INDEPENDENT AUDITORS' REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS

The Shareholders
Aljazira Takaful Taawuni Company
(A Saudi Joint Stock Company)
Kingdom of Saudi Arabia

Introduction:

We have reviewed the accompanying interim statement of financial position of Aljazira Takaful Taawuni Company – a Saudi Joint Stock Company - ("the Company") as at 30 September 2018, and the related interim statements of income, comprehensive income for the three-month and nine-month periods then ended, and the related interim statements of changes in shareholders' equity and cash flows for the nine-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" (IAS 34) as modified by Saudi Arabian Monetary Authority ("SAMA") for the accounting of zakat and income tax. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 as modified by SAMA for the accounting of zakat and income tax.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (continued)

At 30 September 2018

2. BASIS OF PREPARATION (continued)

a) Basis of presentation (continued)

In preparing these interim condensed financial statements, comparative amounts, which in the most recent annual financial statements were presented separately for shareholders and insurance operations, were also combined together to conform with the current period presentation and SAMA requirements.

However, note 17 to these interim condensed financial statements provide statement of financial position, statements of income, comprehensive income and cash flows of the insurance operations and shareholders operations, separately.

The interim condensed financial information do not include all of the information required for full annual financial information and should be read in conjunction with the annual financial information as of and for the year ended 31 December 2017.

The interim condensed financial statements may not be considered indicative of the expected results for the full year.

These interim condensed financial statements are expressed in Saudi Arabian Riyals (SAR) and are rounded off to the nearest thousands.

b) Critical judgments, accounting estimates and assumptions

The preparation of interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these interim condensed financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty including the risk management policies were the same as those that applied to the annual financial statements as at and for the year ended 31 December 2017.

c) Seasonality of operations

There are no seasonal changes that may affect insurance operations of the Company.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted by the Company for the preparation of these interim condensed financial statements are in accordance with International Financial Reporting Standards (IFRS) as endorsed in the Kingdom of Saudi Arabia and are consistent with those used for the preparation of the annual financial statements for the year ended 31 December 2017 and new amended IFRS and International Financial Reporting Interpretations Committee Interpretations (IFRIC) as mentioned in note 3(a) which had no impact on the financial position or financial performance of the Company. (A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (continued)

At 30 September 2018

3. SIGNIFICANT ACCOUNTING POLICIES (continued)

a) *New IFRS, IFRIC and amendments thereof, adopted by the Company (continued)*

IFRS 15 – Revenue from Contracts with Customers

IFRS 15 outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue guidance, which is found currently across several Standards and Interpretations within IFRSs. However, IFRS 15 does not apply to “revenue from insurance contracts”. However, entities will need to apply IFRS 15 to non-insurance contracts (or components of insurance contracts). Therefore, insurance entities will need to carefully evaluate the scope of this standard.

IFRS 15 established a new five-step model that will apply to revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring of goods or services to a customer.

Though there are changes in accounting policy, the management assessed and concluded that there is no material impact on the amounts reported at transition to IFRS 15 on 1 January 2018.

Further, the adoption of the amended standards and interpretations applicable to the Company did not have any significant impact on these interim condensed financial statements.

b) *Standards issued but not yet effective*

Standards issued but not yet effective up to the date of issuance of the Company’s interim condensed financial statements are listed below. The listing is of standards and interpretations issued, which the Company reasonably expects to be applicable at a future date. The Company intends to adopt these standards when they are effective.

<u>Standard/ Interpretation</u>	<u>Description</u>	<u>Effective from periods beginning on or after the following date</u>
IFRS 9	Financial Instruments	Refer below
IFRS 16	Leases	1 January 2019
IFRIC 23	Uncertainty over Income Tax Treatments	1 January 2019
IFRS 17	Insurance Contracts (note below)	1 January 2021

IFRS 9 and IFRS 17

In July 2014, the IASB published IFRS 9 Financial Instruments which will replace IAS 39 Financial Instruments: Recognition and Measurement. The standard incorporates new classification and measurements requirements for financial assets, the introduction of an expected credit loss (ECL) impairment model which will replace the incurred loss model of IAS 39, and new hedge accounting requirements. Under IFRS 9:

- All financial assets will be measured at either amortised cost or fair value. The basis of classification will depend on the business model and the contractual cash flow characteristics of the financial assets. The standard retains most of IAS 39’s requirements for financial liabilities except for those designated at fair value through profit or loss whereby that part of the fair value changes attributable to own credit is to be recognised in other comprehensive income instead of the statement of income.
- IFRS 9 requires entities to record an allowance for ECLs for all loans and other debt financial assets not held at fair value through statement of income as well as finance lease receivables, together with loan commitments and financial guarantee contracts. The allowance is based on the ECLs associated with the probability of default in the next twelve months unless there has been a significant increase in credit risk since origination. Under IFRS 9, credit losses are recognised earlier than under IAS 39.
- The hedge accounting requirements are more closely aligned with risk management practices and follow a more principle based approach.

In September 2016, the IASB published amendments to IFRS 4 Insurance Contracts that address the accounting consequences of the application of IFRS 9 to insurers prior to the publication of the forthcoming accounting standard for insurance contracts. The amendments introduce two options for insurers: the deferral approach and the overlay approach. The deferral approach provides an entity, if eligible, with a temporary exemption from applying IFRS 9 until the earlier of the effective date of a new insurance contract standard or 2021. The overlay approach allows an entity to remove from profit or loss the effects of some of the accounting mismatches that may occur before the new insurance contracts standard is applied.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (continued)

At 30 September 2018

3. SIGNIFICANT ACCOUNTING POLICIES (continued)

b) Standards issued but not yet effective (continued)

Under the temporary exemption as introduced by amendments to IFRS 4, the reporting entities whose activities predominantly relate to “insurance” can defer the implementation of IFRS 9. The Company having assessed the implications and has concluded to defer the implementation of IFRS 9 until a later date which will not be later than 1 January 2021.
