INDEPENDENT AUDITOR'S REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

To the Shareholders of Tihama For Advertising, Public Relations and Marketing Company (A Saudi Joint Stock Company)

Introduction:

mazars

We have reviewed the accompanying condensed consolidated interim of financial position of Tihama Advertising, Public Relations and Marketing Company (a Saudi Joint Stock Company) "the company" as of June 30, 2021, and its subsidiaries collectively referred to as "the group", and the related condensed consolidated interim statements of profit or loss and comprehensive loss and changes in shareholders' equity and cash flows for the three-month period then ended, and a summary of significant accounting policies and other explanatory notes.

The company's management is responsible for preparing and presenting these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 (interim Financial Reporting) endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review:

We conducted our review in accordance with the International Standard on Review Engagements No. (2410) Review of interim Financial Information performed by the independent auditor of the entity, endorsed in the Kingdom of Saudi Arabia. A review of the condensed consolidated interim financial statements consists of making inquiries, primarily, to those responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards of Auditing endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would be become aware of all significant matters that might be identified in an audit. Accordingly, we do not express such an audit opinion.

Basis for Qualified conclusion:

As indicated in note (5/1), investments in associates are included in the attached condensed consolidated interim financial statements, which indicates that the group's investment in the United Advertising Company Limited and J. Walter Thomson MENA, which are associate companies acquired in the years The previous one, and it is accounted for using the equity method, amounted to 4,296,414 SR and 28,717,779 SR, respectively, in the condensed consolidated interim balance sheet as on June 30, 2021, and the group's share of the net income of the above companies was included based on financial statements prepared by the management. 591,134 SR and 851,484 SR, respectively, in the condensed consolidated interim statement of profit and loss for the period then ended. We were unable to obtain sufficient audit evidence directly or through alternative audit procedures regarding the investment balances of the group in the above tow companies as at June 30, 2021, as well as the group's share in the net comprehensive income of the above companies for the same period, and accordingly we were not able to determine whether it was necessary to make any adjustments to these amounts.

Material uncertainty relating to going concern

We draw attention to note (2/4) to the condensed consolidated interim financial statements, which indicates that the group's accumulated losses amounted to approximately Saudi Riyals 127.5 million as at June 30, 2021, which exceeded half of the Company's share capital. Further, the Group's current liabilities exceeded its current assets by approximately Saudi Riyals 15.3 million as at the same date. These circumstances indicate the existence of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion on this matter has not been modified.

Qualified Conclusion:

Based on our review, except of the potential impacts referred to in the (Basis for Qualified Conclusion) section above, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements on June 30, 2021 is not prepared in all material respects, in accordance with the International Accounting Standard No. 34 (Interim Financial Report) endorsed in the Kingdom of Saudi Arabia.

The accompanying notes from (1) to (19) for an integral part of these interim condensed consolidated financial statements.

1. ORGANISATION AND ACTIVITIES

Tihama for Advertising, Public Relations and Marketing Company was established as the "company or" parent company "in accordance with the Saudi Companies Law as a Saudi joint stock company under Ministerial Resolution No. 1397 dated 29/6/1403H (corresponding to 3/6/1992) and it is registered in the Commercial Register under No. 1010016722 on 8/7/1398H (corresponding to 14/06/1978).

- The main activity of the company is to carry out commercial advertising, public relations, marketing, publishing and distribution, according to the license No. 23232 issued by the Ministry of Culture and Advertisement dated 2/12/1412H (corresponding to 3/6/1992) and according to the company's incorporation system. The parent company also invests in companies It carries out similar businesses in accordance with Company By-Law.

- The Company's head office is in Riyadh, the company has a branch in Jeddah registered under the Commercial Registration No. 4030008889 on 3/4/1395H (corresponding to 15/4/1975).

- The accompanying interim condensed consolidated financial statements include the financial statements of the parent company and its subsidiaries (collectively referred to as the group) as of June 30, 2021. Refer to note 3/1/4 for a statement of the subsidiaries and the group's contribution in its capital.

