INDEPENDENT AUDITORS' REPORT ON THE REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS

The Shareholders
AlJazira Takaful Taawuni Company
(A Saudi Joint Stock Company)
Kingdom of Saudi Arabia

Introduction

We have reviewed the accompanying condensed statement of financial position of AlJazira Takaful Taawuni Company - a Saudi Joint Stock Company (the "Company") as at 30 June 2021, and the related condensed statements of income and other comprehensive income for the three-month and six-month period then ended and the condensed statements of changes in equity and cash flows for the six-month period then ended, and notes to the condensed interim financial statements. Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing ("ISAs"), that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

ALJAZIRA TAKAFUL TAAWUNI COMPANY
(A SAUDI JOINT STOCK COMPANY)
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
At 30 June 2021

1. GENERAL

AlJazira Takaful Taawuni Company (the "Company"), is a Saudi Joint Stock Company incorporated in the Kingdom of Saudi Arabia pursuant to the Council of Ministers' resolution No. 137 dated 27 Rabi' Al-Thani 1431H (corresponding to 12 April 2010) and Royal Decree No. M/23 dated 28 Rabi' Al-Thani 1431H corresponding to 13 April 2010. The Company obtained its Commercial Registration 4030251980 on 2 Ramadan 1434H corresponding to 10 July 2013 and Ministry of Commerce and Industry's Resolution dated 24 Sha'baan 1434H corresponding to 03 July 2013. The Company operates only in the Kingdom of Saudi Arabia. The Company has the following branches and the assets, liabilities and results of operations of these branches and offices are included in these condensed interim financial statements:

<u>Branch</u>	<u>CR Number</u>	<u>Date</u>
Riyadh	1010519290	24 Jumada Al-Awal 1440
Riyadh	1010339648	01 Rajab 1433
Madinah	4650081845	21 Rabi' Al-Awal 1438
AlKhobar	2051224259	24 Jumada Al-Awal 1440

The registered office address of the Company is:

Al Musadia Plaza (3), Al Madinah Road,
P.O. Box 5215, Jeddah 21422, Kingdom of Saudi Arabia.

The objectives of the Company are to engage in providing insurance products that include protection and saving insurance products and related services in accordance with its By-Laws and applicable regulations in the Kingdom of Saudi Arabia. On 13 Jumada al-Thani 1442H (corresponding to 26 January 2021), the Company amended its By-Laws to include the objective of practicing general insurance and health insurance business. The Company received license number TMN/34/201312 dated 15 Safar 1435H (corresponding to 18 December 2013) from the Saudi Central Bank (SAMA) to conduct insurance business. The Company is owned 98.33% by Saudi shareholders' and the general public subject to Zakat and 1.67% by non-Saudi shareholders' subject to income tax.

Further to receipt of regulatory approvals, shareholders of the Company and Solidarity Saudi Takaful Company ("Solidarity") in the Extra Ordinary General Meeting held on 13 Jumada al-Thani 1442H (corresponding to 26 January 2021) approved the proposed merger of the Company and Solidarity pursuant to Articles 191-193 of the Companies Law and Article 49 (a) (1) of the Merger and Acquisitions Regulations issued by the Capital Markets Authority of the Kingdom of Saudi Arabia (the "CMA"). On 16 Rajab 1442 (corresponding to 28 February 2021), the Company announced the enforcement of the decision to merge Solidarity into the Company and transfer all the assets and liabilities of Solidarity to the Company after both the Company and Solidarity had fulfilled the merger terms according to the merger agreement concluded between the two companies as described in the shareholders' circular and the offering document issued by the Company. Please refer to note 4 for details.

2. BASIS OF PREPARATION

a) Basis of presentation

The condensed interim financial statements of the Company as at and for the period ended 30 June 2021 have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting ("IAS 34") as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organisation for Chartered and Professional Accountants ("SOCPA") (referred to as "IFRS as endorsed in KSA").

