- the condensed consolidated interim statement of cash flows for the nine-month period ended 30 September 2021; and
- the notes to the condensed consolidated interim financial statements.

Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independent auditor's report on review of condensed consolidated interim financial statements (continued)

To the Shareholders of Saudi Public Transport Company (a Saudi Joint Stock Company)

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2021 condensed consolidated interim financial statements of Saudi Public Transport Company and its subsidiaries are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

2. SIGNIFICANT EVENTS

The novel coronavirus (Covid-19) declared a pandemic by the World Health Organization at the beginning of last year continues to evolve, and it is currently difficult to predict the full extent of the impact of this pandemic on the business and economy in which the Group operates.

The extent and duration of such impacts remain uncertain and dependent on future developments that cannot be accurately predicted at this time, such as the transmission rate of the virus, the extent and effectiveness of containment actions taken. The Group has taken containment steps until 30 September 2021 that have limited the negative impact of the virus on the Group's financial results.

The Group does not expect any significant and negative future impact on the going concern principle, goodwill, property, plant and equipment and bank covenants. The Group will continue to reassess its position and the associated impact on a regular basis.

3. SIGNIFICANT ACCOUNTING POLICIES

3.1 Basis of preparation

The condensed consolidated interim financial statements for the three month and nine-month periods ended 30 September 2021 have been prepared in accordance with the International Accounting Standard (34) "Interim Financial Reporting" that endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants.

The condensed consolidated interim financial statements should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2020 ("last annual financial statements"). These condensed consolidated interim financial statements do not include all of information and disclosures required to prepare a full set of financial statements prepared under IFRS. However, selected explanatory notes are included to explain events and transaction that are significant to an understanding of the changes in the Group's financial position and performance since the last annual financial statements.

Certain prior year figures have been reclassified to conform to the nature of the item in the interim condensed consolidated statement of financial position and the condensed consolidated interim profit or loss statement. The reclassification did not affect prior years' earnings, owners' equity or cash flows.

a) Basis of measurement

These condensed consolidated interim financial statements have been prepared under the historical cost convention, except for 'financial assets held at 'FVOCI' which are measured at fair value, employees' defined benefits liabilities which are recognized at the present value of future obligations using the Projected Unit Credit method (PUC). The Group's investments in its associates and joint venture are accounted for using the equity method. Further, the condensed consolidated interim financial statements are prepared using the accrual basis of accounting and the going concern concept.

b) Functional and presentation currency

The condensed consolidated interim financial statements are presented in Saudi Arabian Riyals ("SAR"), which is also the Group's functional currency. All amounts have been rounded to the nearest thousand ("SR'000"), unless otherwise indicated.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.1 Basis of preparation (continued)

c) Use of estimates and judgments

The preparation of Group's condensed consolidated interim financial statements in accordance with IFRS as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements as endorsed by Saudi Organization for Chartered and Professional Accountants require management to make judgments, estimates, and assumptions that affect the reported amounts of revenues, costs, assets and liabilities, and the disclosure of contingent liabilities, at the reporting date. Actual results may differ from these estimates.

The significant estimates made by the management when applying the Group's accounting policies and the significant sources of uncertainties of the estimates were similar to those shown in the Group's last annual consolidated financial statements.

d) Fair Value Measurement

A number of the Group's accounting policies and disclosures require the measurement of fair value, for both financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values for financial assets and liabilities. This includes a team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the chief financial officer.

The team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of the Standards, including the level in the fair value hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Group's audit committee.

When measuring the fair value of assets or liabilities, the Group uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in capital markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data. (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Management assessed that the fair values of cash and cash equivalents, trade receivables Unbilled receivables and other current assets, trade and other payables and current liabilities approximate their carrying values largely due to the short-term maturities of these financial instruments.

Management assessed that the carrying value of the fixed and variable commission rates bearing term Murabaha financing approximates their fair value due to the fact that they bear commission rates that reflect commission rates prevailing in market for similar financing and loans. As a result, the discounted future cash value of financing and loans is not materially different from its current carrying amount.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.2 Summary of significant accounting policies

The accounting policies adopted in the preparation of these condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's consolidated financial statements for the year ended 31 December 2020, except for the adoption of new standards that are effective as of 1 January 2021, if any. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

4. STANDARDS ISSUED BUT NOT YET EFFECTIVE

The below pronouncements are effective for subsequent annual periods and earlier application is permitted. The Group has not early adopted the new or revised standards in the preparation of these financial statements. The impact of these standards on the Group is not expected to be material when the below standards and amendments are applied.

