## INDEPENDENT AUDITOR'S REVIEW REPORT

To the shareholders  
Saudi Industrial Services Company  
(A Saudi Joint Stock Company)

### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Saudi Industrial Services Company ("the Company") and its subsidiaries (collectively referred to as "the Group") as at 31 March 2020, and the related interim condensed consolidated statements of profit or loss and other comprehensive income, the interim condensed consolidated statement of changes in equity and cash flows for the three-month period then ended and the explanatory notes which form an integral part of these interim condensed consolidated financial statements. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" (IAS 34) as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that are endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

**SAUDI INDUSTRIAL SERVICES COMPANY  
(A SAUDI JOINT STOCK COMPANY)**

**NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**

At 31 March 2020

**2. BASIS OF PREPARATION**

**2.1 Statement of compliance**

These interim condensed consolidated financial statements have been prepared in accordance with IAS 34 – “Interim Financial Reporting”, as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Certified Public Accountants (“SOCPA”).

These interim condensed consolidated financial statements do not include all of the information required for full annual financial statements, and should be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2019.

The preparation of interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. The significant judgments, estimates and assumptions were consistent with the Group’s annual consolidated financial statements for the year ended 31 December 2019.

**Impact of COVID-19**

On 11 March 2020, the World Health Organisation (“WHO”) declared the Coronavirus (“COVID-19”) outbreak as a pandemic in recognition of its rapid spread across the globe. This outbreak has also affected the GCC region including the Kingdom of Saudi Arabia. Majority of Governments all over the world took steps to contain the spread of the virus. Saudi Arabia in particular has implemented closure of borders, released social distancing guidelines and enforced country wide lockdowns and curfews.

Oil prices have also witnessed significant volatility during the current period, owing not just to demand issues arising from COVID-19 as the world economies go into lockdown, but also supply issues driven by volume which had predated the pandemic. The Group, whose operations are largely concentrated in an economy which is primarily based on oil, the economic impacts of the above events, though the scale and duration of which remains uncertain, primarily include:

- Significant interruption of international businesses and trade as well as travel restrictions and unavailability of personnel etc;
- A significant increase in economic uncertainty, evidenced by more volatile asset prices and currency exchange rates, and a general decline in interest rates globally.
- Transfer/receipt of cash where majority of business are not working at optimum level.

The resultant situation necessitated the Group’s management to revisit its significant judgments in applying the Group’s accounting policies and the methods of computation and the key sources of estimation applied to the annual consolidated financial statements for the year ended 31 December 2019. Whilst it is challenging now, to predict the full extent and duration of its business and economic impact, management carried out an impact assessment on the overall Group’s operations and business aspects including factors like supply chain, travel restrictions, oil prices, product demand, etc. and concluded that, as of the issuance date of these interim condensed consolidated financial statements, no significant changes are required to the judgements and key estimates. However, in view of the current uncertainty, any future change in the assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods. As the situation is rapidly evolving with future uncertainties, management will continue to assess the impact based on prospective developments.

**2.2 Basis of measurement**

These interim condensed consolidated financial statements have been prepared under the historical cost basis, except for financial assets at fair value through other comprehensive income (FVOCI) and derivative financial instruments.

**2.3 Functional and presentation currency**

These interim condensed consolidated financial statements are presented in Saudi Arabian Riyals (“SR”) which is the Group’s functional and presentation currency.

**3. BASIS OF CONSOLIDATION**

These interim condensed consolidated financial statements comprising the financial statements the Company and its subsidiaries as set out in note 1. The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company.

**SAUDI INDUSTRIAL SERVICES COMPANY  
(A SAUDI JOINT STOCK COMPANY)**

**NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**

At 31 March 2020

**3. BASIS OF CONSOLIDATION (continued)**

**3.1 Subsidiaries**

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. To meet the definition of control, all of the following three criteria must be met:

- i) the Group has power over an entity;
- ii) the Group has exposure, or rights, to variable returns from its involvement with the entity; and
- iii) the Group has the ability to use its power over the entity to affect the amount of the entity's returns.

The Group re-assesses whether or not it controls an investee in case facts and circumstances indicate that there are changes to one or more of the criteria of control.

Subsidiaries are consolidated from the date on which control commences until the date on which control ceases. The results of subsidiaries acquired or disposed of during the period, if any, are included in the interim condensed consolidated statement of income from the date of the acquisition or up to the date of disposal, as appropriate.

**3.2 Non-controlling interests**

Non-controlling interests represent the portion of net income and net assets of subsidiaries not owned, directly or indirectly, by the Group in its subsidiaries and are presented separately in the interim condensed consolidated statement of income and within equity in the interim condensed consolidated statement of financial position, separately from the Group's equity. Any losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance. Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

**3.3 Transactions eliminated on consolidation**

Balances between the Group entities, and any unrealized income and expenses arising from intragroup transactions, are eliminated in preparing the interim condensed consolidated financial statements. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

**3.4 Investment in an associates and jointly controlled entities**

The Group's interest in equity-accounted investee comprises interest in a joint venture and investments in associates.

