INDEPENDENT AUDITOR'S REVIEW REPORT ON CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

The shareholders
Takween Advanced Industries
(A Saudi Joint Stock Company)
Al-Khobar, Kingdom of Saudi Arabia

Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of Takween Advanced Industries (the "Company"), a Saudi Joint Stock Company and its subsidiaries (collectively referred to as the "Group") as at March 31, 2023, and the related condensed consolidated interim statements of profit or loss and other comprehensive income, changes in equity and cash flows for the three-month and nine-months period then ended and other explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared in, all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

Emphasis of matter

We draw attention to Note 1 to the accompanying condensed consolidated interim financial statements which indicates that the Group incurred a net loss of SR 25.8 million, net operating cash outflow was SR 35.4 million and net cash outflow was SR 18.3 million during the period ended March 31, 2023, and as of that date the Group's current liabilities exceeded the current assets by SR 447.4 million. Moreover, the Group's accumulated losses were SR 485.4 million which exceeded the half of the Group's share capital, the Group has taken rectification measures following the requirement of the Companies regulation to reduce the accumulated losses. The Group's board of directors as of March 13, 2023, has submitted a recommendation to the Shareholders for reduction of share capital by absorbing the accumulated losses and a subsequent capital increase through rights issue.

These events and conditions, along with other matters as outlined in Note 1 to the accompanying condensed consolidated interim financial statements, indicate the existence of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

These condensed consolidated interim financial statements for the three-month period ended March 31, 2023, have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. These condensed consolidated interim financial statements do not include all the information and disclosures required in the annual financial statements, and hence should be read in conjunction with the Group's annual financial statements for the year ended December 31, 2022.

3.2 Preparation of the condensed consolidated interim financial statements

These condensed consolidated interim financial statements have been prepared on the historical cost convention except for where International Financial Reporting Standards ("IFRSs") requires other measurement basis.

The principal accounting policies applied in the preparation of condensed consolidated interim financial statements are consistent with those of the previous financial year and the respective corresponding interim reporting period.

The preparation of condensed consolidated interim financial statements required management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts in the condensed consolidated interim financial statements. These critical accounting judgements and key sources of estimations were the same as those described in the last annual financial statements.

3.3 Functional and presentation currency

These condensed consolidated interim financial statements are presented in Saudi Riyals (SR) in thousands, which is the Group's functional and presentation currency.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies applied by the group.

4.1 Basis of consolidation

The condensed consolidated interim financial statements incorporate the financial statements of Takween Advanced Industries and of its subsidiaries (the "Group") as detailed in note 2. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.
- The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there
 are changes to one or more of the three elements of control listed above.
- When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Continued) FOR THE THREE MONTHS PERIOD ENDED MARCH 31, 2023

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.1 Basis of consolidation (continued)

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- · rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current
 ability to direct the relevant activities at the time that decisions need to be made, including voting patterns
 at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the condensed consolidated interim statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Condensed consolidated interim statement of profit or loss and each component of other comprehensive income are attributed to the shareholders of the Company. Total comprehensive income of subsidiaries is attributed to the shareholders of the Company.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

4.1.1 Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to shareholders of the Group.

When the Group loses control of a subsidiary, a gain or loss is recognized in the condensed consolidated interim statement of profit or loss and other comprehensive income and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognized in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified condensed consolidated interim statement of profit or loss and other comprehensive income or transferred to another category of equity as specified/permitted by applicable IFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded either at fair value on initial recognition for subsequent accounting under IFRS 9, or at the cost on initial recognition of an investment in an associate or a joint venture.

4.2 New Standards, Amendments to Standards and Interpretations

A number of new standards, amendments to standards are effective from January 1, 2023, but they do not have a material effect on the Group's condensed consolidated interim financial statements.

Certain new accounting standards and interpretations have been published that are not mandatory for March 31, 2023 reporting period and have not been early adopted by the Group. These standards are not expected to have a material impact on the Group in the current or future reporting periods and on foreseeable future transactions.
