INDEPENDENT AUDITOR'S LIMITED REVIEW REPORT ON INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

To the Shareholders Bawan Company and its subsidiaries (Saudi Joint Stock Company) Riyadh, Kingdom of Saudi Arabia

Introduction:

We have reviewed the accompanying interim condensed consolidated statement of financial position of Bawan Company, a Saudi Joint Stock Company ("the Company") and its subsidiaries (collectively "the Group") as of March 31, 2020 and the related interim condensed consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the three month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard ("IAS") 34, "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", endorsed in the Kingdom of Saudi Arabia. A review of interim condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

Other matter

The interim condensed consolidated financial statements of the Company for the three month period ended March 31, 2019 were reviewed by another auditor, whose review report dated May 5, 2019 expressed an unmodified conclusion.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) FOR THE THREE MONTH PERIOD ENDED MARCH 31, 2020

(All amounts in Saudi Riyals thousands unless otherwise stated)

1. ACTIVITIES (CONTINUED)

The Group is mainly engaged in the manufacturing of metal and steel works, wooden pallets, plywood panels, boards and all work of carpentry and decorations, electrical transformers, packaged and unit substations, ready-mix and concrete products and production of flexible packaging and insulation products.

In 2019, the General Assembly, through its resolution dated April 2, 2019, approved to absorb accumulated losses of SR 81.01 million as at December 31, 2018 through transfer from the statutory reserve.

Legal formalities related to the liquidation of Bawan Mechanical were completed on March 15, 2020.

2. BASIS OF PREPARATION

Statement of compliance

The interim condensed consolidated financial statements for the three month period ended March 31, 2020 have been prepared in accordance with International Accounting Standard ("IAS") 34, "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Certified Public Accountants ("SOCPA").

The interim condensed consolidated financial statements do not include all information and disclosures required in the annual financial statements and should be read in conjunction with the Company's annual consolidated financial statements for the year ended December 31, 2019. In addition, results for the three month period ended March 31, 2020 are not necessarily indicative of the results that may be expected for the financial year ending December 31, 2020.

Basis of measurement

These interim condensed consolidated financial statements are prepared under the historical cost convention, except for certain financial instruments measured at fair value and the employee defined benefit liability, which has been actuarially valued.

These interim condensed consolidated financial statements are presented in Saudi Riyals (SR), which is the Group's functional currency, and all values are rounded to the nearest thousand (SR 000), except where otherwise stated.

Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of these interim condensed consolidated financial statements are consistent with those used in the preparation of the Company's annual consolidated financial statements for the year ended December 31, 2019, and the notes attached thereto, except for the adoption of certain new and revised standards, that became effective in the current period.

(All amounts in Saudi Riyals thousands unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revised standards adopted but do not have any impact

The following revised IFRSs, which became effective for annual periods beginning on or after January 1, 2020, have been adopted in these interim condensed consolidated financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

Definition of Material - Amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors

The new definition states that, 'Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity'.

Definition of a Business - Amendments to IFRS 3 Business Combinations

The amendments clarify that to be considered a business, an integrated set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. IASB also clarify that a business can exist without including all of the inputs and processes needed to create outputs. That is, the inputs and processes applied to those inputs must have 'the ability to contribute to the creation of outputs' rather than 'the ability to create outputs'.

Amendments to References to the Conceptual Framework in IFRS Standards

Amendments to References to the Conceptual Framework in IFRS Standards related IFRS 2, IFRS 3, IFRS 6, IFRS 14, IAS 1, IAS 8, IAS 34, IAS 37, IAS 38, IFRIC 12, IFRIC 19, IFRIC 20, IFRIC 22, and SIC-32 to update those pronouncements with regard to references to and quotes from the framework or to indicate where they refer to a different version of the Conceptual Framework.

IFRS 7 Financial Instruments: Disclosures and IFRS 9 - Financial Instruments

Amendments regarding pre-replacement issues in the context of the interbank offered rates reform.

New and revised standards and interpretations issued but not yet effective

Effective for annual periods beginning on or after

IFRS 17 Insurance Contracts

January 1, 2022

IFRS 17 requires insurance liabilities to be measured at a current fulfilment value and provides a more uniform measurement and presentation approach for all insurance contracts. These requirements are designed to achieve the goal of a consistent, principle-based accounting for insurance contracts. IFRS 17 supersedes IFRS 4 Insurance Contracts as at January 1, 2022.

Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures

Effective date deferred indefinitely. Adoption is still permitted.

Amendments relating to the treatment of the sale or contribution of assets from an investor to its associate or joint venture.

(All amounts in Saudi Riyals thousands unless otherwise stated)

4. CRITICAL JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Company's annual consolidated financial statements for the year ended December 31, 2019.

Management has considered the potential impact of the Coronavirus pandemic on the Group's significant accounting judgements and estimates and there are no changes to the significant judgements and estimates disclosed in the consolidated financial statements for the year ended December 31, 2019.

5. EARNINGS PER SHARE

Basic and diluted earnings per share are based on profit for the period attributable to owners of the Company divided by the weighted average number of shares of 60 million outstanding during the period. There has been no item of dilution affecting the weighted average number of shares.

6. PROPERTY, PLANT AND EQUIPMENT

During the period ended March 31, 2020, the Group purchased items of property, plant and equipment amounting to SR 11.49 million (period ended March 31, 2019: SR 9.68 million).

7. GOODWILL

During 2014, Bawan Wood and United Wood and Metal acquired 100% of the shares of Inma Pallets. Goodwill of SR 0.33 million was recognized on the acquisition that represented the excess consideration paid over the net book value of net assets acquired, after allocation of SR 21.35 million to adjust the net book value of net assets acquired to their fair values, of which SR 3.29 million was allocated to property, plant and equipment, while the remaining balance of SR 18.06 million was recognized as identifiable intangible assets.

Effective January 1, 2019, the Company acquired 100% of the shares of Arnon and goodwill of SR 4.07 million was recognized (note 12).

Impairment test for goodwill

The management performs goodwill impairment assessment annually and when there are indicators that the carrying value of the goodwill may be impaired. Group's management believes that any reasonably possible change in the key assumptions used for impairment assessment performed on December 31, 2019 will not cause the carrying value of the goodwill to materially exceed its recoverable amount. Accordingly, no impairment loss was recognised for the three month period ended March 31, 2020.

9. SHARE CAPITAL

The Company had 60 million shares of SR 10 each in issue as at March 31, 2020 and December 31, 2019 amounting to total issued capital of SR 600 million. There was no movement in share capital during the current period.

10. BORROWINGS

10.1 Due to banks

The Group has bank facilities ("the Facilities") arranged from local banks in the form of short term loans, Islamic Murabaha, forward exchange contracts, and letters of credit and guarantee. The Facilities carry interest at prevailing market rates. The Facilities are secured by promissory notes and corporate guarantees of the Group. The Facilities agreements contain covenants requiring maintenance of certain financial ratios.

10.2 Term loans

The Group has term loans facilities arranged from local banks. These loans are repayable in quarterly/semi-annual installments. The loans carry interest at prevailing market rates. The loans are secured by promissory notes and corporate guarantees of the Group.

10.3 SIDF loans

The Group has obtained various loans from the SIDF for the construction and expansion of its concrete and plastic segment plants and the delivery of an ongoing project. These loans are guaranteed by promissory notes, corporate guarantees of the Group and mortgages of property, plant and equipment with a carrying value of SR 399.15 million as at March 31, 2020 (December 31, 2019: SR 414.72 million). The final repayment is due in 2023.

The loan agreements contain covenants requiring maintenance of certain financial ratios and other covenants. As at March 31, 2020, SIDF loans related to a subsidiary of the Group amounting to SR 25.82 million (December 31, 2019: SR 25.82 million) were not in compliance with certain covenants. The non-current portion of these loans has been presented as current as at March 31, 2020 and December 31, 2019. Had there been no breach of financial covenants, the non-current portion of loans would have been increased by SR 21.12 million (December 31, 2019: SR 21.12 million).

11. CONTINGENCIES AND COMMITMENTS

The Group had capital commitments of SR 14.06 million at the reporting date (December 31, 2019: SR 14.81 million).

The Group had contingent liabilities arising from letters of credit and guarantee of SR 603.95 million at the reporting date (December 31, 2019: SR 540.88 million).

12. ACQUISITION OF A SUBSIDIARY

Effective January 1, 2019, the Company acquired 100% of the shares of Arnon from a related party for a total consideration of SR 191.00 million, thereby obtaining control of Arnon. Arnon is engaged in the production of flexible packaging and insulation products serving the food packaging and building materials industries and qualifies as a business as defined in IFRS 3.

