Independent auditor's report on review of condensed consolidated interim financial statements

To the Shareholders of Jabal Omar Development Company

Introduction

We have reviewed the accompanying 30 June 2023 condensed consolidated interim financial statements of Jabal Omar Development Company ("the Company") and its subsidiaries ("the Group") which comprises:

- the condensed consolidated statement of financial position as at 30 June 2023;
- the condensed consolidated statement of profit or loss and other comprehensive income for the three-month and six-month periods ended 30 June 2023;
- the condensed consolidated statement of changes in equity for the six-month periods ended 30 June 2023;
- the condensed consolidated statement of cash flows for the six-month periods ended 30 June 2023; and
- the notes to the condensed consolidated interim financial statements.

Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As of 30 June 2023, the Group's total assets include Property, Plant and Equipment and Investment Properties (collectively referred to as the 'Properties') amounting to SR 21,852 million and SR 3,473 million respectively (31 December 2022: SR 19,502 million and SR 5,048 million respectively).

Independent auditor's report on review of condensed consolidated interim financial statements

To the Shareholders of Jabal Omar Development Company (continued)

Basis for Qualified Conclusion (continued)

As disclosed in note 5, due to the presence of impairment indicators identified in the current and previous financial periods, management has performed an impairment exercise in those respective periods. Pursuant to managements' impairment assessment carried out during the six month period ended 30 June 2023 which included a retrospective review of recoverable amount of the Properties in prior periods, management identified that certain properties required an impairment adjustment of SR 0.7 billion as at 1 January 2022. Accordingly, management recognized the adjustment by restating the corresponding balances of Property, Plant and Equipment and Accumulated Losses as of that date. The effect of the restatement is disclosed in note 20. In management's view, the estimates of recoverable amount used in carrying out the foregoing impairment assessment and the resulting restatement are based on assumptions and judgments existing as of the date of such restatement i.e., 1 January 2022. However, due to the elapse of time and significant changes in market conditions since the date of restatement, we are unable to conclude whether those assumptions and judgments were reasonable as at 1 January 2022 and unaffected by the events, circumstances and information arising subsequent to the restatement date and therefore do not incorporate any hindsight. Accordingly, we were unable to conclude whether any adjustment is required to the reported amounts of the Properties and Accumulated Losses as of 1 January 2022 as well as to the amount of expenses reported in the statement of profit or loss and other comprehensive income for the comparative three-month and six-month periods ended 30 June 2022. Our conclusion on these condensed consolidated interim financial statements is modified because of the possible effect of this matter on the comparability of the current period's figures and the corresponding figures.

Qualified Conclusion

Based on our review, except for the possible effects on the corresponding figures for the three-month and six-month periods ended 30 June 2022 of the matter described in the basis for qualified conclusion section of our report, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements of Jabal Omar Development Company and its subsidiaries are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' as endorsed in the Kingdom of Saudi Arabia.

Emphasis of Matter

We draw attention to note 2.4 of the condensed consolidated interim financial statements, which indicates that as at the six-month period ended 30 June 2023 the Group's current liabilities exceed its current assets by SR 1,349 million. As stated in note 2.4, this event and condition, along with other matters set forth therein, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Other Matter

The consolidated financial statements for the year ended 31 December 2021 and the condensed consolidated interim financial statements for the periods ended 31 March 2022 and 30 June 2022 were audited/reviewed by another auditor who expressed a qualified opinion/conclusion on those financial statements on 10 April 2022, 31 May 2022, and 28 August 2022 respectively due to the use of an inappropriate approach and assumptions in determination of the recoverable amounts of Properties.

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

2.1 Statement of compliance

These condensed consolidated interim financial statements of the Group have been prepared in accordance with International Accounting Standard, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia ("KSA") and other standards and pronouncements that are issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE (continued)

2.1 Statement of compliance (continued)

These condensed consolidated interim financial statements do not include all the information and disclosures required for a complete set of financial statements prepared in accordance with IFRS as endorsed in the KSA and should therefore be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2022 ("last annual consolidated financial statements"). However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual consolidated financial statements. In addition, results for the interim period ended 30 June 2023 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2023.

2.2 Basis of Measurement

These condensed consolidated interim financial statements have been prepared under the historical cost basis using the accrual basis of accounting except for the following items which are measured as follows:

Items	Measurement basis
Provisions for employee terminal benefits	Present value of the defined benefit obligation using projected credit unit method
Financial investment at fair value through profit or loss	Fair value

2.3 Functional and presentation currency

These condensed consolidated interim financial statements are presented in Saudi Riyals (SR), which is also the functional currency of the Group. All figures are rounded off to the nearest thousands (SR '000) unless when otherwise stated.

