INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS

TO THE SHAREHOLDERS OF MALATH COOPERATIVE INSURANCE COMPANY (A SAUDI JOINT STOCK COMPANY)

INTRODUCTION

We have reviewed the accompanying interim condensed statement of financial position of Malath Cooperative Insurance Company (the "Company") as at 30th September 2020 and the related interim condensed statement of income and other comprehensive income for the three-month and nine-month periods then ended, and the interim condensed statement of changes in equity and interim condensed statement of cash flows for the nine-month period then ended, and a summary of significant accounting policies and other explanatory notes (the "interim condensed financial statements"). Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagement 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements is not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

DIREC

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

1 ORGANIZATION AND PRINCIPAL ACTIVITIES

Malath Cooperative Insurance Company (the "Company") is a Saudi Joint Stock Company established in Riyadh, Kingdom of Saudi Arabia by Royal Decree Number M/60 and incorporated on 21 Rabi Al-Awal 1428H corresponding to 9 April 2007 under Commercial Registration No. 1010231787. The Company's head office is situated at Mohammad Bin Abdelaziz Street, P.O. Box 99763, Riyadh 11625, and Kingdom of Saudi Arabia.

The objectives of the Company are to engage in providing insurance and related services in accordance with its by-laws and the applicable regulations in the Kingdom of Saudi Arabia (KSA).

2 BASIS OF PREPARATION

(a) Basis of presentation and measurement

These interim condensed financial information (interim condensed financial statements) of the Company as at and for the period ended 30 September 2020 have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia by Saudi Organization for Certified Public Accountants (SOCPA).

These interim condensed financial statements are prepared under the going concern concept and the historical cost convention, except for the measurement at fair value of available-for-sale investments and employees' end of service benefits measured at present value of future obligations using projected unit credit method. The Company's interim condensed statement of financial position is not presented using a current/non-current classification. However, the following balances would generally be classified as non-current: Available-for-sale investments, Property and equipment, Statutory deposit, Accrued income on statutory deposit, Employees' end-of-service benefits and Accrued commission income payable to Saudi Arabian Monetary Authority ("SAMA"). All other financial statement line items balances would generally be classified as current. The Company presents its interim condensed statement of financial position in order of liquidity. As required by the Law on Supervision of Co-operative Insurance Companies, the Company maintains separate books of accounts for Insurance Operations and Shareholders' Operations and presents the interim condensed financial statements accordingly (Note 18). Assets, liabilities, revenues and expenses clearly attributable to either activity are recorded in the respective accounts. The basis of allocation of expenses from joint operations is determined and approved by the management and the Board of Directors.

The interim condensed statement of financial position, interim condensed statements of income, comprehensive income and cash flows of the insurance operations and shareholders operations which are presented in Note 18 of the interim condensed financial statements have been provided as supplementary financial information to comply with the requirements of the guidelines issued by SAMA implementing regulations and is not required under IFRSs as endorsed in KSA. SAMA implementing regulations requires the clear segregation of the assets, liabilities, income and expenses of the insurance operations and the shareholders operations. Accordingly, the interim condensed statements of financial position, interim condensed statements of cash flows prepared for the insurance operations and shareholders operations as referred to above, reflect only the assets, liabilities, income, expenses and comprehensive gains or losses of the respective operations.

In preparing the Company-level interim condensed financial statements in compliance with IFRSs as endorsed in KSA, the balances and transactions of the insurance operations are amalgamated and combined with those of the shareholders' operations. Inter-operation balances and transactions are eliminated in full during amalgamation. The accounting policies adopted for the insurance operations and shareholders operations are uniform for like transactions and events in similar circumstances.

The interim condensed financial statements does not include all of the information required for full annual financial statements and should be read in conjunction with the audited annual financial statements as at and for the year ended 31 December 2019.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

2 BASIS OF PREPARATION (continued)

(b) Functional and presentation currency

These interim condensed financial statements have been presented in Saudi Riyals (SR), which is also the functional currency of the Company. All financial information has been rounded off to the nearest thousand, unless otherwise stated.

(c) Critical accounting judgments, estimates and assumptions

The preparation of the interim condensed financial statements requires the use of estimates and judgments that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the interim condensed financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates and judgments are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates.

