INDEPENDENT AUDITOR'S REPORT ON REVIEW
OF INTERIM CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS

To the **Shareholders of Baazeem Trading Company**
 (A Saudi Joint Stock Company)

Introduction:

We have reviewed the accompanying interim condensed consolidated statement of financial position of **Baazeem Trading Company** (A Saudi Joint Stock Company) ("the company") and its subsidiary collectively referred to together as the ("Group"), as at June 30, 2023, and the related interim condensed consolidated statements of profit or loss and the other comprehensive income for the three-month and six-month period then ended, changes in shareholders' equity, and cash flows for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes.

The management is responsible for preparing and presenting these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 (interim Financial Reporting) endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review:

We conducted our review in accordance with the International Standard on Review Engagements No. (2410) Review of interim Financial Information performed by the independent auditor of the entity, endorsed in the Kingdom of Saudi Arabia. A review of the interim financial statements consists of making inquiries, primarily, to those responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards of Auditing endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would be become aware of all significant matters that might be identified in an audit. Accordingly, we do not express such an audit opinion.

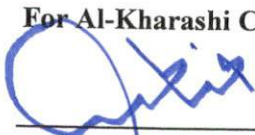

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 (Interim Financial Report), as endorsed in the Kingdom of Saudi Arabia.

Emphasis of matter:

Refer to note no.(2) group information regarding the Group investment in baazeem trading establishment - Qatar (a subsidiary). It shown that the investment is registered under the name of one of the main shareholders of the company (Chairman of the Board of Directors) since the beginning of 2008. This investment was approved in the minutes of the meeting of the Board of Directors and the minutes of the Ordinary General Assembly of the company.

3- The Foundations of the preparation of interim condensed consolidated financial statements:

3-1 Statement of commitment

These interim condensed consolidated financial statements were prepared in accordance with IAS 34 (Interim Financial Reports) endorsed in the kingdom of Saudi Arabia and other standards pronouncements that are issued by Saudi organization for chartered and professional accountants (SOCPA)

These interim condensed consolidated financial statements don't include all the information and disclosures required to prepare a full set of the consolidated financial statements. Hence, these interim condensed consolidated financial statements should be read on conjunction with the group consolidated financial statements for the year ended December 31, 2022.

3-2 Accounting basis

These interim condensed consolidated financial statements are prepared in accordance with the principle of historical cost and using Accrual basis and the concept of continuity of activity, except the employee's defined benefits obligation, which is recognized at the present value of future obligation using the projected unit credit method and financial assets at fair value through other comprehensive income.

Use of estimation and judgments.

The preparation of these consolidated financial statements requires management to use provisions and estimates that affect the application of accounting policies and the amounts listed for assets, liabilities, revenues, and expenses. Actual results may differ from these estimates. The areas of management are important in the application of accounting policies and important sources of estimates and uncertainties that have a substantial impact similar to those described in the consolidated financial statements of the previous year.

3- The Foundations of the preparation of interim condensed consolidated financial statements
(Continued):

3-3 The basis for interim condensed consolidating consolidated financial statements

The consolidated financial statements include the financial statements of the parent company, Baazeem Trading Company and its subsidiary (collectively referred to as the Group) as at June 30, 2023. Control over the invested business is achieved when it has the right to obtain different returns as a result of its participation in the investee company, and it has the ability to influence these returns by exercising its influence over the investee company. In particular, the Group controls the investee if, and only if, the Group has:

- Leverage over the investee company (for example: it has the right that gives it the power to control the activities of the investee company).
- Exposure to risks and the right to obtain variable returns as a result of its participation in the investee company.
- The ability to use its influence over the investee company to affect its returns.

In general, there is an assumption that the majority of voting rights will lead to control. To support this assumption and when the Group has a lower level than the majority of voting rights or similar rights in the investee company, the Group takes into account all relevant facts and circumstances when assessing whether the Group has control over the investee company, and these facts and circumstances include the following:

- Contractual agreements with voting rights holders of the investee company.
- Rights resulting from other contractual agreements.
- The Group's right to vote and potential voting rights.
- Any additional facts or circumstances that indicate that the Group has or does not have the current ability to control activities related to decision-making, including voting on cases in previous shareholder meetings.

The Group performs a reassessment to ascertain whether or not it exercises control over the investee company, when facts and circumstances indicate that there is a change in one or more elements of control. Consolidation of a subsidiary begins when the Group has control of the subsidiary and ceases when the Group relinquishes exercising such control.

The assets, liabilities, income and expenses of the subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date control is transferred to the Group and until the Group relinquishes exercising such control.

Income and each component of comprehensive income which relates to the equity holders of the parent company and the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When it is necessary, the financial statements of subsidiaries are amended so that their accounting policies are prepared in line with the Group's accounting policies.

All intercompany balances in the Group such as assets, liabilities, equity, income, expenses and cash flows resulting from operations between the Group companies are completely eliminated upon consolidation of the financial statements.

Any change in ownership interests in the subsidiary, without loss of control, is treated as an equity transaction. In the event that the Group loses control over the subsidiary, it will cease to recognize the related assets and liabilities, non-controlling equity and other elements of equity, and the resulting gains or losses are recognized in the consolidated statement of profit or loss. The investment retained is recognized at fair value.

