Independent auditor's review report On the Interim Condensed Consolidated Financial Statements

To the Shareholders of Development Works Food Company

A Saudi Joint Stock Company
Riyadh, Kingdom of Saudi Arabia

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Development Works Food Company (a Saudi Joint Stock Company) (the "Company") and its subsidiaries (together referred to as the "Group") which comprise of interim condensed consolidated statement of financial position as at June 30, 2025, and the related interim condensed consolidated statements of profit or loss and other comprehensive income for the three and six months period then ended and interim condensed consolidated statements of changes in equity, and cash flows for the six-month period then ended, and other explanatory notes.

Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard (IAS 34) "Interim Financial Reporting", as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim-condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements (2410), 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim-condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

2. BASIS OF PREPARATION

2-1 Statement of compliance

These interim condensed consolidated financial statements have been prepared in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia and other Standards and Pronouncements complementary to the International Standards endorsed by the Saudi Organization for Chartered and Professional Accountants and should be read in conjunction with the latest consolidated financial statements of the Group for the year ended on December 31, 2024. It does not include all the information required for the entire set of consolidated financial statements prepared in accordance with International Financial Reporting Standards, but changes in accounting policies "if any" and selected explanatory notes are included to explain important events and transactions to understand the changes in the consolidated financial position and consolidated financial performance of the Group since the last annual consolidated financial statements.

The Group's management has prepared all adjustments deemed necessary to fairly present the interim condensed consolidated financial statements as of June 30, 2025, and the interim condensed consolidated results of operations for the period then ended. The interim condensed consolidated financial results for that period may not be an accurate indicator of the consolidated financial results for the year ending December 31, 2025.

2-2 Basis of measurement

The interim condensed consolidated financial statements have been prepared according to historical cost principle, going concern basis and the accrual basis of accounting. Other basis will be used if International Financial Reporting Standards as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements supplementary to the International Standards endorsed by the Saudi Organization for Chartered and Professional Accountants require that, as stated in the material accounting policy information.

2-3 Functional and presentation currency

These Interim Condensed Consolidated Financial Statements are presented in Saudi Arabian Riyals which is the functional currency of the Group and are rounded to nearest Saudi Riyal.

3. BASIS OF CONSOLIDATION

The interim condensed consolidated financial statements comprise the financial statements of Development Works Food Company and its subsidiaries (the "Group") as detailed in Note (1).

The Interim Condensed Consolidated financial statements of subsidiaries are prepared for the same financial period as the parent company, using similar accounting policies.

A subsidiary is an investee company that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its control over the investee.

The financial statements of a subsidiary are consolidated into the interim condensed consolidated financial statements from the date the Group obtains control until the date such control ceases.

Intercompany balances between the parent and subsidiary, as well as any unrealized income or expenses arising from intercompany transactions within the Group, are eliminated when preparing the interim condensed consolidated financial statements.

Unrealized losses are eliminated in the same manner as unrealized gains, but only to the extent that there is no evidence of impairment.

4. MATERIAL ACCOUNTING POLICIES

The accounting policies applied to these interim condensed consolidated financial statements are the same as those applied to the consolidated financial statements for the year ended December 31, 2024.

4-1 New and Amendments to Standards and Interpretations

NEW AND REVISED STANDARDS, INTERPRETATIONS AND AMENDMENTS EFFECTIVE DURING THE PERIOD

The following new and revised International Financial Reporting Standards (IFRS) and International Accounting Standards (IAS), interpretations and amendments to IFRS and IAS are effective in the current period but are either not relevant to the Company or their application does not have any material impact on the interim condensed consolidated financial statements of the Company other than presentation and disclosures, except as stated otherwise.

- *Classification of Liabilities as Current or Non-Current (Amendments to IAS 1)*
- *Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)*
- *Non-current Liabilities with Covenants (Amendments to IAS 1)*
- *Supplier Finance Arrangements (Amendments to IAS 7 and IFRS 7)*
- *Lack of Exchangeability (Amendments to IAS 21)*
- *IFRS S1 General Requirements for Disclosure of Sustainability-related Financial Information*
- *IFRS S2 Climate-related Disclosures*

NEW AND REVISED STANDARDS, INTERPRETATIONS AND AMENDMENTS NOT YET EFFECTIVE

The following standards, interpretations and amendments are in issue which are not effective as at the reporting date and have not been early adopted by the Company.