5. OPERATING SEGMENTS

For management purposes, the Group is organized into business units based on their operations and has the following reportable segments:

- Passenger Transport It includes scheduled transport services, representing passenger transport services inside and outside the Kingdom of Saudi Arabia, including government support revenue as well as international transport services. It also includes the cargo operations. This is considered one of largest segments of the Group.
- Specialized Services It includes transport services under lease agreements entered into by the Company with third parties, whether government or non-government parties, inside or outside the Kingdom of Saudi Arabia. It also includes Limo services.
- Revenues from the concession arrangements for the King Abdul-Aziz Project for Public Transport in Riyadh It includes the financial results of the Public Transportation Company, which is engaged in execution of King Abdul-Aziz Project for Public Transport in Riyadh, as stated in) Note 1).
- Head Office It includes the headquarter of the Company and financial information about support unit activities.

These operating segments are identified based on internal reports that the entity regularly reviews for allocating resources to segments and assessing their performance "management method". The management method is based on how the management organizes the segments within the entity for making operating decisions and assessing performance. The management of Saudi Public transport company, at the end of every reporting period, reviews the above segments for setting quantitative thresholds as well as criteria for presenting the revenues and expenses of each segment.

5. OPERATING SEGMENTS (CONTINUED)

The activities of the Company and its subsidiaries are primarily conducted in the Kingdom of Saudi Arabia.

Inter-segment and inter business units' revenues are eliminated upon consolidation and reflected in the "adjustments and eliminations" column.

Management monitors the operating results of business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on condensed consolidated interim statement of profit or loss and is measured consistently with the condensed consolidated interim statement of profit or loss in the condensed consolidated interim financial statements.

The Group has no significant customer that contributes 10% or more to the Group's revenues for the period ended 30 September 2021 and 2020, respectively, except for certain government agencies which in aggregate account for 10% of the Group's revenue.

The Group's revenues are affected by seasons with high operating rates. These seasons are during the period of Hajj, summer vacation, holy month of Ramadan and public holidays. The financial information included for these segments is as follows:

13. CONTINGENT LIABILITIES AND CAPITAL COMMITMENTS

Lawsuits

There are some lawsuits filed against the Company, in the ordinary course of business, and are currently under litigation. However, the final outcome of these issues cannot be determined with certainty. The management believes that the outcome of these lawsuits will not have any material impact on the Group's condensed consolidated interim financial statements as at 30 September 2021.

Contingent liabilities are as follows:

	30 September 2021	December 2020
Guarantees and letters of credit	2,064	SR 2,072
	SR million	million

Contingent liabilities

The Group has contingent liabilities from time to time relating to certain disputed matters, including claims from and against contractors, litigation and arbitration proceedings involving a variety of cases. These contingent liabilities arose in the normal course of business. No significant obligations are expected to be incurred from these potential claims.

14. ZAKAT AND INCOME TAX

a) Zakat

Zakat is calculated on the basis of the Zakat base of the Company and its subsidiary separately. The Company filed Zakat returns until 2020 and obtained the necessary Zakat certificates until 2022. The Zakat, Tax and Customs Authority ("ZATCA") has raised its Zakat assessments for the Company up to 2018. The Group has paid the Zakat payable under the amended assessments and cleared its Zakat status for all the year up to the year 2018.

b) Income tax

The subsidiary filed the income tax return to the Zakat, Tax and Customs Authority ("ZATCA") up to the year 2020. No income tax assessment has yet been made by the ZATCA.

15. REVENUE (CONTINUED)

(*) The Royal Commission for Riyadh ("Commission's Projects and Planning Center") and Saudi Public Transport Company (SAPTCO) ("Operator") agreed to implement the alternative bus service in Riyadh as an alternative service provided by the existing local buses in the Riyadh city for two years, including the provision of materials, equipment, workers and any matters technically and practically required for the implementation of the project. The operation start date is 11 Jumada' II 1439H (corresponding to 27 February 2018) for transport on service runways and stop points in Riyadh city, which is to be determined by approval of the Public Transport Authority.

Jeddah Municipality and SAPTCO agreed to implement the alternative bus service project in Jeddah for a period of five years, including the provision of materials, equipment, workers and all matters technically and practically required for implementing the project. The operation start date is 11 Jumada' II 1439H (corresponding to 27 February 2018) for transport on service runways and stop points in Jeddah city, which is to be determined by approval of the Public Transport Authority. The total of the annual support amount was SR 20,132,728 which was disbursed in equal monthly installments. Due to the suspension of transportation, the Group has not recorded support revenue for the period. Management believes that there are no unfulfilled terms or contingent liabilities related to this support.

The total of the annual support amount for the year ended 31 December 2020 was SR 36,505,676 which was disbursed in equal monthly installments. Due to the termination of the agreement, during the month of March 2020, the Group has agreed with the Royal Commission of Riyadh to continue implementing, where King Abdulaziz Project for Public Transport has not started yet.
