INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF RED SEA INTERNATIONAL COMPANY (A SAUDI JOINT STOCK COMPANY)

Introduction:

We have reviewed the accompanying interim condensed consolidated statement of financial position of Red Sea International Company ("the Company") and its subsidiaries (collectively referred to as "the Group") as at 30 September 2022, and the related interim condensed consolidated statements of profit or loss and comprehensive income for the three-month and nine-month periods ended 30 September 2022, and the related interim condensed consolidated statements of changes in equity and cash flows for the nine-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily to persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued) AT 30 SEPTEMBER 2022

2 BASIS OF PREPARATION

These interim condensed consolidated financial statements have been prepared in compliance with IAS 34 "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements endorsed by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements. Accordingly, these interim condensed consolidated financial statements are to be read in conjunction with the annual consolidated financial statements for the year ended 31 December 2021. An interim period is considered as integral part of the whole fiscal year, however, the results of operations for the interim periods may not be a fair indication of the results of the full year operations.

These interim condensed consolidated financial statements are prepared using historical cost convention.

These interim condensed consolidated financial statements are presented in Saudi Riyals ("SR") which is also the functional currency of the Group. All values are rounded to the nearest thousands ("SR '000"), except when otherwise indicated.

Going concern basis of accounting

The Group incurred net loss of SR 123.79 million for the nine-month period ended 30 September 2022 (30 September 2021: SR 94.52 million) and as of 30 September 2022, its accumulated losses amounted to SR 103.72 million (31 December 2021: SR 278.8 million) which represent 34.31% (31 December 2021: 46.5%) of share capital as of the same date. Further, at 30 September 2022, the Group's current liabilities exceeded its current assets and consequently the Group was not in compliance with a covenant relates to current ratio which is an event of default as per the borrowing agreements (31 December 2021: same). As a result, principal amount repayable, SR 7.7 million, as of the reporting date became repayable on demand and were classified under current liabilities in the interim condensed consolidated statement of financial position. The ability of the Group to continue its operations depends on restructuring it's equity, entering into profitable contracts and increasing the volume of its revenue appropriately. The Group is in negotiations with the lending institutions for specific project based long-term financing to finance the contracts entered with the customers, which will reduce the short-term liabilities and improve the overall liquidity of the Group. Further, on 14 April 2022, the Company's Board of Directors recommended to the Company's shareholders to restructure its equity structure of which, amended by the Board of Directors on 19 May 2022 as follows:

6 TRADE RECEIVABLES

In 2016, the Group filed a legal case in Houston, Texas, USA against one of its customers, its subsidiaries and its directors (for the construction of a camp facility based in Angola), demanding repayment of receivable balances due from this customer. The customer had failed to meet its obligations for timely transfer of funds to the Group as per the repayment schedule due to certain restrictions on repatriation of the funds in foreign currency out of Angola. However, following extended discussions and negotiations between the customer and Group, the customer agreed to execute legal documentation acknowledging the debt and giving the Company a claim over the assets of the customer's camp in Angola, which would allow the Company the right to take a secondary charge over these assets. Accordingly, the Group and customer subsequently withdraw from litigation proceedings in Houston, Texas, USA and filed its claim against the customer's camp and related assets with the relevant court in Angola and will proceed with next steps in accordance with local Angolan laws. At the balance sheet date, the decision on lawsuit is still pending.

Total outstanding balance from this customer included in the non-current portion amounted to SR 86.9 million as of 30 September 2022 (31 December 2021: SR 86.9 million). In the light of the above pending litigation and related outcome, the management of the Group has recorded an allowance against this balance amounting to SR 57.2 million (31 December 2021: SR 57.2 million). The Group management believes that the amount recorded as provision is sufficient to meet any future expected losses and the eventual outcome will not result in any additional significant loss to the Group.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued) AT 30 SEPTEMBER 2022

14 FAIR VALUES OF FINANCIAL INSTRUMENTS

The management assessed that the fair values of cash and cash equivalents, trade receivable, contract assets, other current assets, trade payable, term and short-term loans and other current liabilities approximate their carrying values largely due to the short-term maturities of these financial instruments.

The management has assessed the fair value of non-current trade receivables, term loans and other non-current liabilities based on level 2 hierarchy, which is not materially different from their respective carrying values.

15 SUBSEQUENT EVENTS