2. BASIS OF PREPARATION OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENT

2/1- Statement of compliance:

- These interim condensed consolidated financial statements were prepared in accordance with IAS 34 "Interim Financial Reports" endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by Saudi Organization for Certified Public Accountants ("SOCPA") and these preliminary condensed consolidated financial statements should be read in conjunction with the consolidated financial statements for the year as of March 31, 2021, the preliminary condensed consolidated financial statements do not include all the information required to prepare a full set of consolidated financial statements prepared in accordance with international standards for financial reading, but it has been included accounting policies and details specific explanations for the interpretation of events and transactions to explain the changes in the consolidated financial position and financial performance of the company since the financial statements of the previous year.
- The Capital Market Authority issued the decision of the Board of Commissioners on 15 Muharram 1438H (16 October 2016) to require listed companies to apply the cost model when measuring the assets of property and equipment, investment properties and intangible assets when adopting the IFRS for a period of 3 years beginning from the date of adoption of the International Financial Reporting Standards, as of December 31, 2019. The fiscal periods for the year beginning on January 1, 2022, were extended, and continue to comply with the requirements for disclosure of IFRS adopted in the Kingdom of Saudi Arabia, which require disclosure of fair value.

2/2- Basis of measurement:

The interim condensed financial statements have been prepared on the historical cost basis except for (financial instruments which is measured at fair value) and using the accrual accounting principle and the going concern concept.

2/3- Functional and presentation currency:

The interim condensed consolidated financial statements are presented in Saudi Riyal, which is the Group's functional currency.

2/4- Going concern:

- The accumulated losses of the group amounted to approximately 127.5 million SAR, as at June 30, 2021, exceeded more than 50% of the (company's share capital, and according to Article 150 of the Companies Law, if a joint stock company incurs losses amounting to half of the paid-in capital at any time during the fiscal year, any of the company executives or the auditor shall promptly, upon knowledge thereof, inform the chairman of the board, who shall promptly inform board members. The board of directors shall, within 15 days from the date of notification, call for an extraordinary general assembly meeting within 45 days from the date of its knowledge of the losses, to decide whether to increase or decrease the company's capital, in accordance with the provisions of the Law, to the extent where losses are decreased below half of the paid-in capital, or to dissolve the company prior to the date set forth in its By-laws of the company.

2. BASIS OF PREPARATION OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENT (CONTINUED)

2/4- Going concern (continued):

The Company shall be deemed terminated by the operation of law if the extraordinary general assembly fails to meet during the period set forth in paragraph 1 of this Article; if the assembly convenes but fails to issue a decision on the matter; or if it decides to increase the capital in accordance with this Article but the shares issued are not fully subscribed to within 180 days from the assembly's decision to increase the capital.

According to Royal Order No 15016 on 16/03/1442 H, regarding the holding of perusing some clauses of the Companies' Law issued by Royal Decree No. (M/3) on 28/01/1437 H, the paragraph No2 of article No 150 of Companies' Law dictates that in case on non-conveying the extraordinary assemble within 180 days from the date of it came to the knowledge of board of directors regarding the accumulated losses (which will expire 21/09/2021), or in case the general assemble not resolved the subject matter, the company will be lapsed by the force of the law.

- Further the group's current liabilities exceeded its current assets by approximately 15.3 million SR as at June 30, 2021, these circumstances indicate the existence of a fundamental uncertainty that may cast serious doubts about the group's ability to continue as a going concern.
- The spread of the new Corona virus (Covid 19) has significantly affected the group's business, as the regulatory authorities took precautionary measures by closing the group's retail showrooms and by the banning of travel, in addition to that, the underlying economic conditions led to a significant slowdown in the group's advertising sector business. The company has also reviewed the existence of any adjustments and changes in judgments, estimates and risk management to be taken, and assessed the main future estimates and other factors that may involve material risks, and accordingly, provisions for impairment in the value of financial and non-financial assets have been recorded in the consolidated financial statements for the year ended 31 March 2021. The group incurred successive losses in previous years in the bookstores and advertising sectors, after the volume of business and sales decreased significantly due to the closing of a number of branches, the increase in rents and the loss of some of the tenders for the advertising sector.
- Despite the above, the group's management is working on restructuring some of its subsidiaries and expanding the Production and Retail sector operations to grow revenues to cover its expenses and achieve operational profits during the following years.

