2. BASIS OF PREPARATION (Continued)**

**(a) Basis of presentation (continued)**

The interim condensed statement of financial position, statements of income, other comprehensive income and cash flows of the insurance operations and shareholder's operations which are presented in note 16 of the financial statements have been provided as supplementary financial statements and to comply with the requirements of the guidelines issued by SAMA implementing regulations. SAMA implementing regulations requires the clear segregation of the assets, liabilities, income and expenses of the insurance operations and the shareholder's operations. Accordingly, the interim statements of financial position, statements of income, comprehensive income and cash flows prepared for the insurance operations and shareholders operations as referred to above, reflect only the assets, liabilities, income, expenses and comprehensive gains or losses of the respective operations.

In preparing the Company-level financial statements in compliance with IFRS, the balances and transactions of the insurance operations are amalgamated and combined with those of the shareholders' operations. Interoperation balances, transactions and unrealized gains or losses, if any, are eliminated in full during amalgamation. The accounting policies adopted for the insurance operations and shareholder's operations are uniform for like transactions and events in similar circumstances.

The inclusion of separate information of the insurance operations with the financial statements of the Company in the interim condensed statement of financial position, the statement of income, statement of comprehensive income, cash flows as well as certain relevant notes to the financial statements represents additional supplementary statements required as required by the implementing regulations.

These interim condensed financial statements are expressed in Saudi Arabian Riyals (SR) and are rounded off to the nearest thousands.

**(b) Critical accounting judgments, estimates and assumptions**

The preparation of interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income, and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimate is revised and in any future period affected.

**I. Estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

*Discount rates*

Under the bottom-up approach, the discount rate is determined as the risk-free yield, adjusted for country risk premium. Management uses judgement to assess liquidity characteristics of the liability cash flows.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**2 BASIS OF PREPARATION (Continued)**

**(b) Critical accounting judgments, estimates and assumptions (Continued)**

**I. Estimation uncertainty (Continued)**

*Estimates of future cash flows to fulfil insurance contracts*

Included in the measurement of each group of contracts within the scope of IFRS 17, are all future cash flows within the boundary of each group of contracts. The estimates of these future cash flows are based on probability-weighted expected future cash flows. The Company estimates which cash flows are expected and the probability that they will occur as at the measurement date. The Company's estimate of future cash flows is the mean of a range of scenarios that reflect the full range of possible outcomes. Each scenario specifies the amount, timing and probability of cash flows. The probability-weighted average of the future cash flows is calculated using a deterministic scenario representing the probability-weighted mean of a range of scenarios.

Where estimates of expenses related cash flows are determined at the portfolio level or higher, they are allocated to groups of contracts using relevant proxies.

Judgement is involved in assessing the most appropriate technique to estimate insurance liabilities for the claims incurred. Such estimates are made using a range of standard actuarial claim projection techniques, based on empirical data and current assumptions and actual results may differ from management's estimates resulting in future changes in estimated liabilities.

*Methods used to measure the risk adjustment for non-financial risk*

The risk adjustment for non-financial risk is the compensation that is required for bearing the uncertainty about the amount and timing of cash flows that arises from non-financial risk as the insurance contract is fulfilled. Because the risk adjustment represents compensation for uncertainty, estimates are made on the degree of diversification benefits and expected favorable and unfavorable outcomes in a way that reflects the Company's degree of risk aversion.

Judgement is involved in assessing the most appropriate method to estimate the risk adjustment for non-financial risk and also to choose the most appropriate confidence level to which the risk adjustment for non-financial risk should correspond.

*Measurement of the expected credit losses allowance*

Assessment of whether credit risk on the financial asset has increased significantly since initial recognition and incorporation of forward-looking information in the measurement of Expected Credit Losses ("ECL") requires the use of complex models and significant assumptions about future economic conditions and credit behavior. The Company considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held).

A number of factors are also considered in applying the accounting requirements for measuring ECL, such as:

- Determining the criteria for significant increase in credit risk;
- Determining the criteria and definition of default;
- Choosing appropriate models and assumptions for the measurement of ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**2 BASIS OF PREPARATION (Continued)**

**(b) Critical accounting judgments, estimates and assumptions (Continued)**

**II. Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect in the amounts recognised in the interim condensed financial statements.

*Classification of investments*

Management decides on acquisition of an investment whether it should be classified as investments carried at fair value or amortized cost on the basis of both:

- (a) its business model for managing the financial assets; and
- (b) the contractual cash flow characteristics of the financial asset.

For equity investments carried at fair value, management decides whether it should be classified as financial assets carried at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL).

Investments in equity instruments are classified and measured at FVTPL except if the equity investment is not held for trading and is designated by the Company at FVOCI.

Further, even if the asset meets the amortized cost criteria the Company may choose at initial recognition to designate the financial asset as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

For debt securities acquired to match its business model of development of the line of business, the Company classifies these investments as financial assets at fair value through other comprehensive income.

*Fair value of financial instruments*

For investments in unquoted equity securities, the fair values are based on internal valuation techniques such as discounted cash flows and comparable companies' multiples.

