INDUSTRIAL GROUP COMPANY)

(A SAUDI JOINT STOCK COMPANY)

REPORT ON THE REVIEW OF THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS FOR THE THREE MONTHS AND NINE MONTHS PERIOD ENDED SEPTEMBER 30, 2020

#### Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of NASEEJ INTERNATIONAL TRADING COMPANY (FORMERLY KNOWN AS AL SORAYAI TRADING AND INDUSTRIAL GROUP COMPANY) (the "Company") as at September 30, 2020 and the related condensed interim consolidated statements of profit and loss and comprehensive income for the three-months and nine-months periods ended September 30, 2020 and the condensed consolidated interim statements of changes in equity and condensed consolidated interim cash flows for the nine-month period then ended and condensed consolidated interim notes, comprising a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Material uncertainty related to going concern

We draw attention to Note 2 to the condensed conslidated interim financial statements, which indicates, the accumulated losses amounts to SR 116.53 million that represents 65.41% of the Company's share capital as of September 30, 2020. These conditions indicate that material uncertainty exists regarding Company's ability to continue as a going concern.

As a corrective measure, the Board of Directors recommended in its meeting held on 11/02/1442H corresponding to September 28, 2020 to absorb the accumulated losses of the Company amounting to SR 77.41 million by voiding the 7.74 million shares issued by the company. On completion of this loss absorption / capital reduction, the company will increase its share capital by SR 150 million by issuing right shares. The above corrective measures are subject to approval from relevant official authorities and extraordinary general meeting of the Company.

Accordingly, our conclusion is not qualified in respect of this matter.

#### 1. Corporate information (Continued)

The company's headquarter is located at Jeddah city.

The parent company has 3 main branches of factories, the name of Jeddah's branch for the industrial fabric and the Al Jazeera for spinning and carpets has been amended as stated below:

Name of the branch	Name of the amended branch	Commercial registration
Jeddah Industrial Textile Factory	Jeddah Industrial Thread Factory	4030115974
Al - Sorayai Carpet Factory	Al - Sorayai Carpet Factory	4030131014
Al Jazeera for Spinning and Rugs	Al Jazeera for Spinning and Carpets	4030181265

In addition to 16 branches as showrooms and warehouses, these consolidated financial statements include the business of these branches, its assets and liabilities.

#### 2. Going concern

The accumulated losses amounts to SR 116.53 million that represents 65.41% of the Company's share capital as of September 30, 2020. These conditions indicate that material uncertainty exists regarding Company's ability to continue as a going concern.

As a corrective measure, the Board of Directors recommended in its meeting held on 11/02/1442H corresponding to September 28, 2020 to absorb the accumulated losses of the Company amounting to SR 77.41 million by voiding the 7.74 million shares issued by the company. On completion of this loss absorption / capital reduction, the company will increase its share capital by SR 150 million by issuing right shares. The above corrective measures are subject to approval from relevant official authorities and extraordinary general meeting of the Company.

Accordingly, these interim condensed consolidated financial statements have been prepared on a basis of going concern.

#### Significant accounting policies

### 3.1. Statements of compliance

The condensed consolidated interim financial statements for the three months ended September 30, 2020 have been prepared in accordance with IAS 34 Interim Financial Reporting as adopted in the Kingdom of Saudi Arabia as well as other standards and announcements endorsed by Saudi Organization for Certified Public Accountant (SOCPA).

The condensed consolidated interim financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at December 31, 2019, except the modification in depreciation policy plant and equipment from the straight line to unit production method (Note 3.5).

As required by Capital market authority (CMA) through its circular issued at October 16, 2016, the Group should apply cost model to measure the property, plant and equipment, investment properties, and non-tangible assets upon adoption of the International Financial Reporting Standards for three years, commencing from the application of IFRSs. However, subsequently, this has been extended until December 31, 2021.

### 3. Significant accounting policies (Continued)

#### 3.2. Basis of preparation

These interim condensed consolidated financial statements have been prepared on the historic cost basis except for the following material items in the condensed consolidated statement of financial position.

- Derivative financial instruments are measured at fair value.
- Equity investment is measured at fair value through OCI.
- The employees' defined benefit obligation is recognised at the present value of future obligations using the Projected Unit Credit Method.