The condensed interim financial information is prepared under the going concern basis and the historical cost convention, except for the measurement of investments (excluding held-to-maturity) at their fair value and employee benefits which are recognized at the present value of future obligations using Projected Unit Credit Method.

The Company's condensed statement of financial position is presented in order of liquidity. Except for property and equipment, intangible assets, right of use assets, goodwill, statutory deposit, employee benefits, lease liabilities, outstanding claims, claims incurred but not reported, premium deficiency reserve, unit reserves, mathematical reserve, and other technical reserves, all other assets and liabilities are of short-term nature, unless, stated otherwise.

As required by the Saudi Arabian Insurance Regulations (the Implementation Regulations), the Company maintains separate books of accounts for "Insurance Operations" and "Shareholders' Operations". Accordingly, assets, liabilities, revenues and expenses clearly attributable to either operation, are recorded in the respective accounts.

ALJAZIRA TAKAFUL TAAWUNI COMPANY
(A SAUDI JOINT STOCK COMPANY)
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (continued)
At 30 June 2021

2. BASIS OF PREPARATION (continued)

a) Basis of presentation (continued)

The condensed interim financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the annual financial statements of the Company as at and for the year ended 31 December 2020 ("last annual Financial Statements") except the impact of merger with Solidarity (refer note 4). The condensed interim financial statements may not be considered indicative of the expected results for the full year. These condensed interim financial statements are expressed in Saudi Arabian Riyals (SAR) and are rounded off to the nearest thousands.

b) Critical judgments, accounting estimates and assumptions

The preparation of condensed interim financial statements requires management to make judgments, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income, and expense. Actual results may differ from these estimates.

Estimates and judgments are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In preparing these condensed interim financial statements, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2020. However, the Company has reviewed the key sources of estimation uncertainties disclosed in the last annual financial statements against the backdrop of COVID-19 pandemic and the estimation uncertainties associated with the assets and liabilities transferred as a result of its merger with Solidarity. Management will continue to assess the situation and reflect any required changes in future reporting periods.

c) Seasonality of operations

There are no seasonal changes that may affect insurance operations of the Company.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of these condensed interim financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2020. Based on the adoption of amendments to existing standards and in consideration of the current economic environment, the following accounting policies are applicable effective 01 January 2020, replacing, amending or adding to the corresponding accounting policies set out in 2020 annual financial statements.

a) Amendments to existing accounting standards

The Company has adopted the following amendment and revision to existing standards and interpretations, which were issued by the International Accounting Standards Board (IASB), have been effective for the first time in 2021 and are accordingly adopted by the Company:

Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16: Profit Rate Benchmark Reform

The amendments provide temporary relief that address the impact on financial reporting when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free profit rate (RFR). The amendments include the following practical expedients:

- A practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating profit rate, equivalent to a movement in a market rate of profit;
- Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued; and
- Provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.

The adoption of the amended standards and interpretations applicable to the Company did not have any significant impact on these condensed interim financial statements.

IFRS 17 – Insurance Contracts

Overview

This standard has been published on 18 May 2017, it establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts and supersedes IFRS 4 – Insurance contracts.

The new standard applies to insurance contracts issued, to all reinsurance contracts and to investment contracts with discretionary participating features provided the entity also issues insurance contracts. It requires to separate the following components from insurance contracts:

- i) embedded derivatives, if they meet certain specified criteria;
- ii) distinct investment components; and
- iii) any promise to transfer distinct goods or non-insurance services.

These components should be accounted for separately in accordance with the related standards (IFRS 9 and IFRS 15).

Measurement

In contrast to the requirements in IFRS 4, which permitted insurers to continue to use the accounting policies for measurement purposes that existed prior to January 2015, IFRS 17 provides the following different measurement models:

The General model is based on the following “building blocks”:

- a) the fulfilment cash flows (FCF), which comprise:
 - probability-weighted estimates of future cash flows,
 - an adjustment to reflect the time value of money (i.e. discounting) and the financial risks associated with those future cash flows,
 - and a risk adjustment for non-financial risk;
- b) the Contractual Service Margin (CSM). The CSM represents the unearned profit for a group of insurance contracts and will be recognized as the entity provides services in the future. The CSM cannot be negative at inception; any net negative amount of the fulfilment cash flows at inception will be recorded in profit or loss immediately. At the end of each subsequent reporting period the carrying amount of a group of insurance contracts is remeasured to be the sum of:
 - the liability for remaining coverage, which comprises the FCF related to future services and the CSM of the group at that date;
 - and the liability for incurred claims, which is measured as the FCF related to past services allocated to the group at that date.

