Independent Auditor's Report

To the Shareholders of Saudi Company for Hardware SACO (A Saudi Joint Stock Company)

Opinion

We have audited the consolidated financial statements of **Saudi Company for Hardware SACO** (the "Company") and its subsidiary (collectively referred to as "the Group"), which comprise the consolidated statement of financial position as at 31 December 2022, the consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes to the consolidated financial statements, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2022, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (SOCPA).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) (the Code), that is endorsed in the Kingdom of Saudi Arabia, that are relevant to our audit of the consolidated financial statements, and we have fulfilled our other ethical responsibilities in accordance with the Code's requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report (Continued)

To the Shareholders of Saudi Company for Hardware SACO (A Saudi Joint Stock Company) (continued)

Key Audit Matter (continued)

Assessing impairment of the Goodwill – See note (3) to the consolidated financial statements for the accounting policy relating to goodwill and impairment of non-financial assets and note (7) for the related disclosures.

The key audit matter	How the matter was addressed in our audit
<p>At 31 December 2022, the Group has a goodwill amounting to SR 22.4 million, which arose from the business combination through the acquisition of the subsidiary, Medscan Terminal Company Limited, in 2016.</p> <p>The management performs impairment assessments related to this goodwill, at least annually.</p> <p>In performing such impairment assessment, management compares the carrying value of cash-generating unit ("CGUs") (Medscan Terminal Company Limited) to which goodwill had been allocated with their respective recoverable amounts, being the higher of fair value less costs of disposal and value in use, to determine if any impairment loss should be recognized.</p> <p>Value in use is assessed based on discounted cash flows forecasts.</p> <p>The preparation of discounted cash flows forecasts for the purpose of assessing the value in use involves estimating future cash flows, growth rates and discount rates which can be inherently uncertain.</p> <p>We identified the assessment of potential impairment of goodwill as a key audit matter because the assessment includes certain significant assumptions which could be subject to management bias. Furthermore, the assessment involves an element of uncertainty.</p>	<p>Among other things, our procedures included the following:</p> <ul style="list-style-type: none"> - evaluating the assumptions adopted in the preparation of the cash flows forecasts for the purpose of the impairment assessment of the goodwill, including projected future growth rates for income and expenses, with reference to our understanding of the business, historical trends and available industry information and available market data; - involving our valuation specialists to assist us in evaluating the methodology and discount rates used by management in the preparation of its discounted cash flows forecasts; - comparing the cash flows forecast prepared at the end of last year for the purpose of impairment assessment with the actual performance of the business for the current year and make enquiries of management as to the reasons for any significant variations identified, to assess whether the judgement made by management in the preparation of the cash flow forecasts in the prior year indicated possible management bias; - assessing the impact of changes in the key assumptions, adopted in the discounted cash flow forecasts on the conclusions reached in the impairment assessment and assessing whether there were any indicators of management bias in the selection of these assumptions; and - Considering the adequacy of the related disclosures made by the management in the Group's consolidated financial statements.

Independent Auditor's Report (Continued)

To the Shareholders of Saudi Company for Hardware SACO (A Saudi Joint Stock Company) (continued)

Key Audit Matter (continued)	
Impairment assessment of non-financial assets other than goodwill – See note (3) to the consolidated financial statements for the accounting policy relating to the impairment of non-financial assets and notes (6) and (7) for the related disclosures.	
The key audit matter	How the matter was addressed in our audit
<p>As at December 31, 2022, the carrying value of the property and equipment and the right-of-use assets amounted to Saudi Riyals 364.1 million (2021: Saudi Riyals 393.8 million) and Saudi Riyals 343.9 million (2021: Saudi Riyals 660.8 million), respectively.</p> <p>The Group recorded a total impairment provision charge of SR 10.1 million (2021: Saudi Riyals 4.9 million) against property and equipment and SR 19.5 million (2021: Saudi Riyals 9.9 million) against right-of-use assets to the consolidated statement of profit or loss and other comprehensive income of the Group for the year ended 31 December 2022.</p> <p>Management has determined that each individual store is a separate cash generating unit. Management reviews the performance of every store at the end of each reporting period to identify if there is any indication that assets may be impaired.</p> <p>Where indicators of impairment are identified, management performs impairment assessment on the recoverable amount of property and equipment and the right-of-use assets which is determined on a store-by-store basis at the greater of the value in use and the fair value less costs of disposal of these assets.</p> <p>Value in use:</p> <p>In determining the value in use of individual store, a discounted cash flow forecast is prepared and key inputs, including future revenue growth rates, future margins, future costs of each store and pre-zakat discount rates are determined by management.</p> <p>We identified impairment of property and equipment and the right-of-use assets as a key audit matter because the carrying amounts of property and equipment and the right-of-use assets as at 31 December 2022 were significant and determining the level of impairment, if any, involves material judgments and estimates that may have a significant impact on the Group's consolidated financial statements.</p>	<p>Among other things, our procedures included the following:</p> <ul style="list-style-type: none"> Assessing the design and implementation of management's key internal controls which govern the process around assessing potential impairment of non-financial assets other than goodwill; Assessing management's identification of the CGUs and the allocation of assets to the CGUs for the purposes of the impairment assessment; validating the management's processes in identifying the indicators of impairment; comparing the significant assumptions used in the discounted cash flow forecasts prepared in the prior year with the current year's performance of the relevant stores to assess the reliability of management's forecasting process and enquiring of management for any significant variations identified; evaluating the significant assumptions used in the discounted cash flow forecasts, including future revenue growth rates, future margins and future costs, by considering the historical performance of the Group, budgets approved by management, and lease agreements signed; Performing sensitivity analyses on the key assumptions, including weightage average cost of capital ('WACC'), used in the discounted cash flow forecast and assessing whether there were any indicators of management bias in the selection of these assumptions.; and using our internal valuation specialists to assist us in evaluating the methodology and discount rates used by management in the preparation of its discounted cash flow forecasts. Considering the adequacy of the related disclosures made by the management in the Group's consolidated financial statements.

Independent Auditor's Report (Continued)

To the Shareholders of Saudi Company for Hardware SACO (A Saudi Joint Stock Company) (continued)

Other Matter

The consolidated financial statements of the Group for the year ended 31 December 2021 were audited by another auditor who expressed an unmodified opinion on those consolidated financial statements on 11 Sha'ban 1443H (corresponding to 14 March 2022).

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the consolidated financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, when made available to us, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA, the applicable requirements of the Regulations for Companies and Company's By-laws and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, the Audit Committee, are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. 'Reasonable assurance' is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Independent Auditor's Report (Continued)

To the Shareholders of Saudi Company for Hardware SACO (A Saudi Joint Stock Company) (continued)

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (Continued)

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, then we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit of Saudi Company for Hardware SACO and its subsidiary.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1 GENERAL INFORMATION

Saudi Company for Hardware SACO (the "Company") is a Saudi joint stock Company registered in the Kingdom of Saudi Arabia under commercial registration number 1010056595 issued in Riyadh on 26 Safar 1405H (corresponding to 19 November 1984). The Capital Market Authority (the "CMA") announced on 5 Jumada al-Alkhirah 1436H (corresponding to 25 March 2015) the CMA's board decision to approve the launch of 7,200,000 shares in the Company's initial public offering which represents 30% of the total shares of the Company's 24,000,000 shares. The Company's shares were listed in the Saudi Stock Market ("Tadawul") on 23 Rajab 1436H (corresponding to 12 May 2015).

