INDEPENDENT AUDITORS' REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL INFORMATION TO THE SHAREHOLDERS OF SABB TAKAFUL COMPANY (A SAUDI JOINT STOCK COMPANY)

INTRODUCTION

We have reviewed the accompanying interim statement of financial position of SABB Takaful Company (A Saudi Joint Stock Company) (the "Company") as at 30 June 2020, and the related interim statements of income, comprehensive income for the three and six month periods then ended, and interim statement of changes in shareholders' equity and cash flows for the six month period then ended and other explanatory notes (the interim condensed financial information). Management is responsible for the preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial information based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

SABB Takaful Company (A Saudi Joint Stock Company)

NOTES TO THE INTERIM CONDENSED FINANCIAL INFORMATION (UNAUDITED)

30 June 2020

1. ORGANISATION AND PRINCIPAL ACTIVITIES

SABB Takaful Company (the “Company”) is a Saudi Joint Stock Company registered in the Kingdom of Saudi Arabia under Commercial Registration No. 1010234032 dated 20 Jumad Awal 1428H (corresponding to 6 June 2007). The Company is listed on Saudi Stock Exchange ‘Tadawul’. The address of the registered office of the Company is P. O. Box 9086, Riyadh 11413, Kingdom of Saudi Arabia.

The purpose of the Company is to transact takaful operations and all related activities. Its principal lines of business include Individual Family (Protection and Savings – Individual), Group Family (Protection and Savings – Group) and General Takaful products. The Company operates only in the Kingdom of Saudi Arabia.

2. BASIS OF PREPARATION, BASIS OF PRESENTATION, SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS AND RISK MANAGEMENT POLICIES

a) Basis of presentation and measurement

The interim condensed financial information of the Company as at and for the six month period ended 30 June 2020 have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting (“IAS 34”) as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Certified Public Accountants (“SOCPA”).

These financial statements have been prepared under the going concern basis and the historical cost convention, except for the measurement at fair value of unit-linked available-for-sale investments, end of service benefits and reserves for takaful activities are carried at present values using the actuarial valuation. Equity investments classified as available-for-sale investments are carried at closing market value.

The Company’s management has made an assessment of its ability to continue as a going concern and is satisfied that it will be able to continue as a going concern in the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt upon the Company’s ability to continue as a going concern. Therefore, the financial statements have been prepared on the going concern basis.

The statement of financial position is not presented using a current/non-current classification. However, the following items would generally be classified as non-current such as held-to-maturity investments, fixed assets, intangible assets, statutory deposit and provision for employees’ end-of-service benefits. All other financial statement line items would generally be classified as current.

The Company presents its statement of financial position in order of liquidity. As required by the Saudi Arabian Insurance Regulations, the Company maintains separate books of accounts for takaful operations and shareholders’ operations and presents the financial statements accordingly (Note 13). Assets, liabilities, revenues and expenses clearly attributable to either activity are recorded in the respective accounts. The basis of allocation of expenses from joint operations is determined and approved by the management and the Board of Directors.

2. BASIS OF PREPARATION, BASIS OF PRESENTATION, SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS AND RISK MANAGEMENT POLICIES (continued)

a) Basis of presentation and measurement (continued)

The statement of financial position, statements of income, comprehensive income and cash flows of the takaful operations and shareholders' operations which are presented in Note 13 of the financial statements have been provided as supplementary financial information to comply with the requirements of the guidelines issued by SAMA implementing regulations and is not required under IFRSs. SAMA implementing regulations requires the clear segregation of the assets, liabilities, income and expenses of the insurance operations and the shareholders' operations. Accordingly, the statements of financial position, statements of income, comprehensive income and cash flows prepared for the takaful operations and shareholders' operations as referred to above, reflect only the assets, liabilities, income, expenses and comprehensive gains or losses of the respective operations.

