## Report on review of condensed consolidated interim financial information

To the shareholders of United Carton Industries Company (A Saudi Joint Stock Company)

#### Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of United Carton Industries Company (the "Company") and its subsidiaries (together the "Group") as of June 30, 2025 and the related condensed consolidated interim statement of profit or loss and other comprehensive income for the three-month and six-month periods then ended and the condensed consolidated interim statements of changes in equity and cash flows for the six-month period ended June 30, 2025 and other explanatory notes. Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

#### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

#### 1 General information

United Carton Industries Company (the "Company") is a Saudi Joint Stock Company registered in the Kingdom of Saudi Arabia ("KSA") under Commercial Registration ("CR") number 4030065231 dated Ramadan 18, 1409H (corresponding April 24, 1989). The Company's registered office is located at Industrial Area- Phase No. 5, P.O. Box 31503, Jeddah 21418, Kingdom of Saudi Arabia.

The Company and its subsidiaries (together referred to as the "Group") are primarily engaged in the manufacturing and sale of corrugated carton containers and plates, folding carton (duplex) and pulp products, paper and packaging material.

This condensed consolidated interim financial information includes the financial information of the Company and the following subsidiaries in which the Group exercises control.

#### a) Initial Public Offering ("IPO")

During 2024, the shareholders of the Company resolved to file an IPO application with the Capital Market Authority of the Kingdom of Saudi Arabia (the "CMA") to list the Company's shares on Tadawul, the main market in the Kingdom of Saudi Arabia.

The Company filed the application with the CMA for the IPO of 30% of its shares on Tadawul, in accordance with the Rules on the Offer of Securities and Continuing Obligations issued by the CMA, which was approved on December 16, 2024.

During the six-month period ended June 30, 2025, the Company's shares started trading on Saudi Stock Exchange as of May 27, 2025. The legal formalities of updating the Company's By-laws and CR, to convert the Company from a Closed Joint Stock Company to a Saudi Joint Stock Company, are in progress as of the date of authorization for issue of this condensed consolidated interim financial information.

#### b) Business performance

During the six-month period ended June 30, 2025, the increase in prices of raw material, mainly paper, in the local and international markets resulted in an increase in the cost of revenue and reduction in the gross profitability. Additionally, the Group has earned finance income from short-term deposits made during the six-month period ended June 30, 2025.

#### 2 Basis of preparation

This condensed consolidated interim financial information of the Group has been prepared in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia, and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

This condensed consolidated interim financial information does not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the annual consolidated financial statements of the Group for the year ended December 31, 2024. IAS 34 states that the interim financial information is intended to provide an update on the latest complete set of annual financial statements. Hence, IAS 34 requires less disclosure in interim financial information than International Financial Reporting Standards, that are endorsed in the Kingdom of Saudi Arabia, and other standards and pronouncements issued by SOCPA, require in annual financial statements. An interim period is considered as an integral part of the whole fiscal year, however, the results of operations for the interim periods may not be a fair indication of the results of the full year's operations.

The condensed consolidated interim financial information is prepared on a going concern basis.

#### 2.1 Basis of measurement

This condensed consolidated interim financial information has been prepared under the historical cost basis, except as explained in the relevant accounting policies in the annual consolidated financial statements for the year ended December 31, 2024.

This condensed consolidated interim financial information is presented in Saudi Arabian Riyals ("Saudi Riyals"), which is the functional and presentation currency of the Company. The condensed consolidated interim financial information has been rounded-off to the nearest Saudi Riyals, unless otherwise stated.

#### 2.2 New standards and amendments

#### a) New and amended standards adopted by the Group

Certain amendments to existing standards became applicable for the current reporting period. The amendments did not have an impact on the financial statements of the Group and accordingly, the Group did not have to change its accounting policies or make any retrospective adjustments.

#### b) Standards and interpretations issued but not yet effective

Certain new accounting standards and interpretations have been published that are not mandatory for June 30, 2025 reporting periods and have not been early adopted by the Group. The standards, interpretations and amendments issued that are relevant to the Group, but are not yet effective are disclosed below.

| Standard interpretation  | Effective date  |
|--|-----------------|
| Amendment to IFRS 9 and IFRS 7 - Classification and Measurement of Financial Instruments | January 1, 2026 |
| Annual improvements to IFRS – Volume 11  | January 1, 2026 |
| Amendment to IFRS 9 and IFRS 7 - Contracts Referencing Nature-dependent Electricity      | January 1, 2026 |
| IFRS 18 -Presentation and Disclosure in Financial Statements                             | January 1, 2027 |
| IFRS 19 -Subsidiaries without Public Accountability                                      | January 1, 2027 |

Management is in the process of assessing the impact, if any, these pronouncements may have in future reporting periods.