As of 31 December 2022, the Company's share capital was SR 360 million divided into 36 million shares of SR 10 each (31 December 2021: SR 360 million divided into 36 million shares of SR 10 each).

The Company is principally engaged in retailing and wholesaling of household and office supplies and appliances, construction tools and equipment, and electrical tools and hardware.

The registered address of the Company is P.O. Box 86387, Riyadh 11622, Kingdom of Saudi Arabia.

The accompanying consolidated financial statements include the financial statements of the Company and its 33 leased stores (31 December 2021: 33 stores) located in various cities in the Kingdom of Saudi Arabia, one franchisee store located in Tabuk and the following subsidiary:

<u>Subsidiary name</u>	<u>Country</u>	<u>Effective ownership percentage</u>		<u>Activities</u>
		<u>31 December 2022</u>	<u>31 December 2021</u>	
Medscan Terminal Company Limited	Kingdom of Saudi Arabia	100%	100%	Transportation and logistics

Medscan Terminal Company Limited (the "Company") is a single person limited liability Company registered in the Kingdom of Saudi Arabia under Commercial Registration No. 2050006757 dated 6 Rabi' al-Awwal 1399H (corresponding to 3 February 1979) issued in Dammam. The address of the main center of the Company is P.O. 825, King Abdulaziz Sea Port, Dammam 31421, Kingdom of Saudi Arabia. The Company's main activities are Transportation of goods and other tasks, port handling services, trans-shipment services, warehouse management and maintenance, and customs clearance services.

The Group and its subsidiary are referred to hereinafter in the notes to the financial statements as ("the Group"). The Group operates through the following branches:

2 BASIS OF PREPARATION**2.1 Statement of compliance**

The accompanying consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”) (referred to as “IFRS as endorsed in KSA”).

2.2 Basis of measurement

The consolidated financial statements have been prepared under the historical cost convention and accrual basis of accounting, except for the following items included in the consolidated statement of financial position:

Financial assets at fair value through other comprehensive income (“FVTOCI”) is measured at fair value.

- Investments carried at fair value through other comprehensive income are measured at fair value.
- The employees' end of service benefit obligation is measured at the present value of the future liability using the expected unit credit method.
- Lease liabilities are measured at the net present value of the lease payments.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

2 BASIS OF PREPARATION (CONTINUED)

2.3 Functional currency and presentation currency

These consolidated financial statements are presented in Saudi Riyals ("SR"), which is the Group's functional and presentation currency. All amounts are in Saudi Riyal unless otherwise stated.

2.4 Basis of consolidation

The Group accounts for business combinations using the acquisition method when control is transferred to the Group. The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognized in profit or loss immediately. Transaction costs are expensed as incurred, except if related to the issue of debt or equity securities.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognized in profit or loss and other comprehensive income.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured, and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recognized in profit or loss.

If share-based payment awards (replacement awards) are required to be exchanged for awards held by the acquiree's employees (acquirer's awards), then all or a portion of the amount of the acquirer's replacement awards is included in measuring the consideration transferred in the business combination. This determination is based on the market-based measure of the replacement awards compared with the market-based measure of the acquirer's awards and the extent to which the replacement awards relate to pre-combination service.

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as at 31 December 2022 and collectively referred to as ("the Group"). Control is achieved when the Group is exposed or has rights to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

2 BASIS OF PREPARATION (CONTINUED)

2.4 Basis of consolidation (continued)

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income, and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of Other Comprehensive Income ("OCI") are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

The financial statements of subsidiaries are prepared for the same reporting period as the Group. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

Non- Controlling interest ("NCI")

For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred and included in administrative expenses.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

Loss of control

When the Group loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any resulting gain or loss is recognized in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended 31 December 2022
(All amounts are in Saudi Riyals unless otherwise stated)

2 BASIS OF PREPARATION (CONTINUED)

2.5 New and amended standards and interpretations

The accounting policies applied in the preparation of these consolidated financial statements are consistent with those applied in the preparation of the Group's consolidated financial statements for the year ended 31 December 2021, except for the application of the new standards effective as of 1st of January 2022, which are explained below, which have no significant impact on the consolidated financial statements of the Group. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

A number of standards, amendments and interpretations have been issued. The new requirements were issued by the International Accounting Standards Board on 20 March 2022, and contain two tables, as follows:

New currently effective requirements: This table lists the recent changes to the Standards that are required to be applied by an entity with an annual reporting period beginning on 1 January 2022.

Forthcoming requirements: This table lists the recent changes to the Standards that are required to be applied for an annual period beginning after 1 January 2023 and that are available for early adoption in annual periods beginning on 1 January 2022.

New currently effective requirements:

Effective date	New standards or amendments
1 January 2022	Onerous Contracts: Cost of fulfilling a contract (Amendments to IAS 37)
	Annual Improvements to IFRSs 2018 - 2020
	Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16)
	Reference to the conceptual framework (Amendments to IFRS 3)

Forthcoming requirements:

Effective date	New standards or amendments
1 January 2023	Classification of Liabilities as Current or Non-current (Amendments to IAS 1)
	IFRS 17 Insurance Contracts
	Definition of accounting estimate - amendments to IAS 8
	Disclosure of Accounting Policies - amendments to IAS 1 and IFRS Practice Statement 2
	Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12)
Available for optional adoption/effective date deferred indefinitely	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28)

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

3 SIGNIFICANT ACCOUNTING POLICIES

Property and equipment

Property and equipment are stated at historical cost less accumulated depreciation and impairment losses, if any, except freehold land and capital work in progress which are stated at cost. Historical cost includes expenditure that is directly attributable to the acquisition of the items, including borrowing costs. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributed to bringing the asset to a working condition for its intended use, and the cost of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment. Where major components of an item of property and equipment have different useful lives, they are accounted for as separate items of property and equipment.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the statement of profit or loss and other comprehensive income during the financial period in which they are incurred.

Disposal of asset is recognized when significant risks and rewards incidental to ownership have been transferred to buyers. Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognized within 'Other income' in the consolidated statement of profit or loss and other comprehensive income.

The cost of property and equipment is depreciated over the estimated useful life, which is based on expected usage of the asset, expected physical wear and tear, the repair and maintenance program and technological obsolescence arising from changes and the residual value. The management has not considered any residual value as it is deemed immaterial.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

The assets' residual values and useful lives are reviewed, and adjusted prospectively if appropriate, at the end of each reporting period, where major components of an item of property and equipment have different useful lives, they are accounted for as separate items of property and equipment.

Depreciation is calculated using the straight-line method to allocate the cost or revalued amounts of the assets, net of their residual values, over their estimated useful lives as follows:

<u>Asset</u>	<u>Years</u>
Buildings	30
Vehicles	4
Computer hardware	2 to 4
Tools and equipment	4 to 7
Furniture and fixtures	2.5 to 20

Leasehold improvements are being amortized on the straight-line basis over the shorter of useful life or lease period.

Capital work-in-progress is stated at cost less impairment losses, if any, and is not depreciated until the asset is brought into commercial operations and available for intended use.

Land is not subject for depreciation.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Intangible assets

Intangible assets other than goodwill are measured at cost, less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight-line basis over the estimated useful lives from 2 to 7 years. Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and amount can be measured reliably. Intangible assets' residual values, useful lives and impairment indicators are reviewed at each reporting period and adjusted prospectively, if considered necessary.