*Definition and classification*

Judgement is required in order to determine whether contracts are within the scope of IFRS 17 and, for contracts determined to be within the scope of IFRS 17, which measurement model is applicable:

- Whether a contract issued accepts significant insurance risk and, similarly, whether a reinsurance contract held transfers significant insurance risk;
- Whether a contract issued that does not transfer significant insurance risk meets the definition of an investment contract with discretionary participation features;
- Whether contracts that were determined to be within the scope of IFRS 17 meet the definition of an insurance contract with direct participation features, particularly:
  - whether the pool of underlying items is clearly identified;
  - whether amounts that an entity expects to pay to the policyholders constitute a substantial share of the fair value returns on the underlying items; and
  - whether the Company expects the proportion of any change in the amounts to be paid to the policyholders that vary with the change in fair value of the underlying items to be substantial.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**2 BASIS OF PREPARATION (Continued)**

**(b) Critical accounting judgments, estimates and assumptions (Continued)**

**II. Judgements (Continued)**

*Definition and classification (Continued)*

- For insurance contracts with a coverage period of more than one year and for which the entity applies the Premium Allocation Approach (PAA), the eligibility assessment as required by paragraphs 53(a), 54, 69(a) and 70 of IFRS 17 might involve significant judgement.

Judgement is involved in combination of insurance contracts and separation of distinct components:

- Combination of insurance contracts – whether the contract with the same or related counterparty achieve or are designed to achieve, an overall commercial effect and require combination;
- Separation – whether components in paragraphs 11–12 of IFRS 17 are distinct (that is, they meet the separation criteria); and
- Separation of contracts with multiple insurance coverage – whether there are facts and circumstances where the legal form of an insurance contract does not reflect the substance and separation is required.

*Unit of account*

Judgement is involved in the identification of portfolios of contracts, as required by paragraph 14 of IFRS 17 (that is, having similar risks and being managed together).

Aggregation of insurance contracts issued on initial recognition into groups of onerous contracts, groups of contracts with no significant possibility of becoming onerous, and groups of other contracts. Similar grouping assessment is required for reinsurance contracts held. Areas of potential judgements include:

- paragraph 17 of IFRS 17 – the determination of contract sets within portfolios and whether the Company has reasonable and supportable information to conclude that all contracts within a set would fall into the same group, as required by paragraph 16 of IFRS 17; and
- paragraphs 18 and 19 of IFRS 17 – judgements might be applied on initial recognition to distinguish between non-onerous contracts (those having no significant possibility of becoming onerous) and other contracts.

For contracts not measured under the PAA, the assessment of the likelihood of adverse changes in assumptions that might result in contracts becoming onerous is an area of potential judgement.

For insurance contracts issued which are measured under the PAA, management judgement might be required to assess whether facts and circumstances indicate that a group of contracts has become onerous. Further, judgement is required to assess whether facts and circumstances indicate that any changes in the onerous Company's profitability and whether any loss component remeasurement is required.

The determination of whether laws or regulations constrain the Company's practical ability to set a different price or level of benefits for policyholders with different risk profiles, so that the Company might include such contracts in the same group, disregarding the aggregation requirements set in paragraphs 14–19 of IFRS 17, is an area of judgement.

*Recognition and derecognition*

When contracts are modified, judgement might be applied to establish if the modification meets the criteria for derecognition. In particular, after the modification, judgement is applied to determine whether:

- Significant insurance risk still exists;
- There are elements that are to be distinct from the contract;
- Contract boundaries have changed;
- The contract would have to be included in a different group, subject to aggregation requirements; and
- The contract no longer meets the requirements of the measurement mode

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**2 BASIS OF PREPARATION (Continued)**

**(b) Critical accounting judgments, estimates and assumptions (Continued)**

**II. Judgements (Continued)**

*Fulfilment cash flows ("FCF")*

The concept of a contract boundary is used to determine which future cash flows should be considered in the measurement of a contract within the scope of IFRS 17.

Judgements might be involved to determine when the Company is capable of repricing the entire contract to reflect the reassessed risks, when policyholders are obliged to pay premiums, and when premiums reflect risks beyond the coverage period.

Where features such as options and guarantees are included in the insurance contracts, judgement might be required to assess the entity's practical ability to reprice the entire contract to determine if related cash flows are within the contract boundary.

An entity can use judgement to determine which cash flows within the boundary of insurance contracts are those that relate directly to the fulfilment of the contracts.

The determination of what constitutes an investment component might be an area of judgement significantly affecting amounts of recognized insurance revenue and insurance service expenses, because investment components should be excluded from those.

**(c) Seasonality of operations**

There are no seasonal changes that may affect insurance operations of the Company.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

**3. SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies, estimates and assumptions used in the preparation of these interim condensed financial statements are consistent with those used in the preparation of the annual financial statements for the year ended December 31, 2022, except as mentioned in note 3.1 and note 3.2.