In preparing the Company-level interim condensed financial information in compliance with IFRS, the balances and transactions of the insurance operations are amalgamated and combined with those of the shareholders' operations. Inter-operation balances, transactions and unrealised gains or losses, if any, are eliminated in full during amalgamation. The accounting policies adopted for the insurance operations and shareholders' operations are uniform for like transactions and events in similar circumstances.

The interim condensed financial information does not include all of the information required for full annual financial statements and should be read in conjunction with the annual financial statements as of and for the year ended 31 December 2019.

b) Critical accounting judgments, estimates and assumptions

The preparation of interim condensed financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed financial information, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2019. However, the Company has reviewed the key sources of estimation uncertainties disclosed in the last annual financial statements against the backdrop of the COVID-19 pandemic. For further details, refer to the note below to these interim condensed financial statements. Management will continue to assess the situation, and reflect any required changes in future reporting periods.

c) Impact of covid-19 on the technical reserves and financial assets

On 11 March 2020, the World Health Organisation ("WHO") declared the Coronavirus ("COVID-19") outbreak as a pandemic in recognition of its rapid spread across the globe. This outbreak has also affected the GCC region including the Kingdom of Saudi Arabia. Governments all over the world took steps to contain the spread of the virus. Saudi Arabia in particular has implemented closure of borders, released social distancing guidelines and enforced country wide lockdowns and curfews.

In response to the spread of the Covid-19 virus in the GCC where the Company operates and its consequential disruption to the social and economic activities in those markets, the Company's management has proactively assessed its impacts on its operations and has taken a series of proactive and preventative measures and processes to ensure:

- the health and safety of its employees and the wider community where it is operating
- the continuity of its business throughout the Kingdom is protected and kept intact.

2. BASIS OF PREPARATION, BASIS OF PRESENTATION, SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS AND RISK MANAGEMENT POLICIES (continued)

c) Impact of covid-19 on the technical reserves and financial assets (continued)

Notwithstanding these challenges, management believes that the technical reserves on life takaful business remains largely unaffected as the overall mortality due to COVID-19 in the Kingdom of Saudi Arabia is very low. Based on these factors the Company's management believes that the COVID-19 pandemic has had no material effects on Company's reported results for the period ended 30 June 2020. The Company continues to monitor the situation closely.

To cater for any potential impacts, the COVID-19 pandemic may have had on the financial assets of the Company, the Company has performed an assessment in accordance with its accounting policy, to determine whether there is an objective evidence that a financial asset or a group of financial assets has been impaired. For debt financial assets, these include factors such as, significant financial difficulties of issuers or debtors, default or delinquency in payments, probability that the issuer or debtor will enter bankruptcy or other financial reorganization, etc. In case of equities classified under available-for-sale, the Company has performed an assessment to determine whether there is a significant or prolonged decline in the fair value of financial assets below their cost.

Based on these assessments, the Company's management believes that the COVID-19 pandemic has had no material effects on Company's reported results for the three and six-month periods ended 30 June 2020. The Company's management continues to monitor the situation closely.

d) Significant accounting policies

The accounting policies, estimates and assumptions used in the preparation of the interim condensed financial information are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2019, except for the new standards and adoption of the amendments to existing standards which have had either insignificant effect or no financial impact on the interim condensed financial information of the Company on the current period or prior periods and are expected to have a insignificant effect in future period.

Standards issued but not yet effective

The Company has chosen not to early adopt the following new standards which have been issued but not yet effective for the Company's accounting year beginning on 1 January 2019 and is currently assessing their impact:

IFRS 17 - "Insurance Contracts"

Overview

This standard has been published in May, 2017. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts and supersedes IFRS 4 – Insurance contracts.

The new standard applies to insurance contracts issued, to all reinsurance contracts and to investment contracts with discretionary participating features provided the entity also issues insurance contracts. It requires to separate the following components from insurance contracts:

- embedded derivatives, if they meet certain specified criteria;
- distinct investment components; and
- any promise to transfer distinct goods or non-insurance services.

These components should be accounted for separately in accordance with the related standards (IFRS 9 and IFRS 15).

