Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", endorsed in the Kingdom of Saudi Arabia. A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

Emphasis of matter

Without qualifying our review conclusion, we draw attention to Note 1 of the accompanying condensed interim financial statements for the six months period ended June 30, 2021 which explains that the Board of Directors have already issued condensed interim financial statements for the three months and six months period ended June 30, 2021 dated September 29, 2021 G. which include comparative figures "Not Audited or Reviewed" by the company's auditor for the statements of profit or loss and other comprehensive income, changes in equity and cash flows. However, subsequent to issue of condensed interim financial statements, we were engaged to review the comparative figures and as a result, a separate review report has been issued on October 19, 2021 on the condensed interim financial statements for the six months period ended June 30, 2020.