Goodwill

Goodwill is measured on acquisitions of subsidiaries and is included in intangible assets. Goodwill is not amortized but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired and is carried at cost less accumulated impairment losses.

Goodwill is allocated to cash-generating units ("CGUs") for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose.

If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit .

Any impairment loss for goodwill is recognized directly in the Consolidated Statement of Profit or Loss. An impairment loss recognized for goodwill is not reversed in a subsequent period.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of non-financial assets (Continued)

In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used such as valuation multiples (including earnings multiples), quoted share prices for publicly traded subsidiaries or other available fair value indicators.

The Group bases its impairment calculation on detailed projections which are prepared separately for each of the Group's CGU to which the individual assets are allocated. These projections are generally covering a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the consolidated statement of income.

Group (as a lessee) leasing activities and how these are accounted for

The Group leases various offices, warehouses, retail stores, equipment and vehicles. Rental contracts are typically made for fixed periods but may have extension options. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes. For leases where the Group is a lessee, see note 5.

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options are only included in the lease term if the lease is reasonably certain to be extended. In determining the lease term, the management generally considers certain factors including historical lease durations and the costs and business disruption required to replace the leased asset. Contracts may contain both lease and non-lease components. The Group allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices .

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life .

Assets and liabilities arising from a lease are initially measured on a present value basis.

SAUDI COMPANY FOR HARDWARE

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyal unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Group leasing activities and how these are accounted for (continued)

i. Right-of-use assets are measured at cost comprising the following :

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received.
- any initial direct costs; and
- restoration costs

Right-of-use assets are subsequently measured at cost less accumulated depreciation.

ii. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payments that are based on an index or a rate;
- amounts expected to be payable by the lessee under residual value guarantees;
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security, and conditions.

Payments associated with short-term leases and leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less without a purchase option. Low-value assets comprise small items mainly relating to equipment and vehicles.

Currently the Group is not involved in leasing activities as lessor. When the Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Financial instruments

Financial assets

The Group classifies its financial assets in the following measurement categories :

- those to be measured subsequently at fair value (either through OCI or through profit or loss), and
- those to be measured at amortized cost .

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows .

For assets measured at fair value, gains and losses will either be recorded in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the financial assets at fair value through other comprehensive income (FVTOCI).

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (continued)

The Group initially recognizes financial assets on the date that they are originated. All other financial assets are recognized initially on the trade date at which the Group becomes a party to the contractual provisions of the instrument .

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in the transferred financial asset that is created or retained by the Group is recognized as a separate asset or liability.

Financial assets and liabilities are offset, and the net amount is presented in the Consolidated Statement of Financial Position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously .

The Group has the following financial assets:

- Financial Assets at Amortized Cost

Financial assets held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest ("SPPI") are measured at amortized cost. A gain or loss on a debt investment subsequently measured at amortized cost and not part of a hedging relationship is recognized in the Consolidated Statement of Profit or Loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

- Financial Assets at FVTOCI

Financial assets held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognized in the Consolidated Statement of Profit or Loss. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVTOCI). When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI, is reclassified from equity to the Consolidated Statement of Profit or Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other income/expense.

Financial liabilities

Financial liabilities are recognized initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

The Group derecognizes a financial liability when its contractual obligations are discharged, cancelled or expired. Financial assets and liabilities are offset, and the net amount is presented in the Consolidated Statement of Financial Position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

The Group classifies financial liabilities into the other financial liabilities category. Such financial liabilities are recognized initially at fair value plus any directly attributable transaction costs.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (continued)

Subsequent to initial recognition these financial liabilities are measured at amortized cost using the effective interest method. Financial liabilities of the Group comprise of bank borrowings and trade and other payables.

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Impairment of financial assets

The Group assesses on a forward-looking basis the Expected Credit Losses ("ECL") associated with its debt instruments as part of its financial assets, carried at amortized cost and FVTOCI.

For accounts receivable, the Group applies the simplified approach, which requires expected lifetime losses to be recognized from initial recognition of the receivables. To measure the expected credit losses, receivables have been grouped based on shared credit risk characteristics and the days past due. Expected loss rates were derived from historical information of the Group and are adjusted to reflect the expected future outcome which also incorporates forward looking information for macroeconomic factors such as inflation and gross domestic product growth rate.

- Definition of default

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collateral held by the Group).

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than 360 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

- Write off policy

The Group writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in profit or loss.

Other financial assets such as employees' receivables, bank balances have low credit risk and the impact of applying ECL is immaterial.

For some trade receivables the Group may obtain security in the form of guarantees, deeds of undertaking or letters of credit which can be called upon if the counterparty is in default under the terms of the agreement .

Trade receivables and contract assets are written off where there is no reasonable expectation of recovery .

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY
(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended 31 December 2022
(All amounts are in Saudi Riyals unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (continued)

Impairment losses on trade receivables are presented as net impairment losses within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

Cash and cash equivalents

For the purpose of consolidated statement of financial position, cash and bank balances include bank balances and deposits with original maturities of three months or less, if any.

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

Bank overdrafts are shown within borrowings in current liabilities in the consolidated statement of financial position.

Employees' benefits

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave, and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long – term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

Employees end of service obligation

For defined end of service benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses is reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Employees' benefits (continued)

Curtailment gains and losses are accounted for as past service costs.

The employees end of service benefit obligations recognized in the statement of financial position represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

Foreign currencies transactions

Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency').

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions, and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates, are generally recognized in profit or loss.

Transactions and balances

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equities held at fair value through profit or loss are recognized in profit or loss as part of the fair value gain or loss, and translation differences on non-monetary assets such as equities classified as at fair value through other comprehensive income are recognized in other comprehensive income.

Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Borrowings are removed from the Consolidated Statement of Financial Position when the obligation specified in the contract is discharged, cancelled, or expired. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Borrowing cost

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings, pending their expenditure on qualifying assets, is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

(All amounts are in Saudi Riyals unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue

The Group recognizes revenues from contracts with customers based on a five-step model as set out in IFRS (15) as follows :

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met .

Step 2. Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties .

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation .

Step 5. Recognize revenue when (or as) the Group satisfies a performance obligation.

The accounting policies for the Group's revenue from contracts with customers are outlined below:

Sale of goods – Wholesale

The Group sells hardware, electronic equipment, furniture, household items, etc. in the wholesale market directly to Wholesale customers. Sales are recognized when control of the products has transferred, being when the products are delivered to the wholesaler, the wholesaler has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the wholesaler's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the wholesaler, and either the wholesaler has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for acceptance have been satisfied.

A receivable is recognized when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Sale of goods – Retail

The Group operates a chain of retail stores selling hardware, electronic equipment, mobile phones, furniture, household items, etc. Revenue from the sale of goods is recognized when the Group sells a product to the customer .

Payment of the transaction price is due immediately when the customer purchases the product and takes delivery in store. It is the Group's policy to sell its products to the end customer with a right of return within 7 days. Therefore, a refund liability (included in trade and other payables) and a right to the returned goods (included in other current assets) are recognized for the products expected to be returned. Accumulated experience is used to estimate such returns at the time of sale at a portfolio level. Because the number of products returned has been steady for years, it is highly probable that a significant reversal in the cumulative revenue recognized will not occur.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue (continued)

The validity of this assumption and the estimated amount of returns are reassessed at each reporting date.