IFRS 17 – Insurance Contracts (continued)

The CSM is adjusted subsequently for changes in cash flows related to future services but the CSM cannot be negative, so changes in future cash flows that are greater than the remaining CSM are recognized in profit or loss. The effect of changes in discount rates will be reported in either profit or loss or other comprehensive income, determined by an accounting policy choice.

The Variable Fee Approach (VFA) is a mandatory model for measuring contracts with direct participation features (also referred to as ‘direct participating contracts’). This assessment of whether the contract meets these criteria is made at inception of the contract and not reassessed subsequently. For these contracts, the CSM is also adjusted for in addition to adjustment under general model;

- i) changes in the entity’s share of the fair value of underlying items,
- ii) changes in the effect of the time value of money and financial risks not relating to the underlying items.

In addition, a simplified Premium Allocation Approach (PAA) is permitted for the measurement of the liability for the remaining coverage if it provides a measurement that is not materially different from the general model or if the coverage period for each contract in the group is one year or less. With the PAA, the liability for remaining coverage corresponds to premiums received at initial recognition less insurance acquisition cash flows. The general model remains applicable for the measurement of incurred claims. However, the entity is not required to adjust future cash flows for the time value of money and the effect of financial risk if those cash flows are expected to be paid/received in one year or less from the date the claims are incurred.

Effective date

The IASB issued an Exposure Draft Amendments to IFRS 17 during June 2019 and received comments from various stakeholders. The IASB is currently re-deliberating issues raised by stakeholders. For any proposed amendments to IFRS 17, the IASB will follow its normal due process for standard-setting. The effective date of IFRS 17 and the deferral of the IFRS 9 temporary exemption in IFRS 4, is currently January 1, 2023. Earlier application is permitted if both IFRS 15 – Revenue from Contracts with Customers and IFRS 9 – Financial Instruments have also been applied. The Company intends to apply the standard on its effective date.

Transition

A retrospective application is required. However, if full retrospective application for a group of insurance contracts is impracticable, then the entity is required to choose either a modified retrospective approach or a fair value approach.

Presentation and Disclosures

The Company expects that the new standard will result in a change to the accounting policies for insurance contracts together with amendments to presentation and disclosures.

Impact

The Company has completed the design of IFRS 17 requirements. As of the date of the publication of these condensed interim financial statements, the financial impact of adopting the standard has yet to be fully assessed by the Company. The Company has undertaken a Gap Analysis, and the key areas of Gaps are as follows:

IFRS 9 - Financial Instruments

This standard was published on 24 July 2014 and has replaced IAS 39. The new standard addresses the following items related to financial instruments:

Classification and measurement

IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss. A financial asset is measured at amortized cost if both:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and;
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding (“SPPI”).

b) Standards issued but not yet effective (continued)

IFRS 9 - Financial Instruments (continued)

The financial asset is measured at fair value through other comprehensive income and realized gains or losses would be recycled through profit or loss upon sale, if both conditions are met:

- i) the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and for sale and;
- ii) the contractual terms of cash flows are SPPI.

Assets not meeting either of these categories are measured at fair value through profit or loss. Additionally, at initial recognition, an entity can use the option to designate a financial asset at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch. For equity instruments that are not held for trading, an entity can also make an irrevocable election to present in other comprehensive income subsequent changes in the fair value of the instruments (including realized gains and losses), dividends being recognized in profit or loss.

Additionally, for financial liabilities that are designated as at fair value through profit or loss, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss.

