#### 2. BASIS OF PREPARATION

These interim condensed consolidated financial statements were prepared in accordance with IAS 34 (Interim Financial Reports) as endorsed in the kingdom of Saudi Arabia and other standards and pronouncements that are issued by Saudi Organization for Chartered and Professional Accountants (SOCPA).

These interim condensed consolidated financial statements don't include all the information and disclosures required to prepare a full set of the consolidated financial statements. Hence, these interim condensed consolidated financial statements should be read on conjunction with the group's last annual consolidated financial statements for the year ended December 31, 2022.

These interim condensed consolidated financial statements have been prepared on the historical cost basis except employees defined benefit obligations that have been valued at present value of future liabilities using the projected unit credit method and the assets held for sale that have been valued at fair value less cost to sell. These interim condensed consolidated financial statements are presented in Saudi Riyals, which is the functional and presentation currency of the Group, and all values are rounded to the nearest Saudi Riyal, except where otherwise indicated.

Any gains or losses arising from such remeasurement are recognized in the consolidated statement of profit or loss.