Sale of goods – customer loyalty program

The Group operates a loyalty program "My Rewards", where retail customers accumulate points for purchases made which entitle them to discount on future purchases, subject to a minimum number of points is obtained. A contract liability for the award points is recognized at the time of the initial sale transaction. Revenue is recognized when the points are redeemed or when they expire 12 months after the initial sale. Revenue for points that are not expected to be redeemed is recognized in proportion to the pattern of rights exercised by customers. A contract liability is recognized until the points are redeemed or expire .

Rendering of services

- Revenue from logistic services is recognized when the services are completed and invoiced to the customers.
- Revenue from services from delivery, installation and maintenance of items sold to customers recognized when the services are completed and invoiced to the customers.

Financing components

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money

Cost of revenue

Costs of revenue principally comprise the cost of goods sold, which include direct labor, landed costs of merchandise sold, showroom lease rent, staff costs and depreciation.

Vendor Contributions

The Group receives considerations from suppliers for various programs such as volume incentives, markdowns, margin protection and progress support. The considerations received from suppliers are accounted for as a reduction of the cost of sales.

Expenses

Selling and marketing expenses principally comprise of costs incurred in the marketing of the Group's products. All other expenses are classified as general and administration expenses.

General and administration expenses comprise direct and indirect costs, including other expenses related to the main warehouses, not specifically part of cost of revenue. Allocations between general and administration expenses, selling and marketing expenses and cost of revenue, when required, are made on a consistent basis.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Business combination

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the:

- fair values of the assets transferred
- liabilities incurred to the former owners of the acquired business
- equity interests issued by the Group
- fair value of any asset or liability resulting from a contingent consideration arrangement, and
- fair value of any pre-existing equity interest in the subsidiary.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

The Group recognizes any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs are expensed as incurred.

The excess of the:

- consideration transferred,
- amount of any non-controlling interest in the acquired entity, and
- acquisition-date fair value of any previous equity interest in the acquired entity

Over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognized directly in profit or loss as a bargain purchase.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value, with changes in fair value recognized in profit or loss.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognized in profit or loss.

Inventories

Inventories are valued at lower of cost and net realizable values after making allowance for any obsolete or slow-moving items. The cost of finished goods is determined on a weighted average costs basis.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventories (continued)

Cost comprises purchase cost and, where applicable, direct costs and those overheads that have been incurred in bringing the inventories to their present location and condition. The cost of the inventory comprises the invoice price and an appropriate portion of freight, insurance customs duty and handling charges. Goods in transit are valued on an actual invoice cost basis.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. Provision is made, when necessary, for obsolete, slow moving, and defective stocks.

Allowance is made, where necessary for slow moving inventories. Cost of inventories is recognized as an expense and included in cost of sales.

Dividends

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

Accounts and notes payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year, which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method. Notes payable represent bills of exchange to finance working capital.

Zakat

The Group is subject to the regulations of the Zakat, Tax and Customs Authority (ZATCA) in the Kingdom of Saudi Arabia. The provision is charged to the consolidated statement of profit or loss and other comprehensive income. The zakat charge is computed on the Saudi shareholders' share of the zakat base or adjusted net income whichever is higher. Additional amounts, if any, that may become due on finalization of an assessment are accounted for in the year in which assessment is finalized. The Company and its subsidiary are subject to withholding tax on transactions with non-resident parties in the Kingdom of Saudi Arabia in accordance with income tax requirements.

Value Added Tax

Expenses and assets are recognized net of the amount of Value Added Tax ("VAT"), except when receivables and payables are stated with the amount of VAT included.

The net amount of VAT recoverable from, or payable to, the ZATCA is included as part of receivables or payables in the consolidated statement financial position.

Provisions

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Segmental reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group's Chief Executive Officer (Chief Operating Decision Maker) which in the Group's case is to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Group's Chief Operating Decision Maker include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing :

- the profit attributable to owners of the company, excluding any costs of servicing equity other than ordinary shares
- by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year and excluding treasury shares .

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account :

- the after-income tax effect of interest and other financing costs associated with dilutive potential ordinary shares, and
- the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares.

4 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTION

The preparation of consolidated financial statements requires management to make judgment, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In the process of applying the Group's accounting policies, management has made the following estimates and judgments, which are significant to the consolidated financial statements:

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

(All amounts are in Saudi Riyals unless otherwise stated)

**4 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTION
(CONTINUED)****JUDGMENTS**

Information about judgements made in applying accounting policies that have the most significant effects on the amount recognized in the consolidated financial statements is included in the following notes:

Note 6: Property and equipment useful lives

Note 7: Goodwill- annual impairment testing of goodwill.

Note 8: Investment at fair value through (OCI) - classification of equity accounted investees.

Note 9: Inventories

Notes 5&13: Determine lease term

- Management carried out an impairment test for its non-financial assets during the reporting year ended December 31, 2022, as events and changes in circumstances indicated that the carrying amount of certain of the Group's cash generating units ("CGU") may not be recoverable, for which management has considered both internal and external information for indicators of impairment. Management used the discounted cash flow model to determine the recoverable amount of the respective CGU. Management identifies each of its retail stores as a separate CGU. Management determines that the recoverable amount of each CGU is its value in use. Management used a discount rate of 10.15% in estimating the value in use. The outcome of such impairment test resulted in an impairment loss for certain CGU's which has been recorded in the accompanying consolidated financial statements.
- When the fair values of financial assets recorded in the statement of financial position cannot be derived from active markets, their fair value is determined using a variety of valuation techniques (refer to Note 32) that include the use of valuation models, assumptions, and inputs. The fair value of the investment in ACE Hardware International Holdings has been estimated using the approaches of discounted cash flows and of price-to-book value.

(*) The Group signed a lease contract (Dated 18 February 2020) on 2 March 2020 to lease a land parcel in the city of Jeddah for a total amount of SR 194 million which consists of 22 annual unequal payments started on 1 April 2020. This land parcel was handed over to the Company on 3 January 2021. This land parcel is partially owned by Samaual Taha Bakhsh (a related party). The Group accordingly recognized a right of use asset and related lease liability to account for this lease.

Subsequently, in March 2022, The Group's board of directors decided to terminate the above-mentioned lease contract. Accordingly, the management signed a lease termination agreement on 15 May 2022 which resulted in a derecognition of the related right-of-use assets amounting to SR 136 million and lease liability amounting to SR 136 million.

According to the lease termination agreement, the Group is entitled to receive back all costs and expenses incurred in connection with such lease from the lessor. at 31 March 2022, the Group had a receivable of SR 6.4 million from the lessor to be received over a period of three years. (Refer to Note 6 and Note 31).

(**) Based on the meeting of the Real Estate Committee on 1st of April 2022, it was confirmed that the management will not use the option for renewal for some rental contracts. Based on this, the Group's management has recalculated the right of use assets and the obligations for lease liabilities. This resulted in a decrease in the right of use assets of SR 102 million and a decrease in the lease liabilities of SR 102 million.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**For the year ended 31 December 2022**

(All amounts are in Saudi Riyals unless otherwise stated)

5 RIGHT-OF-USE ASSET (CONTINUED)

(***) Management performed an impairment assessment of the cash generating units (stores) to identify that any impairment may exist at the end of each financial year. During the year ended 31 December 2022, management tested the stores to determine whether impairment exists or not. The management determined that the carrying value of certain stores was higher than its recoverable amount by SR 29.7 million for the year ended 31 December 2022 (2021: SR 14.8 million). In the absence of the binding agreement to sell the assets and active reference market on which the fair value can be determined, the recoverable amount of the CGU has been determined based on the value in use. The recoverable value was determined based on the value-in-use calculation and is corresponding to the present value of the future cash flows expected to be obtained from the cash-generating units. The management drew on its previous experience taking into consideration the market indicators and used a discount rate estimated based on the weighted average cost of capital.