Also, the management has reasonable expectations that it has sufficient resources to face the risk of liquidity shortage in the foreseeable future.

- On July 13, 2021, the board of directors of the parent company issued a recommendation to the extraordinary general assembly to reduce the capital by an amount of SAR 75 million by cancelling shares, and then increase it by SAR 50 million by issuing rights shares. This recommendation is subject to the approval of the relevant regulatory authorities and Extraordinary General Assembly of Shareholders.

2/5- Use of estimates and judgments

The preparing the consolidated financial statements requires management to use judgments, estimates and assumptions that affect the application of accounting policies and the amounts of assets, liabilities, income and expenditures recorded. Such estimates and judgments are evaluated on an ongoing basis based on past experience and some other factors, including expectations of future events that are believed to be reasonable according to the circumstances and data, and as a result, they form the basis for making judgments about the carrying amounts of assets and liabilities that are not visible from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are examined on the basis of the going concern concept. A review of accounting estimates is included in the period in which the estimates are examined, if the examination affects only that period or in the review period and future periods if the examination affects both current and future periods.

However, as described in note 16, the Group reviewed important sources of uncertainty against the backdrop of the Covid 19 epidemic. Impairment in the value of financial and non-financial assets has been recorded based on that study. Management will continue to monitor the situation and any changes required will be reflected in future reporting periods.

2. BASIS OF PREPARATION OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENT (CONTINUED)

2/5- Use of estimates and judgments (continued):

The preparation of the interim condensed consolidated financial statements in accordance with IFRS (International Financial Reporting Standards) requires management to use judgements, estimates and assumptions that affect the application of accounting policies and the amounts of assets, liabilities, income and expenditures recorded. Actual results may differ from these estimates.

The important estimates made by management when applying the Group's accounting policies and important sources of uncertainty were similar to those outlined in the annual consolidated financial statements as of March 31, 2021.

However, as described in note 16, the Group reviewed important sources of uncertainty described in the annual financial statements on March 31, 2021 against the backdrop of the Covid 19 epidemic. Management believes that, unlike projected credit losses arising from financial assets, all other sources of uncertainty remain similar to those described in the recent annual financial statements. Management will continue to monitor the situation and any changes required will be reflected in future reporting periods.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied in these preliminary condensed consolidated financial statements are in accordance with the international standards of the financial report adopted in Saudi Arabia and other standards and other issues issued by the Saudi Organization of Chartered Accountants and are the same policies applied in the Group's annual financial statements for the year ended March 31, 2021.

The main accounting policies applied in the preparation of these preliminary condensed financial statements have been consistently applied to all the periods presented.

New standards and amendments to standards and interpretations

No new standards have been issued, however, a number of amendments to the standards are in effect as of January 1, 2020 and are explained in the Group's annual consolidated financial statements but have no substantial impact on the Group's consolidated financial statements.

The Group has implemented the amendments to IFRS 16 "Leases" in response to the effects of Covid-19 on tenants, which were adopted on June 1, 2020.

Amendment of the International Financial Reporting Standard 16 "Leases" in response to the effects of Covid-19 on tenants.

As of June 1, 2020, the (International Financial Reporting Standard) IFRS 16 has been amended to provide a practical means for tenants who calculate rental concessions that arise as a direct result of the Covid-19 epidemic and only if all the following conditions are met:

- A. The change in lease payments results in a modified lease consideration substantially the same as, or less than, the lease consideration immediately prior to the change;
- Any reduction in rental payments will affect only payments due, starting on or before June 30, 2021, and
- C. There should be no fundamental change in the terms and conditions of the lease

Rental concessions that meet these measures may be calculated in accordance with practical conditions, which means that the tenant does not need to assess whether the lease concession meets the definition of rent adjustment. Tenants apply other requirements in IFRS 16 in the concession calculate.

The company chose to take advantage of the amendment of the IFRS 16 "Leases"

In response to the effects of Covid-19 on tenants, for all rental privileges that meet the requirements. The modifications were applied retroactively, this means that they were applied to all rental concessions that meet the requirements, which in the company's case were from March 2020 to June 2021.