Impairment

The impairment model under IFRS 9 reflects expected credit losses, as opposed to incurred credit losses under IAS 39. Under the IFRS 9 approach, it is no longer necessary for a credit event to have occurred before credit losses are recognized. Instead, an entity always accounts for expected credit losses and changes in those expected credit losses. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition.

Hedge accounting

IFRS 9 introduces new requirements for hedge accounting that align hedge accounting more closely with Risk Management. The requirements establish a more principles-based approach to the general hedge accounting model. The amendments apply to all hedge accounting with the exception of portfolio fair value hedges of interest rate risk (commonly referred to as "fair value macro hedges"). For these, an entity may continue to apply the hedge accounting requirements currently in IAS 39. This exception was granted largely because the IASB is addressing macro hedge accounting as a separate project.

Effective date

The published effective date of IFRS 9 was 01 January 2018. However, amendments to IFRS 4 – Insurance Contracts: Applying IFRS 9 – Financial Instruments with IFRS 4 – Insurance Contracts, published on 12 September 2016, changes the existing IFRS 4 to allow entities issuing insurance contracts within the scope of IFRS 4 to mitigate certain effects of applying IFRS 9 before the IASB's new insurance contract standard (IFRS 17 – Insurance Contracts) becomes effective. The amendments introduce two alternative options:

- 1) apply a temporary exemption from implementing IFRS 9 until the earlier of
 - a) the effective date of a new insurance contract standard; or
 - b) annual reporting periods beginning on or after 01 January 2021. The IASB is proposing to extend the effective date of IFRS 17 and the IFRS 9 temporary exemption in IFRS 4 to 01 January 2023. Additional disclosures related to financial assets are required during the deferral period. This option is only available to entities whose activities are predominately connected with insurance and have not applied IFRS 9 previously; or;
- 2) adopt IFRS 9 but, for designated financial assets, remove from profit or loss the effects of some of the accounting mismatches that may occur before the new insurance contract standard is implemented. During the interim period, additional disclosures are required.

IFRS 9 - Financial Instruments (continued)

The Company has performed a preliminary assessment beginning 01 January 2020:

(1) The carrying amount of the Company's liabilities arising from contracts within the scope of IFRS 4 (including deposit components or embedded derivatives unbundled from insurance contracts) were compared to the total carrying amount of all its liabilities; and

(2) the total carrying amount of the company's liabilities connected with insurance were compared to the total carrying amount of all its liabilities. Based on these assessments, the Company determined that it is eligible for the temporary exemption. Consequently, the Company has decided to defer the implementation of IFRS 9 until the effective date of the new insurance contracts standard. Disclosures related to financial assets required during the deferral period are included in the Company's condensed interim financial statements.

Impact assessment

The Company is currently assessing the impact of the application and implementation of IFRS 9. As of the date of the publication of these condensed interim financial statements, the financial impact of adopting the standard has yet to be fully assessed by the Company. However, the Company expects the classification and measurement of financial assets to be impacted from the implementation of IFRS 9 as the company is yet to perform a detailed review.

4. BUSINESS COMBINATION

The Company signed a non-binding Memorandum of Understanding (the "MOU") with Solidarity on 23 Shawwal 1440H (corresponding to 26 June 2019) to evaluate a potential merger between the two companies. On 04 Muharram 1442H (corresponding to 23 August 2020), the Company announced entry into a binding merger agreement with Solidarity (the "Merger Agreement") in an effort to acquire all shares held by the shareholders in Solidarity through the submission of an offer to exchange shares without any cash consideration, such exchange to be effected by way of increasing the capital of the Company through the issuance of new ordinary shares to all shareholders in Solidarity (the "Merger"). The Company received approval from Saudi Central Bank (SAMA) and Capital Market Authority on the merger transaction on 15 Rabi al-Thani 1442H (corresponding to 30 November 2020) and 08 Jumada al-Awwal 1442H (corresponding to 23 December 2020), respectively.