#### 2.3 Material accounting policies

The material accounting policies adopted by the Group for the preparation of the condensed consolidated interim financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended December 31, 2024.

#### 3 Critical accounting estimates and judgements

The preparation of the condensed consolidated interim financial information requires the use of certain critical estimates and judgments that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the reporting date and the reported amount of revenue and costs during the reporting period. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and judgments concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results.

These estimates and assumptions are based upon experience and various other factors that are believed to be reasonable under the circumstances and are used to judge the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised or in the revision period and future periods if the changed estimates affect both current and future periods.

Management has concluded that the Group's critical accounting judgements, estimates and assumptions remain appropriate under the current circumstances for the purpose of preparation of the condensed consolidated interim financial information. Management believes all sources of estimation uncertainty remain similar to those disclosed in the annual consolidated financial statements for the year ended December 31, 2024.

|   |      | 252,889,724      | 235,014,452          |

\*This represents trade receivables which are subject to factoring arrangement with commercial banks but are not factored at the period end. The trade receivables portfolio subject to factoring is initially classified at fair value through profit or loss. Due to the short-term nature of trade receivables at amortised cost, their carrying amount is considered to be the same as their fair value.

Movement in allowance for impairment of trade receivables is as follows:

#### 10 Short-term borrowings

Short-term borrowings are obtained from commercial banks to finance the working capital of the Group.

These are denominated in Saudi Riyals and United Arab Emirates dirham, bear financial charges based on prevailing market rates based on Saudi Interbank Offer Rate (SAIBOR) in the Kingdom of Saudi Arabia and Emirates Interbank Offer Rate ("EIBOR") in United Arab Emirates and are collaterised by demand promissory notes from the Company.

The unused funded balance of these facilities as at June 30, 2025 amounted to Saudi Riyals 298.2 million (December 31, 2024: Saudi Riyals 244.6 million).

#### 11 Zakat and income tax matters

#### 11.1 Components of the zakat base

The Company and the subsidiaries file separate zakat and income tax declarations on an unconsolidated basis. The significant components of the zakat base of each company under the zakat and income tax regulations are principally comprised of shareholder's equity, provisions and other adjustments, less deductions for the book value of deductible assets.

#### 11.4 Status of final assessments

There are no changes to the status of open zakat assessments, as at June 30, 2025, as disclosed in the annual consolidated financial statements for the year ended December 31, 2024, except for the assessments relating to years 2013 and 2014 of the Company against which Tax Violations and Disputes Appeal Committee ("TVDAC") has ruled in favor of Zakat, Tax and Customs Authority ("ZATCA") for the contested amount of Saudi Riyals 1.1 million. The Company being aggrieved submitted reconsideration request to the General Secretariat of Tax Committees ("GSTC"). which is currently under review. However, the Company has paid the amount under protest for the issuance of the zakat certificate.

The Company and its subsidiaries based in the Kingdom of Saudi Arabia have submitted their respective zakat and income tax returns for the year ended December 31, 2024 to ZATCA of the Kingdom of Saudi Arabia and have obtained the certificates valid up to April 30, 2026.

#### 13 Earnings per share

Basic earnings per share is calculated by dividing the profit for the period attributable to the shareholders of the Company, by the weighted average number of ordinary shares outstanding during the financial period. As the Company does not have any diluting potential shares, the diluted earnings per share is the same as the basic earnings per share. The basic and diluted earnings per share is computed as follows:

|   | For the three-month period ended June 30 |                     | For the six-month period ended June 30 |             |  |

#### 15 Segment information

An operating segment is a component of an entity:

- (a) that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity),
- (b) whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and
- (c) for which discrete financial information is available.

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM"). For management purposes, the Group is organised into business units based on their products and has the following reportable segments:

#### Corrugated

Corrugated segment which manufactures and sells corrugated boxes, digital printing products, retail boxes etc.

#### **Duplex**

Duplex segment involves manufacturing of folding cartons and pulp products.

#### Paper and packaging material

Paper segment involves manufacturing of paper, packing and packaging material.

The Group's CODM (CEO and BoD) monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit/(loss) before zakat and tax for each segment.

The management has identified that revenue from transportation services is not an operating segment, and such revenue has been allocated to corrugated and duplex segments.

The Group's consolidated financial information by business segments were as follows:
