INDEPENDENT AUDITORS' REVIEW REPORT OF THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

To the Shareholders of
AL OMRAN INDUSTRIAL TRADING COMPANY
(A Saudi Joint Stock Company)
Riyadh – Kingdom of Saudi Arabia

Introduction:

We have reviewed the condensed consolidated interim of financial position of **Al Omran Industrial Trading Company** ("the Company") and its subsidiary ("the Group") as at 30 June 2023, and the condensed consolidated interim statements of comprehensive income, condensed consolidated interim statements of changes in shareholders' equity and condensed consolidated interim statements of cash flows for the three-month period then ended, and notes to the condensed consolidated interim financial statements, including a summary of significant accounting policies and other explanatory information. Management is responsible for the preparation and presentation for these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

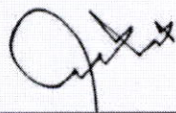

Scope of review:

We conducted our review in accordance with International Standard on Review Engagements 2410 "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards in Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements as of 30 June 2023 are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

For Al-Kharashi & Co.

AL OMRAN INDUSTRIAL TRADING COMPANY**SAUDI JOINT STOCK COMPANY****NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS****FOR THE THREE AND SIX MONTHS PERIODS ENDED 30 JUNE****2023** (All amounts are in Saudi Riyals unless otherwise noted)**1. ORGANIZATIONAL STRUCTURE AND NATURE OF ACTIVITY**

Al Omran Industrial Trading Company (the "Company") is a Saudi joint stock company that operates under Commercial Registration No. 1010187735 issued in Riyadh on 18 Rabi' al-Akhir 1424H corresponding to 18 June 2003.

As referred to in Note 2, the consolidated financial statements include the financial statements of the company and its subsidiary - Al-Omran Plastic Industries Company, collectively referred to as the "Group".

The issued and authorized capital of the Group is 60 million Saudi riyals divided into 6 million shares, the value of each share is 10 Saudi riyals.

- The Group operates through the following branches, whose assets, liabilities and results of operations have been included in the accompanying consolidated financial statements:

Branch Name	Commercial registration No.	Date of Commercial registration (Hijri)	Date of Commercial registration (Gregorian)	City
Al Raha Air Conditioner Factory	1010154984	27 Rabi' Al Akhir 1420H	9 August 1999	Riyadh
Al-Omran Metal Kitchens Factory	1010440482	19 Muharram 1437H	1 November 2015	Riyadh

- The Company activity is represented in the production of house and electronic appliances, the metal, plastic, paper and cardboard industries, and the complementary works under the industrial license No. (1677 / S) issued on 12 Jumada al- Akhirah 1428H (corresponding to: 27 June 2007), import, export, wholesale and retail trade in house and electronic appliances and plastic products, paper and cardboard, spare parts, purchase of land to construct buildings on it and investing it for the benefit of the company, and managing and operating of real estate for the company.

- The activity of the Al Raha Air Conditioners Factory - Al Omran Industrial Trading Company branch is represented in the manufacture of air conditioners (units or central) Freon, and the manufacture of desert air conditioners of various sizes under renewed industrial license by Resolution No. 411102101929 dated 26 Jumada Al-Awwal 1441H corresponding to 21 January 2020.

- Al-Omran Factory for Metal Kitchens - a branch of Al Omran Industrial Trading Company - is represented in the production of metal industries under the renewed industrial license by Resolution No. 1001008484 dated 29 Safar 1441H corresponding to 28 October 2019.

2. GROUP STRUCTURE

- The condensed consolidated interim financial statements as of 30 June 2023 include the financial statements of the company, branches, and the following subsidiary company (collectively referred to as the "Group"):

Company name	Commercial Registration No	Country of incorporation	Ownership percentage	
			30 June 2023	31 December 2022
Al-Omran Plastic Industries Company	1010432884	Saudi Arabia	%70	%70

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

FOR THE THREE AND SIX MONTHS PERIODS ENDED 30 JUNE

2023 (All amounts are in Saudi Riyals unless otherwise noted)

2. GROUP STRUCTURE (CONTINUED)

- Al-Omran Plastic Industries Company (Subsidiary company) is a limited liability company that operates under Commercial Registration No. 1010432884 issued in the city of Riyadh on 2 Rajab 1436H corresponding to 21 April 2015.