Associates are entities over which the Group exercises significant influence. Investments in associates are initially recognized at cost and subsequently accounted for under the equity method of accounting and are carried in the interim condensed consolidated statement of financial position at the lower of the equity-accounted value or the recoverable amount.

A joint venture is an arrangement in which the Company has joint control whereby the Company has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Equity-accounted value represents the cost plus post-acquisition changes in the Group's share of net assets of the associate (share of the results, reserves and accumulated gains/ (losses) based on the latest available financial information) less impairment, if any.

After application of the equity method, the Group determines whether it is necessary to recognize an additional impairment loss on its investment in its associates. The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount in 'share in net income / (loss) of an associate' in the interim condensed consolidated statement of profit or loss.

The previously recognized impairment loss in respect of investment in associate can be reversed through the interim condensed consolidated statement of income, such that the carrying amount of the investment in the interim condensed consolidated statement of financial position remains at the lower of the equity-accounted (before allowance for impairment) or the recoverable amount.

Unrealized gains and losses on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates.

**4 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP**

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2019, except for the adoption of new standards effective as of 1 January 2020. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. Several amendments and interpretations apply for the first time in year 2020, but do not have an impact on the interim condensed consolidated financial statements of the Group.

**Amendments to IFRS 3: Definition of a business**

The amendment to IFRS 3 clarifies that to be considered a business, an integrated set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. Furthermore, it clarified that a business can exist without including all of the inputs and processes needed to create outputs. These amendments had no impact on the interim condensed consolidated financial statements of the Group but may impact future periods should the Group enter into any business combinations.

**Amendments to IFRS 7, IFRS 9 and IAS 39: Interest Rate Benchmark Reform**

The amendments to IFRS 9 and IAS 39 Financial Instruments: Recognition and Measurement provide a number of reliefs, which apply to all hedging relationships that are directly affected by interest rate benchmark reform. A hedging relationship is affected if the reform gives rise to uncertainties about the timing and or amount of benchmark-based cash flows of the hedged item or the hedging instrument.

The amendments does not have any impact on the interim condensed consolidated financial statements of the Group.

**Amendments to IAS 1 and IAS 8: Definition of Material**

The amendments provide a new definition of material that states, "information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general-purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity."

The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users. These amendments had no impact on the interim condensed consolidated financial statements of, nor is there expected to be any future impact to the Group.

**Conceptual Framework for Financial Reporting issued on 29 March 2018**

The Conceptual Framework is not a standard, and none of the concepts contained therein override the concepts or requirements in any standard. The purpose of the Conceptual Framework is to assist the IASB in developing standards, to help preparers develop consistent accounting policies where there is no applicable standard in place and to assist all parties to understand and interpret the standards.

The revised Conceptual Framework includes some new concepts, provides updated definitions and recognition criteria for assets and liabilities and clarifies some important concepts. These amendments had no impact on the consolidated financial statements of the Group.

**Port concession rights**

Saudi Trade and Export Development Company (Tusdeer), a subsidiary of the Group, had an agreement with Saudi Ports Authority ("SPA" or "MAWANI") for the construction of a container terminal at the Re-export Zone of Jeddah Islamic Port. This Build-Operate-Transfer (BOT) Service Concession Agreement ("the Agreement") with MAWANI has been novated by Tusdeer to another subsidiary of the Group i.e. RSGT, effective from 22 Shawal 1428 H (corresponding to 3 November 2007), and the duration of this agreement is 32 years. As per BOT agreement, at the end of the concession period, the property and equipment underlying the port concession rights shall be transferred to MAWANI. RSGT commenced its initial commercial operations effective from 22 December 2009 (corresponding to 5 Muharram 1431 H). Port concession rights are being amortised over the useful lives of the underlying assets (representing the property and equipment) or the remaining term of concession, whichever is shorter. All amortization charge for the year has been allocated to direct cost.

The movement in port concession rights is as follows:

**9. GOODWILL**

The Group recorded a goodwill of SR 9.3 million at the time of acquisition of Kindasa Water Services Company (Kindasa), a subsidiary of the Group. Subsequently, an impairment of SR 0.5 million was recorded resulting in net carrying value of SR 8.8 million (31 December 2019: SR 8.8 million).

The management reviews goodwill for impairment annually and when there is an indicator of impairment. For the purposes of impairment testing, goodwill has been allocated to the subsidiary (i.e. cash generating unit). The recoverable amount of the cash generating unit has been determined based on a value in use calculation, using cash flow projections based on financial budgets approved by the senior management and Board of Directors of Kindasa.

