Report on review of interim condensed financial statements

To the shareholders of Saudi Kayan Petrochemical Company (Saudi Kayan)
(A Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying interim condensed statement of financial position of Saudi Kayan Petrochemical Company (Saudi Kayan) (the “Company”) as of 30 June 2025 and the related interim condensed statement of profit or loss and other comprehensive income for the three-month and six-month periods then ended and the interim condensed statements of changes in equity and cash flows for the six-month period then ended and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - “Interim Financial Reporting” (IAS 34), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of interim financial information performed by the independent auditor of the entity”, as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

1 Corporate information

Saudi Kayan Petrochemical Company (Saudi Kayan) ("the Company") is a Saudi Joint Stock Company registered under Commercial Registration No. 2055008450 issued in Al Jubail on 26 Jumada'I 1428 H (12 June 2007G). The registered address of the Company is P.O. Box 10302, Al Jubail Industrial City, the Kingdom of Saudi Arabia. 35% of the Company's shares are owned by Saudi Basic Industries Corporation ("SABIC") and the remaining held by the general public.

The Company is engaged in the production of polypropylene, propylene, acetone, polyethylene, ethoxylate, ethylene, ethylene glycol, bisphenol, ethanolamine, industrial fatty alcohol, polycarbonate and other petrochemical products under an industrial license No. (218) dated 14 Shawwal 1443H (corresponding to 16 May 2022G) and ending on 29 Safar 1447H (corresponding to 23 August 2025G) issued by the Ministry of Energy, Industry and Mineral Resources. The management is currently in the process of renewing the above said license for a period of next three years.

The Company has 33.33% interest in Saudi Butanol Company (Sabuco), a Saudi Arabian Mixed Limited Liability Company. Sabuco's principal activities comprise of a Butanol plant in Jubail for the production of N-Butanol and Iso-Butanol. All of the N-Butanol and Iso-Butanol produced by Sabuco is sold to the parties to the joint arrangement (i.e. the Company and other shareholders of Sabuco). Based on these facts and circumstances, it was assessed that the Company has rights to the assets and obligations for the liabilities relating to Sabuco and has therefore been classified as a joint operation. The Company has accounted for its share of assets, liabilities, income and expenses based on its 33.33% shareholding interest.

Financial performance

The Company's financial performance continued to be particularly affected by increase in feedstock prices changed by Saudi Arabian Oil Company ("Saudi Aramco") during the three-month and six-month periods ended 30 June 2025 that resulted in an increase of Saudi Riyals 26.4 million and Saudi Riyals 51.0 million respectively in the Company's cost of revenue for the current periods. Further, the profit margins were also affected by the lower netback prices of the Company's products.

Furthermore, the Company has offered a severance package to some of its employees as a result of strategic workforce optimisation initiative. having an impact of Saudi Riyals 32.6 million within 'other operating income (loss), net' in these condensed interim financial statements for the three-month and six-month periods ended 30 June 2025.

Accumulated losses

As at 30 June 2025, the Company's accumulated losses exceeded 35% of its share capital, due to reasons mentioned above. Management has made a public announcement of this condition in Q2 2025 in accordance with relevant regulations. The Company's equity as at 30 June 2025 is in excess of Saudi Riyals 10.2 billion.

Liquidity position

As at 30 June 2025, the Company's current liabilities exceeded its current assets by Saudi Riyals 306.1 million (31 December 2024: Saudi Riyals 3,121.6 million) primarily due to expected scheduled debt repayments of Saudi Riyals 1.3 billion (31 December 2024: Saudi Riyals 3.4 billion) over the next twelve months which include Saudi Riyals 1.0 billion (31 December 2024: Saudi Riyals 2.1 billion) as current liability as a revolving credit facility. The master facility agreement for this revolving credit facility is valid until 16 November 2027 and accordingly management of the Company believes that the repayment date of amounts due under the revolving credit facility will continue to be rolled over beyond the twelve-month period. Also refer note 8.

Statutory reserve

According to the newly enacted Companies Law and its implementing regulations effective in KSA starting 26 Jumada' II 1444H (corresponding to 19 January 2023), the mandatory statutory reserve requirement was abolished. In pursuant to this change, during the six-month period ended 30 June 2025, the General Assembly of the Company in its extraordinary meeting held on 25 Ramadan 1446H (corresponding to 25 March 2025) resolved to amend the Company's By-laws to exclude the requirement to maintain a statutory reserve and to transfer the existing balance to retained earnings. Accordingly, the statutory reserve balance amounting to Saudi Riyals 288.5 billion was transferred to retained earnings.

These interim condensed financial statements have been approved on 2 Safar 1447H (corresponding to 27 July 2025G).

2 Basis of preparation

2.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

These condensed interim financial statements do not include all the information and disclosures required in a full set of annual financial statements and should therefore be read in conjunction with the Company's annual financial statements for the year ended 31 December 2024. An interim period is considered as an integral part of the whole fiscal year, however, the results of operations for the interim periods may not be a fair indication of the results of the full year operations.

2.2 New standards, interpretations and amendments adopted by the Company

Lack of Exchangeability – Amendments to IAS 21 The effects of changes in foreign exchange rates

The amendment prescribes accounting when there is a lack of exchangeability in the currency of an entity when it has a transaction or an operation in a foreign currency. A currency is exchangeable when there is an ability to obtain the other currency (with a normal administrative delay), and the transaction would take place through a market or exchange mechanism that creates enforceable rights and obligations. As there are no major transactions or the operations of the Company where the entity is subject to lack of exchangeability, this amendment does not have any material impact on the Company's interim condensed financial statements.

The Company has not early adopted any new standard, interpretation or amendment that have been issued but which are not yet effective.