2. BASIS OF PREPARATION, BASIS OF PRESENTATION, SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS AND RISK MANAGEMENT POLICIES (continued)

d) Significant accounting policies (continued)

Standards issued but not yet effective (continued)

Measurement

In contrast to the requirements in IFRS 4, which permitted insurers to continue to use the accounting policies for measurement purposes that existed prior to January 2015, IFRS 17 provides the following different measurement models:

The General Measurement Model (GMM) is based on the following “building blocks”:

- a) the fulfilment cash flows (FCF), which comprise:
 - probability-weighted estimates of future cash flows,
 - an adjustment to reflect the time value of money (i.e. discounting) and the financial risks associated with those future cash flows,
 - and a risk adjustment for non-financial risk;
- b) the Contractual Service Margin (CSM). The CSM represents the unearned profit for a group of insurance contracts and will be recognized as the entity provides services in the future. The CSM cannot be negative at inception; any net negative amount of the fulfilment cash flows at inception will be recorded in profit or loss immediately. At the end of each subsequent reporting period the carrying amount of a group of insurance contracts is remeasured to be the sum of:
 - the liability for remaining coverage, which comprises the FCF related to future services and the CSM of the group at that date; and
 - the liability for incurred claims, which is measured as the FCF related to past services allocated to the group at that date.

The CSM is adjusted subsequently for changes in cash flows related to future services. Since the CSM cannot be negative, changes in future cash flows that are greater than the remaining CSM are recognized in profit or loss.

The effect of changes in discount rates will be reported in either profit or loss or other comprehensive income, determined by an accounting policy choice.

The Variable Fee Approach (VFA) is a mandatory model for measuring contracts with direct participation features (also referred to as ‘direct participating contracts’). This assessment of whether the contract meets these criteria is made at inception of the contract and not reassessed subsequently. For these contracts, in addition to the adjustment under GMM, the CSM is also adjusted for:

- the entity’s share of the changes in the fair value of underlying items,
- the effect of changes in the time value of money and in financial risks not relating to the underlying items.

2. **BASIS OF PREPARATION, BASIS OF PRESENTATION, SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS AND RISK MANAGEMENT POLICIES (continued)**

d) Significant accounting policies (continued)

Standards issued but not yet effective (continued)

In addition, a simplified **Premium Allocation Approach (PAA)** is permitted for the measurement of the liability for the remaining coverage if it provides a measurement that is not materially different from the General Model Measurement or if the coverage period for each contract in the group is one year or less. With the PAA, the liability for remaining coverage corresponds to premiums received at initial recognition less insurance acquisition cash flows. The General Measurement Model remains applicable for the measurement of the liability for incurred claims. However, the entity is not required to adjust future cash flows for the time value of money and the effect of financial risk if those cash flows are expected to be paid/received in one year or less from the date the claims are incurred.

Effective date

The effective date of IFRS 17 and the deferral of the IFRS 9 temporary exemption in IFRS 4, is currently 1 January 2023, and will supersede IFRS 4 "Insurance Contracts". Earlier adoption permitted if both IFRS 15 "Revenue from Contracts with Customers" and IFRS 9 "Financial Instruments" have also been applied. The Company expects a material impact on measurement and disclosure of insurance and reinsurance that will affect both the statement of income and the statement of financial position. The Company has decided not to early adopt this new standard.

Transition

Retrospective application is required. However, if full retrospective application for a group of insurance contracts is impracticable, then the entity is required to choose either a modified retrospective approach or a fair value approach.

Presentation and Disclosures

The Company expects that the new standard will result in a change to the accounting policies for insurance contracts together with amendments to presentation and disclosures.

IFRS 9 - "Financial instruments"

This standard was published on July 24, 2014 and has replaced IAS 39. The new standard addresses the following items related to financial instruments:

i) Classification and measurement:

IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost, at fair value through other comprehensive income or at fair value through profit or loss. A financial asset is measured at amortized cost if both:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding ("SPPI").