**15. LONG TERM LOANS AND BANK FACILITIES (continued)**

- a. During 2007, RSGT entered into an Ijara arrangement with two local banks to obtain a loan of SR 1,271 million. The Ijara facility is secured by property and equipment – port terminal operations and intangible assets – port concession rights of RSGT (note 6). The remaining amount of loan is repayable in semi-annual installments, with maturity up to December 2023. The loan bears commission rate of SIBOR plus an agreed margin. The facility included unamortised management fees paid at inception to secure the loan, amounting to SAR 17.19 million as on 31 March 2020 (31 December 2019: SAR 18.42 million) and will be amortised over the remaining period of the Ijara facility.
- b. During 2016, RSGT entered into an Ijara arrangement with two local banks to obtain a loan of SR 260 million for expansion of its existing berths. The Ijara facility is secured by the property and equipment – port terminal operations of a subsidiary (note 6). The loan carries commission at commercial rates (SIBOR plus an agreed margin) and is repayable in nine installments ending in December 2023.
- c. During the current period, RSGT and the two local lending banks mutually agreed to amend the terms of the loan agreements as detailed in a) and b) above. These amendments, among others, modified the applicable rate from six months SIBOR to three months SIBOR, lowered the agreed margin, changed from biannual to quarterly payment and extended the maturity period from year 2023 to 2030. The modifications of the terms were assessed qualitatively and quantitatively in accordance with IFRS 9 “Financial Instruments” and as a result concluded as continuation of the previous loan. The modifications has resulted in a day 1 gain of SR 32 million recorded in the interim condensed consolidated statement of income as at the effective date of the modification of the terms of the loans. RSGT continued to hedge the cash flow risk arising from the variability of the cash flows arising from the changes of applicable rates.

As a result of the modifications, the current and non-current portion of the loan as at the period end is as follows:

**17. ZAKAT AND INCOME TAX**

***Parent Company***

The General Authority for Zakat and Tax (GAZT) raised assessments for the years 2002 through 2008 with an additional liability of SR 25.8 million. The Parent Company had filed an objection against the GAZT's assessment. The Higher Appeal Committee issued their decision during the year. Following the issuance of the decision, the GAZT raised a revised assessment amounting to SR 9.5 million. The assessment does not take into consideration SR 3.9 million paid "under protest" at the time of filing an appeal with Higher Appeal Committee (HAC). The Company has filed an appeal against the decision issued by the HAC with the Board of Grievances (BOG).

In addition, the Parent Company has also requested the GAZT to reconsider their revised assessment. The BOG has recently issued their decision by rejecting to review the appeal filed by the Company. The company is in process of filing an appeal to second level of BOG, the BOG have dismissed this case from a procedural perspective without considering the merits thereof, in response the entity filed an appeal against the BOG's decision with the Supreme Court. Furthermore, the case was also escalated to the General Secretariat of Tax Committees (GSTC) in line with the latest regulations in this regard.

The GAZT raised assessments for the years 2009 through 2013 with an additional Zakat and withholding tax liability of SR 10.95 million. The Company accepted and paid the imposition of Zakat amounting to SR 0.016 million. An appeal against the remaining amount was filed by the Company with the GAZT. The Preliminary Appeal Committee (PAC) issued their decision reducing the liability to SR 7.1 million. The Company has filed an appeal with the Higher Appeal Committee (HAC) and submitted a bank guarantee of SR 7.1 million, based on their understanding of the PAC decision. Following the change in regulation the cases for 2009 - 2013 were also transferred to the GSTC. The GAZT raised assessments for the years 2014 and 2015 with an additional liability of SR 0.69 million. The Parent Company has filed an appeal against the GAZT's assessments. The GAZT has issued a revised assessment with reduced liability of SR 0.52 million. An appeal against the remaining amount was filed by the Company with the GSTC. Hearing dates for each of the cases transferred to the GSTC are yet to be assigned.

**21. FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction takes place either:

- In the accessible principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous accessible market for the asset or liability
- Fair value information of the Group's financial instruments is analysed below:

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: quoted prices in active markets for the same or identical instrument that an entity can access at the measurement date;

Level 2: quoted prices inactive markets for similar assets and liabilities or valuation techniques for which all significant inputs are based on observable market data; and

Level 3: valuation techniques for which any significant input is not based on observable market data.

**23. SUBSEQUENT EVENT**

A subsidiary of the Group, RSGT, signed a new concession agreement with MAWANI dated 23 December 2019 (the new agreement). According to the terms, the new agreement became effective once all the Conditions Precedence (CPs) have been met/waived/delayed by the Company/MAWANI and Effective Date Certificate is mutually signed by the parties. Subsequent to the statement of financial position date, the Effective Date Certificate was signed on 1 April 2020 confirming all CPs have been met. This being non-adjusting event, these interim condensed consolidated financial statements do not reflect the accounting implications of the terms of the new agreement.

As at 1 April 2020, as a result of the application of the new agreement below is a summary of the estimated impact on the Group's amounts reported in the statement of financial position:

- a) Reclassification of certain items of property, plant and equipment to intangible assets amounting to SR 489.2 million at their respective carrying amounts.
- b) Recognition of the present value of the fees payable to MAWANI over the term of the concession agreement, being the fair value of the intangible asset under the guidance of *IFRIC 12 'Service Concession Arrangements'*, with corresponding credit to financial liability.
- c) Reversal of provision for asset replacement, being no longer required as no such obligation exists under the new agreement with MAWANI.

**24. APPROVAL OF CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**
