INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS

TO THE SHAREHOLDERS
NATIONAL GYPSUM COMPANY
(A SAUDI JOINT STOCK COMPANY)
RIYADH - SAUDI ARABIA

Introduction

We have reviewed the interim condensed statement of financial position of National Gypsum Company – Saudi Joint Stock Company - ("the Company") as at June 30, 2022, the interim condensed statements of profit or loss and other comprehensive income for the three and six months period ended on June 30, 2022, the condensed interim changes in equity and the condensed interim cash flows for the six months period then ended, and summary of significant accounting policies, and the notes (1) to (20) which considered an integral part of these interim condensed financial statements.

Management is responsible for the preparation and presentation of these interim condensed financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

1- In reference to note (6), the company's property, plant and equipment includes capital projects in progress balance of which amounted to SR 42.7 million at the financial position date. The balance represents the expenditure of the installation and operation of the Alpha and Beta Factory at the company's branch in Dammam, where the installation and operation works have not been completed yet. It also includes strategic spare parts amounted to SR16.4 million for plant and equipment. Furthermore, it includes property, plant and equipment for the company's factories amounted to SR 59.4 million to produce gypsum walls, whereby net annual loss was incurred. The management carried out a study for the recoverable value of the projects in progress and the plant. However, it was not adequate to determine whether there were any necessary adjustments to be made on the book value of these projects and plant. The management is currently working on a new study that takes into account all the new developments in the market. Accordingly, we were unable to determine, whether there is a need to recognize any impairment of these assets in the accompanying financial statements.

2. Basis of preparation of interim condensed financial statements ... (Continued)

B. Basis of measurement

These financial statements have been prepared in accordance with the historical cost principle and using accrual basis and going concern principle except for:

- Investments that are measured at fair value through other comprehensive income.
- Investments that are measured at fair value through profit or loss.
- Employees' defined benefit obligations, which are measured at the present value of future obligations in accordance with the projected credit unit method.

C. Significant accounting estimates, assumptions and judgments

The preparation of financial statements requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures about assets and contingent liabilities at the date of the financial statements, the amounts of revenues and expenses declared during the reporting period. Although these estimates and judgments are based on management's best information regarding current operations and events, actual results may differ from these estimates. Significant judgments made by management in applying the Company's accounting policies and the main sources of estimation uncertainty are consistent with those applied to the financial statements for the year ended December 31, 2021.

D. Functional and presentation currency

The financial statements items are presented in Saudi Riyals ("SR") which is the functional and presentation currency.

3. Significant accounting policies

The accounting policies applied to these interim condensed financial statements are the same as those applied to the financial statements for the year ended 31 December 2021.

4. Changes in significant accounting policies

There are no new standards issued. However, a number of amendments to the standards are effective as of January 1, 2022, which were explained in the company's annual financial statements for the financial year 2021, but they do not have a material impact on the interim condensed financial statements.

5. Segment information

The company's main business is the manufacture and production of gypsum inside the Kingdom of Saudi Arabia, therefore it provides reports on the operating segments in different geographical areas within the Kingdom of Saudi Arabia.