The financial asset is measured at fair value through other comprehensive income and realized gains or losses are recycled through profit or loss upon sale, if both conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and for sale; and
- the contractual terms of cash flows are SPPI,

Assets not meeting either of these categories are measured at fair value through profit or loss. Additionally, at initial recognition, an entity can use the option to designate a financial asset at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch.

2. **BASIS OF PREPARATION, BASIS OF PRESENTATION, SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS AND RISK MANAGEMENT POLICIES (continued)**

d) Significant accounting policies (continued)

Standards issued but not yet effective (continued)

For equity instruments that are not held for trading, an entity can also make an irrevocable election to present in other comprehensive income subsequent changes in the fair value of the instruments (including realized gains and losses), dividends being recognized in profit or loss.

Additionally, for financial liabilities that are designated as at fair value through profit or loss, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss.

ii) Impairment:

The impairment model under IFRS 9 reflects expected credit losses, as opposed to incurred credit losses under IAS 39. Under the IFRS 9 approach, it is no longer necessary for a credit event to have occurred before credit losses are recognized. Instead, an entity always accounts for expected credit losses and changes in those expected credit losses. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition.

iii) Hedge accounting:

IFRS 9 introduces new requirements for hedge accounting that align hedge accounting more closely with Risk Management. The requirements establish a more principles-based approach to the general hedge accounting model. The amendments apply to all hedge accounting with the exception of portfolio fair value hedges of interest rate risk (commonly referred to as "fair value macro hedges"). For these, an entity may continue to apply the hedge accounting requirements currently in IAS 39. This exception was granted largely because the IASB is addressing macro hedge accounting as a separate project.

Effective date

The published effective date of IFRS 9 was 1st January 2018. However, amendments to IFRS 4 – Insurance Contracts: Applying IFRS 9 – Financial Instruments with IFRS 4 – Insurance Contracts, published on 12th September 2016, changes the existing IFRS 4 to allow entities issuing insurance contracts within the scope of IFRS 4 to mitigate certain effects of applying IFRS 9 before the IASB's new insurance contract standard (IFRS 17 – Insurance Contracts) becomes effective. The amendments introduce two alternative options:

- Apply a temporary exemption from implementing IFRS 9 until the earlier of:
 - the effective date of a new insurance contract standard; or
 - annual reporting periods beginning on or after January 1, 2023. Additional disclosures related to financial assets are required during the deferral period. This option is only available to entities whose activities are predominately connected with insurance and have not applied IFRS 9 previously; or
- Adopt IFRS 9 but, for designated financial assets, remove from profit or loss the effects of some of the accounting mismatches that may occur before the new insurance contract standard is implemented. During the interim period, additional disclosures are required.

The Company has performed a detailed assessment beginning January 01, 2017: (1) The carrying amount of the Company's liabilities arising from contracts within the scope of IFRS 4 (including deposit components or embedded derivatives unbundled from insurance contracts) were compared to the total carrying amount of all its liabilities; and (2) the total carrying amount of the company's liabilities connected with insurance were compared to the total carrying amount of all its liabilities. Based on these assessments the Company determined that it is eligible for the temporary exemption. Consequently, the Company has decided to defer the implementation of IFRS 9 until the effective date of the new insurance contracts standard. Disclosures related to financial assets required during the deferral period are included in the Company's financial statements.

SABB Takaful Company (A Saudi Joint Stock Company)

NOTES TO THE INTERIM CONDENSED FINANCIAL INFORMATION (UNAUDITED)

30 June 2020

3. INVESTMENTS (continued)

Available-for-sale investments in takaful operations represent investments in units of mutual funds managed by HSBC Saudi Arabia Limited, being a related party of the Company.

