Revenue rises 5% YoY; in-line

Alandalus Property's revenue in 1Q 2022 increased 5% YoY to SAR 53.3mn, in-line with our estimate. A 91% surge in the revenue from the Hospitality segment on the back of a higher occupancy primarily drove the top-line higher, supported by a 3% YoY rise in the Retail segment's revenue.

Operating profit and margin match our estimate

The company reported an operating profit of SAR 34.6mn in 1Q 2022, which represented an increase of 5% YOY (+27% QoQ), matching our estimate of SAR 34.3mn. The operating margin came-in at 64.8% in 1Q 2022, as expected, almost similar to the same period last year.

Consequently, net profit meets our expectation

Aided by an in-line performance at the operating level, the net profit of SAR 19.8mn also met our expectation (+1% variance). Despite the company reporting a slight decrease in the income from associates and other revenues, and higher zakat, driven by a higher top-line, net profit edged up 4% YoY (+90% QoQ).

Maintain target price

Thus, post an in-line earnings performance in 1Q 2022, we maintain our target price on the stock.