A number of new or amendments in standards became applicable for the current reporting period and the Company had to change its accounting policies as a result of adopting the following standards:

- a) IFRS 17 Insurance contracts ("IFRS 17"), and
- b) IFRS 9 Financial Instruments ("IFRS 9").

The new accounting policies and the impact of the adoption of these new standards are disclosed in note 3.1 and note 3.2.

A number of other amendments became applicable for the current reporting period i.e. for reporting periods beginning on or after January 01, 2023. The Company did not have to change its accounting policies or make retrospective adjustments as a result of adopting these amendments which are described below:

<u><b>Amendment to</b></u>	<u><b>Description</b></u>
<i>IAS 12</i>	<i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i>
<i>Narrow scope amendments to IAS 1, IFRS Practice Statement 2 and IAS 8</i>	<i>The amendments aim to improve accounting policy disclosures and to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies.</i>

Certain new interpretations issued but not yet effective up to the date of issuance of the Company's condensed interim financial statements are listed below. The listing is of interpretations issued, which the Company reasonably expects to be applicable at a future date. Management is in the process of assessing the impact of such new interpretations on its financial statements. The Company intends to adopt these interpretations when they are effective.

<u><b>Amendment to</b></u>	<u><b>Description</b></u>	<u><b>Effective from periods beginning on or after the following date</b></u>
<i>IAS 1</i>	<i>Classification of Liabilities as Current or Non-current – Amendments to IAS 1 and Non-current Liabilities with Covenants</i>	January 01, 2024
<i>IFRS 16</i>	<i>Lease liability in a sale and leaseback – Amendments to IFRS 16</i>	January 01, 2024
<i>IFRS 10 and IAS 28</i>	<i>Sale or contribution of assets between investor and its associate or joint venture (amendments to IFRS 10 and IAS 28)</i>	Available for optional adoption / effective date deferred indefinitely
<i>Amendments to IAS 7 and IFRS 7</i>	<i>Amendments to IAS 7 and IFRS 7 - Supplier Finance Arrangements</i>	January 01, 2024

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**3. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**3.1 IFRS 17 “Insurance Contracts”**

IFRS 17 replaces IFRS 4 Insurance Contracts and is effective for annual periods beginning on or after 1 January 2023, with early adoption permitted. IFRS 17 establishes principles for the recognition, measurement, presentation and disclosure of insurance contracts, reinsurance contracts and investment contracts with direct participation features (“DPF”). It introduces a model that measures groups of contracts based on the Company’s estimates of the present value of future cash flows that are expected to arise as the Company fulfils the contracts, an explicit risk adjustment for non-financial risk and a CSM.

The company issues insurance contracts that transfer insurance risk. Insurance contracts are those contracts where the insurer accepts significant insurance risk from the policyholder by agreeing to compensate the policyholder if a specified uncertain future event adversely affects the policyholder. Cash flows from insurance contracts are split into Liability for Incurred Claims (“LIC”) and Liability for Remaining Coverage (“LRC”).

Under IFRS 17, insurance revenue in each reporting period represents the changes in the liabilities for remaining coverage that relate to services for which the Company expects to receive consideration and an allocation of premiums that relate to recovering insurance acquisition cashflows. In addition, investment components are no longer included in insurance revenue and insurance service expenses.

***Structure and status of the Implementation project***

The company has planned its implementation of IFRS 17 standard in line with SAMA’s 4-phased implementation approach. Summary of implementation phases are below:

- I. **Gap analysis phase:** Full gap assessment report was completed and submitted to SAMA on March 31, 2019 describing all possible gaps observed in applying IFRS 17. This report was followed by quarterly monitoring progress templates ended late 2020.
- II. **Financial and operational impact assessment phase:** This phase aimed to quantify the financial impact of applying IFRS 17 in comparison to IFRS 4. The impact was assessed based on the results of the year ended December 31, 2018. Full assessment reports (Operational impact and financial impact) were completed and submitted to SAMA during the year 2020.
- III. **Design and implementation plan phase:** During this phase, the company has designed the architecture of IFRS 17 implementation requirement and planed the implementation accordingly. A large number of policy and decision papers were issued during this phase to streamline the way forward. The company completed and submitted all deliverables of this phase in April 2021.
- IV. **Implementation and dry runs phase:** During this phase, the company onboarded an IFRS17 accounting software, implemented the accounting decisions and actuarial methodologies to the software, adjusted the technical and financial data needed for the IFRS17 software to populate financial results, and managed to complete 3 dry runs according to SAMA’s instructions in this regard as the following:
  - 1<sup>st</sup> dry run for the year ended December 31, 2020. Completed and submitted on November 30, 2021 as planned.
  - 2<sup>nd</sup> dry run for the year ended December 31, 2021. Completed and submitted on May 31, 2022, as planned.
  - 3<sup>rd</sup> dry run for the six months period ended June 30, 2022. Completed and submitted on November 15, 2022 as planned.