The condensed consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards, and require management to make judgments, estimates and assumptions that may affect the application of accounting policies and the reported amounts of the interim condensed consolidated financial statements. These significant estimates and assumptions have been disclosed in the annual consolidated financial statements for the year ended December 31, 2019.

The Group's condensed consolidated interim financial statements are measured using the currency of the primary economic environment in which the Group operates ("the functional currency"). The condensed consolidated interim financial statements are presented in Saudi riyals, which is the functional and presentation currency. The numbers were rounded to the nearest thousand riyals, unless otherwise stated.

#### 3.3. Basis of consolidation

These condensed consolidated interim financial statements includes the financial statement of the Parent company and the following subsidiaries (herein after referred to as "Group").

			Ownership	holding

Al Sorayai for Projects Company LLC (The activity is suspended)		Government and private project services for furniture, rugs and carpets	100%	100%

- a) The Home Styles Company LLC ("the subsidiary"), was incorporated in November 2010. As the Parent Company is the 100% beneficial owner of the subsidiary, these consolidated financial statements include 100% of the results of the subsidiary. Under the restructuring of the Group and upon the approval of the Board of Directors at its 2017 meetings, the Group will consolidate the operations of the subsidiary in the Group under the commercial segment.
- b) Millennium Weavers Holding Company LLC and Millennium Weavers LLC were incorporated in United States of America during January 2011. During 2017, the Group's board of directors has decided to close Millennium Weavers LLC and retaining the holding company. The Company's management is working to complete all required process for legal and tax procedures for the closure.

### Control is achieved when the Company has:

- · The ability to control the investee
- The emergence of the company's right to variable returns as a result of its association with the investee
- The ability to use its control to influence investment returns

The company re-evaluates whether it controls any of the investees or not, if the facts and circumstances indicate changes to one or more of the control elements referred to above.

#### 3. Significant accounting policies (Continued)

#### 3.3. Basis of consolidation (Continued)

When the voting rights of the company, in any of the investees, are less than the majority of the voting rights in them, the company has control over that investee. When the voting rights are sufficient to give it practical ability to direct the activities related to the investee with a separate manner. The company takes into account all relevant facts and conditions when assessing whether the company has voting rights in the investee to grant it control. These facts and circumstances include:

- The amount of voting rights the group owns in relation to the size and extent of ownership of other voting rights holders
- Potential voting rights owned by the company and other voting rights holders or other parties
- · Rights arising from other contractual arrangements
- Any additional facts and circumstances that may indicate that the company has, or does not have, the current ability
  to direct relevant activities when needed to make decisions, including how to vote at previous shareholders
  'meetings

The consolidated process of the subsidiary starts when the company can control the subsidiary, while that process is discontinued when the company losses the control over the subsidiary. In particular, revenue and expenses of the acquired or disposed of subsidiary are included during the period in the statement of consolidated profit or loss and the comprehensive income from the date of the control until the date of expiry of control of the company over the subsidiary.

Statement of consolidated profit or loss and all elements of the other comprehensive income are distributed to the shareholders of the company. The total other comprehensive income of the subsidiary is also distributed to the shareholders.

If necessary, adjustments would be made to the financial statements of the subsidiary so as its accounting policies to be in conformity with those used by the group.

All transactions and balances, including assets, liabilities, equity, revenue, expenses and cash flows arising from transactions between the companies of the group upon consolidation are disposed of.

### Changes in the group's equity in existing subsidiaries

Changes in the group's ownership in subsidiaries that do not lead to a loss of control are accounted for as equity transactions. The reported values of the group's equity and the non-controlling interests are adjusted to reflect changes in their ownership in the subsidiaries. Any difference between the value of the amendment of non-controlling interests and the fair value of the consideration paid or received is directly included in the equity and is attributable to the shareholders of the company.

When the group loses control of the subsidiary, any profit or loss is recognized in the consolidated income statement and calculated based on the difference between

- 1. the total fair value of the amount received and the fair value of any retained interest and ,
- 2. the previously recorded book value of the assets (including goodwill), the liabilities of the subsidiary and any non-controlling interests. All amounts previously recognized in other comprehensive income related to that subsidiary are accounted for as if the group had directly disposed of the assets or liabilities of the subsidiary (i.e. reclassification to profit, loss, or transfer to another classification in equity as specified/permitted) In accordance with international standards for financial reporting).