2.4 Going concern basis of accounting

The condensed consolidated interim financial statements have been prepared on a going concern basis, which assumes that the Group will be able to discharge its liabilities including the mandatory repayment terms of the banking facilities as disclosed in note 12. The Group utilizes debt financing to fund the development of each of the Project's phases under construction. However, in the past, the revenues from the Group's operational assets (which mainly consists of the hotels and commercial malls) were insufficient to meet the servicing requirements of the Group's debt structure, therefore the Group entered into different loan restructuring agreements in prior years.

The Group's current liabilities exceeded its current assets by SR 1,349 million (31 December 2022: SR 1,065 million). Moreover, as at the reporting date the Group has accumulated losses of SR 68 million. Furthermore, as at 31 December 2022, the Group had accumulated losses of SR 1,590 million, which were set off against the available share premium balance as of that date pursuant to the Board of Directors (BOD) resolution and as permitted by applicable regulations. However, subsequent to the restatement mentioned in note 20, the restated accumulated losses as at 31 December 2022 amount increased to SR 0.7 billion which was ratified by the BOD to set off against the available share premium as at that date i.e. 31 December 2022. Accordingly, the restated accumulated losses as at 31 December 2022 amount to SR nil.

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE (continued)

2.4 Going concern basis of accounting (continued)

As such, the Group is critically dependent on the cash that will be generated from debt financing and the sale of certain plots of land to meet its obligations when they become due and to continue its operations without a significant curtailment. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern and which can potentially adversely impact the Group's ability to realise its assets and discharge its liabilities in the normal course of business.

As at 30 June 2023, the Group's financial liabilities based on contractual undiscounted cash flows maturing within the next 12 months amounts to SR 2.1 billion comprising of loan and borrowings and trade payable and other current liabilities amounting to SR 814 million and SR 1,301 million, respectively.

In assessing the appropriateness of applying the going concern basis in the preparation of these condensed consolidated interim financial statements, the Group's management has developed a plan to enable the Group to meet both its obligations as they become due and to continue its operations, without significant curtailment, as a going concern. The plan comprises and is dependent upon the Group's liquidity and forecasted cash flows considering reasonably possible outcomes over a 12-month period from the date of approval of these condensed consolidated interim financial statements. This plan principally includes:

- The Group's intention is to sell certain plots of undeveloped land (as mentioned above) and expectation to generate aggregate cash amounting to SR 4.1 billion within 12 months from the date of the condensed consolidated statement of financial position. During the year ended 31 December 2022, the Group conducted an auction (the "Auction") of a plot of land with a covered area of 3,066 square meter and received offers from bidders, all of which were higher than the carrying amount of the corresponding land. As at the reporting date, this plot of land met the criteria for being classified as held for sale under IFRS 5 and has accordingly been presented as such in the condensed consolidated interim financial statements. Subsequent to the period ended 30 June 2023, management has successfully executed the sale agreement with the counter party for the sale of land.

- During the year ended 31 December 2022, the Company entered into a swap agreement ("the Swap Agreement") with Alinma Investment Company ("the Fund Manager") on behalf of Alinma Makkah Real Estate Fund ("the Fund") the Group's investee and also lessor for a finance lease obligation entered into to settle the entire lease obligations that the Company held towards the Fund against the issue of shares to the unitholders of the Fund and extinguishment of Group' investment in the Fund.

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE (continued)

2.4 Going concern basis of accounting (continued)

In this respect, the shareholders of the Company approved the Board of Directors recommendation to increase the Company's share capital from SR 9,294 million to SR 11,545 million in the extra ordinary general meeting, representing an increase of 24.22% in the Company's current share capital, for the purpose of converting the entire lease obligation owed by the Company towards the Fund by issuing 2.2 million new shares in the Company to the Fund unitholders for each unit they own in the Fund at an agreed exchange ratio of 0.442 for each unit of the Fund in accordance with Article (138)(b) of the Companies Law, Article (56) of the Rules on the Offer of Securities and Continuing Obligations, and pursuant to the terms and conditions of the corresponding agreement at a share premium amounting to SR 2.9 billion. Consequently, the Swap Agreement was completed, and the debt to-equity conversion took place on 1 September 2022 (corresponding to 5 Safar 1444H) whereby the lease liability was settled against the investment made by the Company in the Fund as well as through the issuance of new shares which resulted in a gain of SR 259 million which has been recognised in the statement of profit or loss for the respective period under non-operating income. Moreover, the finance charges accrued during the year ended 31 December 2022 amounting to SR 315 million had also been reversed. On 1 September 2022 (corresponding to 5 Safar 1444H), the Fund Manager announced the expiry of the term of the Fund.