The main activity of Al-Omran Plastic Industries Company is represented in the production of desert air conditioners, plastic air conditioner spare parts, spoons, chocolates, plastic knives, fittings, profile water standards, display shelves, joints for display coolers, joints and bases for display shelves, plastic chair, plastic containers, and profiles for industrial and plastic refrigerator doors under the renewed industrial license by the Resolution No. 1001008937 dated 29 Safar 1441H corresponding to 28 October 2019.

3. BASIS OF PREPARATION AND MEASSUREMENT

3.1 Statement of Compliance:

The company's condensed consolidated interim financial statements have been prepared for the three-month period ending 30 June 2023, in accordance with International Accounting Standard 34 "Interim Financial Reporting" as endorsed in Kingdom of Saudi Arabia (KSA) and pronouncements and other standards that are issued by the Saudi Organization for Certified Public Accountants ("SOCBA").

The condensed consolidated interim financial statements do not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Company's annual consolidated financial statements as at 31 December 2022. In addition, the results of the operations of the initial periods are not necessarily indicative of the results of the operations of the full year.

3.2 Basis of measurement:

The condensed consolidated interim financial statements have been prepared in accordance with the historical cost principle except in cases where international financial reporting standards require another basis for measurement.

3.3 Presentation and functional currency:

These condensed consolidated interim financial statements are presented in Saudi Riyals, which is the company's functional currency as well as the presentation currency.

3.4 Basis of Consolidation:

The condensed consolidated interim financial statements include the financial statements of Al-Omran Industrial Trading Company and branches and its subsidiary (the Group) as stated in Note 2.

Control is achieved when the Group has:

- The ability to control the invested entity.
- A right to variable returns as a result of their association with the invested entity.
- The ability to use its control to affect investment returns.

The Group reassess whether or not it controls any of the invested entities, if facts and circumstances indicate the occurrence of changes in one or more of the elements of control as mentioned above.

AL OMRAN INDUSTRIAL TRADING COMPANY

SAUDI JOINT STOCK COMPANY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

FOR THE THREE AND SIX MONTHS PERIODS ENDED 30 JUNE

2023 (All amounts are in Saudi Riyals unless otherwise noted)

3. BASIS OF PREPARATION AND MEASSUREMENT (CONTIUNED)

When the Group's voting rights in any of the invested entities are less than the majority of the voting rights in it, the company has control over that invested entity when the voting rights are sufficient to give it the practical ability to direct the activities related to the invested entity individually. The Group takes into account all relevant facts and circumstances when assessing whether the company has voting rights in the invested entity group to give it control. These facts and circumstances include:

- The size of voting rights the Group possesses in relation to the size and extent of ownership of other voting rights holders.
- The potential voting rights of the Group and other voting rights holders or other parties.
- Rights arising from other contractual arrangements.
- Any additional facts and circumstances that may indicate that the Group has, or does not have, the current ability to direct relevant activities when decisions are needed, including how to vote at previous shareholder meetings.

The process of consolidating a subsidiary begins when the Group gains control over that subsidiary, while that process stops when the group loses control of the subsidiary. In particular, income and expenses of the subsidiary acquired or disposed of during the period are included in the consolidated statement of comprehensive income from the date the Group acquires control until the date on which the group's control over the subsidiary ends.

The consolidated statement of profit or loss and each component of the other comprehensive income are distributed among the shareholders of the Group. The total other comprehensive income of the subsidiary is distributed among the shareholders of the Group.

When necessary, adjustments are made to the financial statements of the subsidiary to bring its accounting policies into line with those used by the group.

All transactions and balances including assets, liabilities, equity, incomes, expenses and cash flows arising from intra-group transactions are eliminated upon consolidation.