Standard	Effective date (annual periods beginning on or after)
- <i>IFRS 18 Presentation and Disclosures in Financial Statements</i>	1 January 2027
- <i>IFRS 19 Subsidiaries without Public Accountability: Disclosures</i>	1 January 2027
- <i>Amendments IFRS 9 and IFRS 7 regarding the classification and measurement of financial instruments</i>	1 January 2026
- <i>Annual Improvements to IFRS Accounting Standards — Volume 11</i>	1 January 2026

5. USE OF ASSUMPTIONS, ESTIMATES AND JUDGEMENTS

The preparation of the interim condensed consolidated financial statements in accordance with the International Financial Reporting Standards endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements supplementary to the International Standards endorsed by the Saudi Organization for Chartered and Professional Accountants requires the management to use assumptions and estimates that affect the recorded amounts of revenues, costs, assets, liabilities and disclosures about contingent liabilities at the date of the financial period. However, uncertainty about these assumptions and estimates may result in results that may require a material adjustment to the carrying amount of the assets and liabilities affected in the future.

Estimates and related assumptions are reviewed on an ongoing basis, and revisions to estimates are recognized prospectively.

The significant judgements, assumptions and estimates made by management in applying the Group's accounting policies and the significant sources of uncertainty in the judgments, assumptions and estimates were similar to those described in the Group's most recent annual consolidated financial statements.

5-1 Going Concern

The Group's management made an assessment for its ability to continue as a going concern and concluded that it has the resources to continue its activity in the foreseeable future. As at June 30, 2025, the Group's current liabilities exceeded its current assets by SR 7,213,384 (December 31, 2024: SR 9,174,230). The Group's management has prepared the expected cash flow for the coming year as it has sufficient funds to settle its obligations when they fall due. In addition, the Group has experienced significant positive cash flows from operations and improved profitability during the six-month period. In addition, the management is not aware of any material uncertainty that may cast doubt on the ability of the Group to continue according to the going concern basis. Accordingly, the interim condensed consolidated financial statements have been prepared on a going concern basis.

15. FINANCIAL INSTRUMENTS, RISK MANAGEMENT AND FAIR VALUE**Financial Instruments**

The financial instruments included in the interim condensed consolidated statement of financial position mainly include other assets, receivables, cash on hand and at banks, loans & bonds, accounts payable, and other liabilities.

Risk management

The Group's management has overall responsibility for setting and supervising the Group's risk management frameworks. The Group's risk management policies have been developed to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adhere to those limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. Through its training and management procedures and standards, the Group aims to have a constructive and regular control environment in which employees are aware of their responsibilities and obligations.

Credit risk

Credit risk represents the risk of financial loss that the Group faces in the event that the customer or counterparty in a financial instrument fails to fulfill its contractual obligations, and it mainly arises from cash in banks and receivables. The maximum exposure to credit risk represents the carrying value of these assets.

The cash balance is represented in current accounts, and since the cash is deposited with financial institutions with a high credit rating, management believes that the Group is not exposed to significant risks. Customer-related credit risk is managed by the business unit subject to the Group's policies, procedures and controls on customer-related credit risk management. Credit limits are established for all customers using internal and external rating standards and controls. The credit quality of customers is evaluated according to a credit ratings system. Outstanding receivables are monitored regularly.

15. FINANCIAL INSTRUMENTS, RISK MANAGEMENT AND FAIR VALUE FINANCIAL INSTRUMENTS (CONTINUED)

Market risk

Market risk is the risk of the potential impact of changes in market prices such as foreign exchange rates and commission rates. The objective of market risk management is to manage and control exposure to market risks within acceptable limits while achieving the highest possible return.

Foreign exchange rate risk: Foreign exchange rate risk results from changes and fluctuations in the value of financial instruments as a result of changes in foreign exchange rates. The Group's management believes that the risks of fluctuations in currency exchange rates are insignificant as most of the Group's financial transactions are carried out in Saudi riyals.