The Group plans to inaugurate two hotels during the year ending on 31 December 2023. One of which has started partial operations during the six-month period ended 30 June 2023 (note 1). Based on the foregoing plan, the Group expects an increase in its annual revenues from year 2024.

Based on the foregoing, the Group's cash flow forecast for the 12-month period from the reporting date indicates a net positive cash flow position. Accordingly, management believes that the Group continues to be going concern and condensed consolidated interim financial statements have been prepared on that basis.

2.5 Significant accounting judgments, estimates and assumptions

The preparation of the Group's condensed consolidated interim financial statements requires management to make judgments and estimates that affect the application of accounting policies and the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities.

The significant judgments made by management in applying the Group's accounting policies, the methods of computation and the key sources of estimation uncertainty were the same as those described in the financial statements for the year ended 31 December 2022.

3. CHANGES TO THE GROUP'S ACCOUNTING POLICIES

The accounting policies and methods of calculation adopted in the preparation of the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2022, except for the adoption of new standards given below effective as of 1 January 2023. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

3. CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

3.1 Amendments to standards and standards issued and standards issued but not yet effective

Amendments to Standards

The following table lists the recent changes to the Standards that are required to be applied for annual period beginning after 1 January 2023 and that are available for early adoption in annual periods beginning on 1 January 2023. The adoption of the following amendments to the existing standards had no significant impact on the condensed consolidated interim financial statements of the Group on the current period or prior periods and is expected to have no significant effect in the future periods.

Standard / Interpretation	Description	Effective from periods beginning after the following date
IAS 8	Definition of Accounting Estimate (Amendments to IAS 8)	1 January 2023

5. PROPERTY, PLANT AND EQUIPMENT (continued)

a) During the period ended 30 June 2023, an amount of SR 233.3 million (31 December 2022; SR 106.1 million) was capitalized as borrowing cost for the construction of property plant and equipment included in capital work in progress. Further, the capitalization rate used to determine the amount of borrowing cost to be capitalized is the weighted average interest rate applicable to the Group general borrowing during the period, in this case 8.1% per annum (31 December 2022: 5.10% per annum).

b) During the period, certain assets were transferred from investment properties to property, plant and equipment due to the change in use from rental purposes to owner operated assets.

c) Due to the outbreak of COVID 19 and other factors set out in note 2.4, management carried out an impairment exercise in relation to its assets included under property, plant and equipment and investment properties, in current and as well as prior periods. As part of this exercise, management has carried out the impairment assessment at the level of hotels and commercial centers by comparing the carrying amount of respective CGUs with its corresponding recoverable amount that is determined using income approach, as well as, at the level of each zone, comprising of interconnected structures, by comparing the carrying amount of respective CGUs with its corresponding recoverable amount determined on the basis of the sale of land after demolition of associated buildings either currently or in future. The details of the foregoing valuation assessment are set out below:

Cash Generating Unit ("CGU")	**Carrying amount as at 30 June 2023***

5. PROPERTY, PLANT AND EQUIPMENT (continued)

Details of the valuation approaches and key assumptions used are as follows:

Valuation approach	Key inputs and assumptions used
Recoverable amount based on income approach	• Discount rate • Average occupancy rate • Average daily rate • Cost to complete • Commercial lease rate per square meter • Growth rate of cashflows
Recoverable amount based on income approach with exit value based on sale of associated land	• Discount rate • Average occupancy rate • Average daily rate • Cost to complete • Commercial lease rate per square meter • Growth rate of cashflows and land value at disposal • Demolition cost
Recoverable amount based on immediate sale of lands under market approach	• Relevant comparable transactions • Adjustments applied and Weightages allocated to comparable transaction • Overall market situation and growth • Demolition cost

The estimated recoverable amounts based on the above approaches are sensitive to the following selected significant assumptions:

