Independent auditor's report on review of condensed consolidated interim financial statements

To the Shareholders of Al Mawarid Manpower Company (Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying 30 September 2023 condensed consolidated interim financial statements of **AL Mawarid Manpower Company** ("the Company") and its subsidiaries (together referred to as "the Group") which comprises:

- The condensed consolidated statement of financial position as at 30 September 2023;
- The condensed consolidated statement of profit or loss and other comprehensive income for the three-month and nine-month period ended 30 September 2023;
- The condensed consolidated statement of changes in equity for the nine-month period ended 30 September 2023;
- The condensed consolidated statement of cash flows for the nine-month period ended 30 September 2023; and
- The notes to the condensed consolidated financial statements.

Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34 Interim Financial Reporting that is endorsed in the Kingdom of Saudi Arabia.

Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standards on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2023 condensed consolidated interim financial statements of **AI Mawarid Manpower Company** ("the Company") and its subsidiaries (together referred to as "the Group") are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

Notes to the Condensed consolidated interim financial statements For the nine-month period ended 30 September 2023

2. Basis of preparation

These condensed consolidated interim financial statements for the nine-month period ended 30 September 2023 have been prepared in accordance with the International Accounting Standard 34 "Interim Financial Reporting" as endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and professional Accountants ("SOCPA").

The condensed consolidated interim financial statements should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2022 ("last annual consolidated financial statements"). These condensed consolidated interim financial statements do not include all of information and disclosures required to prepare a full set of financial statements prepared under IFRS. However, selected accounting policies and explanatory notes are included to explain events and transactions that are significant to understand the changes in the Group's financial position and performance since the latest consolidated annual financial statements.

These condensed consolidated interim financial statements have been approved for issuance by the Board of Directors on 6 November 2023 (corresponding to 22 Rabi`II 1445H).

a. Basis of measurement

These condensed consolidated interim financial statements have been prepared on historical cost basis except for employees' benefits obligations that are measured at the present value of future obligations using the projected unit credit method and the financial investments that are measured at the fair value. Further, condensed consolidated interim financial statements have been prepared using the accrual basis of accounting and the going concern concept.

b. Functional and presentation currency

These condensed consolidated interim financial statements have been presented in Saudi Riyal ("SAR"), which is the Group's functional and presentation currency.

3. Use of judgment and estimates

In preparing these condensed consolidated interim financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of revenues, costs, assets and liabilities. Actual results may differ from these estimates.

The significant estimates made by the management when applying the Group's accounting policies and the significant sources of uncertainties of the estimates were similar to those shown in the Group's last annual consolidated financial statements.

Fair value measurment

A number of the Group's accounting policies require the measurement of fair values for financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The valuation team regularly reviews significant unobservable input and adjustments to the evaluation. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of IFRS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted (unadjusted) market prices in active markets for assets or liabilities.
- Level 2: Inputs other than quoted prices included in Level 1, which are observable inputs for an asset or liability, either directly (such as prices) or indirectly (derived from prices).
- Level 3: Inputs for assets or liabilities not based on observable market data (unobservable inputs).

(A Saudi Joint Stock Company)

Notes to the Condensed consolidated interim financial statements For the nine-month period ended 30 September 2023

3. Use of judgment and estimates (continued)

Fair value measurment (continued)

If the inputs used to measure the fair value of the assets and liabilities fall within different levels in the fair value hierarchy, then the fair value is categorized as a whole using the lowest level of the fair value hierarchy inputs that are significant to the measurement as a whole.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

4. Significant accounting policies

The accounting policies used when preparing these condensed consolidated interim financial statements are in line with what is stated in the notes to the consolidated financial statements of the Group for the year ended 31 December 2022. With the exception of applying the amendments and interpretations in effect as of 1 January 2023, as mentioned in Note (5-a).

The principal accounting policies have been consistently applied to all periods presented in these condensed consolidated interim financial statements.

5. New standards or amendments effective in 2023 and subsequent years

The following are a number of standards, amendments and interpretations of standards that were issued by the IASB on 20 March 2023.

a) Currently effective new standards, interpretations and amendments:

Effective date	New Standards and Amendments
1 January 2023	IFRS 17 Insurance contracts
	Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2).
	Definition of accounting estimates (amendments to IAS 8).
	Deferred Tax related to Assets and Liabilities arising from a single transaction
	(Amendments to IAS 12).