During the period, the shareholders of the Company and Solidarity in the Extra Ordinary General Meeting held on 13 Jumada al-Thani 1442H (corresponding to 26 January 2021) approved the proposed merger of the Company and Solidarity to be effected by way of a merger pursuant to Articles 191, 192, and 193 of the Companies Law issued under Royal Decree No. M3 dated 28 Muharram 1437H (corresponding to 10 November 2015), through the issuance of 0.482656120 new shares in the Company for each share in Solidarity, subject to the terms and conditions of the Merger Agreement.

On 14 Rajab 1442 (corresponding to 26 February 2021), the objection period for creditors ended, and there were no outstanding objections from the creditors of Solidarity as on this date. Further, on 16 Rajab 1442 (corresponding to 28 February 2021), the Company announced the enforcement of the decision to merge Solidarity into the Company and transfer all the assets and liabilities of Solidarity to the Company after both the Company and Solidarity had fulfilled the merger terms according to the merger agreement concluded between the two companies as described in the shareholders' circular and the offering document issued by the Company. On this date, the net assets and business activities of Solidarity were transferred to the Company in exchange for newly issued shares of the Company. Solidarity was de-listed from Tadawul, following the transfer; however, the commercial registration of Solidarity was not cancelled as of 30 June 2021.

The merger has been accounted for using the acquisition method under IFRS 3 – Business Combinations (the "Standard") with the Company being the acquirer and Solidarity being the acquiree. The Company has accounted for the acquisition based on provisional fair values of the acquired assets and assumed liabilities as at 28 February 2021 ("acquisition date"). Adjustment to the provisional values and their impact on the goodwill and acquired net assets of the Company will be finalized within twelve months of the date of acquisition as allowed by the Standard.

Purchase consideration

The purchase consideration was determined to be SAR 317,950 thousand, which consisted of the issue of 12,066,403 new shares to the shareholders of Solidarity.

The fair value of the newly issued shares of the Company was determined based on the closing market price of the ordinary shares of SAR 26.35 per share on the Tadawul on the last trading date prior to the acquisition date of 28 February 2021. Issue costs which were directly attributable to the issue of the shares were not material. As a result, there was an increase in share capital and share premium of SAR 120,664 thousand and SAR 197,286 thousand, respectively.

Status of assessments

The Company has submitted its Zakat and income tax returns for the years 2014 to 2020 with Zakat, Tax and Customs Authority (Formerly known as "the General Authority of Zakat and Income Tax") ("Authority" or "ZATCA") and obtained restricted certificates.

During 2019, ZATCA has issued initial assessments for the years 2014 through 2018, disallowing investments from the Zakat base and withholding tax liability with additional Zakat liability of SAR 41,166 thousand. The Company has filed an appeal against these initial assessments. The Preliminary Appeal Committee ("PAC") issued their decision upholding ZATCA's treatment. The Company has filed an appeal against the PAC decision with the Higher Appeal Committee ("HAC"). The management and their independent Zakat and income tax consultant strongly believe that the Company is in a strong position with respect to the aforementioned appeal.

In addition, Solidarity has also submitted its Zakat and income tax returns for the years 2014 to 2020 with ZATCA and obtained restricted certificates. During the previous years, ZATCA has issued the following initial assessments in respect of Solidarity:

- Income tax, zakat and withholding tax for the years amounting to SAR 18.5 million;
- Zakat and income tax assessment for the years from 2013 to 2016 amounting to SAR 22.1 million;
- Withholding tax assessment for 2017 and 2018 amounting to SAR 1.9 million;
- VAT assessment for the year 2018 and for November and December 2019 amounting to SAR 2.8 million;
- Zakat assessment for the year 2017 amounting to SAR 4.2 million.

Solidarity has filed an appeal against these initial assessments and is confident of a favorable outcome. The management of the Company and their independent Zakat and income tax consultant strongly believe that Solidarity is in a strong position with respect to the aforementioned appeal.

15. EARNINGS PER SHARE

The basic and diluted earnings per share have been calculated by dividing the net income for the period by the weighted average number of ordinary shares issued and outstanding at the period / year end. Diluted earnings per share is not applicable to the Company.