Input/assumption description	Value	Sensitivity
Discount rate	8.02%	+/- 1%
Average occupancy rate	10% - 92%	+/- 1%
Average daily rate (in SR)	792 – 2,892	+/- 5%
Commercial lease rate per square meter (in SR)	34,193 - 127,974	+/- 1%
Growth rate of cashflows and land value at disposal	2.8%	+/- 1%
Demolition cost	1%	+/- 0.5%
Relevant comparable transactions (actual transactions)	SR 199,000 per square meter to SR 323,000 per square meter	N/A
Adjustments applied to comparable transaction	Various adjustments applied based on the similarity / dissimilarity of the subject property with the comparable	+/- 5%
Overall market situation and growth	0 - 15%	+/- 5%

6. INVESTMENT PROPERTIES (continued)

a) Investment properties comprise commercial centers and parking areas. Developed commercial centers and parking areas generate income through lease agreements. During the three-month and six-month periods ended 30 June 2023, there was SR 46.6 million capitalized as borrowing costs for the construction of investment properties included in capital work in progress (For the year ended 31 December 2022: SR 51.4 million). Furthermore, the capitalization rate used to determine the amount of borrowing costs to be capitalized is the weighted average interest rate applicable to the Group's general borrowings during the period, in this case 8.1% per annum (31 December 2022: 5.1 % per annum).

b) Capital work in progress represents assets under construction relating to commercial centers and infrastructure development work on the land.

c) As at 30 June 2023, the fair value of the investment properties of the Group amounted to SR 5,678 million (31 December 2022: SR 10,513 million). Refer note 5 for key assumptions and information about fair value measurements using significant unobservable input.

7. EQUITY-ACCOUNTED INVESTEE

This represents Group's 40% investment in an equity accounted investee arrangement in Central District Cooling Company ("CDCC"), which is principally engaged in the business of providing central district cooling system services.

During the six-month period, the Group has recorded share of loss amounting to SR 4 million (30 June 2022: share of profit amounting to SR 3.6 million).

Al Bilad Makkah Hospitality Fund	(a)	**275,372**	283,762	(8,390)	(20,360)

a) This represents investment in 20 million units (31 December 2022: 20 million units) of the investee which is a private placement closed ended real estate investment fund domiciled in KSA and managed by Al Bilad Investment Company. The objective of the investee is to acquire interest in properties situated in Makkah in order to generate income and capital growth. The main assets of the investee are represented by investment properties. The investee prepares and publishes financial statements on semi-annual basis under which it reports net asset value of the fund based on the fair value of these investment properties, as determined by two independent valuers (referred to as 'Indicative NAV'), fair valued using level 3 unobservable inputs. Since the units of the fund are traded with reference to such Indicative NAV, management believes that it is a reasonable approximation of the fair value of the investee. As per the management financial information of the investee for the six months period ended 30 June 2023, the indicative NAV per unit amounts to SR 13.8, which has accordingly been used as a valuation basis of the Group's investment as at 30 June 2023.

There were no transfers in the fair value levels during the period ended 30 June 2023.

a) These represent deposit placed in Murabaha deposits with commercial banks having original maturity of three months or less and yielding profit at prevailing market rate. Further, these Murabaha deposits are restricted under reserve accounts as per the agreements under corresponding arrangements with commercial banks.

b) The cash is held in accounts with banks having sound credit ratings. The fair value of cash and cash equivalent and restricted cash approximates the carrying value at 30 June 2023 and 31 December 2022.

10. PROPERTIES FOR DEVELOPMENT AND SALE

These represent properties being developed for sale as residential units and plot of lands which have been determined by management to be used for future sale in the ordinary course of Group's operations.

Trade receivables are non-derivative financial assets carried at amortised cost and are generally on terms of 90 to 180 days. The carrying value may be affected by changes in the credit risk of the counterparties. It is not the practice of the Group to obtain collateral over third party trade receivables and these are, therefore, unsecured. The Group's trade receivables are concentrated in the Kingdom of Saudi Arabia. As at 30 June 2023, five largest customers accounted for 48% (31 December 2022: 54%) of the outstanding trade receivables. Due to short-term nature of the trade receivables, their carrying amounts are considered to approximate their fair values.

11.1 Movement in allowance for credit losses against trade and other receivables are as follows:

	30 June 2023 (Unaudited) SR'000	31 December 2022 (Audited) SR'000

a) On 13 December 2011 (corresponding to 18 Muharram 1433H), the Group signed an agreement with the Ministry of Finance ("MoF"), a government entity, to obtain a loan amounting to SR 3 billion. The loan was designated for development of Phase 3 of the Group's Project. At origination, the amount was due for settlement in six semi-annual installments commencing from 1 January 2014. There are no financial debt covenants related to the facility.