Estimates and judgments are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Following are the accounting judgments and estimates that are critical in preparation of these interim condensed financial statements:

i) The ultimate liability arising from claims made under insurance contracts

The estimation of the ultimate liability arising from claims made under insurance contracts is the Company's most critical accounting estimate. There are several sources of uncertainty that need to be considered in the estimate of the liability that the Company will ultimately pay for such claims. Estimates are made at the end of the reporting period both for the expected ultimate cost of claim reported and for the expected ultimate costs of Claims Incurred But Not Reported ("IBNR"). Liabilities for unpaid reported claims are estimated using the input of assessments for individual cases reported to the Company. At the end of each reporting period, prior year claim estimates are reassessed for adequacy and changes are made to the provision.

The provision for IBNR is an estimation of claims which are expected to be reported subsequent to the date of interim condensed statement of financial position, for which the insured event has occurred prior to the date of interim condensed statement of financial position. The primary technique adopted by management in estimating the cost of notified and IBNR claims, is that of using the past claims settlement trends to predict future claims settlement trends. A range of methods such as Chain Ladder Method, Bornhuetter-Ferguson Method and Expected Loss Ratio Method are used by the actuaries to determine these provisions. The actuary has also used a segmentation approach including analyzing cost per member per year for medical line of business. Underlying these methods are a number of explicit or implicit assumptions relating to the expected settlement amount and settlement patterns of claims.

ii) Impairment of available-for-sale investments

The Company determines that investments are impaired when there has been a significant or prolonged decline in the fair values of the financial assets below its cost. The determination of what is 'significant' or 'prolonged' requires judgement. A period of 12 months or longer is considered to be prolonged and a decline of 30% from original cost is considered significant as per Company policy. In making this judgement, the Company evaluates, among other factors, the duration or extent to which the fair value of an investment is less than its cost.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

2 BASIS OF PREPARATION (continued)

(c) Critical accounting judgments, estimates and assumptions (continued)

iii) Impairment of receivables

A provision for impairment of receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganization, and default or delinquency in payments are considered indicators that the receivable is impaired.

iv) Fair value of financial instruments

Fair values of available-for-sale investments are based on quoted prices for marketable securities or estimated fair values. The fair value of commission-bearing items is estimated based on discounted cash flows using commission for items with similar terms and risk characteristics.

v) Deferred policy acquisition costs

Certain acquisition costs related to sale of policies are recorded as deferred acquisition costs and are amortized over the related period of policy coverage. If the assumptions relating to future profitability of these policies are not realized, the amortization of these costs could be accelerated and this may also require additional impairment.

vi) Premium deficiency reserve

Estimation of the premium deficiency reserve is highly sensitive to a number of assumptions as to the future events and conditions. It is based on an expected loss ratio for the unexpired portion of the risks for written policies. To arrive at the estimate of the expected loss ratio, the actuary looks at the claims and premiums relationship which is expected to be realized in the future.

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these interim condensed financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2019, except for the adoption of new standards effective as of 1 January 2020. The Company has not early adopted any standard (interpretation) or amendments that has been issued but which are not yet effective.

a) Amendment to standards and interpretations

There are no new standards issued, however, certain amendments to standards and interpretations which are effective from 1 January 2020 and were listed in the Company's annual financial statements of 31 December 2019, but they do not have any impact on the interim condensed financial statements of the Company.

b) Standards issued but not yet effective

The Company has chosen not to early adopt the amendments and revisions to the IFRSs, which have been published and are mandatory for compliance for the Company with effect from future dates.

STANDARD/	DESCRIPTION	EFFECTIVE FROM
IFRS 16 (amendment)	Amendments to IFRS 16	1-Jun-20
IFRS 9	Financial Instruments (refer below)	1-Jan-19
IFRS 17	Insurance Contracts (refer below)	1-Jan-23

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

3 SIGNIFICANT ACCOUNTING POLICIES (continued)

a. Amendments to IFRS 16 - COVID-19 Related Rent Concessions

The amendment permits lessees, as a practical expedient, not to assess whether particular rent concessions occurring as a direct consequences of the COVID-19 pandemic are lease modifications and instead to account for those rent concessions as if they are not lease modifications.

b. IFRS 9 - Financial Instruments

The implementation of IFRS 9 is expected to result in a significant portion of financial assets currently classified as available-for-sale being re-classified as at fair value through profit or loss or fair value through other comprehensive income (OCI). Credit allowances for financial assets carried at amortized cost and debt securities measured at fair value, with changes in fair value recognized in OCI, are expected to increase due to the introduction of the expected credit loss methodology. The Company is using the exemptions available to insurers to defer the implementation of IFRS 9 until implementation of IFRS 17. The impact of the adoption of IFRS 9 on the Company's interim condensed financial statements will, to a large extent, have to take into account the interaction with the IFRS 17 "Insurance contracts". At present the Company has not fully assessed the effects of adoption of IFRS 9.

c. IFRS 17 - Insurance Contracts

Overview

This standard has been published in May, 2017. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts and supersedes IFRS 4 – Insurance contracts.