The Group operates mainly through the retail sector; accordingly, the Group has determined only one type of cash-generating units, which is the 33 stores (please refer to note 1).

The value in use was used to arrive at the recoverable amount and is as follows:

	2022	2021
Value in use	59,263,424	57,004,077
Carrying value	88,998,790	71,834,660
Impairment loss on non-financial assets	29,735,366	14,830,584

Impairment charged during the period is allocated as follows:

	2022	2021
Right Of Use Assets	19,545,825	9,940,600
Property and equipment	10,189,541	4,889,984
	29,735,366	14,830,584

The recoverable amount has been determined based on actual value and the discounted future cash flows. The WACC rate was 10.15%. Based on the impairment test, recoverable amounts of certain stores were lower than their carrying amounts as of 31 December 2022. The impairment loss on these stores is SR 29.7 million.

An increase/decrease in the WACC rate by 1% for the stores will lead to an increase/(decrease) in the impairment of SR 2.7 million, (SR 3.3 million), respectively.

Capital work-in-progress as at December 31, 2022 and 2021 represents fixed asset purchases and cost of stores under construction / renovation.

Depreciation charged for the year ended 31 December is allocated as follows:

	<u>2022</u>	<u>2021</u>
Cost of revenue	31,974,121	33,835,756
General and administrative expenses	10,232,364	7,144,816
	<u>42,206,486</u>	<u>40,980,572</u>

SAUDI COMPANY FOR HARDWARE

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**For the year ended 31 December 2022**

(All amounts are in Saudi Riyal unless otherwise stated)

6 PROPERTY AND EQUIPMENT (CONTINUED)

(*) As disclosed in Note 5, the Group's board of directors decided to derecognize the previously capitalized depreciation of the right of use of land and interest expense of the lease liability related to the construction under progress of the terminated lease agreement amounting to Saudi Riyals 6.4 million and Saudi Riyals 4.5 million respectively (Refer to Note 5 and Note 31).

(**) During the year ended December 31, 2022, the Group recorded an impairment charge included in the consolidated statement of profit or loss and other comprehensive income within "Impairment loss on non-financial assets" and allocated to leasehold improvements amounting to Saudi Riyal 10.2 million (December 31, 2021: SR 4.9 million) as a result of the low financial performance of certain retail stores, refer to Note 5.

* Others included an amount of Saudi Riyals 1.3 million paid as a key money to a previous tenant to acquire possession of leasehold land located in King Abdulaziz Port in Dammam. This amount and the related amortization have been reclassified to the right of use assets and related depreciation as required by IFRS 16.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY
(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended 31 December 2022
(All amounts are in Saudi Riyals unless otherwise stated)

7 INTANGIBLE ASSETS (CONTINUED)

Allocation of amortization charge is as follows:

	<u>2022</u>	<u>2021</u>
Cost of revenue	4,166,104	2,547,348
General and administration expenses	4,849,243	4,103,071
	<u>9,015,347</u>	<u>6,650,419</u>

Goodwill

On 23 Safar 1438H (corresponding to November 23, 2016), the Group acquired Medscan Terminal Company Limited (Medscan) as 100% owned subsidiary.

The goodwill is related to the acquisition of Medscan and is monitored by the management at the level of only one cash-generating unit (Medscan).

	<u>2022</u>	<u>2021</u>
Medscan Terminal Company Limited	<u>22,377,889</u>	<u>22,377,889</u>

The management carried out an impairment exercise in respect of goodwill. The impairment test carried out was based on a discounted cash flow analysis (DCF) which utilized the most recent five-year business projections prepared by the Group's management. The results of this exercise did not result in any impairment loss to be recognized. Management determined forecast sales growth and gross margin based on past performance and market developments.

Terminal value is calculated using free cash flow to the CGU and Gordon Growth Model for the final year of the forecasted period.

Key assumptions used in value in use calculations

The calculation of value in use is most sensitive to the following assumptions:

Discount rate	10.15%
Sales volume (Annual Growth Rate)	4.93%
Long term growth rate	2.1%

The management has determined the value assigned to each of the above key assumptions as follows:

Discount rate

Reflect specific risks relating to the relevant segment and the country in which it operates.

Sales volume (Annual Growth Rate)

Average Annual Growth Rate over the five-year forecast period, based on past performance and management's expectations of market development.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**For the year ended 31 December 2022**

(All amounts are in Saudi Riyals unless otherwise stated)

7 INTANGIBLE ASSETS (CONTINUED)**Long term growth rate**

This is the average growth rate used to extrapolate cash flows beyond the five-year forecast period.

Sensitivity to changes in assumptions

The recoverable amount of this CGU would equal its carrying amount if the key assumptions were to change as follows:

	2022		2021	
	From	To	From	To
Discount rate	10.15%	11.09%	10.49%	14.81%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated.

If the long-term growth rate applied to the cash flow projections of this CGU had been 0.5% lower than management's estimates (1.6% instead of 2.1%), this would not cause the carrying amount of the CGU to exceed its recoverable amount.

The management has considered and assessed reasonably possible changes of Annual Growth Rate and Long-Term Growth Rate and have not identified any instances that could cause the carrying amount of the CGU to materially exceed its recoverable amount.

In the prior year, there were no reasonably possible changes in any of the key assumptions that would have resulted in an impairment write-down in CGU.

8. INVESTMENTS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME (FVTOCI)

	<u>2022</u>	<u>2021</u>
ACE Hardware International Holdings, Ltd	<u>8,889,559</u>	<u>10,322,812</u>
Percentage of shareholding	<u>2.3%</u>	<u>2.3%</u>
Number of shares	<u>22,022</u>	<u>22,022</u>

ACE International Hardware Holdings, Ltd (AIH) is a limited liability company incorporated under the laws of Bermuda. The company is a majority-owned and controlled subsidiary of ACE Hardware Corporation with a non-controlling interest owned by its international customers.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**For the year ended 31 December 2022**

(All amounts are in Saudi Riyals unless otherwise stated)

8. INVESTMENTS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME (FVTOCI) (Continued)

The Group has designated its investment in AIH at fair value through other comprehensive income. The fair value of the investment as at 31 December is as follows:

	Fair value as at		Net changes in the fair value for the year ended 31 December	
	31 December 2022	31 December 2021	2022	2021
Unquoted investment				
ACE Hardware				
International Holdings	8,889,559	10,322,812	(1,433,253)	470,720

Movement during the year is as follows:

	31 December 2022	31 December 2021
Beginning balance	10,322,812	9,852,092
Net changes in the fair value	(1,433,253)	470,720
Closing balance	8,889,559	10,322,812

As at 31 December 2022, management assessed the fair value of the investments at fair value through other comprehensive income being lower than the carrying amount by an amount of SR 1,433,253. (2021 higher than the carrying amount by an amount of SR 470,720)

9. INVENTORIES

	2022	2021
Merchandise in stores and warehouses	525,941,732	671,785,541
Goods-in-transit	31,592,485	71,074,351
Merchandise on consignment	6,953,119	9,652,040
Packing, wrapping and consumable	4,348,057	4,509,042
	568,835,393	757,020,974
Allowance for slow moving items and inventory shortages	(94,600,305)	(66,188,834)
	474,235,088	690,832,140

Movement in allowance for slow moving items and inventory shortages is as follows:

	2022	2021
January 1	66,188,834	37,316,133
Provided during the year	38,477,431	28,872,701
Utilize during the year	(10,065,960)	-
December 31	94,600,305	66,188,834

Allowance for slow moving items and inventory shortage is determined based on the Group's policy and other factors affecting the obsolescence of inventory items. An evaluation of inventories, designed to identify potential losses, is performed by the management on regular intervals. Management uses estimates based on the best available facts and circumstances including, but not limited to, evaluation of inventory items' age and obsolescence. During the year 2022 shrinkage amounting to SAR 5.4 million was written off directly from the inventory (2021: SAR 11.4 million).