**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**3. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**3.1 IFRS 17 “Insurance Contracts” (Continued)**

The company implemented the below governance structure to ensure proper implementation of the standards is described below:

<b>Governance body</b>	<b>Roles</b>
Board of Directors	Monitor IFRS 17 project status, costs/budgets involved and overall timely completion of IFRS 17 project.
Audit Committee	Oversee the overall progress of IFRS 17 implementation and approve the final deliverables of the 4 phases of implementation. Escalate major issues to Board of directors.
Steering Committee	Supervise the progress of IFRS 17 implementation and approve the measures or actions suggested by the working group. (Report to Audit Committee)
IFRS 17 working group	Monitor day-to-day progress of IFRS 17 implementation against targeted timelines, take remedial actions where required and recommend tasks or measures requiring approval of Steering Committee. This working group includes personnel from finance, actuarial, underwriting, IT and reinsurance department (Report to Steering Committee)

***Significant Judgements and Accounting Policy Choices***

The Company has applied the following significant accounting policies in the preparation of financial statement under IFRS 17:

**a) Contracts within/outside the scope of IFRS 17**

A detailed contract review exercise was conducted to the Company’s contracts to distinct between Insurance risks falling within IFRS17 scope and others falling outside scope, and an assessment of significance of insurance risk. Types of contracts written by company falling within IFRS 17 scope are sub-divided into:

- i. Insurance contracts issued by the company.
- ii. Reinsurance contracts held.

**b) Combination/Unbundling of Contracts**

The management analyzed the insurance contracts issued / held by the company which are required to be separated under IFRS 17. The company does not have any investment component (other than the 10% cooperative surplus arrangement) or embedded derivative attached to the insurance contracts it issues.

However, the company provides certain non-insurance services attached to the main insurance contracts such as roadside assistance and replacement car. As the risks and cashflows associated with above non-insurance services are highly interrelated with main insurance contracts and given the immateriality of those services, the company does not intend to separate those components from main insurance contracts.

**c) Level of Aggregation**

The IFRS 17 portfolios design came in line with the current allocation of Lines of businesses as it reflects the way contracts under each one of these portfolios are being managed (managed together) and fulfils the requirement of the standard for level of aggregation (similar risks). Below are the portfolios designed by the company.

There are no new standards issued, however there are a number of amendments to standards which are effective from January 1, 2022, however, management anticipates that these amendments will not have any material effect on the Company’s interim condensed financial statements.

**d) Level of Aggregation (Continued)**

***Direct Portfolios***

<u>Portfolio</u>	<u>Description</u>	<u>Classification in the financial statement’s disclosures</u>
Medical Corporate	Medical insurance for corporate entities	Medical
Medical SME	Medical insurance for small businesses	
Medical others	Visitors’ Medical insurance, Tourist and Unique Iqama visas	
Motor comprehensive	Motor vehicles, including both own damage (private and commercial) and third-party liability	Motor
Motor TPL	Motor third-party liability	
Property	Fire, lightning, allied perils and burglary. Business interruption/consequential loss of profits, sabotage and terrorism	Property and Casualty
Engineering	Construction, plant and machinery	
General Accident	Various types of liability indemnity, medical malpractice, financial loss benefits and other risks	
Marine	Marine cargo and hull	

***Reinsurance Portfolios***

<u>Portfolio</u>	<u>Description</u>	<u>Classification in the financial statement’s disclosures</u>
Medical - Non-Proportional	Excess of loss reinsurance cover for underlying medical insurance products.	Medical
Medical -Proportional	Proportional cover for underlying medical insurance products.	
Motor - Proportional	Proportional reinsurance cover for underlying motor comprehensive and motor third party liability contracts.	Motor
Motor Non-Proportional	Excess of loss reinsurance cover for underlying motor comprehensive and motor third party liability contracts.	
Property - Proportional	Proportional cover for underlying property contracts.	Property and Casualty
Property & Engineering - Non-Proportional	Excess of loss reinsurance cover for underlying property and engineering contracts.	
Engineering - Proportional	Proportional cover for underlying engineering contracts.	
Marine - Non-Proportional	Excess of loss reinsurance cover for underlying marine contracts.	
Marine - Proportional	Proportional cover for underlying marine contracts.	
GA - Proportional	Proportional cover for underlying liability contracts.	

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**3. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**3.1 IFRS 17 “Insurance Contracts” (Continued)**

**e) Level of Aggregation (Continued)**

Each portfolio (both Direct and Reinsurance) has been allocated to annual Cohorts based on the decision made for cohort length to be annual and furtherly allocated to 3 groups of contracts shown below:

- i. Contracts that are onerous on initial recognition;
- ii. Contracts that, on initial recognition, have no significant possibility of becoming onerous subsequently; and
- iii. Remaining contracts group

An insurance contract issued by the Company is recognized from the earliest of:

- i. The beginning of its coverage period (i.e. the period during which the Company provides services in respect of any premiums within the boundary of the contract);
- ii. When the first payment from the policyholder becomes due or, if there is no contractual due date, when it is received from the policyholder; and
- iii. When facts and circumstances indicate that the contract is onerous.