Notes to the Interim condensed consolidated financial statements

For the six-month period ended June 30, 2023

(All amounts are in Saudi Riyals unless otherwise stated)

**3- The Foundations of the preparation of interim condensed consolidated financial statements
(Continued):**

3-3 The basis for consolidating consolidated financial statements (Continued):

In the event that the Group loses control over the subsidiaries:

- The assets (including goodwill) and liabilities associated with the subsidiary are excluded.
- Exclusion of the present value of any rights not controlled.
- Exclusion of cumulative balance differences recorded in equity.
- Recognition of the fair value of the assets received.
- Recognition of the fair value of any remaining investments.
- Recognition of any surplus or deficit in profits or losses.

Reclassification of the parent company's share in subsidiaries previously recognized in other comprehensive income to profit or loss or retained earnings, as appropriate, as it becomes a requirement if the Group directly disposes of assets and liabilities.

4- Significant accounting policies:

The accounting policies applied to these the interim condensed consolidated financial statements are the same as those applied to the annual consolidated financial statements for the fiscal year ended December 31, 2022.

Value Added Tax (VAT)

- During the year 2020, the company obtained an adjusted assessment of value added tax, where the authority demands the company for tax differences in the amount of SAR 5,994,256 for the years 2018 and 2019, and based on the authority's initiative that if the principal amount is paid, the fines will be dropped, so the company has paid the original value-added tax difference In the amount of SAR 2,427,910, the Authority will then remove the amount of the fine for error in entry and the fine for delay in payment. The company has submitted an objection to the Zakat, Tax and Customs Authority, and the objection was rejected. The company then submitted a settlement request, but no agreement was reached with the settlement committee.

Value Added Tax (VAT) (continued)

Accordingly, the objection was submitted to the Committee for Adjudication of Tax Violations and Disputes, and a session was set on March 27, 2022, during which a ruling was issued to dismiss the company's lawsuit, and the ruling was deposited with the General Secretariat of Tax Committees on May 06, 2022.

The company filed an appeal on the lawsuit on June 27, 2022, and the appeal request was registered for the lawsuit No. 134517-2022-V and on June 27, 2022, with the General Secretariat of the Tax Committees and it has not been considered to date, and the tax advisor believes that the company's position is good.

- During the year 2021, the company obtained an assessment of value-added tax for the months of June and December 2020 and a number of other months, where the tax authority requires the company to tax differences in the amount of SAR 4,110,670 in addition to fines for error in the declaration and fines for late payment for the year 2020, and the company has paid These amounts were submitted to the tax authority on September 28, 2021, so that it could submit an objection for the months of June and December, while the differences for the remaining months were paid without objection. The company submitted an objection for the months of June and December to the Zakat, Tax and Customs Authority, and the objection was rejected on February 6, 2022. On March 1, 2022, the company filed an objection case No. 92699-2022-V to the General Secretariat of the Tax Committees, and a hearing was scheduled for October 27, 2022, during which consideration of the case was postponed to November 20, 2022. The decision of the General Secretariat of Tax Committees was received, and the company filed an objection request against it on April 10, 2023. The request was registered with the General Secretariat of Tax Committees with No. 191863-2023-V. The tax advisor believes that the company's position is good, as the objected item does not represent taxable revenue, but rather a deduction from an external supplier.

The Company submitted its tax returns for the years from 2018 to 2022, according to its inputs and outputs.

13- Fair Value of Financial instruments

Fair value is the amount received when an asset is sold or paid to transfer a liability in an organized transaction between market participants on the date of measurement. The company's financial instruments consist of financial assets and financial liabilities. The company's financial assets consist of cash and its equivalents, trade receivables, advance payments to suppliers, other debit balances and due from related parties. Financial liabilities consist of trade payables, due to related parties and other credit balances.

The fair value of financial instruments is not significantly different from their book value, unless otherwise indicated.

14- Risk management

Special commission price risk

Special commission price risk relates to the risks resulting from the fluctuation of the value of a financial instrument as a result of the change in the prevailing commission rates in the market, and the company is subject to the risk of special commission rates on its assets associated with special commissions such as Murabaha deposits and credit facilities.

Credit risk

Credit risk is the risk that other parties will not be able to meet their contractual obligations to the Company, which may result in a financial loss to the Company. The concentrations of potential credit risk include mainly trade receivables and short-term cash investments. Short term cash investments are deposited with banks having a high credit rating. The Company's Management believes that there are no concentrations of credit risk for which no adequate provision has been made as at the reporting date.

Liquidity risk

Liquidity risk is that the group has difficulty in providing funds to meet its financial obligations associated with financial instruments.

Liquidity risks may arise from the inability to sell financial assets quickly at an amount of near their fair value. The Group manages liquidity risk by monitoring working capital requirements and cash flows regularly and ensuring that banking facilities are available when needed. The group's terms of contract require 60-120 days from the date of invoices, and commercial accounts are usually paid within 45-120 days of billing.

14- Risk management (continued)

Increased risk concentration

The concentration of risks arises when a number of other parties engage in similar business activities or activities in the same geographical area or when they have economic characteristics that result in their ability to meet contractual obligations similarly affected by changes in economic, political or other circumstances. The concentration of risks indicates the relative sensitivity of the group's performance to developments affecting an industry.

15- Dividends paid:

The Board of Directors of the company decided at their meeting on May 2, 2023, to distribute cash dividends to the company's shareholders for the second half fiscal year 2022, with an amount of (SAR 11,137,500) distributed on the number of shares of 10.125 million shares, 1.10 Saudi riyals per share, distribution ratio of nominal value is 11%.
