AND INDEPENDENT AUDITOR'S REVIEW REPORT**

FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025

INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS TO THE UNITHOLDERS OF ANB CAPITAL DIGITAL IT & EQUITY FUND (SHARIAH) (MANAGED BY ANB CAPITAL COMPANY)

Introduction

We have reviewed the accompanying interim condensed statement of financial position of anb capital Digital IT & Equity Fund (Shariah) (the "Fund") managed by anb capital Company (the "Fund Manager") as at 30 June 2025, and the related interim condensed statement of comprehensive income, interim condensed statement of changes in equity attributable to the unitholders and interim condensed statement of cash flows for the six-month period then ended, and explanatory notes. The Fund Manager is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

The interim condensed financial statements do not include all the information and disclosures required in annual financial statements and should, therefore, be read in conjunction with the annual financial statements for the year ended 31 December 2024. In addition, results for the six-month period ended 30 June 2025 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2025.

These interim condensed financial statements have been prepared on a historical cost basis, except for financial assets held at fair value through profit or loss which are stated at their fair value.

These interim condensed financial statements are presented in Saudi Riyals ("ﷲ"), which is the functional currency of the Fund.

3. BASIS OF PREPARATION AND CHANGES TO ACCOUNTING POLICIES (continued)

3.2 New standards, interpretations and amendments

3.2.1 New standards and amendments adopted by the Fund

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the Fund's annual financial statements for the year ended 31 December 2024, except for the adoption of new standards effective as of 1 January 2025. The Fund has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

3. BASIS OF PREPARATION AND CHANGES TO ACCOUNTING POLICIES (continued)

3.2 New standards, interpretations and amendments (Continued)

3.2.1 New standards and amendments adopted by the Fund (Continued)

The following new and amended IFRSs, which became effective for annual periods beginning on or after 1 January 2025, have been adopted in these financial statements. The management has assessed that the amendments have no significant impact on the Fund's interim condensed financial statements.

Standard, interpretation and amendments	Description	Effective date
Amendment to IFRS 21 – Lack of exchangeability	IASB amended IAS 21 to add requirements to help in determining whether a currency is exchangeable into another currency, and the spot exchange rate to use when it is not exchangeable. Amendment set out a framework under which the spot exchange rate at the measurement date could be determined using an observable exchange rate without adjustment or another estimation technique.	1 January 2025

3.2.2 Significant standards issued but not yet effective

Standard, interpretation and amendments	Description	Effective date
IFRS 18, Presentation and Disclosure in Financial Statements	IFRS 18 provides guidance on items in statement of profit or loss classified into five categories: operating; investing; financing; income taxes and discontinued operations. It defines a subset of measures related to an entity's financial performance as 'management-defined performance measures' ('MPMs'). The totals, subtotals and line items presented in the primary financial statements and items disclosed in the notes need to be described in a way that represents the characteristics of the item. It requires foreign exchange differences to be classified in the same category as the income and expenses from the items that resulted in the foreign exchange differences.	1 January 2027
Amendments to IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures	Under the amendments, certain financial assets including those with ESG-linked features could now meet the SPPI criterion, provided that their cash flows are not significantly different from an identical financial asset without such a feature. The IASB has amended IFRS 9 to clarify when a financial asset or a financial liability is recognized and derecognized and to provide an exception for certain financial liabilities settled using an electronic payment system.	1 January 2026
IFRS 19-Subsidiaries without Public Accountability: Disclosures	IFRS 19 applies to eligible subsidiaries that elect to adopt the standard in their consolidated, separate or individual financial statements. Eligible subsidiaries are those that are not publicly accountable and whose ultimate or intermediate parent prepares consolidated financial statements available for public use that comply with IFRS Accounting Standards. An entity has public accountability if its equity or debt instruments are traded in a public market, if it is in the process of issuing such instruments for trading in a public market, or if it holds assets in a fiduciary capacity for a broad group of outsiders as one of its primary businesses.	1 January 2027

6. TRANSACTIONS WITH RELATED PARTIES

Related parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. In considering each possible related party relationship, attention is directed to the substance of the relationship, not merely the legal form.

Related parties of the Fund include the Fund Manager, the Fund Board, other funds managed by the Fund Manager and key employees of the same.

A subscription fee of maximum of 2% may be charged to the subscribers by the Fund Manager upon subscription.

The Fund pays a management fee at the rate of 1.75% per annum calculated based on the total net asset at each valuation date. In addition, the Fund Manager also charges other fees at a maximum rate of 1.00% per annum calculated based on the total net asset value at each valuation date to meet other expenses of the Fund.

The management fees amounting to ฿ 579,249 (30 June 2024: ฿ 390,815) and other fees amounting to ฿ 1,661 (30 June 2024: ฿ 24,427) which have been presented in the interim condensed statement of comprehensive income and represent the fees charged by the Fund Manager as described above. The management fees and other fees included under accrued expenses payable to the Fund Manager at the period-end are presented in the interim condensed statement of financial position.

7. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Fund measures its investments in financial instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Fund. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value for financial instruments traded in active markets at the reporting date is based on their closing price on the reporting date.

The Fund has only investments at fair value through profit or loss which is measured at fair values. All other financial assets and liabilities are classified as amortized cost and management believes that the fair value of all other financial assets and liabilities at the reporting date approximate their carrying values owing to their short-term tenure and the fact that these are readily liquid. There were no transfers between various levels of fair value hierarchy during the current period.