The carrying value of the identifiable assets acquired and liabilities assumed of Arnon amounted to SR 573.91 million and SR 436.62 million respectively. Goodwill of SR 4.07 million was recognized that represented the excess consideration over the net book value of net identifiable assets acquired after allocation of SR 49.64 million to adjust the net book values of net assets acquired to their fair values, of which SR 35.61 million was allocated to property, plant and equipment and SR 14.03 million was allocated to identifiable intangible assets. Identifiable intangible assets comprise customer relationships and the trade name.

The fair values have been determined on the basis of the valuer's professional knowledge and belief, taking into account the prevailing market conditions, current conditions of assets and the sources of market information. The valuations prepared by the independent valuer, which conform to International Valuation Standards, were arrived at by reference to the open market value models.

The purchase price allocation exercise was carried out by an independent third party on the basis of the independent expert's valuation report.

Legal formalities related to acquisition of Arnon were completed in 2019 and non-objection approval from the General Authority for Competition was obtained.

The Company holds a bank guarantee of 15% of the consideration paid for acquisition of subsidiary.

The net cash outflow of SR 191.00 million arising on acquisition of Arnon was paid fully in cash. Cash and cash equivalents acquired on acquisition of Arnon amounted to SR 2.75 million.

The goodwill of SR 4.07 million comprises the value of expected synergies arising from the acquisition and workforce, which is not separately recognised. Workforce is not an identifiable asset to be recognised separately from goodwill so the value attributable to workforce is subsumed into goodwill.

In 2019, the previous shareholder agreed to compensate the Company by an amount of SR 27.96 million against the provision for inventories recorded in 2019. The entire compensation amount was collected subsequent to the reporting period.

16. OTHER INCOME

During the three month period ended March 31, 2020, other income primarily comprises scrap and material sales of SR 1.19 million (March 31, 2019: SR 1.16 million) and profit on disposal of property, plant and equipment of SR 0.42 million (March 31, 2019: SR 0.30 million).

17. FAIR VALUE MEASUREMENT

The Group measures financial assets at fair value thorough profit or loss at each statement of financial position date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits from the asset's highest and best use or by selling it to another market participant that would utilize the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. This is described, as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

17. FAIR VALUE MEASUREMENT (CONTINUED)

Set out below is a comparison, by class, of the carrying amounts and fair value of the Company's financial assets, other than those with carrying amounts that are reasonable approximations of fair values:

March 31, 2020	Carrying value	Fair value total	Level 1	Level 2	Level 3
Financial assets measured at FVTPL					
Quoted equity investments	41,718	41,718	41,718	<u>-</u>	
	Carrying	Fair value			
December 31, 2019	value	total	Level 1	Level 2	Level 3
Financial assets measured at FVTPL					
Quoted equity investments	48,775	48,775	48,775	-	_

The directors consider that the carrying values of the financial instruments reported in the interim condensed consolidated statement of financial position approximate their fair values. During the three month period ended March 31, 2020, there were no movements between the levels.

18. SUPPLEMENTARY INFORMATION

Fire incident at one of the Plastic segment factories

On February 11, 2020, one of the Plastic segment factories caught fire which resulted in damage to assets having a net book value of SR 17.69 million. The Plastic segment has insurance coverage of SR 42.36 million against a loss caused by such an incident and to compensate for losses due to such an interruption of business. The Group has filed an insurance claim and is arranging the required documentation in order to finalize the claim. Insurance claim receivable of SR 17.69 million was recognized and the management is certain that this amount is fully collectable from the insurance company. As of the date of the approval of these interim condensed consolidated financial statements, the insurance claim was still under process.

Coronavirus pandemic (COVID-19)

Possible effects of the outbreak of COVID-19 may include, but are not limited to, disruption to the Group's operations, its revenue and availability of its products, delay in payments by customers, damage to the health of employees, measurement of expected credit loss and provision for inventories. The Group is continuously monitoring the COVID-19 pandemic situation and its impact on the aforementioned factors. The Group is continuing its operations without any significant disruption after implementing the necessary business continuity procedures and ensuring required precautionary measures.

As the COVID-19 situation is still fluid and evolving, currently it is difficult to measure the complete extent and duration of the economic impact. However, management believes, based on its assessment of the situation and available information, that there is no significant impact on the Group's financial performance and that the Group has sufficient liquidity and access to financing facilities to continue to meet its financial obligations for the foreseeable future as and when they become due.