Accounting for lease concessions as rental adjustments would have resulted in the Group re-measuring the lease liability to reflect the revised offset using a revised discount rate, with the effect of the change in the registered lease liability against the right use of assets. By applying the adjustments, the Group does not have to determine the revised discount rate and the effect of the change in the lease liability is reflected in the profit or loss in the period in which the event or situation leading to the rental concession occurs.

3-1 CONSOLIDATION BASIS

The interim condensed consolidated financial statements include the financial statements of the parent company, Tihama for Advertising, Public Relations and Marketing Holding Company and its subsidiaries (collectively referred to as the Group) as of June 30, 2021. Control over the invested business is achieved when it has the right to obtain different returns as a result of its participation in the investee company, and it has the ability to influence these returns by exercising its influence over the investee company. In particular, the group controls the investee if, and only if, the group has:

Leverage over the investee company

For example: it has the right that gives it the current power to control the activities of the investee company.

- Exposure to risks and the right to obtain variable returns as a result of its participation in the investee company.
- The ability to use its influence over the investee company to affect its returns.
- In general, there is an assumption that the majority of voting rights will lead to control. To support this assumption and when the group has a lower level than the majority of voting rights or similar rights in the investee company, the group takes into account all relevant facts and circumstances when assessing whether the group has control over the investee company, and these facts and circumstances include the following:
- Contractual agreements with voting rights holders of the investee company.
- Rights resulting from other contractual agreements.
- The group's right to vote and potential voting rights.
- Any additional facts or circumstances that indicate that the group has or does not have the current ability to control activities related to decision-making, including voting on cases in previous shareholder meetings.

The Group performs a reassessment to ascertain whether or not it exercises control over the investee company, when facts and circumstances indicate that there is a change in one or more elements of control. Consolidation of a subsidiary begins when the group has control of the subsidiary and ceases when the group relinquishes exercising such control.

The assets, liabilities, income and expenses of the subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date control is transferred to the group and until the group relinquishes exercising such control.

Income and each component of comprehensive income relate to the equity holders of the parent company and the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When it is necessary, the financial statements of subsidiaries are amended so that their accounting policies are prepared in line with the group's accounting policies.

All intercompany balances in the group such as assets, liabilities, equity, income, expenses and cash flows resulting from operations between the group companies are completely eliminated upon consolidation of the financial statements.

Any change in ownership interests in the subsidiary, without loss of control, is treated as an equity transaction. In the event that the group loses control over the subsidiary, it will cease to recognize the related assets and liabilities, non-controlling equity and other elements of equity, and the resulting gains or losses are recognized in the consolidated statement of profit or loss. The investment retained is recognized at fair value.

In the event that the group loses control over the subsidiaries:

- The assets (including goodwill) and liabilities associated with the subsidiary are excluded.
- · Exclusion of the present value of any rights not controlled.
- · Exclusion of cumulative inventory differences recorded in equity.
- · Recognition of the fair value of the assets received.
- · Recognition of the fair value of any remaining investments.
- Recognition of any surplus or deficit in profits or losses.

Reclassification of the parent company's share in subsidiaries previously recognized in other comprehensive income to profit or loss or retained earnings, as appropriate, as it becomes a requirement if the group directly disposes of assets and liabilities.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3-1 CONSOLIDATION BASIS (continued) 3/1/1- ASSOCIATES

Associates are companies over which the group exercises significant influence and not joint control or control. In general, this occurs when the group owns a share of 20% to 50% of the voting rights. The investment in associates is accounted for according to the equity method after initial recognition of cost of investment.

3/1/2- EQUITY METHOD

Based on the equity method, investments are recognized primarily at cost and subsequently adjusted to reflect the group's share of profits or losses after the acquisition as profits and losses resulting from the investment in the investee company. The group's contribution to comprehensive income after the acquisition is also recognized in the statement of comprehensive income. If after reducing the contribution to the investee company to zero, liabilities are recognized only if there is an obligation to support the investee's operating operations or any payments made on behalf of the investee company. Distributions received or receivables from associates and joint ventures are booked to reduce the net value of the investments.

The goodwill related to an associate or joint venture is included in the carrying amount of the investment and is not independently tested for impairment.