The new standard applies to insurance contracts issued, to all reinsurance contracts and to investment contracts with discretionary participating features, provided the entity also issues insurance contracts. It requires to separate the following components from insurance contracts:

- i- embedded derivatives, if they meet certain specified criteria;
- ii- distinct investment components; and
- iii- any promise to transfer distinct goods or non-insurance services.

Effective date

The effective date of IFRS 17 and the deferral of the IFRS 9 temporary exemption in IFRS 4 is currently for reporting periods beginning on or after January 1, 2023. This is a deferral of 2 year compared to the previous date of January 1, 2021. Earlier application is permitted if both IFRS 15 – Revenue from Contracts with Customers and IFRS 9 – Financial Instruments have also been applied. The Company intends to apply the Standard on its effective date.

Transition

Retrospective application is required. However, if full retrospective application for a group of insurance contracts is impracticable, then the entity is required to choose either a modified retrospective approach or a fair value approach.

Impact

The Company carried out assessment for ascertaining the impact of the application and implementation of IFRS 17 on results of the financial year 2018. The Company has also undertaken an initial operational impact gap analysis and currently undergoing through detailed operational and financial impact assessment along with working on planning and design phase to enable the Company to establish required system and processes under IFRS 17. Key gaps and their impact noted so far are as follows:

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

3 SIGNIFICANT ACCOUNTING POLICIES (continued)

b. IFRS 17 - Insurance Contracts (continued)

Impact area	Summary of impact
	The assessment to ascertain the financial impact on reported balances of year 2018 resulted in significant increase in
Financial impact	insurance related liabilities hence reducing the operating profits
Data impact	for initial years. IFRS 17 has additional data requirements (e.g. premium due date for initial recognition, premium receipt data for the LFRC, RI contracts held break down into risk attaching or loss incurring for assessing contract boundaries, lower granularity to meet level of aggregation requirements and data for additional disclosures as per IFRS 17).
IT systems impact	Detailed assessment needed of existing systems capabilities for IFRS 17 calculations, storage and reporting and whether new systems/calculation engines should be implemented.
Process impact	The company carried out an operational impact assessment exercise to assess the operational impact of implementing IFRS 17. Since, majority of the company's contracts would be measured under the premium allocation approach, the process impact is expected to be moderate.
Impact on Reinsurance arrangements	Further assessment is needed to confirm measurement approach for reinsurance arrangements where RI gross premium ceded does not automatically qualify for PAA.
Impact on policies and control frameworks	The Company's policies and procedures needs updation to accommodate the changes in the Company's processes and systems related to IFRS 17 implementation.

9 PROVISION FOR ZAKAT

a) Zakat payable

The movement in zakat payable during the period/year was as follows:

	30 September	31 December
	2020	2019
	(Unaudited)	(Audited)
	SR (000)	
Balance at beginning of the period/year	32,220	29,866
Charge for the period/year	9,900	13,183
Payments during the period/year	(11,245)	(10,829)
Balance at end of the period/year	30,875	32,220
b) Status of assassments		

b) Status of assessments

The Company had filed the Zakat return for the years 2016 to 2018 and received a temporary Zakat certificate. No assessments have been received from GAZT to date in respect of these years. For the year 2019, the Company has filed the Zakat return before extended deadline of July 31, 2020 and received temporary Zakat certificate.

c) Status of appeals

Zakat years 2007 to 2010: The GAZT raised its assessments for those years claiming additional zakat liability of Saudi Riyals 8.7 million and withholding tax liability of Saudi Riyals 12.2 million in addition to the related delay penalties of 1% for each 30 delay days calculated from the due date till settling such due amounts. The Company has filed an appeal against such additional liabilities to GAZT then the case has been transferred to the Preliminary Appeal Committee ("PAC") which has rejected the major items therefore the Company has submitted a letter of guarantee to GAZT for zakat, withholding tax and related delay penalties amounting to Saudi Riyals 31.81 million and appealed the PAC ruling to the Higher Appeal Committee ("HAC") which has been replaced by the new tax committees under General Secretary of Tax Committees ("GSTC"), and the committee's hearing is awaited.