Commodity price risks: Commodity price risks are the risks associated with changes in the prices of some commodities, which are mainly represented in the purchase prices of vegetables and fruits from external suppliers. The Group's management believes that it is not exposed to significant risks due to fluctuations in commodity prices.

Interest rate risk

The Group manages interest rate risk through the use of debt and fixed rate deposits. The Group does not have any assets or liabilities with variable interest rates other than loans and bonds.

Capital risk

The Group's policy is to maintain a strong capital base to instill confidence in users of the interim condensed consolidated financial statements and to sustain future business development. The Group manages its capital structure and adjusts in light of changes in economic conditions. Management monitors the return on capital, which the Group defines as the result of operating activities divided by total equity. There have been no changes in the Group's capital management approach during the period. The management monitors the level of dividends distributed to ordinary shareholders.

Liquidity risk

Liquidity risk represents the Group's difficulties in meeting commitments associated with its financial liabilities. The Group's approach to managing liquidity risk is to maintain sufficient cash and cash equivalents and ensure that funds are available to meet commitments as they fall due. The management monitors the risk of liquidity shortage using forecast models to determine the effects of operating activities on the overall liquidity availability, and maintains an available cash liquidity ratio, which ensures debt repayment when due.

Fair value

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The definition of fair value is based on the presumption that the Group is a going concern and has no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms. A financial instrument is considered to be listed in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

When measuring fair value, the Group uses observable market data as far as possible. Fair values are categorized into different levels in the fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (prices) or indirectly (derived from prices).

Level 3: Asset, liability or liability inputs that are not based on observable market data (unobservable inputs).

The financial assets of the Group consist of cash and bank balances and other receivables, while its financial liabilities consist of trade payables, financial facilities, and other liabilities.

16. OUTSTANDING LEGAL CLAIMS

The item "Prepaid Expenses and Other Assets" as presented in the statement of financial position as of June 30, 2025, and December 31, 2024, includes an amount of SR 2,801,575 related to the Company's joining as a 55% partner in an existing company. Due to the failure to complete the legal procedures and the Company's joining as a 55% partner, the company filed a lawsuit to prove the partnership and the Company's joining as a partner. The court ruled to reject the partnership claim. Consequently, the company filed another lawsuit against the partner, both in their personal financial and as the owner of shares in the existing company (the defendant), to recover the funds paid to the Company. No court ruling has been issued to date, and the Company's management expects a strong legal position based on the legal advisor's opinion. Accordingly, no provision has been made against this amount.

17. RESTATEMENT OF COMPARATIVE YEARS

During the period ended June 30, 2025, the company adjusted the comparative period for the three and six months of the year 2024 ended June 30, 2024, related to the adjustments made in the year ended December 31, 2024, which were accounted for in accordance with International Accounting Standard (IAS) 8 "Accounting Policies, Changes in Accounting Estimates and Errors." The effect of the adjustment is as follows:

- a. Management identified certain errors in the application of International financial reporting standard 16 (Leases) and has accordingly made the necessary adjustments, These include the following:
 - Adjusting the discount rate previously used to measure the present value of lease payments to match the available borrowing rate in company's loan agreements.
 - Adjustment of depreciation of right-of-use assets and finance costs on lease liabilities for prior years.
 - Adjusting lease liabilities for amounts paid in prior years that were not recognized as liabilities.
 - Adjusting property and equipment related to leasehold improvements to match the depreciation policy or the lease term, whichever is earlier.
- b. Recognition of lease liabilities, which represent previously unrecognized advance revenue from leases to third parties, relating to years 2022 and prior, where the Company operates as a lessor.
- c. Reclassification of discontinued operations resulting from the disposal of the subsidiary "Al-Faddan Fruits and Vegetables Company" during the year 2024.
- d. Recognition of attendance fees for the Board of Directors and its affiliated committees.
- e. The Company restated its consolidated financial statement for the year ended 31 December 2024. The numbers in the statement of changes in equity for the earliest period presented are extracted from the consolidated financial statement audited for the year 2024.
- f. The Company presented below the cumulative six-month restatement impact in these interim financial statements. Three months restatement impact on the interim condensed financial statement were presented in the reviewed interim condensed consolidated financial statements for the period ended 31 March 2025.