Management conducted a financial impact assessment and found that there was no impact on the condensed consolidated interim financial statements as at 30 September 2023.

b) Forthcoming requirements

Standards and amendments issued but not yet effective up to the date of issuance of the Group's consolidated financial statements are listed below.

Effective date	New Standards and Amendments
1 January 2024	Non-current liabilities with covenants and Classification of liabilities as current/non-current (Amendments to IAS 1).
	Lease Liability in a sale and leaseback – Amendments to IFRS 16
Available for optional adoption/effective date deferred indefinitely	Sale or contribution of assets between the investor and its associate or joint venture (Amendments to IFRS 10 and IAS 28).

Management will assess the financial impact of the new standards and amendments and management expects that they will have no impact on the group's financial statements

10. Employees' benefits liabilities

The Group operates a defined benefit plan in line with the Labor Law requirement in the Kingdom of Saudi Arabia.

The amounts paid at the end of service under the plan are calculated on the basis of the employees' last salaries and allowances and the number of their accumulated years of service as on the date of the end of their services, as outlined in the labor law in force in the Kingdom of Saudi Arabia.

Employees' end-of-service benefit plans are unfunded. Benefits payment liabilities are met when due.

The below table outlines the movement of employees' benefits libailities during the period/ year ended 30 September 2023 and 31 December 2022:

11. Provision for Zakat

(a) The Group's consolidated Zakat liabilities consist of Zakat that has been calculated on the basis of the separate interim financial statements of each individual company.

(b) Provision for Zakat

The movement in Zakat provision is as follows:

	30 September 2023	31 December 2022
	(Unaudited)	(Audited)
Balance at beginning of the period / year	8,463,346	6,787,961

Provision for the period / year	6,961,250	8,259,384
Balance at end of period / year	7,272,929	8,463,346

(c) Status of final assessments

The Company and its subsidiaries filed Zakat returns to the Zakat, Tax and Customs Authority "ZATCA", and obtained a Zakat certificate until the end of the fiscal year ended 31 December 2022.

During 2021, Al Mawarid Manpower Company received the final assessments for the years 2015 to 2018 with Zakat differences totaling SR 2,069,020. An amount of SR 994,329 has been approved and paid by the Company, and it objected to the rest of the claim. ZATCA accepted certain items for an amount of SR 502,467 and rejected the objection to other items for a total amount of SR 572,224, and accordingly the Group escalated the dispute to the General Secretariat of the Tax Committees ("GSTC").

On 5 June 2022, the hearing session set by the GSTC was attended by representatives of the Company and its tax advisor. The decision was issued at the end of the hearing session approving some of the escalation items and rejecting others. The official decisions were received on 25 July 2022, and the appeal memorandum was submitted to the Appeal Committee on 21 August 2022.

In October 2023, the Appeals Committee's decision was issued which ruled in favor of the Group on items equivalent to SR 500,000 of the total amount of the dispute, and ruling in favor of the ZATCA amounted to SR 72,224 . As at the date of issuance these condensed consolidated interim financial statements, the final assessment for the years ended 31 December 2019, 2020, 2021 and 2022 has not been received.

The necessary provisions have been calculated for the items mentioned in the aforementioned Zakat assessments and approved by the Company, for the years for which the Zakat assessment has not yet been made.

The subsidiary, Musanid Al Marafiq for Maintenance and Cleaning have received the final zakat assessment for the year 2018 with zakat differences of SR 72,780, and an amount of SR 2,182 was approved and paid, and the rest of the amount was objected to, but the objection was rejected by ZATCA. Therefore, The Company escalates the grievance against the ZATCA's decision to General Secretariat of Zakat, Tax and Customs Committees ("GSTC"). GSTC's decision was issued in support of ZATCA's assessment, based on the fact that the company did not submit the required documents, which is an incorrect reliance. An appeal memorandum was submitted to the Appeal Committee.

In September 2023, the Appeals Committee's decision was issued in favor of the Group for the total amount of the dispute. In 17 July 2022, the subsidiary has received the final zakat assessment for the year 2020 with a Zakat difference of SR 8,097, and the management approved and paid the amount. As of the date of issuance of these condensed consolidated interim financial statements, the final assessment for the year ended 31 December 2021 and 2022 has not been received.

The subsidiary company, Sawaid Manpower Company has not received any Zakat assessment from ZATCA, knowing that the first Zakat return submitted by the subsidiary is for the year 2020.