13. LEASE LIABILITIES

	<u>2022</u>	<u>2021</u>
Balance at the beginning of the year	755,798,655	647,446,128
Additions	22,631,940	203,604,856
Disposal (*)	(161,872,919)	(29,785,456)
Reassessment (**)	(102,999,435)	-
Interest on Lease Liabilities for the year	26,436,965	34,927,471
Interest expense capitalized (Note 6)	-	4,505,760
Payments during the year	(75,366,648)	(90,769,396)
Transfer to lease liabilities due not yet paid (Note 17)	(15,136,590)	(13,078,033)
Lease Concession for the year (***)	(2,292,123)	(1,052,675)
Balance at the end of the year	<u>447,199,845</u>	<u>755,798,655</u>

* The disposal includes what was disclosed in Note 5, the Group's board of directors decided in its meeting held on 8 March 2022 to terminate the lease contract related to the leased land parcel in the city of Jeddah and signed a lease termination agreement which resulted in a derecognition of the related lease liability amounting to SR 136 million.

**As disclosed in Note 5, based on the meeting of the Real Estate Committee on 1st of April 2022, it was confirmed that the management will not use the option for renewal for some contracts. Based on this, the Group's management has recalculated the right of use assets and the obligations for lease liabilities. This resulted in a decrease in the right of use assets of SR 102 million and a decrease in the lease liabilities of SR 102 million.

*** The lease concession relates to the period prior to June 2022 The Company has applied the practical expedient to all the rent concessions that meet the conditions in IFRS 16.

Lease liability balance consists as follows:

	<u>2022</u>	<u>2021</u>
Lease liabilities undiscounted principal payments	544,911,400	1,016,381,410
Unamortized interest	(97,711,555)	(260,582,755)
	<u>447,199,845</u>	<u>755,798,655</u>

Analyzed as:

	<u>2022</u>	<u>2021</u>
Current portion	72,634,795	59,777,837
Non-current portion	374,565,050	696,020,818
	<u>447,199,845</u>	<u>755,798,655</u>
Lease due not yet paid (Note 17)	15,136,590	13,078,033

The Group does not face a significant liquidity risk regarding its liabilities. Lease liabilities are monitored within the Group's treasury function.

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**For the year ended 31 December 2022**

(All amounts are in Saudi Riyals unless otherwise stated)

14. BORROWINGS

	<u>2022</u>	<u>2021</u>
Short-term borrowings	57,752,461	100,370,248
Current portion of long-term borrowings	20,000,000	14,827,500
Non-current portion of long-term	45,000,000	64,998,623
Total borrowings	122,752,461	180,196,371

Maturity profile of non-current portion of long-term borrowings is as follows:

	<u>2022</u>	<u>2021</u>
- Later than 1 year	20,000,000	20,000,000
- Later than 2 years but not more than 5	25,000,000	44,998,623
	45,000,000	64,998,623

The Group has credit facilities amounting to Saudi Riyal 403 million from various local banks. Such facilities comprise short and long-term borrowings, letters of credit and guarantee and notes payable for bills of exchange to finance working capital, investments, and capital expenditures.

These facilities, which are in form of Murabaha and Tawarroq financing, bear financial charges at prevailing market rates based on Saudi Inter-bank Offer Rate ("SIBOR") and Riyadh Inter-bank Offer Rate ("RIBOR").

The facilities are secured by order notes payable on demand equivalent to the total value of the facilities.

Borrowings contain certain covenants. A future breach of covenants may lead to renegotiation. The covenants are monitored monthly by Management, in case of potential breach, actions are taken by the management to ensure compliance. The Group has complied with these covenants of its borrowing facilities as of 31 December 2022.

For the above borrowing, the fair value is not materially different from the carrying amount, since the interest payable on those borrowing is either close to current market rates or the borrowings are of a short-term nature.

Net debt reconciliation

An analysis of net debt and the movements in net debt for each of the periods presented.

	<u>2022</u>	<u>2021</u>
Cash on hand and at banks	24,497,449	15,494,689

(All amounts are in Saudi Riyals unless otherwise stated)

15 EMPLOYEES' BENEFITS - DEFINED BENEFIT OBLIGATION

Movement in employees' benefits - defined benefits obligations recognized in the statement of financial position is as follows:

	<u>2022</u>	<u>2021</u>
Balance at 1 January	41,953,324	40,100,088
Current service cost	5,927,926	6,817,250
Interest cost	1,270,159	863,684
Actuarial gain on the obligation (OCI)	(1,518,216)	(1,043,768)
Benefits paid during the year	(8,145,846)	(4,783,930)
Balance at 31 December	<u>39,487,347</u>	<u>41,953,324</u>

Benefit expense recognized in profit or loss

	<u>2022</u>	<u>2021</u>
Current service cost	5,927,926	6,817,250
Interest cost	1,270,159	863,684
	<u>7,198,085</u>	<u>7,680,934</u>

Significant assumptions used in determining the post-employment defined benefit obligation includes the following:

	<u>2022</u>	<u>2021</u>
Discount rate	<u>4.1%</u>	<u>2.5%</u>
Future salary increases rate	<u>1.5%</u>	<u>1.5%</u>

Sensitivity analyses

The sensitivity analysis of the quantitative effect of assumptions for change in salaries and the discount rate on defined benefit obligations is as follows:

	<u>2022</u>		<u>2021</u>	
	<u>1% increase</u>	<u>1% decrease</u>	<u>1% increase</u>	<u>1% decrease</u>
Discount rate	<u>(4,611,881)</u>	<u>1,139,320</u>	<u>(4,767,620)</u>	<u>1,334,527</u>
Future salary increases rate	<u>1,399,333</u>	<u>(4,931,643)</u>	<u>1,517,510</u>	<u>(5,039,459)</u>

The sensitivity analysis above has been undertaken based on a method that extrapolates the impact on the employees' defined benefits obligations as a result of reasonable changes in key assumptions occurred at the end of the reporting date. The sensitivity analysis is based on a change in a significant assumption, keeping all other assumptions constant. The sensitivity analysis may not be representative of an actual change in the employee defined benefits obligation as it is unlikely that changes in assumptions would occur in isolation of one another.

Expected total undiscounted benefit payments are as follows:

<u>2022</u>	<u>2021</u>
41,005,559	42,997,092

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY

18. ZAKAT

The Group is subject to zakat according to the instructions of the Zakat, Tax and Customs Authority in the Kingdom of Saudi Arabia. The Group submits its zakat returns uniformly starting from 1 January 2017 and onwards. This includes the Company and its subsidiary because the Group is a single economic entity owned and managed by the Company.

