Objective : The fund invests its assets completely in South East Asia Fund "the foreign fund" managed by Fidelity International. The fund aims to provide long-term capital growth within high risk through investing primarily its assets in the stocks of Asian blue chips companies excluding Japanese stocks.

Strategy : The Fund manager employs research tools and focuses on companies that enjoy strong fundamental factors and promising long term growth. He diversifies assets to minimize risk, taking into consideration the relative weights of companies in the benchmark, risk requirements, market trends, economic and political conditions, in addition to fund objectives.
