### INTRODUCTION

We have reviewed the accompanying interim consolidated statement of financial position of National Metal Manufacturing and Casting Company ("MAADANIYAH") (the "Company"), a Saudi Joint Stock Company, and its subsidiaries (collectively referred to as the "Group") as at June 30, 2025 and the related interim consolidated statement of profit or loss and other comprehensive income for the three-month and six-month periods then ended, and the interim consolidated statements of changes in equity and cash flows for the six-month period then ended, and a summary of material accounting policies and other explanatory notes (the "interim condensed consolidated financial statements"). Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard No. 34 - "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagement 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

**2. BASIS OF PREPARATION**

**2.1 Statement of compliance**

These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard No.34 - “Interim Financial Reporting” (“IAS 34”) that are endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants.

The disclosures in these interim condensed consolidated financial statements do not include the information reported for full annual consolidated financial statements and should, therefore, be read in conjunction with the annual consolidated financial statements of the Group for the year ended December 31, 2024. In addition, results for the six-month period ended June 30, 2025 are not necessarily indicative of the expected results for the full year ending December 31, 2025.

**2.2 Basis of measurement**

These interim condensed consolidated financial statements are prepared under the historical cost convention, using the accruals basis of accounting, except for those required to be recorded on other basis of accounting as mentioned in annual consolidated financial statements of the Group for the year ended December 31, 2024.

**2.3 Functional and presentation currency**

These interim condensed consolidated financial statements are presented in Saudi Riyals (SR) which is also the functional currency of the Group. Figures have been rounded off to nearest Saudi Riyals, unless otherwise stated.

**3. USE OF ESTIMATES AND JUDGMENTS**

In preparing these interim condensed consolidated financial statements, management has made judgments and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by the management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those described in the annual consolidated financial statements of the Group for the year ended December 31, 2024.

**4. MATERIAL ACCOUNTING POLICES**

The material accounting policies, risk management policies and methods of computation adopted for the preparation of these interim condensed consolidated financial statements are same as those applied in the annual consolidated financial statements of the Group for the year ended December 31, 2024, except for the adoption of certain new standards / amendments that have become effective in the current period.

**5. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS**

**5.1 Standards and amendments issued and applied effective in current period**

There are no new standards issued, however, there are amendments to the following standards, which are effective in current period and have no material impact on Group's interim condensed consolidated financial statements;

<b>Amendments to standard</b>	<b>Description</b>	<b>Effective for annual years beginning on or after</b>	<b>Summary of the amendment</b>
IAS 21	Lack of Exchangeability	January 1, 2025	The amendments contain guidance to specify when a currency is exchangeable and how to determine the exchange rate when it is not. The amendments introduce new disclosures to help financial statement users assess the impact of using an estimated exchange rate.

**5.2 New standards, amendments and revised IFRS issued but not yet effective**

<b>Amendments to standard</b>	<b>Description</b>	<b>Effective for annual years beginning on or after</b>	<b>Summary of the amendment</b>
IFRS 9 and IFRS 7	Classification and Measurement of Financial Instruments	January 1, 2026	These amendments clarify financial assets and financial liabilities are recognized and derecognized at settlement date except for regular way purchases or sales of financial assets and financial liabilities meeting conditions for new exception. The new exception permits companies to elect to derecognize certain financial liabilities settled via electronic payment systems earlier than the settlement date. They also provide guidelines to assess contractual cash flow characteristics of financial assets, which apply to all contingent cash flows, including those arising from environmental, social, and governance (ESG)-linked features. Additionally, these amendments introduce new disclosure requirements and update others.
IFRS 18	Presentation and Disclosure in Financial Statements	January 1, 2027	IFRS 18 replaces IAS 1, which sets out presentation and base disclosure requirements for financial statements. The changes, which mostly affect the income statement, include the requirement to classify income and expenses into three new categories – operating, investing and financing – and present subtotals for operating profit or loss and profit or loss before financing and income taxes. Further, operating expenses are presented directly on the face of the income statement – classified either by nature (e.g. employee compensation), by function (e.g. cost of sales) or using a mixed presentation. Expenses presented by function require more detailed disclosures about their nature. IFRS 18 also provides enhanced guidance for aggregation and disaggregation of information in the financial statements, introduces new disclosure requirements for management-defined performance measures (MPMs)* and eliminates classification options for interest and dividends in the statement of cash flows.

**5. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS (Continued)**

**5.2 New standards, amendments and revised IFRS issued but not yet effective (Continued)**

<b>Amendments to standard</b>	<b>Description</b>	<b>Effective for annual years beginning on or after</b>	<b>Summary of the amendment</b>
IFRS 19	Subsidiaries without Public Accountability	January 1, 2027	IFRS 19 permits an eligible subsidiary to provide reduced disclosures when applying IFRS Accounting Standards in its financial statements. A subsidiary is eligible for the reduced disclosures if it does not have public accountability and its ultimate or any intermediate parent produces consolidated financial statements available for public use that comply with IFRS Accounting Standards.

Management anticipates that these new interpretations and amendments will be adopted in the Group's consolidated financial statements as and when they are applicable and adoption of these interpretations and amendments are expected to have no material impact on the consolidated financial statements of the Group in the period of initial application.

**6. PROPERTY, PLANT AND EQUIPMENT**