16. STATUTORY DEPOSIT

As required by the Implementation Regulations, the Company is required to deposit 10% of its paid-up capital in a bank designated by SAMA which amounted to SAR 47,066 thousand as at 30 June 2021. As a result of the merger of the Company and Solidarity, the Company deposited an additional amount of SAR 12,066 thousand to meet the requirements of implementing regulations. The amount of statutory deposit cannot be withdrawn without SAMA's approval. This deposit is held with Bank AlJazira "the founding shareholder".

17. FAIR VALUES OF FINANCIAL INSTRUMENTS

- a) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company's financial assets consist of Cash and cash equivalents, premium receivable, due from reinsurers, available for sale investments held to cover unit-linked liabilities, FVIS investments, held to maturity investments, other receivables, and its financial liabilities consist of other liabilities, reinsurance balances payable, lease liabilities, due to a related party, payable to agents policy holders and claimants, and outstanding claims. The fair values of financial instruments are not materially different from their carrying values. As at 30 June 2021, apart from the investments which are carried at fair value (note 6 and 7), there were no other financial instruments held by the Company that were measured at fair value.

- b) The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments:
Level 1: quoted prices in active markets for the same instrument (i.e. without modification or repackaging);
Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data; and
Level 3: valuation techniques for which any significant input is not based on observable market data.

The following table presents the Company's financial assets that are measured at fair values:

		30 June 2021 (SAR'000)

20. IMPACT OF COVID-19

The outbreak of novel coronavirus (COVID-19) since early 2020, its spread across mainland China and then globally, including the Kingdom of Saudi Arabia, and the declaration of this pandemic by the World Health Organization has resulted globally in governmental authorities imposing quarantines and travel restrictions of varying scope. This has led to significant disruptions in the retail, travel, and hospitality industries and in global trade. It has resulted in decreased economic activity and lowered estimates for future economic growth and has caused global financial markets to experience significant volatility. On 11 March 2020, the World Health Organisation (“WHO”) declared COVID-19 outbreak as a pandemic in recognition of its rapid spread across the globe.

This outbreak has also affected the GCC region, including the Kingdom of Saudi Arabia. Governments all over the world took steps to contain the spread of the virus. Saudi Arabia in particular, has implemented closure of borders, released social distancing guidelines, and enforced country-wide lockdowns and curfews.

In response to the spread of the COVID-19 virus in the Kingdom of Saudi Arabia where the Company operates, and its consequential disruption to the social and economic activities in the Saudi Arabia market, the Company’s management believes that it has taken appropriate and sufficient measures to address the impact of COVID-19. Given the Company’s existing liquidity position, it believes that it will be able to meet its liabilities as and when they fall due and will allow the Company to reasonably handle the liquidity risks presented by the current climate. Additionally, the preventive measures taken by the Company in April 2020 are still in effect that includes:

- the health and safety of its employees and the wider community where it is operating; and
- the continuity of its business throughout the Kingdom is protected and kept intact.

The Company has considered the following while assessing the impact of COVID-19 outbreak:

- **Financial assets**

The Company has performed an assessment in accordance with its accounting policy due to the COVID-19 pandemic to determine whether there is objective evidence that a financial asset or group of financial assets has been impaired. These include factors such as, significant financial difficulties of issuers or debtors, default or delinquency in payments, the probability that the issuer or debtor will enter bankruptcy or other financial reorganization, etc. In the case of sukuks classified under held to maturity, the Company has performed an assessment to determine whether there is a significant decline in the fair value of financial assets below their cost. Based on these assessments, the Company’s management believes that the COVID-19 pandemic has had no material effects on Company’s reported results for the period ended 30 June 2021. The Company’s management continues to monitor the situation closely.

