Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

For the nine-month period ended 30 September 2023

2. <u>BASIS OF PREPARATION</u>

2.1 Basis of accounting

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34 – "Interim Financial Reporting", as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Chartered and professional Accountants ("SOCPA").

These condensed consolidated interim financial statements do not include all of the information required for a complete set of the annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by the Saudi Organization for Chartered and Professional Accountants (SOCPA), and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2022 (last annual consolidated financial statements). However, selected explanatory notes are included to explain the events and transactions that are significant to an understanding of changes in the Group's financial position and performance since the last annual consolidated financial statements.

2.2 Significant judgments, estimates and assumptions

The preparation of Group's condensed consolidated interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of revenues, expenses, assets, liabilities and accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

The Group based its assumptions and estimates on parameters available when the condensed consolidated interim financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur. Also see note 2.3 below.

The significant judgments exercised in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual consolidated financial statements for the year ended 31 December 2022.

2.3 Basis of measurement

These condensed consolidated interim financial statements have been prepared under the historical cost basis, except for financial assets at fair value through other comprehensive income ("FVOCI"), derivative financial instruments which are carried at their fair values and employee benefits, which are measured at the present value of defined benefit obligation using projected unit credit method. Further, the condensed consolidated interim financial statements are prepared using the accrual basis of accounting and the going concern assumption.

2.4 Functional and presentation currency

These condensed consolidated interim financial statements are presented in Saudi Arabian Riyals ("SR"), which is the Group's functional and presentation currency.

Few amendments to standards became effective from 1 January 2023 which do not have a material effect on these condensed consolidated interim financial statements.

4. STANDARDS, INTERPRETATIONS AND AMENDMENTS ISSUED BUT NOT YET EFFECTIVE

The standards, interpretations and amendments with effective date of 1 January 2023 not expected to have any material impact on the Group's condensed consolidated interim financial statements, whereas for the other above-mentioned standards, interpretations and amendments, the Group is currently assessing the implications on the Group's condensed consolidated interim financial statements on adoption.

Tusdeer, a subsidiary of the Group, had entered into a Build-Operate-Transfer agreement (the "Agreement") with Saudi Ports Authority ("MAWANI" or the "grantor") for the construction of a container terminal at the Re-export Zone of Jeddah Islamic Port.

The Agreement was, subsequently, novated by Tusdeer to RSGT (another subsidiary of the Group), effective 22 Shawal 1428H (corresponding to 3 November 2007). The period of the Agreement originally was for 32 years. On 23 December 2019, RSGT, entered into a new concession agreement (the New Concession Agreement) with MAWANI whereby RSGT acquired rights to build and operate North Container Terminal in addition to the terminal operated under the Agreement, effective from 1 April 2020 (the effective date) for a period of 30 years from this date with option to renew the term based on mutually agreed negotiations.

Under the terms of the New Concession Agreement, MAWANI stipulates the Tariffs applied by RSGT when providing services and has the right to review the published tariff structure periodically. The Group has right to charge users of the port for services provided in accordance with the New Concession Agreement. Intangible assets – port concession rights are secured against the Ijara facilities obtained from local banks.

New Concession Agreement stipulates payment of the fixed and guaranteed variable annual fees on specified rates over the life of the agreement. These fees were recorded as intangible asset under the guidance of IFRIC 12 'Service Concession Arrangements', with corresponding liability recognized as obligation under service concession arrangement. All other variable fees are charged to income as and when incurred.