Calculation of adjusted net profit

	<u>2022</u>	<u>2021</u>
Loss before zakat	(129,451,706)	(16,955,997)
Provisions	65,344,918	37,618,569
Adjusted net loss / Profit	<u>(64,106,788)</u>	<u>20,662,572</u>

Components of zakat base

	<u>2022</u>	<u>2021</u>
Share capital at beginning of the year	360,000,000	360,000,000
Statutory reserve at beginning of the year	24,504,713	24,504,713
Retained earnings at beginning of the year	169,619,773	224,062,966
Lease liabilities and others	680,033,382	816,368,615
Property and equipment	(444,247,532)	(457,256,280)
Right of use assets	(343,906,518)	(626,624,090)
Adjusted net income	(64,106,788)	20,662,572
Financial asset at FVTOCI	(8,889,559)	(10,322,812)
Estimated zakat base	<u>370,275,902</u>	<u>351,395,684</u>

Zakat payable

The movement in the zakat payable was as follows:

	<u>2022</u>	<u>2021</u>
January 1	13,199,105	13,374,892
Charged for the year	13,049,280	11,530,964
Settlement of prior years	-	-
Charged to the consolidated statement of profit or loss	13,049,280	11,530,964
Paid during the year	(10,213,930)	(11,706,751)
Reclassified to accrued expense and other liabilities	-	-
December 31	<u>16,034,455</u>	<u>13,199,105</u>

Zakat status

The Company has finalized its zakat status for the years until 2018. Zakat returns were submitted for the years 2019 and 2020, and the Authority assessed the mentioned years, and the zakat assessments were objected to during the statutory period, and the Authority's decision was issued on the Company's objection to the mentioned years, and the Company escalated the objection to the General Secretariat of Zakat, Tax and Customs Committees, and the Company responded to the Authority's reply note. The case is still under study by the committees and is awaiting a date for consideration.

The provision for zakat includes the amount of the provision made by the management according to the best estimate of the value that can be borne for those years.

The Company submitted the Zakat return for the fiscal year ended on 31 December 2021, and the return is still under study by the Authority.

There is no change in zakat situation since the year ended 31 December 2021.

(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended 31 December 2022
(All amounts are in Saudi Riyal unless otherwise stated)

19. DIVIDENDS

At the ordinary general assembly meeting held on April 30, 2020, the Company's shareholders resolved to delegate the authority to the Board of Directors to distribute dividends to the shareholders for the year 2020. The Board of Directors in their meeting held on March 11, 2021, resolved to distribute cash dividends for second half of the year 2020 to the Company's shareholders who owned the shares on March 28, 2021, amounting to Saudi Riyals 27 million at Saudi Riyals 0.75 per share. Those dividends have been paid on April 11, 2021. (2020: The Board of Directors in their meeting held on July 23, 2020, resolved to distribute cash dividends to the Company's shareholders who owned the shares on August 16, 2020, amounting to SR 18 million at SR 0.5 per share. Those dividends have been paid on 30 August 2020.)

20. STATUTORY RESERVES

In accordance with the Company's bylaws and the previous Saudi Arabian Regulations for Companies, the Group sets aside 10% of its net income each year as statutory reserve until such reserve equals to 30% of the share capital. This reserve is not currently available for distribution to Shareholders.

21. FAIR VALUE RESERVE

The Group recognize changes in the fair value of investments in unquoted securities of ACE international which are measured under fair valuation model as explained in note 32. These changes are accumulated within the fair value reserve within equity.

Movement of financial asset at FVTOCI is as follow:

	<u>2022</u>	<u>2021</u>
Balance at 1 January	2,062,360	1,591,640
Net change in fair value	<u>(1,433,253)</u>	470,720
Balance at 31 December	<u>629,107</u>	<u>2,062,360</u>

22. REVENUES

The revenue comprises of Revenue from contract with customers generated from the sale of goods, rendering of transportation and logistics services.

	<u>2022</u>	<u>2021</u>
Sales of goods, net	1,104,963,951	1,241,595,571
Service revenue	3,343,785	4,150,728
Logistics revenue	<u>28,230,417</u>	26,756,812
	<u>1,136,538,153</u>	<u>1,272,503,111</u>

Service revenue represents the Group's services department's revenue from delivery, installation and maintenance of items sold to customers.

Logistics revenue represents the revenue earned by Medscan, the subsidiary of the Group.

Sales of goods constitutes the followings:

	<u>2022</u>	<u>2021</u>
Retail sales	1,082,110,917	1,218,605,373
Wholesale	<u>22,853,034</u>	22,990,198
	<u>1,104,963,951</u>	<u>1,241,595,571</u>

23. SEGMENTS INFORMATION

The Group has two major operating segments namely, sales and services and logistic services and both are operating inside Saudi Arabia.

Sales and Services segment: This segment include sale of goods made to retail and wholesale customers. Service department represent services department's income from delivery, installation and maintenance of items sold.

Logistic Services: The logistics and related services segment provides a comprehensive logistics offering to its clients, including freight forwarding, transportation and contract logistics.

The Group's Chief Executive Officer (Chief Operating Decision Maker) reviews the internal management reports of each segment at least quarterly for the purpose of resources allocation and assessment of performance. Operating segments are organized based on factors including distribution method, targeted customers, and geographic location.

The segment information provided to the strategic steering committee for the operating segment as of and for the year ended December 31, 2022, and 2021 is as follows:

For the year ended December 31, 2022	Sales and services	Logistics	Total

32 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Group is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

When measuring the fair value, the Group uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the measurement date.

SAUDI COMPANY FOR HARDWARE

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**For the year ended 31 December 2022**

(All amounts are in Saudi Riyal unless otherwise stated)

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The carrying amount of financial assets and financial liabilities approximates their fair value. The Group only presents unquoted financial assets at FVTOCI under fair valuation model.

The following table shows the fair values of financial asset at FVTOCI, including its level in the fair value hierarchy.

	<u>2022</u>	<u>2021</u>
Level 3		
Investments carried at FVTOCI	<u>8,889,559</u>	<u>10,322,812</u>

There were no transfers between Levels 1, 2 and 3 for the year ended 31 December 2022.

The following tables show the valuation techniques used in measuring Level 3 fair values as well as the significant unobservable inputs used.

<u>Type</u>	<u>Valuation technique</u>	<u>Significant unobservable inputs</u>	<u>Inter-relationship between significant unobservable inputs and fair value measurement</u>
Investments carried at FVTOCI	Average valuation Weight of:	- Weighted	The estimated fair value would increase / (decrease) if: - The WACC were (lower)/higher.
	1- Discounted cash flows: The valuation model considers the present value of the net cash flows expected to be generated by the Company. The cash flow projections include estimates for 5 years, weighted at 80%	Average Cost of Capital (WACC) 12.7%	
	2- And Price-to-book value (P/B), Comparable P/B (Similar companies), weighted at 20%		

Sensitivity analysis

Reasonably possible changes as to the WACC, holding other assumptions constant, would have affected the fair value of the investments carried at FVTOCI by the amounts shown below:

	<u>December 31, 2022</u>	
	<u>+1%</u>	<u>-1%</u>
Weighted Average Cost of Capital (WACC) (+/-1%)	<u>769,062</u>	<u>1,106,492</u>

(All amounts are in Saudi Riyals unless otherwise stated)

33 FINANCIAL INSTRUMENTS-FAIR VALUE, CLASSIFICATION, RISK MANAGEMENT (CONTINUED)

The Group is subjected to various financial risks due to its activities including (commission rate risk, currency risk and other price risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance of the Group.