All the held-to-maturity investments are un-quoted as well as domestic in nature. The maturity profile of held-to-maturity investments is as follows:

<i>Maturity profile</i>	<i>Maturity date</i>
- General Authority of Civil Aviation Sukuk (GACA - I)	18 January 2022
- Bank AlBilad Sukuk	30 August 2021
- Ministry of Finance Sukuk (MOF-I)	23 January 2024
- Ministry of Finance Sukuk (MOF-II)	23 January 2029
- Ministry of Finance Sukuk (MOF-III)	23 March 2025
- Ministry of Finance Sukuk (MOF-IV)	23 March 2030
- Ministry of Finance Sukuk (MOF-V)	23 March 2025
- Ministry of Finance Sukuk (MOF-VI)	23 March 2025

b) The fair value of held-to-maturity investments as at 30 June 2020 was SAR 146.36 million (31 December 2019: SAR 146.89 million).

c) The movement in the available-for-sale investments held to cover unit-linked liabilities was as follows:

	<i>30 June 2020 (Unaudited) SAR'000</i>	<i>31 December 2019 (Audited) SAR'000</i>
Opening balance	376,834	352,115
Purchased during the period/ year	39,343	77,080
Sold during the period/ year	(43,845)	(97,864)
	372,332	331,331
Net change in fair values of investments	(9,235)	45,503
Closing balance	363,097	376,834

d) Available- for-sale financial assets - Investment in local equity shares

The movements in the available-for-sale investments in local equity shares were as follows:

	<i>30 June 2020 (Unaudited) SAR'000</i>	<i>31 December 2019 (Audited) SAR'000</i>
Balance as at the beginning of the period/ year	7,035	-
Purchased during the period/ year	-	6,386
Sold during the period/ year	-	-
	7,035	6,386
Net change in fair values of investments	(549)	649
Balance as at the end of the period/ year	6,486	7,035

The Company uses the following hierarchy methods for determining and disclosing the fair value of investments at the reporting period end:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The Company's available-for-sale and held to maturity investments are classified under Level 1 and Level 3 hierarchy respectively.

c) Non-unit reserve

As at 30 June 2020, the Company has recorded a non-unit reserve of SAR 8.5 million (31 December 2019: SAR 6.5 million) pertaining to the individual family segment. The reserve is calculated based on the present value of future assumed expenses less the present value of future income arising from charges on all individual family policies.

d) Unexpired risk reserve

This reserve comprises of premium deficiency reserve of SAR 1.49 million (2019: SAR 2.05 million) and SAR 3.81 million (2019: SAR 3.84 million) pertaining to group family and general takaful segments respectively.

11. ZAKAT AND TAX

Status of Assessment

During the quarter ended 31 March 2015, the General Authority of Zakat & Tax (GAZT) issued the final tax certificates for the years from 2008 to 2010. During the year ended 31 December 2016, the GAZT also started its review for the years from 2011 to 2015.

On 27 November 2018, GAZT has issued the tax/zakat assessments for the years ended 31 December 2011 to 2014. In connection with the above assessments of GAZT for the year 2011 to 2014, the Company requested GAZT to provide the details of the tax/zakat assessments in order to provide the Company's point of view on GAZT's action. Accordingly, the GAZT provided the details of tax/zakat and withholding tax assessments for the years ended 31 December 2011 to 2015. During the quarter ended 31 December 2018, the Company had filed an appeal against the above mentioned assessments. The management believes that the Company is in a strong position in the appeal filed as mainly it relates to matters already decided in Company's favour in earlier appeals relating to previous assessments (2007-2010).

SABB Takaful Company (A Saudi Joint Stock Company)

NOTES TO THE INTERIM CONDENSED FINANCIAL INFORMATION (UNAUDITED)

30 June 2020

11. ZAKAT AND TAX (continued)

During the year ended 31 December 2019, GAZT has issued the tax/zakat assessments for the year ended 31 December 2018. In connection with the above assessment of GAZT for the year 2018, the Company requested GAZT to provide the details of the tax/zakat assessments in order to provide the Company's point of view on GAZT's action. Accordingly, the GAZT provided the details of tax/zakat and withholding tax assessments for the year ended 31 December 2018. The Company filed an appeal in first quarter of year 2020 against the said assessment. Subsequent to year ended 31 December 2019, GAZT has requested the information relating to the tax years 2015 to 2017. The Company provided the requested information during first quarter of 2020. During April 2020, GAZT raised a revised assessment for year 2018. In the revised assessment, GAZT has accepted Company's view point with respect to withholding tax and hence GAZT has removed the related additional liability. For the remaining of the exposure amounting to SAR 0.9 million, the Company filed an appeal with The Committee for the Settlement of Tax Violations and Disputes (CSTVD) during quarter ended 30 June 2020. The management strongly believes that the Company is in a strong position with respect to the aforementioned appeal.