The fair value of the percentages that are retained from the investment in the previous subsidiary at the date of loss of control is considered as a fair value for the remaining investment upon initial recognition in subsequent periods and is in accordance with IFRS 9, and in the event the company becomes an associate or a joint venture, the fair value is considered as cost for initial recognition of investment in an associate or a joint venture.

### 3.4. New Standards, Amendments to Standards and Interpretations

There are no new standards issued, however, there are number of amendments to standards which are effective from 1 January 2020 and has been explained in Group annual Consolidated Financial Statements, but they do not have a material effect on the Group's Condensed Consolidated Interim Financial Statements.

#### 3.5. Changes in accounting estimates

Based on the decision of the Group's Board of Directors on Rabi 'al-Athani 19,1441h corresponding to December 16, 2019, the depreciation policy of certain plant and equipment has been changed from the straight-line method with the specified depreciation rates for each type of property, plant and equipment to the method of production units effective January 1, 2020 provided that depreciation is as follows:

Item	Depreciation method			
Buildings	Straight - line			
Plant, equipment and tools	Straight - line, production units			
Improvements and décor	Straight - line			
Furniture, fixtures, and office equipment	Straight - line			
Motor vehicles	Straight - line			

The expected production units for each construction machine was estimated based on a study prepared by the production department and a survey by the factory for certain plant and equipment, and accordingly the final study has been prepared to determine the units expected to be produced by those plant and equipment that have been approved by the company's board of directors. Therefore, the depreciation during the period January 01, 2020 until September 30, 2020, was calculated for these plant and equipment.

#### Impact of change on the accounting estimate is as follows:

	value
Depreciation expense for the period in accordance with the straight line method	18,065
Depreciation expense for the period in accordance with the production units method	12,968
Impact of change on the depreciation method estimate decrease	(5,097)

- A) The company has credit facilities from local banks in the form of letters of guarantee, letters of credit and Islamic murabaha to finance letters of credit, foreign exchange contracts, tawarruq facilities and deferred murabaha. These facilities are guaranteed by promissory notes in favor of the banks. The facility agreements include specific conditions that require, among other things, to maintain certain rates, shareholders' rights, and balances related to related parties within certain limits, with restrictions on dividends.
- B) During the year 2012, the group obtained a long-term loan amounting to SR 53 million from the Saudi Industrial Development Fund (SIDF). The first installment was due in February 2013, followed by semi-annual installments, knowing that this loan is secured by a mortgage for all the properties and equipment of the Jeddah Industrial Thread Factory (Previously, Jeddah Industrial Textile Factory) and the purpose of this loan is to finance the expansion at the Jeddah Industrial Thread Factory (Previously Jeddah Industrial Textile Factory) and carpet factories. The loan agreement includes specific conditions that require maintenance of certain rates and maintenance of a minimum level of credit worthiness and a minimum of liquidity.
- C) During the first quarter of the year 2019, the Group restructured loans from short term loans to long term loans and as well the restructure was made during the first quarter of 2020.
- D) During the year 2019, the Company has obtained short term credit facilities from the Ministry of Finance in the form of interest free loan, amounting to SR 40 million, that could be used in payment of local and foreign suppliers' bills.
- E) The loans and borrowings contain certain financial covenants. Breach of any covenant during the tenure of the loan may lead to renegotiation including withdrawal of facility or repayment on demand etc. The covenants are monitored on a periodic basis by management. In case of potential breach, actions are taken by management to ensure compliance.

During the period September 30, 2020, there has been non-compliance of certain covenants on outstanding loans and borrowings with various banks. Management is under discussion with these financial institutions for waiver and expects such waiver for future periods as per agreement. Accordingly, the loans were not repayable on demand as at September 30, 2020.

#### 6. Contingencies

The company in the ordinary course of business has the following contingencies:

	September 30, 2020 (Unaudited)	December 31, 2019 (Audited)
Letters of credit	4,247	1,880
Bank guarantees	3,340	3,049
Promissory notes	354,757	346,483

The promissory notes issued to local banks represent guarantees issued against the outstanding credit facilities to the Group, in addition to a promissory note with amount of SR 20 million as a guarantee from the Group to its share in the existing investment in the Arab Calcium Carbonate Company (sister company) issued to a local bank.