A group of reinsurance contracts is recognized on the following date:

- i. Reinsurance contracts initiated by the Company that provide proportionate coverage: The date on which any underlying insurance contract is initially recognized. This applies to the Company’s quota share reinsurance contracts.
- ii. Other reinsurance contracts initiated by the Company: The beginning of the coverage period of the group of reinsurance contracts. However, if the Company recognizes an onerous group of underlying insurance contracts on an earlier date and the related reinsurance contract was entered into before that earlier date, then the group of reinsurance contracts is recognized on that earlier date this applies to the Company’s excess of loss contracts and stop loss reinsurance contracts.

**f) Measurement – Overview**

Most of the insurance portfolios of the company are of a tenor of one year or less, hence they are eligible for Premium Allocation Approach (PAA). However, certain products in the Engineering and General Accidents direct portfolios together with Risk attaching reinsurance contracts held have coverage periods of greater than one year. For those contracts, the management was able to meet the eligibility criteria for applying PAA approach by estimating no material difference in Liability under both measurement methods.

**g) Significant Judgements and Estimates**

**i. PAA eligibility assessment approach**

PAA eligibility assessment approach taken by the company is summarized in the below key steps:

- The volume of projected premium over the next year is linked to the budget driven from the company’s business plan whereas the claims were driven through a combination of historical data and actuarial assumptions and estimations.
- For groups where coverage period is above 12 months, PAA eligibility testing was performed. Where the potential deviation of liability is below the relative materiality threshold, the associated group is deemed eligible for the PAA.
- A relative materiality level of 5% was used to assess significance of differences between GMM and PAA liability at a group level.
- For those groups who failed the criteria above, financial materiality threshold (5% of profit before zakat and tax or 0.5% of GWP) was tested. If the aggregate differences are below the financial materiality threshold, PAA approach can be used.

**ii. Discounting methodology**

The company is using EIOPA yield curves with an adjustment for country risk premiums.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

---

**3. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**3.1 IFRS 17 “Insurance Contracts” (Continued)**

**g) Significant Judgements and Estimates (Continued)**

**iii. Risk Adjustment methodology, including correlations, and Confidence level selected**

The company is using Mack method on entity level with a selected confidence level of 75th percentile.

**iv. CSM release pattern**

GMM approach was not used for any group, hence, no Contractual Service Margin (CSM) release pattern has been treated. However, below is a summary of company’s policy in treating CSM:

- Determining CSM at initial recognition, at the required level of aggregation
- Calculating and amortizing CSM, recognizing a loss and accreting interest on the CSM balance, at the required level of aggregation.
- Recognizing favorable changes in estimates in income statement that arise after losses were previously recognized in income statement to the extent that these reverse losses that relate to coverage and other services in the future.

**v. Onerosity determination**

Assessment is done at inception based on 3 years average combined loss ratio adjusted for risk loadings and forward-looking adjustment. The derived adjusted combined ratio is used to assign profitability buckets to groups according to the following arrangements:

- Adjusted Combined loss ratio is above 100%, the group is tagged to be “Onerous group”.
- Adjusted Combined loss ratio is below 30%, the group is tagged to be “No substantial possibility to become Onerous group”.
- Adjusted Combined loss ratio is from 30% to 100%, the group is tagged to be “Other’s group”.

**vi. Provision for Doubtful Debts**

Expected credit loss (ECL) for insurance receivables is being calculated based on IFRS 9 methodology and reflected on liability of remaining coverage. “Simplified approach” has been applied in calculating ECL for insurance receivables which is based on the calculation of point-in-time probability of default (PiT PD).

**vii. Reinsurer Default provision**

Expected credit loss (ECL) for Reinsurance receivables has been calculated based on IFRS 9 methodology and reflected on liability of remaining coverage. “Simplified approach” is applied in calculating ECL for Reinsurance receivables.

**viii. VAT treatment**

- VAT liability is treated as normal tax liability to ZATCA.
- VAT receivables are treated along with insurance receivables and fulfillment cash flows.

**h) Accounting Policy Choices**

**i. Length of Cohorts**

The company has elected to use annual cohort length.

**ii. Use of OCI for IFIE (insurance finance income or expenses)**

The company is not using OCI option. Insurance finance income or expenses are included in the statement of income.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

**3. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**3.1 IFRS 17 “Insurance Contracts” (Continued)**

**f) Accounting Policy Choices (Continued)**

**iii. Unwinding of Discount on Risk Adjustment (RA)**

The company is implicitly performing the unwinding of discount on RA.

**iv. Expense Attribution**

- Acquisition costs are attributed to Liability of remaining coverage (LRC)
- Attributable expenses are treated as part of Liability of incurred claims (LIC)
- Non attributable general and administrative expenses (G&A) are left with no attribution in separate line item in income statement.

**v. Deferral of Acquisition Costs**

The company has chosen to defer Acquisition costs which are linked to the coverage of the contracts.

**vi. Policyholder Surplus accounting**

Policyholders’ surplus is considered as part of liability of Incurred claims (LIC). Period’s movement is considered under insurance service expenses.