Zakat years 2011 to 2015: The GAZT raised its assessments for those years claiming additional zakat liability of Saudi Riyals 8 million and withholding tax liability of Saudi Riyals 10.2 million in addition to the related delay penalties of 1% for each 30 delay days calculated from the due date till settling such due amounts. The Company has filed an appeal against such additional liabilities to GAZT then the case has been transferred to the Preliminary Appeal Committee ("PAC") which has been replaced by the new tax committees under General Secretary of Tax Committees ("GSTC"), and the committee's hearing is awaited.

10 SHARE CAPITAL

As at 30 September 2020 and 31 December 2019, the issued and paid up share capital of the Company amounts to SR 500 million, divided into 50 million ordinary shares of SR 10 each.

11 BASIC AND DILUTED EARNINGS PER SHARE

Basic and diluted earnings per share for the period have been calculated by dividing the total net income for the period by the weighted average number of shares in issue throughout the period.

The basic and diluted earning per share are as follows:

	Nine-months period ended 30 September	
	2020	2019
	(Unaudited)	(Unaudited)
Basic and diluted earnings per share (Saudi Riyals)	0.01	(0.12)
Weighted average number of shares throughout the period (thousands)	50,000	50,000

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

12 STATUTORY RESERVE

In accordance with the Company's By-Laws and in compliance with Article 70(2)(g) of the Insurance Implementing Regulations issued by SAMA, the Company is required to allocate 20% of its net income for the year to the statutory reserve until it equals the value of share capital and such transfer is only made at year end. The statutory reserve is not available for distribution to shareholders until liquidation of the Company.

13 CAPITAL MANAGEMENT

Objectives are set by the Company to maintain healthy capital ratios in order to support its business objectives and maximize shareholders' value.

The Company manages its capital requirements by assessing shortfalls between reported and required capital levels on a regular basis. Adjustments to current capital levels are made in light of changes in market conditions and risk characteristics of the Company's activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares.

The Company manages its capital to ensure that it is able to continue as going concern and comply with the regulators' capital requirements of the markets in which the Company operates. The capital structure of the Company consists of equity attributable to equity holders comprising paid share capital and reserves.

As per guidelines laid out by SAMA in Article 66 of the Implementing Insurance Regulations detailing the solvency margin requirements, the Company shall maintain solvency margin equivalent to the highest of the following three methods as per SAMA Implementing Regulations:

- Minimum Capital Requirement of SR 100 million
- Premium Solvency Margin
- Claims Solvency Margin

In the opinion of the Board of Directors, the Company has fully complied with the externally imposed capital requirements during the reported financial period.

14 FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: Quoted market prices in an active market (that are unadjusted) for identical assets or liabilities.

Level 2: Valuation techniques (for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable), and

Level 3: Valuation techniques (for which the lowest level input that is significant to the fair value measurement is unobservable).

The fair values of all other financial assets and liabilities which are carried at cost, are not significantly different from the carrying values included in these financial statements, since the current market commission rates for similar financial instruments are not significantly different from the contracted rates, and on account of the short duration of the assets and liabilities.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

14 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The following table summarizes the financial assets recorded at fair value as of 30 September 2020 and 31 December 2019 by level of the fair value hierarchy. There are no transfers among the levels during the period. Also refer to note 8.

15 COMMITMENTS AND CONTINGENCIES

a. Legal proceedings and regulations

The Company operates in the insurance industry and is subject to legal proceedings in the normal course of business. While it is not practicable to forecast or determine the final results of all pending or threatened legal proceedings, management does not believe that such proceedings (including litigations) will have a material effect on its results and financial position for the current reporting period.

b. Contingent liabilities

The Company's contingent liabilities are as follows:

30 September	31 December
2020	2019
(Unaudited)	(Audited)
SR	(000)
Letters of guarantee 42,689	48,027

Above letters of guarantee include SR 31.81 million for zakat and withholding income tax submitted to General Authority of Zakat and Tax (GAZT) (note 9).

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

16 RELATED PARTY TRANSACTIONS AND BALANCES

Related parties represent major shareholders, directors and key management personnel of the Company, and companies of which they are principal owners and any other entities controlled, jointly controlled or significantly influenced by them. Pricing policies and terms of these transactions are mutually agreed and are approved by the Company's management.

17 SEGMENT INFORMATION

Consistent with the Company's internal reporting process, operating segments have been approved by management in respect of the Company's activities, assets and liabilities as stated below. Segment results do not include income from investments, income from Murabaha deposits, other income, general and administrative expenses, and provision for doubtful debts.

