### **Introduction:**

We have reviewed the accompanying condensed consolidated interim statement of financial position of United Electronics Company, a Saudi Joint Stock Company (the 'Company') and its Subsidiaries (collectively referred to as the "Group") as at June 30, 2020, the related condensed consolidated interim statement of profit or loss and comprehensive income for the three and six months periods then ended, the condensed consolidated interim statements of changes in equity and cash flows for six months period then ended and notes, including a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting" (IAS 34), that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

### Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion:**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

## NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (UNAUDITED) FOR THE THREE AND SIX MONTHS PERIODS ENDED JUNE 30, 2020

### 3. BASIS OF CONSOLIDATION

The condensed consolidated interim financial statements incorporate the financial statements of the Company and its subsidiaries ("the Group") as detailed in note 1. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- · rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to
  direct the relevant activities at the time that decisions need to be made, including voting patterns at previous
  shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the condensed consolidated interim statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Consolidated interim profit or loss and each component of other comprehensive income are attributed to the owners of the Company. Total comprehensive income of subsidiaries is attributed to the shareholders of the Company.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

### 4. CHANGES IN SIGNIFICANT ACCOUNTING POLICIES

The government of the Kingdom of Saudi Arabia announced additional decisions to control the impact of the outbreak which includes the 24 hours' curfew across certain cities in the Kingdom. Further the Government through its Royal decrees also announced to support the private sector to limit the impact of the precautionary actions taken.

The Group believe that, at this stage, it is not possible to accurately estimate the potential financial impact of the business disruption and the support from the Government on the Group as of now as it depends on the future factors, the spread rate of the virus, the extent of the outbreak, and the measures the government takes to limit the spread of the epidemic.

The Group will continue monitoring the current epidemic and the economic conditions to protect customers and employees and follow up on future developments that cannot be accurately estimated.