**g) Presentation and Disclosure**

Presentation: Key changes between IFRS4 and IFRS17 Financial Statements are shown in the below schedule:

**Statement of Financial Position**

<b>IFRS 4 CLASSIFICATION</b>	<b>IFRS 17 CLASSIFICATION</b>

<b>PROFIT BEFORE TAX</b>	<b>XX</b>	Reinsurance finance income/ (expenses)	XX
		<b>Insurance Finance result</b>	<b>XX</b>
		<b>PROFIT BEFORE TAX</b>	<b>XX</b>

**h) Transition**

**i. Choice of Method**

The Company has applied the modified retrospective approach for groups of contracts in the immediate annuity portfolio, as prior to transition, it grouped its contracts from multiple cohorts into a single unit for accounting purposes. The application of the full retrospective approach on transition for these portfolios was determined to be impracticable for the Company, as obtaining all required historical data for its existing products from the actuarial valuation reports was not possible. Therefore, the Company has used reasonable and supportable information from its existing reporting systems, which resulted in the closest outcome to the full retrospective approach.

**ii. Length of Comparatives**

The company has adjusted transitional impact to the opening retained earnings balance of the comparative period i.e., January 1st, 2022. The comparative period 2022 will be restated to reflect IFRS 17 transitional impact.

**3.2 IFRS 9 “Financial Instruments”**

IFRS 9 replaces IAS 39 Financial Instruments: Recognition and Measurement and is effective for annual periods beginning on or after 1 January 2018, with early adoption permitted. However, the Company has met the relevant criteria and has applied the temporary exemption from IFRS 9 for annual periods before 1 January 2023. Consequently, the Company will apply IFRS 9 for the first time on 1 January 2023.

**I. Financial assets – Classification**

The business model of the company reflects how it manages its financial assets to generate cash flows. Business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. The company assesses business model on an instrument-by-instrument basis.

The following table summarizes the key features of each type of business model and the accordingly chosen measurement category

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

**3. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**3.2 IFRS 9 “Financial Instruments” (Continued)**

**I. Financial assets – Classification (Continued)**

<b>BUSINESS MODEL</b>	<b>KEY FEATURES OF THE BUSINESS MODEL</b>	<b>MEASUREMENT CATEGORY</b>
Hold to collect	<ul style="list-style-type: none"> <li>The objective of the business model is to hold the financial assets to collect contractual cash flows</li> <li>Sales are incidental to the objectives of the model.</li> </ul>	Amortized cost (subject to meeting the solely payments of principal and interest criterion - SPPI)
Hold to collect and sell	<ul style="list-style-type: none"> <li>Both collecting contractual cash flows and selling financial assets are integral to achieving the objective of the business model</li> <li>Typically, more sales (in frequency and value) than held-to-collect business model</li> </ul>	Fair value through other comprehensive income - FVOCI
FVTPL business model	<ul style="list-style-type: none"> <li>Business model is neither hold to collect nor hold-to-collect and sell</li> <li>Assets are held for trading</li> <li>Collection of contractual cash flows is incidental to the objective of the model</li> <li>Managing assets on a fair value basis</li> </ul>	Fair Value through profit or loss - FVTPL

The following table summarizes the change in classification from existing classification under IAS 39 to IFRS 9.

<b>DESCRIPTION</b>	<b>CLASSIFICATION UNDER IAS 39</b>	<b>CLASSIFICATION UNDER IFRS 9</b>
<b>FINANCIAL ASSETS</b>		
1. Cash and Cash Equivalent (Bank Deposit)	Amortized Cost	Amortized Cost
2. Short term deposits (maturity below 3 months)	Amortized Cost	Amortized Cost
3. Long-term deposit	Amortized Cost	Amortized Cost
4. Held to Maturity-Sukuk	HTM	Amortized Cost
5. Held to Maturity-Sukuk (Failing SPPI test)	HTM	FVTPL
6. Investment funds - Sukuk	AFS	FVTPL
7. Statutory Deposit	Amortized Cost	Amortized Cost
8. Available for sale – Equity Security	AFS	FVTPL/FVOCI
9. Other Investment at amortized cost	Amortized Cost	FVTPL
10. Money Market Fund	Cash & Cash Equivalent	FVTPL
<b>NON-FINANCIAL ASSETS</b>		
11. Insurance Receivable	Out of IFRS9 scope - results of evaluating these assets under IFRS 9 methodology will be used for IFRS 17 insurance contracts calculations.	
12. Re-Insurance Receivable		
13. Re-Insurance Recoverable (Outstanding claims and IBNR)		

**II. Financial assets – Impairment**

The company adopts the “General approach (Three-stage expected credit loss model)” to calculate the expected credit loss (ECL) for the above-mentioned financial assets and “Simplified approach” for non-financial assets like Insurance receivable, reinsurance receivable and recoverable

The ECL amount is computed based on unbiased and probability-weighted estimate of credit losses (i.e., present value of all cash shortfalls) over the expected life of the financial asset. Credit losses under the general approach shall be computed from individual risk parameters i.e., probability of default (PD), loss given default (LGD) and exposure at default (EAD).