The interim condensed consolidated statement of profit or loss reflects the group's share of the results of operations of the associate or joint venture. Any change in the comprehensive income of the investee companies is shown as part of the group's comprehensive income. In addition, in the event that any change is recognized directly within the equity of the associate or the joint venture, the group shall recognize its share in any changes, when applicable, in the consolidated statement of changes in owners' equity unrealized profits and losses resulting from the transactions between the group and the associate and Joint venture to the extent of the Group's interest in the associate or joint venture. The financial statements of subsidiaries and joint ventures are prepared for the same financial year as the group.

When necessary, the accounting policies of subsidiaries and joint ventures are presented to be consistent with the group's policies. After applying the equity method, the group checks whether it is necessary to prove any impairment loss in the value of its investment in its associate or joint venture. On the date of preparing each financial statement, the group ensures that there is objective evidence of a decrease in the value of the investment in any associate or joint venture. When such evidence exists, the group calculates the amount of the decrease as the difference between the recoverable amount of the associate or joint venture and its carrying value, and the loss is recognized as "share in the loss of an associate and a joint venture" in the statement of consolidated profit or loss.

Upon loss of significant influence over the associate or joint control of a joint venture, the group measures and recognizes the investment to be held at fair value. The difference between the carrying value of the associate or joint venture upon loss of significant influence or joint control and the fair value of the investment retained (and any proceeds of disposal) will be recognized in the statement of consolidated profit or loss.

3/1/3- Non-controlling interests

Non-controlling interests represent the portion of profit or loss and net assets not held by the group and are presented separately in the consolidated statement of comprehensive income and within equity in the consolidated statement of financial position and separately from shareholders' equity. Losses applicable to the minority in excess of the minority interest are allocated against the interest of the group except to the extent that the minority has a binding obligation and is able to make an additional investment to cover the losses. A change in the Group's interest in a subsidiary that does not result in a loss of control is accounted for as an equity transaction.

 under the agreement a payment of 17,294,000 Saudi riyals of the company's total debt of SAR
 17,910,000.
- During the year ended March 31, 2021, part of the facility noted above was used to obtain a shortterm one-year loan of SAR 3 million as part of the restructuring of the company's financial obligations.
- This approach by the company's management to restructure the company's financial obligations as
 part of the company's strategy towards converting part of the short-term commitments into
 medium-term commitments, which contributes to improving the operations of cash flows in the
 company as well as reducing the company's financial costs during the coming financial periods
 due to the lower profit rate costs of the new financing versus existing borrowings.
- The financing costs are paid quarterly, while the financing principal is repaid on the financing
 maturity date, the above facilities carry financial expenses in accordance with the prevailing rates
 in Saudi Arabia plus the agreed margin and are guaranteed by the company's authorized bonds and
 a deposit with the bank of 20 million SR as at June 30, 2021 (20 million SR as on March 31, 2021)

15. LOSS PER SHARE

To comply with IAS 33 endorsed in the kingdom of Saudi Arabia - Earnings per share, the basic loss per share was calculated by dividing the net loss for the period attributable to ordinary shareholders of the Parent company by the weighted average number of ordinary shares outstanding during the period, where the loss per share was calculated for the period ending on June 30, 2021 and the period Ended on June 30, 2020, by dividing the net loss for each period by the weighted average number of shares outstanding during the period. The share loss figure for the same period was adjusted retrospectively from the previous year, as the extraordinary general assembly of shareholders approved on July 15, 2020 to increase the group's share capital by 100 million Saudi riyals By issuing rights shares and accordingly the weighted average number of shares has changed, affecting the weighted average number of ordinary shares outstanding since then.

	For the period ended	
	30 June 2021 (unaudited)	30 June 2020 (Restated) (unaudited)
Loss attributable to shareholders of the parent company Weighted average number of ordinary shares outstanding	(11,531,497)	(3,095,770)
during the period	17,500,000	12,307,122
Basic and diluted loss per share for the period	(0.66)	(0.25)

There were no potentially diluting shares outstanding at any time during the period, and accordingly diluted losses per share equal the basic loss per share.