- **Credit risk management**

The Company has strengthened its credit risk management policies to address the fast-changing and evolving risks posed by the current circumstances. These include reviewing credit concentrations at the granular economic sector, region, and counterparty level and taking appropriate action where required. Based on the review, the Company has identified the following sectors being impacted significantly by the COVID-19 pandemic:

- Transportation
- Construction
- Entertainment
- Food
- Airlines
- Freight Companies
- Hotels

- **Liquidity Risk**

The Company is aware of the need to focus on liquidity management during this period. It has enhanced its monitoring of current liquidity needs as well as the pandemic in its entirety. The Company regularly reviews and updates the liquidity forecast based on the individual liquidity balance and the continued development of external economic factors.

20. IMPACT OF COVID-19 (continued)

- **Claims**

The provision for claims incurred but not reported (IBNR) is an estimation of claims which are expected to be reported subsequent to the date of statement of financial position, for which the insured event has occurred prior to the date of statement of financial position. The Company has appointed a qualified actuary who supports in reviewing and providing recommendation with regards to the expected ultimate claims and the associated claims reserves. The Company booked reserves following the recommendation of the appointed actuary who is currently external and independent from the Company. A range of methods were used by the appointed actuary to determine these claims.

The Company's management with involvement of its appointed actuary has duly considered the impact of claims history in the current estimate of future contractual cash flows of the insurance contracts in force as at 30 June 2021 for its liability adequacy test. Notwithstanding these challenges, management believes that the actuarial reserves remain largely unaffected as the overall mortality due to COVID-19 in Saudi Arabia is very low.

- **Medical technical reserves**

Based on the management's assessment, the management believes that the Government's decision to assume the medical treatment costs for both Saudi citizens and expatriates has helped reduce any unfavorable impact. During the lockdown, the acquired company Solidarity Saudi Takaful Company ("Solidarity") saw a decline in medical reported claims (majorly elective and non-chronic treatment claims) which resulted in a drop in claims experience. However, subsequent to the lifting of lockdown since 21 June 2020, Solidarity experienced a surge in claims in line with the expectations of Solidarity's management.

Council of Cooperative Health Insurance ("CCHI") issued a Circular 895, dated 17 December 2020 regarding the procedures, protocols, and prices relating to the enforcement of Article 11. Following these procedures, Government facilities will be now able to bill insurance companies for the claims incurred for some elements of their insured population. As instructed by the CCHI, the new protocols and procedures will cover all new and renewing policies incepting from 01 January 2021. Moreover, this will also cover all emergency cases for all inforce policies as of 01 January 2021.

Since, the Company has acquired Solidarity (refer note 4), the Company's management in conjunction with its appointed actuary has duly considered the impact of the surge in Solidarity's medical claims in the current estimate of future contractual cashflows of the insurance contracts in force as at 30 June 2021 for its liability adequacy test. Based on the results, the Company has booked an amount of SAR 10.15 million as a premium deficiency reserve.

- **Motor technical reserves**

In response to the COVID-19 pandemic, SAMA issued a circular 189 (the "circular") dated 08 May 2020 to all insurance companies in the Kingdom of Saudi Arabia. Amongst other things, the circular instructed insurance companies to extend the period of validity of all existing retail motor insurance policies by further two months and provide a two-month additional coverage for all new retail motor policies written within one month of this circular. The Company's actuary has performed a liability adequacy test using current estimates of future cash flows under its insurance contracts at a segmented level for motor line of business and no liability was recorded as premium deficiency reserve as of 30 June 2021.

Based on these assessments, the Company's management believes that the COVID-19 pandemic has had no material effects on Company's reported results for the period ended 30 June 2021. As with any estimate, the projections and likelihoods of occurrence are underpinned by significant judgment and rapidly evolving situations and uncertainties surrounding the duration and severity of the pandemic, and therefore, the actual outcomes may be different to those projected. The impact of such an uncertain economic environment is judgmental, and the Company will continue to reassess its position and the related impact on a regular basis.

21. APPROVAL OF THE CONDENSED INTERIM FINANCIAL STATEMENTS

These condensed interim financial statements have been approved by the Board of Directors on 15 August 2021, corresponding to 7 Muharram 1443H.