The objective of calculating impairment through the ECL model is to recognize 12 month expected credit losses for financial instruments which exhibit stable credit quality (Stage 1) and lifetime expected credit losses for financial instruments for which there has been a significant change in credit quality since initial recognition (Stage 2 and Stage 3).

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

**3. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**3.2 IFRS 9 “Financial Instruments” (Continued)**

**III. Financial liabilities**

IFRS 9 largely retains the requirements in IAS 39 for the classification and measurement of financial liabilities. However, under IAS 39 all fair value changes of financial liabilities designated as at FVTPL are recognized in the statement of income, whereas under IFRS 9 these fair value changes will generally be presented as follows:

- The amount of the change in the fair value that is attributable to changes in the credit risk of the liability will be presented in other comprehensive income (OCI);
- The remaining amount of the change in the fair value will be presented in the statement of income.

**IV. Transition**

The company has elected to use “modified retrospective approach” as a transition approach for IFRS 9. Any adjustments to the carrying amounts of financial assets and financial liabilities at the date of initial application are expected to be recognized in the retained earnings. No restatement of comparative figures has been conducted. Any adjustments to the carrying amounts of financial assets and financial liabilities at the date of initial application were recognized in the opening retained earnings and fair value reserve of the current year.

**4. EXPLANATION TO TRANSITION TO IFRS 17 AND IFRS 9**

In preparing its opening IFRS 17 and IFRS 9 interim condensed statement of financial position, and interim condensed statement of income, and of interim condensed statement of comprehensive income for the six-month period ended June 30, 2023 (as mentioned in the below schedules). Company has restated amounts reported previously in financial statements under IFRS 4 and IAS 39. Moreover, the Company has applied accounting policies to apply the requirements of IFRS 17 and IFRS 9 (refer to note 3). The following schedule clarifies these adjustments on statement of financial position, statement of income and statement of comprehensive income.

***Estimated Change in the Company’s Total Equity due to initial application of IFRS 17***

The Company calculated that, on adoption of IFRS 17, the overall transitional impact (before tax) could be a reduction in the Company’s total equity of (SAR 29,359,493) as at January 1, 2022. The following schedule clarifies the sources of this impact of transition from IFRS 4 to IFRS 17 on Equity, Assets and Liabilities as at January 1, 2022, December 31, 2022, and June 30, 2023.

<b>Drivers of Changes in Equity</b>	<b>Impact on Equity</b>	<b>Impact on Liabilities</b>	<b>Impact on Assets</b>
	<b>SAR'000</b>		
Additional Loss component	(28,940)	28,940	-
Release of Premium deficiency reserve (replaced with loss component)	14,186	(14,186)	-
Additional Risk Adjustment (Direct portfolios)	(22,539)	22,539	-
Discounting impact on direct portfolios	6,959	(6,959)	-
Additional Risk Adjustment (RI Portfolios)	2,955	-	(2,955)
Discounting impact on RI portfolios	(1,980)	-	1,980
<b>Total Impact</b>	<b>(29,359)</b>	<b>30,334</b>	<b>(975)</b>

The Company had "Other investment held at amortized cost" amounting to SR 95.4 million with a CMA licensed financial institution registered in KSA with fixed maturity term of 1 year with option to further renew. Till year 2019, the management of the Company used to regularly renew its deposit maturity with additional term of 1 year. During 2020, on maturity of the terms of the respective investments, the Company decided not to renew and to liquidate the investments, however it was informed by the respective CMA registered financial institution that the underlying investment made by the financial institution could not be liquidate currently as per the maturity terms of the contract entered. As on December 31, 2022, the management of the Company has performed a detailed assessment of such investments which resulted in the impairment of the underlying investment held amounting to SR 2.6 million subsequently for the six-month period ended June 30,2023 there is no impairment recorded.

**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

**8. INVESTMENTS (Continued)**

During 2022, the company filed a dispute case against the financial institution in the Committee for Resolution of Securities Disputes and received the decision on August 2, 2022, rejecting the dispute due to lack of Jurisdiction. On December 27, 2022, the company has filed another lawsuit against the financial institution, its Board of Directors and responsible management for the same ongoing dispute. Further, subsequent developments will be disclosed in due course.

The following is the shareholding percentage subject to zakat and income tax in the financial statements as at the end of the period:

	<b>June 30,2023</b> <b>%</b>	<b>December 31,2022</b> <b>%</b>
Shareholding subject to zakat	<b>97.51</b>	97.51
Shareholding subject to income tax	<b>2.49</b>	2.49

*Status of zakat and income tax certificate*

The Company has submitted its zakat and tax returns up to the year ended December 31, 2022.

The Company has received final clearance certificate from ZATCA till the year 2015. In 2020, the Company received assessment for the year 2016, 2017 and 2018 with an additional demand of zakat and income tax amounting to SR 2.7 million, SR 3.9 million and SR 3.8 million respectively. Management has made the payment amounting to SR 3.8 million against 2018 assessment and concluded the assessment. With respect to assessment for the year 2016 and 2017 management has filed an objection.