16. SIGNIFICANT EVENT

16/1- Covid-19 effect on interim condensed consolidated financial statements for the period ended June 30, 2021:

The spread of the new Coronavirus (Covid-19) has affected the group's business as regulators took precautionary measures by closing the group's retail stores, the suspension of travel in addition to which the economic conditions led to a significant slowdown in the group's advertising business, which had some significant impact on the company's business and led to material decline in revenues, from the retail and advertising sectors during the financial year ended March 31, 2021. The impact was less severe on the revenues of the Production sector.

Since the beginning of the crisis, the management of the group has been constantly following up on developments and taking the necessary measures and procedures to confront this crisis and reduce its effects on the company and its business, including the support provided by the state to companies to confront these effects. The company has also verified the existence of any settlements and changes in judgments, estimates and risk management that must be taken into account and disclosed. From the interim condensed consolidated financial statements, the following are the main assumptions about the sources of future key estimates and others that may involve a material risk of significant impacts to the interim condensed consolidated financial statements.

- Impairment of non-financial assets

The Group verified that there were no indications of a decrease in the value of non-financial assets, any substantial uncertainties with respect to property, equipment, and its right of use of assets, particularly those resulting from any change in lease periods, and concluded that there was no material impact on the Covid-19 epidemic with respect to property and equipment. And with regard to the right of use, the Group has applied modifications to IFRS 16 "Fare Reductions related to the Covid-19 pandemic" to all rental concessions that meet the conditions referred to in note 3, and according to this application the total rental liabilities were reduced by SAR 479,331. The impact of this reduction was recorded in the interim condensed consolidated profit or loss statement for the period ended June 30,2021 (Refer to note 11)

16. SIGNIFICANT EVENT (CONTINUED)

16/1- Covid-19 effect on interim condensed consolidated financial statements for the period ended June 30, 2021 (continued):

- Expected credit losses and impairment of financial assets

The Group has conducted the study on the credit status of all customers and has made additional discretionary provisions to existing models of expected credit losses by applying probability-weighted scenarios to the macroeconomic factors related to the economic climate of the market in which it is engaged in its activities and as a result in an increase in the expected credit losses for trade receivable of 1,137,620 Saudi riyals was booked for the period ended June 30,2021 (Refer to note 6)

- Inventory

The group has carried out a study of the value of inventory by cost or net value verifiable whichever net value is less verifiable is the price that can be sold in the normal business cycle after allowing the cost to be verified, this resulted that there is no need to increase the provision for obsolete and slow-moving goods.

- Contingent liabilities and commitments

The Group assessed the impact of disruption of any operational activities, including any contractual challenges, business changes and business relationships between customers and suppliers, as well as reviewed the potential increase in liabilities and contingent liabilities, and no significant issues were noted.

- Going concern

The Group has conducted an assessment about its ability to continue as a going concern in light of the current economic conditions and all available information about future risks and uncertainties. Forecasts have been prepared that address the company's future performance, capital and liquidity, but at the present time, expectations indicate that the company has sufficient resources in order to continue carrying out its operations, and as a result, it was not significantly affected by its position on the going concern principle, these interim condensed consolidated financial statements have been prepared in accordance with the going concern basis (Refer to note 2/4)

16/2- Capital increase

On July 15, 2020, the Extraordinary General Assembly of Shareholders approved an increase in the group's share capital of SAR 100 million by issuing priority rights shares.

The full capital increase of SAR 100 million was covered with 8,677,641 new shares offered out of a total of 10,000,000 shares amounted to SAR 86,776,410. With a coverage of the total new shares offered 86.78% and the unsubscribed share was covered by the shareholders by offering the remaining 1,322,359 shares to a number of institutional investors where they were fully subscribed.

The Company's new share capital after the increase became SAR 175 million with a total number of shares of 17.5 million shares and the regular procedures related to the increase with the relevant authorities have been completed.

17. COMPARATIVE FIGURES

During the period, the comparative financial statements for the period ending on June 30, 2020, were amended, as the financial statements of Tihama Distribution Company were consolidated on the basis of the interim financial statements for the period ending on June 30, which were consolidated in the comparative financial periods on the basis of the interim financial statements for the period ending on March 31 With the amendment of the comparative information, the group has also reclassified some comparative information to conform to the presentation for the current year.
