Target Price SAR	103.1
Total Return	38.6%

**Revenue increased 9% YoY, ahead of our estimates**

The company reported 2Q26 revenue of SAR 411.0mn (9% YoY, 11% QoQ), exceeding our estimates. Growth was primarily driven by a 9% YoY increase in subscription and membership income, supported by an 8% rise in active members. Female center revenue rose 23% on the back of new openings.

Net profit declined 13% YoY, ahead of our estimates

Net profit declined 13% YoY to SAR 63.0mn in 2Q26, as a 17% increase in general and administrative expenses and a 32% rise in finance costs weighed on margins. Excluding one-off items, normalized net profit declined 6% YoY.

U-Capital view

Revenue growth remained resilient, increasing 9% YoY, while the bottom line declined 13% YoY due to higher operating expenses and finance costs. Looking ahead, growth in female memberships, the maturing expansion phase, and increasing rental income are expected to provide support over the medium term. The stock is currently trading at FY27e P/E of 13.7x, with a dividend yield of 4.7%. We maintain our Buy rating with a target price of SAR 103.1/share.