Changes in the Group's equity in existing subsidiaries

Changes in the Group's ownership in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying values of the Group's ownership and the non-controlling interests are adjusted to reflect changes in its ownership in the subsidiaries. Any difference between the value of the non-controlling interest adjustment and the fair value of the consideration paid or received is recognized directly in equity and attributable to the shareholders of the Group.

When the Group loses control over the subsidiary, any profit or loss is recognized in the consolidated income statement and is calculated on the basis of the difference between 1- the total fair value of the amount received and the fair value of any interest retained and 2- the previously listed book value of the assets (including goodwill) Liabilities of the subsidiary and any non-controlling interest. All amounts previously recognized in other comprehensive income related to that subsidiary are accounted for as if the group had eliminated the assets or liabilities of the subsidiary directly (in other words, reclassification to profit or loss or transfer to another classification in equity as specified / Allowed in accordance with International Financial Reporting Standards). The fair value of the ratios that are retained from the investment in the previous subsidiary at the date of loss of control is considered as the fair value of the investment remaining upon initial recognition in subsequent periods in accordance with IFRS 9 and in the event that it becomes an associate company or a joint venture then the fair value is considered as a cost for the initial recognition of the investment in an associate or a joint venture.

AL OMRAN INDUSTRIAL TRADING COMPANY

SAUDI JOINT STOCK COMPANY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

FOR THE THREE AND SIX MONTHS PERIODS ENDED 30 JUNE

2023 (All amounts are in Saudi Riyals unless otherwise noted)

4. SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS

Condensed consolidated interim financial statements are prepared in accordance with the applicable accounting principles and policies requires the use of judgments, estimates and assumptions that affect the values of incomes, expenses, assets, liabilities and the accompanying explanations, in addition to the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could lead to outcomes that require a material adjustment to the carrying amounts of the assets and liabilities affected in future periods.

The following are the assumptions related to the future and other main sources of uncertainty as of the date of the statement of financial position, which are considered high risks that may lead to significant adjustments in the book values of assets and liabilities during the next financial period. The Group relies on its assumptions and estimates on standards available to it when preparing the financial statements. These assumptions and estimates about future changes may change as a result of market changes and circumstances beyond the control of the Group. Such changes in assumptions are explained when they occur.

4.1 Useful lives of property, plant and equipment

The Group conducts a periodic review of the estimated useful lives and depreciation method to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

4.2 Estimation of defined benefit obligations

The cost of the defined benefit obligation and the present value of the obligation are determined using actuarial valuations. In addition, a defined liability requires assumptions that must be made for future results which mainly include an increase in salaries and benefits, and the discount rate used to convert future cash flows to present value. Any changes in these assumptions will affect the carrying amount of the liability. All assumptions are reviewed at the end of each financial year.

4.3 Zakat provision

When estimating the current Zakat due by the group, the management takes into consideration the applicable laws and GAZT decisions / provisions regarding some of the previous issues.

4.4 Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each cash-generating asset or unit on the basis of expected future cash flows and uses the interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of an appropriate discount rate.

4.5 Impairment provision for trade receivables

The Group applies the simplified method, which requires lifetime expected credit losses to be recognized since the initial measurement of receivables. The assessment of ECL requires several estimates related to customer ratings, discount rates, and general evaluation of economic conditions in the market. Management uses its best estimates and historical customer trends to assess the accounts receivable allowance under the ECL method.

4.6 Provision for slow moving and damaged inventory

The management makes a provision for slow moving, obsolete, and damaged inventory items. Estimates of net realizable value are based on the most reliable evidence at the time the estimates are made. These estimates take into account fluctuations in prices or costs directly related to events that occur at a later date on the date of the consolidated statement of financial position to the extent that these events confirm the conditions in place at the end of the year.

4.7 New standards, amendments to standards and changes

There are no new standards issued, however there are a number of amendments to the standards effective as of January 1, 2023, but they do not have a material impact on the condensed consolidated financial statements of the group

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied to these condensed interim financial statements are the same as those applied to the last year's financial statements as in the year ended 31 December 2022.