Segment results do not include commission on short-term Murabaha deposits. Segment assets do not include insurance operations' cash and cash equivalents, Murabaha deposits, available for sale investments, premium and reinsurers' receivable net, prepayments and other assets and property and equipment. Accordingly, they are included in unallocated assets. Segment liabilities do not include reinsurance balances payable, policyholders claims payable, accrued and other liabilities, accumulated surplus and due to related parties. Accordingly, they are included in unallocated liabilities.

These unallocated assets and liabilities (including the related charges for provision for doubtful debts on premiums and reinsurers' receivable and depreciation on the property and equipment) are not reported to Chief Executive Officer under related segments and are monitored on a centralized basis.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

19 IMPACT OF COVID-19 OUTBREAK

On 11 March 2020, the World Health Organization ("WHO") declared the Coronavirus ("COVID-19") outbreak as a pandemic in recognition of its rapid spread across the globe. This outbreak has also affected the GCC region including the Kingdom of Saudi Arabia. Governments all over the world took steps to contain the spread of the virus. Saudi Arabia in particular has implemented closure of borders, released social distancing guidelines and enforced country wide lockdowns and curfews.

In response to the spread of the Covid-19 virus in the GCC where the Company operates and its consequential disruption to the social and economic activities in those markets, the Company's management has proactively assessed its impacts on its operations and has taken a series of proactive and preventative measures and processes to ensure:

• the health and safety of its employees and the wider community where it is operating

• the continuity of its business throughout the Kingdom is protected and kept intact.

The major impact of Covid-19 pandemic is seen in motor line of business as explained below. As with any estimate, the projections and likelihoods of occurrence are underpinned by significant judgment and rapidly evolving situation and uncertainties surrounding the duration and severity of the pandemic, and therefore, the actual outcomes may be different to those projected. The impact of such uncertain economic environment is judgmental, and the Company will continue to reassess its position and the related impact on a regular basis.

Motor technical reserves

In response to the Covid-19 pandemic, SAMA issued a circular 189 (the "circular") dated 08 May 2020 to all insurance companies in the Kingdom of Saudi Arabia. Amongst other things, the circular instructed insurance companies to extend the period of validity of all existing retail motor insurance policies by further two months as well as providing a two-month additional coverage for all new retail motor policies written within one month of this circular.

The Management, in conjunction with its appointed actuary, deliberated on a variety of internal factors and concluded, that the Company considers the extension of two months in exiting motor policies as new policy and record a premium deficiency reserve based on the expected claims for the extended 2 months period.

For new policies written as per above circular, the premium is earned over the period of coverage i.e. 14 month as per the Company accounting policy.

Financial assets

To cater for any potential impacts, the Covid-19 pandemic may have had on the financial assets of the Company, the Company has performed an assessment in accordance with its accounting policy, to determine whether there is an objective evidence that a financial asset or a group of financial assets has been impaired. For debt financial assets, these include factors such as, significant financial difficulties of issuers or debtors, default or delinquency in payments, probability that the issuer or debtor will enter bankruptcy or other financial reorganization, etc. In case of equities classified under available-for-sale, the Company has performed an assessment to determine whether there is a significant or prolonged decline in the fair value of financial assets below their cost.

Based on these assessments, the Company's management believes that the Covid-19 pandemic has had no material effects on Company's reported results for the three and nine-month periods ended 30 September 2020. The Company's management continues to monitor the situation closely.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) For the three-month and nine-month periods ended 30 September 2020

20 SIGNIFICANT EVENT

On July 02, 2020, the Company announced on Tadawul that it has signed an agreement on July 02, 2020 with participating insurance companies for Inherent Defects Insurance ("IDI") product, based on the Saudi Arabian Monetary Agency's approval authorizing Malath as the leading company, to manage the IDI program on behalf of the participating insurance companies, selling the product and providing its insurance coverage by creating a joint insurance portfolios. Malath Cooperative Insurance Company will exclusively manage the portfolio during the period of validity of the IDI agreement. The Company expects that the annual contract value for IDI product will exceed 5% of the total gross written premiums of the company for the year 2020, and it is also expected that this will have a positive financial impact on the Company's financial results, and this will be gradually reflected, starting from the fourth quarter of 2020.

21 APPROVAL OF INTERIM CONDENSED FINANCIAL STATEMENTS

The interim condensed financial statements were approved by the Board of Directors on 15 Rabi Al-Awwal, 1442 H (corresponding to 01 November, 2020).