The assessment received for the year 2016 and 2017 includes additional withholding tax liability of SR 2.3 million and SR 2.8 million respectively. In 2020, the Company has paid the amount, however management has filed an objection. Charge for the withholding tax liability is accounted for under general and administrative expenses in the year 2020.

In 2020, the Company has received VAT assessment order with additional liability of SR 4.1 million. The Company has paid the amount; however, management has filed an objection. Charge for the additional VAT liability is accounted for under general and administrative expenses in the year 2020.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

**9 ZAKAT AND INCOME TAX (Continued)**

Additionally, the zakat assessments of Trade Union Insurance Company (B.S.C.) (closed) have been finalized by the ZATCA for the years 2000 to 2008 claiming zakat and income tax liability amounting to SR 10.6 million and withholding tax dues amounting to SR 8.9 million. Management has filed an objection against these assessments and the primary objection committee concluded the same in favor of ZATCA. However, the management filed an objection to the Appeal Committee of Zakat and Income Tax following the regulatory procedures.

In 2015, the ZATCA has issued an adjusted assessment for the same years 2000-2008 claiming the same amount as per the Preliminary Committee's decision. The Company has appealed against these assessments and management expects to receive a favorable ruling. Subsequently, the Company paid an additional amount of SR 8.8 million and submitted a letter of guarantee for SR 10.19 million for zakat. During to current period the Company received the revised order with additional zakat liability of SR 9.2 million and for withholding tax of SR 0.5 million net of payment.

*Status of zakat and income tax certificate (Continued)*

In Q1 2022, the company received assessment for 2019 and 2020 with an additional demand of zakat and income tax amounting to SR 5.6 million and SR 4.6 million respectively. The company objected against the assessments and paid 25% of zakat as an objection procedure plus full amount of income tax to avoid penalties. The company then paid all additional amounts related to accepted points amounted SR 5 million. ZATCA rejected the objection, the company raised the case to GSTC and still in procedure.

On 31 May 2023, the company received VAT assessment for the year 2020 with additional amount of 7.45 million. Full amount was accrued in 2022 and has no effect on the current year results. The company has paid full amount and planning to object against this assessment.

Payment has been made with the provision of continuation of the appeals, keeping the right to refund or reconcile the excess payment when the company receives a favorable ruling for the cases.

**10 SHARE CAPITAL**

The authorized, issued and paid-up share capital is SR 450 million at June 30, 2023 consisting of 45 million shares (December 31, 2022: SR 450 million consisting of 45 million shares) of SR 10 each.

On July 3, 2022, the Company has taken the capital increase in place from SR 400 million to SR 450 million through bonus shares issuance which has been made through capitalization of SR 30 million from the statutory reserve and SR 20 million from the retained earnings.

**AL-ETIHAD COOPERATIVE INSURANCE COMPANY**  
**(A SAUDI JOINT STOCK COMPANY)**  
**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2023**

**12 FAIR VALUES OF FINANCIAL INSTRUMENTS**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction takes place either:

- in the accessible principal market for the asset or liability, or
- in the absence of a principal market, in the most advantages accessible market for the asset or liability

The fair values of on-balance sheet financial instruments are not significantly different from their carrying amounts included in the interim condensed financial statements.

*Determination of fair value and fair value hierarchy*

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments:

Level 1 – quoted prices in active markets for the same or identical instrument that an entity can access at the measurement date;

Level 2 – quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data; and

Level 3 – valuation techniques for which any significant input is not based on observable market data.

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

**Insurance Operations:**

**13 OPERATING SEGMENTS**

For management purposes, the Company is organized into business segments classified as: Motor, Medical, Property and Casualty. These segments are the basis on which the Company reports its primary segment information. On 29 December 2021, the company received SAMA approval for Protection and Saving insurance. However, the company has not started production under this umbrella, accordingly this new license has no impact on the financials statement for the six-month period ended June 30, 2023.

Segment results do not include revenue from investments management services and provision for zakat.

Segment assets do not include cash and cash equivalents, investments, prepaid expenses and other assets, long term / fixed income deposits, property and equipment, right of use assets, goodwill, Statutory deposits, and accrued income on statutory deposits. Accordingly, they are included in unallocated assets.

Segment liabilities do not include accrued and other liabilities, Lease liability, end-of-service indemnities, zakat and income tax, and accrued commission income payable to SAMA. Accordingly, they are included in unallocated liabilities.

These unallocated assets and liabilities are not reported to chief operating decision maker under related segments and are monitored on a centralized basis:

**15 Capital management**

Objectives are set by the Company to maintain healthy capital ratios in order to support its business objectives and maximize shareholders' value.

The Company manages its capital requirements by assessing shortfalls between reported and required capital levels on a regular basis. Adjustments to current capital levels are made in light of changes in market conditions and risk characteristics of the Company's activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue shares.

In the opinion of the Board of Directors, the Company has fully complied with the externally imposed capital requirements during the reported financial period.