12. Property and equipment

As at 30 September 2023, the total cost of property and equipment was SR 25.21 million (31 December 2022: SR 23,81 million), and the accumulated depreciation was SR 10.70 million as at 30 September 2023 (31 December 2022: SR 10,52 million).

As at 30 September 2023, the net value of property and equipment was 14.51 million (31 December 2022: SR 13,29 million).

13. Used and unused visas and other non-current assets

14.

The unused visas represent the value of the visas paid to ministry of labor and have not been used until the date of statement of financial position. And, the amounts of the visas are transferred to the used visas upon the arrival of the recruited manpower to the territory of the Kingdom of Saudi Arabia.

The movement of the visa balance during the period/year is as follows:

	30 September 2023 (Unaudited)	31 December 2022 (Audited)
Balance at beginning of the period / year	29,140,000	27,784,000

AND SECURITY OF THE SECURITY O		- A

The Group applies the simplified approach in IFRS 9 to measure the expected credit loss which uses a lifetime expected loss allowance for all trade receivables.

Movement in impairment of trade receivable balances during the period / year is as follows:

	30 September 2023 (Unaudited)	31 December 2022 (Audited)
Balance at beginning of the period / year	28,810,042	28,519,911

(*) Due from Zakat, Tax and custom Authority

During the month of December 2020, the Zakat, Tax and Customs Authority (ZATCA) re-evaluated the VAT returns submitted by the Group for the periods from May 2018 to December 2019 with a VAT difference of SR 21,955,089. The dispute mainly relates to recalculation of the VAT on salaries and government fees for the workers outsourced their services to the Group's customers, in violation of the value-added tax regulations, the implementing regulations and the guideline for applying the VAT on employee benefits. The Group's management paid the total tax differences to benefit from the ZATCA's initiative to exempt from the fines that existed at that time, and submitted objections to all periods to the ZATCA with all evidence and support, and even correspondence with the ZATCA in particular, which supported the validity of the VAT returns submitted by the Group.

In March 2021, the Group received the ZATCA's decision to reject the objections submitted for the above-mentioned differences, so the Group's management took a decision to amend the VAT returns for the periods from January 2020 to February 2021 and pay the tax differences totaling SR 26,489,954, to take advantage of the initiative to exempt from fines in order to spare the Group any risks that may result when the dispute is finally resolved, noting that the Group paid fines for the months of December 2020 and January 2021, for being outside the scope of the ZATCA's initiative to exempt from fines, with a total amount of SR 325,918.

The Group filed a grievance against the ZATCA's decision with the General Secretariat of the Tax Committees (GSTC) and issued debit notes to its customers and related parties to VAT differences related to the workers seconded to them for all the periods referred to above for a total amount of SR 48,445,043 so that they can deduct the amounts that It belongs to them in their VAT returns, and the Group has also changed the method of calculating the VAT to include the salaries of seconded workers and any other items included in the invoices as of March 2021 until the dispute is finally settled and ZATCA is notified of that.

Certain clients have paid the VAT differences related to the labor they work for totaling SR 7,652,255, and others have requested to postpone the payment until the dispute is finally decided upon by the GSTC, relying on the validity of the invoices received from the Group for the mentioned periods and that they were correct in accordance with the VAT regulations, VAT implementing regulation and the VAT guides.

On October 28, 2021, the session set by the GSTC was attended by representatives of the Group and its tax advisor. After hearing both disputing parties, the GSTC's decision at the end of the session was in the interest of the Group, as the ZATCA's decision to reassessed the returns submitted by the Group was cancelled.

On 12 January, 1 February and 6 February of 2022, the company have been received formal decisions from GSTC for all cases filed before it (20 months). ZATCA appealed the GSTC's decisions.

15. Prepayments and other current assets (continued)

(*) Due from Zakat, Tax and custom Authority (continued)

During December 2022, a notification was received from GSTC stating that ZATCA had abandoned all existing cases related to the Group and stopped continuing the appeal submitted by it in GSTC's decision issued in October 2021.

During January 2023, ZATCA began to cancel the reassessment of tax returns that previously conducted for the periods referred to above. ZATCA has amended certain returns and refunded an amount of SR 45.31 million to the Group's accounts, and the rest of the returns are being amended and their amounts will be refunded to the Group's accounts amounting to SR 3,4 million. The group issued credit notes in favor of customers to meet the debit notes previously issued to them as indicated above.