Senior management is responsible for the risk management. Financial instruments carried on the consolidated statement of financial position include cash and cash equivalents, investments, accounts receivable, due from/to related parties and other current assets, Murabaha finance, trade payables and accrued expenses and other current liabilities. The recognition methods adopted are disclosed in the individual policy statements associated with each item. Financial asset and liability are offset and net amounts reported in the consolidated statement of financial position, when the Group has a legally enforceable right to set off the recognized amounts and intends either to settle on a net basis, or to realize the asset and liability simultaneously.

a) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: Interest rate risk and currency risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at December 31, 2022.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term and short-term loans with floating interest rates. The Group manages its exposure to interest rate risk by continuously monitoring movements in interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Group's profit (loss) before zakat is affected through the impact on floating rate borrowings, as follows:

	2022	2021
Loss before Zakat	(129,451,706)	(16,955,997)
Increase by 100 points	1,227,525	1,801,964
Decrease by 100 points	(1,227,525)	(1,801,964)

SAUDI COMPANY FOR HARDWARE SACO AND ITS SUBSIDIARY
(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended 31 December 2022
(All amounts are in Saudi Riyals unless otherwise stated)

33 FINANCIAL INSTRUMENTS-FAIR VALUE, CLASSIFICATION, RISK MANAGEMENT (CONTINUED)

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Group is subject to fluctuations in foreign exchange rates in the normal course of its business. The Group did not undertake significant transactions in currencies other than Saudi Riyals, United Arab Emirates dirham (AED) and US Dollars, during the year and, accordingly, the Group has no significant exposure to other foreign currencies for the year ended December 31, 2022. Since the Saudi Riyal is pegged to the US Dollar and United Arab Emirates dirham, the Group is not exposed to significant foreign currency risk.

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its accounts receivable, cash and cash equivalent and due from related parties.

	<u>2022</u>	<u>2021</u>
Bank balances	23,694,257	14,674,871
Accounts receivable	28,679,303	41,645,643
Due from a related party	5,790,310	-
Other current assets	3,737,156	6,021,035
	<u>61,901,026</u>	<u>62,341,549</u>

The carrying amount of financial assets represents the maximum credit exposure.

Credit risk on receivable and bank balances is limited as:

- Bank balances are held with banks with sound credit ratings ranging from BBB- and above.
- Financial position of related parties is stable.

The Group manages credit risk with respect to receivables from customers by monitoring in accordance with defined Policies and procedures. The Group seeks to limit its credit risk with respect to customers by setting credit limits for individual customers and by monitoring outstanding receivables on an ongoing basis.

Bank balances

Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. The Group seeks to manage its credit risk with respect to banks by only dealing with reputable banks that have a sound credit rating ranging from BAA1 and above. At the reporting date, no significant concentration of credit risk was identified by the management.

Trade receivable

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Trade receivables of the Group are spread across large number of credit customers. The Group seeks to manage its credit risk with respect to customers by setting credit limits for individual customers, monitoring outstanding receivables and ensuring close follow ups. An impairment analysis is performed at each reporting date on an individual basis for certain customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. As of December 31, 2022, the trade receivable balances due from two major customers represent 58% of the total account receivables. The Group evaluates the concentration of risk with respect to trade accounts receivables as low, as its customers are in several jurisdictions and industries and operate in largely independent markets.

Other current assets

Other current assets include advances to employees and employee loans that are secured against end of service balances.

33 FINANCIAL INSTRUMENTS-FAIR VALUE, CLASSIFICATION, RISK MANAGEMENT (CONTINUED)

c) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at an amount close to its fair value. Liquidity risk is managed by monitoring on a regular basis that sufficient funds are available through committed credit facilities to meet any future commitments.

The Group's objective is to maintain a balance between continuity of funding and flexibility using bank loans.

The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

	Contractual undiscounted payments			Total
	On Demand or Less than 1 year	After one year but not more than 5 years	More than 5 years	
<u>2022</u>				
Accounts payable and notes payable	172,467,631			172,467,631
Lease liabilities	93,838,287	339,569,077	111,504,036	544,911,400
Borrowings	77,752,461	45,000,000		122,752,461
Accrued expenses and other liabilities	134,375,691	-	-	134,375,691
	<u>478,434,070</u>	<u>384,569,077</u>	<u>111,504,036</u>	<u>974,507,183</u>
<u>2021</u>				
Accounts payable and notes payable	209,700,478	-	-	209,700,478
Lease liabilities	96,663,230	435,279,294	484,438,886	1,016,381,410
Borrowings	115,197,748	64,998,623	-	180,196,371
Accrued expenses and other liabilities	122,440,263	-	-	122,440,263
	<u>544,001,719</u>	<u>500,277,917</u>	<u>484,438,886</u>	<u>1,528,718,522</u>

34 CAPITAL MANAGEMENT

The Board's policy is to maintain an efficient capital to maintain investor, creditor and market confidence and to sustain the future development of its business. The Board of Directors monitors the return on capital employed, which is determined by the Group as a result of operating activities divided by total shareholders' equity. The Board of Directors also monitors the level of dividends to ordinary shareholders.

The Group's objectives when managing capital are:

1. To safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
2. To provide an adequate return to shareholders.

There were no changes in the group's approach to capital management during the year. Neither the Group nor any of its subsidiaries are subject to externally imposed capital requirements.

35. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to current period's presentation. The reclassification did not result in any impact on the profit / loss for the period or equity as shown in the table below

	Year ended 31 December 2021		
	As previously reported	Impact	As stated
Effect on consolidated statement of cash flows			
Accrued expenses and other liabilities	35,193,842	(13,078,033)	22,115,809
Finance cost paid	(36,373,776)	34,926,471	(1,447,305)
Payment of lease liabilities	(68,919,958)	(21,848,438)	(90,768,396)

36. SUBSEQUENT EVENTS

- The new Companies Law issued through Royal Decree M/132 on 1/12/1443H (corresponding to 30 June 2022) (hereinafter referred as "the Law") came into force on 26/6/1444 H (corresponding to 19 January 2023). For certain provisions of the Law, full compliance is expected not later than two years from 26/6/1444H (corresponding to 19 January 2023). The management is in process of assessing the impact of the New Companies Law and will amend its By-Laws for any changes to align the Articles to the provisions of the Law. Consequently, the Company shall present the amended By-Laws to the shareholders in their Extraordinary/Annual General Assembly meeting for their ratification
- On February 15, 2023, the Group announced the closure of its store in Al-Aziziyah neighborhood in Riyadh city for business reasons. This store was covered in the latest impairment study performed by the management.

37. SIGNIFICANT EVENTS

On May 13,2022, a partial fire broke out at "Mall of Dhahran" where SACO Dhahran store is located. The management's preliminary assessment is that the fire affected a limited area of the mall and did not reach its store and the Company has reopened the store on 7 June 2022.

38. CONSOLIDATED FINANCIAL STATEMENTS APPROVAL

These consolidated financial statements have been approved by the Board of Directors on 28 Shaban 1444 H (corresponding 20 March 2023).