Further, during the quarter ended 31 March 2020, GAZT has raised an assessment based on the tax audit conducted with respect to Value Added Tax (VAT). In the said assessment, GAZT has decided to apply 5% VAT on the planholder charges in life insurance policies supplied by SABB Takaful Company under Individual Family with effect from 1 January 2018 till 31 March 2020 along with the late payment penalties, amounting to SAR 1.8 million in total. During quarter ended 30 June 2020, after waiving the penalty amount, GAZT has raised the invoices for settlement amounting to SAR 0.8 million. In response, on 18 June 2020, SABB Takaful submitted an objection letter through the GAZT portal, objecting to the SADAD invoices issued. In parallel to this letter, SABB Takaful made payment under protest to settle all raised invoices by GAZT. A response to this objection letter was received on 13 July 2020 in which GAZT rejected the objection. As at end of 30 June 2020, SABB Takaful is in the process of submitting its objection to General Secretariat of Tax Committees (GSTC).

12. SHARE CAPITAL

The authorized, issued and fully paid up share capital of the Company consists of 34 million ordinary shares of SAR 10 each. The shareholding structure of the Company as at 31 March 2020 and as at 31 March 2019 is as follows:

Shareholders	Shareholding	SAR'000
The Saudi British Bank	65.00%	221,000
Other	35.00%	119,000
	<u>100.00%</u>	<u>340,000</u>

SABB Takaful Company (A Saudi Joint Stock Company)

NOTES TO THE INTERIM CONDENSED FINANCIAL INFORMATION (UNAUDITED)

30 June 2020

14. RECLASSIFICATION OF COMPARATIVE FIGURES

Certain of the prior period amounts have been reclassified to conform with the presentation in the current period. These changes were made for better presentation of balances and transactions in the interim condensed financial information of the Company.

15. RISK MANAGEMENT

The Company's risk management policies are consistent with those as disclosed in the annual financial statements for the year ended 31 December 2020 except for the following changes:

a. Credit risk management

The Company has strengthened its credit risk management policies to address the fast changing and evolving risks posed by the current circumstances. These include review of credit concentrations at granular economic sector, region, counterparty level and take appropriate action where required.

Credit risk concentrations – Based on the review, the Company has identified these sectors being impacted significantly by COVID19 and lower oil price, mainly Food, airlines, freight companies, hotels etc.

The Company's exposure in terms of gross premium receivables to these industries is as follows:

<u>Sector</u>	<u>Amount % of total gross receivables</u>
Food	-
Airlines	-
Freight companies	-
Hotels	0.13%

b. Capital risk management

Management, through various scenario analysis as required by the regulator, has proactively assessed the potential of the COVID-19 by performing stress testing for various variables like: gross premium growth, increase in employee cost, YTD loss ratio, outstanding premium provisions etc and the related impact on the revenue, profitability, loss ratio and solvency ratio. Management has concluded that based on the stress testing performed during Q1 2020, the solvency of the Company can be reduced from 300% to 284%. As with any forecasts, the projections and likelihoods of occurrence are underpinned by significant judgement and uncertainty and therefore, the actual outcomes may be different to those projected. The impact of such uncertain economic environment is judgmental and the Company will continue to reassess its position and the related impact on a regular basis.

16. APPROVAL OF THE INTERIM CONDENSED FINANCIAL INFORMATION

These interim condensed financial information were approved by the Board of Directors on 28 Dhu al-hijjah 1441H corresponding to 18 August 2020.