A related party and certain clients have stopped paying VAT calculated on workers' salaries and government fees as of March 2021, after adjusting the VAT calculation in VAT invoices as described above. Accordingly, the group calculated these differences from March 2021 to December 2022 and deducted them as part of the VAT return for February 2023 with a total amount of SR 14.03 million. The February 2023 VAT amount was deducted of SR 5.74 million, and the remaining amount of SR 8.29 million was received from ZATCA during April 2023.

Based on the foregoing, the tax dispute that existed between the Group and ZATCA has been completely resolved in favor of the Group.

Trade payables are unsecured and are normally paid within 30 days of recognition. The carrying value of trade payables and other current liabilities approximates their fair value, due to their short-term nature.

21. Contingent liabilities and Commitments

The employees' entitlements, which represent the obligation of employees' benefits and leave and travel tickets allowances, which are borne by some customers on behalf of the Group in accordance with the terms of the contracts entered into with them upon the expiry of the workers' contracts amounted to SR 44.36 million as at 30 September 2023 (31 December 2022: SR 46,2 million).

A commercial bank, under the facility agreement signed with it, has issued a guarantee letter on behalf of the Group in favor of the Ministry of Human Resources and Social Development, which is a guarantee letter to issue the Company's license in the amount of SR 10 million.

22. Risk management

The Group has exposure to the following risks arising from financial instruments:

- Market risk
- · Credit risk;
- · Liquidity risk

Risk management is carried out by the senior management under policies approved by the Board of Directors. Senior management identifies and evaluates, when appropriate, financial risks in close co-operation with the Group's operating units.

Financial assets and liabilities are offset and reported net in the condensed consolidated interim financial statements when the Group has a legally enforceable right to set off the recognized amounts and when the Group intends to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Market risk

Market risk is the risk that changes in market prices such as selling prices of products, profit rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing the return.

Currency risk

Currency risk is the risk that a financial instrument will fluctuate due to changes in foreign exchange rates. The Group transactions are primarily denominated in Saudi Riyals. The management believes that the currency risk is immaterial, as the exchange rate of the USD is fixed against the SAR, therefore, the currency exchange risk is immaterial.

22. Risk management (continued)

Interest rate risk

Interest rate risk is the exposure to various risks associated with the effect of fluctuations in the prevailing interest rates on the Group's financial position and cash flows. The Group manages interest rate risk by regularly monitoring the interest rate levels of its interest-bearing financial instruments. The Group is not exposed to significant interest sensitivity risk.

Credit risk

Credit risk is the risk that a party will not be able to meet its obligations to a financial instrument, causing financial losses to the other party. The Group does not believe that there are significant risks from balances due from related parties.

Financial assets that are subject to credit risk are limited to cash and cash equivalents, trade receivables and other current assets.

The cash and cash equivalents of the Group are deposited in public accounts with local banks with good credit ratings.

The Group only deals with high credit ratings financial institutions to limit the Group's exposure to credit risk. The Group has put in place an approval process so that credit limits are applied to customers.

The management also continuously monitors exposure to credit risks towards customers and creates a provision against doubtful balances which is based on customer profile and previous payment dates. Existing customers' receivables are monitored on a regular basis.

As at 30 September 2023 and 31 December 2022, the exposure to credit risk for trade receivables is as follows:

	30 September	31 December
	2023	2022
	(Unaudited)	(Audited)

Commission rate risk

It is the exposure to various risks associated with the effect of fluctuations in the prevailing interest rates on the Group's financial position and cash flows.

The Group's commission rate risk arises principally from loans and investments at fair value through profit or loss which are at floating commission rates and are subject to re-pricing on a regular basis. The management monitors these changes in commission rates.

The Group periodically analyzes the commission rate risk, taking into account any rescheduling of loans. It also calculates the financial impact on profits and losses by increasing/decreasing the commission rate by a certain percentage. This analysis is performed on liabilities that bear commission.

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments.

Liquidity risk may result from the inability to sell a financial asset quickly and for an amount close to its fair value.

Liquidity risk is managed by monitoring it periodically to ensure the availability of sufficient funds through available banking facilities to meet any future liabilities.

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its obligations as and when they fall due under normal and abnormal conditions without incurring unacceptable losses or risking damage to the Group's reputation.

Fair value measurement of financial instruments

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date.

As the accompanying condensed consolidated interim financial statements have been prepared under the historical cost method, difference may arise between the book values and the fair value estimates.

The following table presents the Group's financial instruments measured at fair value at 30 September 2023 and 31 December 2022:
