JEDDAH - SAUDI ARABIA

Introduction

We have reviewed the interim condensed consolidated statement of financial position of Saudi Arabian Refineries Company – Saudi Joint Stock Company - ("the Company") as at June 30, 2023, the interim condensed consolidated statements of profit or loss and other comprehensive income for the three and six months period ended on June 30, 2023, the interim condensed consolidated statement of changes in shareholders' equity and the interim condensed consolidated statement of cash flows for the three six period then ended, and summary of significant accounting policies, and the notes (1) to (22) which considered an integral part of these interim condensed consolidated financial statements.

Management is responsible for the preparation and presentation of these interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34"). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

2. Basis of preparation of the interim condensed consolidated financial statements

2.1. Statement of compliance

These interim condensed consolidated financial statements ("financial statements") have been prepared in accordance with IAS 34 "Interim Financial Reporting" adopted in the Kingdom of Saudi Arabia (IFRS that determine the minimum of Interim Financial Reporting content) and other standards and pronouncements endorsed by Saudi Organization for Chartered Professional Accountants (SOCPA).

These interim condensed consolidated financial statements do not include all the information and explanations required for a complete set of financial statements prepared in accordance with IFRS, and should be read in conjunction with the Company's financial statements for the year ended 31 December 2022 (last annual financial statements), Furthermore, the interim results period ended at June 30, 2023 may not be considered as an indication of expected results for the year ended December 31, 2023.

2.2. Basis of measurement

These interim condensed consolidated financial statements have been prepared in accordance with the historical cost principle, with the exception of employees defined benefit obligations, which are measured at present value using the projected unit credit method, investments in equity instruments through other comprehensive income, which are measured at fair value, and investments in associates using the equity method.

In addition, these interim condensed consolidated financial statements are prepared using the accrual basis of accounting and the going concern principle.

2. Basis of preparation of the interim condensed consolidated financial statements...(Continued)

2.3. Functional and presentation currency

These interim condensed consolidated financial statements are presented in Saudi Arabian Riyals ("SR") which is the functional and presentation currency of the company.

2.4. Going concern concept

The company has no doubt upon the company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

3. Significant accounting estimates. Assumptions and judgments

The preparation of these interim condensed consolidated financial statements requires management to make judgment. Estimates and assumptions that affect the reported amounts of assets. Liabilities. Revenue. Expenses and disclosure of contingent liabilities at the reporting date. Actual results may differ from these estimates.

The significant judgments and estimates used by management in applying the Company's accounting policies. Calculation methods and the key sources of uncertainty about estimation were similar to those shown in the last annual consolidated financial statements for the year ending on December 31, 2022.

Basics of consolidation of financial statements

The financial statements of the group include the financial statements of the company and its subsidiaries as shown in Note No. (1). Control is achieved when the Group is exposed, or has rights, to returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The Group considers controlling an investee when the Group has:

- Control of the investee company (existing rights that give it the current ability to direct the activities of the investee).
- Exposure to risks and rights to various returns from its overlap with the investee company.
- The ability to use its power over the investee company to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one of the elements of control described above. The process of consolidation of a subsidiary begins when the group obtains control of the subsidiary and ceases when the group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired during the period are included in the consolidated financial statements from the date the Group acquires control of the subsidiary until the date it ceases.

Profits and losses and all components of other comprehensive income are attributable to the equity holders of the Group's parent company and to the holders of the non-controlling interests, even if this results in a deficit balance in favor of the non-controlling interests. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All internal balances of the Group and financial transactions resulting from transactions between the Group and its subsidiaries and those resulting between subsidiaries are excluded when preparing the consolidated financial statements. Any unrealized profits or losses resulting from internal transactions in the group are also excluded when consolidating the financial statements.

Eliminations

Intra-group balances and transactions, as well as any unrealized gains or losses arising from intra- group transactions, are eliminated in full when preparing these financial statements. Unrealized gains arising from transactions with equity investees are eliminated to the extent of the Group's interest in the investee. Unrealized losses are eliminated in the same way as unrealized gains, but to the extent that there is no evidence of impairment.

Non-controlling interests

The non-controlling interest in the net assets of a subsidiary is recognized separately from the Group's interest in net assets. Non-controlling interests consist of the amounts of those interests recognized on the date of the primary business combination as well as their shares of changes in equity in the company that occur after the acquisition date.