During the period from 2016 to 2020, the Group received extension in settlement of this loan.

During 2021, the Group entered into a loan restructuring agreement with MoF that involved significant modifications of the loan terms, including the waiver of the accrued commission, capitalization of commission for certain period for commencing repayments, revision in commission rates and conversion of SR 1.5 billion of the total existing loan amount into a new unsecured Shariah-compliant subordinated perpetual instrument ("Perpetual instrument"), and maturity extension of the remaining secured SR 1.5 billion to 31 March 2031, with bullet payment ("Bullet Loan").

The SR 1.5 billion Perpetual instrument includes the following main features:

1. Waiver of the entire accrued and unpaid profit amounting to SAR 457 million.
2. The Perpetual instrument does not carry a contractual maturity nor does the government entity hold a contractual right to redemption or repayment in the ordinary course of Group's business.

Moreover, the Group may elect not to make any of the profit payments, except in the event of distribution of dividend to ordinary shareholders, and such non-payment of profit shall neither accumulate nor be considered an event of default.

The Group has analysed the Perpetual Instrument having features of an equity instrument under IAS-32 and hence classified the instrument under equity at its fair value on the date of debt conversion.

The SR 1.5 billion Bullet Loan is repayable semi-annually starting from 31 December 2026 with final maturity on 31 March 2031. The Bullet loan carries a profit payable annually starting immediately from the date of restructuring.

12. LOANS AND BORROWINGS (continued)

Pursuant to receipt of binding term sheets from MoF, confirmation from the facility agent and approval of Board of Directors (BoD) of acceptance of term sheets, the Group derecognized the old facility and recognized new facilities. The changes in the terms of the original MoF loan constitute a substantial modification and, accordingly, the difference between the pre-restructuring loan carrying amount and the fair value of the Perpetual Instrument and Bullet Loan, amounting to SR 1.4 billion, has been recognized as net gain on loan restructuring in the condensed consolidated interim statement of profit or loss and other comprehensive income. The Group management is in the process of finalizing the facilities agreement as at 30 June 2023.

The Group has pledged plots of land in phase 3 and phase 7 with a carrying amount of SR 728.6 million to the lender as mortgage against the loan.

15. ZAKAT

During the three-month and six-month periods ended 30 June 2023, the Group has recorded zakat charge of SR 4.2 million for the current period and SR 189.6 for the prior periods (30 June 2022: SR nil)

Status of assessments

The Group has filed Zakat returns for all periods / years up to and including 31 December 2022. Zakat assessments have been finalized with Zakat, Tax and Customs Authority (ZATCA) for the years from 1427H to 1433H.

In prior periods, ZATCA had raised an additional zakat demand of SR 421 million in respect of the years ended 30 Dhul Hijjah 1434H to 1437H along with the periods ended 15 Rajab 1438H and 31 December 2018. The Group had filed an appeal against the additional demand. During the year ended 31 December 2022, The Tax Violation and Dispute Appellate Committee (TVDAC) issued a notification in respect of the appeal revising the Zakat demand to SR 354 million. The Group has submitted a request for reconsideration with TVDAC. However, subsequent to the six months period ended 30 June 2023, on 8 August 2023, TVDAC rejected the subject matter of the reconsideration appeal, which results in the Company's commitment to pay the amount of Zakat assessed for the aforementioned years, accordingly, Zakat assessments for the years from 1434H to 2018G have been finalized and the Group has booked the required provision during the six months period ended 30 June 2023.

During the year ended 31 December 2021, ZATCA issued assessments for the years 2019 and 2020 raising an additional zakat demand of SR 209 million. The Group has submitted an appeal in respect of the foregoing assessments. The Tax Violation and Dispute Resolution Committee (TVDRC) has rendered its decision on the Group's appeal revising the additional Zakat demand to SR 189 million. Later, ZATCA cancelled the assessment for the year 2019, and the Group agreed on ZATCA cancellation and sent an acceptance letter to TVDAC during 2023. For the year 2020, the Group has filed an appeal with the TVDAC against TVDRC's decision. As at the reporting date, TVDAC's response is awaited in this respect.

As at 30 June 2023, management has recognized a provision representing its best estimate of the amount required to settle all Zakat exposures, including pending assessments and appeals thereagainst, up to and including the period ending 30 June 2023.

16. RELATED PARTIES TRANSACTIONS AND BALANCES

Related parties include key management personnel of the Group, and entities controlled, jointly controlled, or significantly influenced by such parties. 17. SEGMENT REPORTING

Basis for segmentation

The Group has the following four strategic divisions which are its reportable operating segments. These divisions offer different products and/or services and are managed separately. The Group's Chairman, Group Chief Executive Officer, and Chief Financial Officer monitor the results of the Group's operations for the purpose of making decisions about resource allocation and performance assessment. They are collectively the Chief Operating Decision Makers (CODM) for the Group. The following summary describes the operations of each reportable segment.

Reportable segments	Operations
Operating Hotels	Includes leasing rooms and selling food and beverages ("the Hotels").
Commercial centers	Includes operating and leasing commercial shopping malls ("the Commercial Centers").
Properties for development and sale	Includes construction and development of property and sale of completed dwellings.
Corporate (Head office)	Activities of corporate office including selling and marketing.

18. FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT

18.1 Accounting classification and fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

18. FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT (continued)

18.1 Accounting classification and fair values (continued)

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the condensed consolidated interim financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the condensed consolidated interim financial statements at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. As at 30 June 2023 and 31 December 2022, the fair values of the Group's financial instruments are estimated to approximate their carrying values.

Fair value hierarchy

As at 30 June 2023 and 31 December 2022, financial assets of the Group are classified under level 1 of the fair value hierarchy except for financial investments at fair value through profit or loss which is classified under level 3.

As at 30 June 2023 and 31 December 2022 the fair values of financial assets and financial liabilities carried at amortised cost approximate their respective fair values.

19. COMMITMENTS AND CONTINGENCIES

a) As at 30 June 2023, the outstanding capital commitments in respect of development of the Project amounted to SR 3,167 million (31 December 2022: SR 3,607 million).
b) Note 15 for Zakat and tax related contingencies.
c) As at 30 June 2023, the Group has bank letter of credits amounting to SR 1.3 million (31 December 2022: SR 5.5 million) issued from local bank in the Kingdom of Saudi Arabia
d) As at 30 June 2023, the contingencies against banks' letter of guarantees issued on behalf of the Group amounted to SR 50 million (31 December 2022: SR 50 million).

20. ADJUSTMENT TO PRIOR PERIODS

20.1 Further to the matters disclosed in Note 5, management carried out a detailed assessment of the operating results of its properties (hotels and commercial centers) as well as an analysis of the trend in market value of its lands over the last 12 months, subsequent to the lifting of the COVID-19 restrictions that were imposed locally and globally and that were impacting the Group's operations. Based on the foregoing assessment and analysis, management identified that certain properties required an impairment adjustment of SR 0.7 billion as at 1 January 2022. Accordingly, management recognized such adjustment by restating the corresponding balances of Property, Plant and Equipment and Accumulated Losses as of that date.

20.2 Moreover, management also adjusted the previously reported balance of share premium as of 31 December 2022 by an amount of SR 0.7 billion (representing the amount by which the accumulated losses would increase due to the effect of the aforementioned impairment adjustment in note 20.1). This is on account of the Board of Directors (BoD) resolution issued during the year ended 31 December 2022, whereby the BoD had resolved to set-off the available balance of Share Premium against the Accumulated Losses as of 31 December 2022 (refer note 2.4). The extension/reconfirmation of the foregoing resolution with respect to the set-off of accumulated losses against share premium due to the effect of the aforementioned impairment adjustment (note 20.1) has been resolved by the BoD via meeting dated 22 May 2023. Accordingly, the balance of share premium as at 31 December 2022 has been restated by SR 0.7 billion.

20.3 The below table summarizes the impact of the above adjustments:

	1 January 2022 (As previously presented)	Adjustment (note 20.1)	1 January 2022 (Restated)

21. SUBSEQUENT EVENT

Subsequent to the period ended 30 June 2023, on 19 July 2023, the Company entered into a sale and purchase agreement with a third party for the sale of a plot of land with a covered area of 3,066 square meter. As at the reporting date, this plot of land met the criteria for being classified as held for sale under IFRS 5 and has accordingly been presented as such in the condensed consolidated interim financial statements.

Additionally, on 8 August 2023, TVDAC concluded on the reconsideration appeal, which results in the Company's commitment to pay the amount of Zakat assessed as disclosed in note 15 of these condensed consolidated interim financial statements.

22. APPROVAL OF THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

These condensed consolidated interim financial statements have been approved and authorized to issue by the Board of Directors on 08 August 2023, corresponding to 21 Muharram 1445H.
